NEWS FROM COUNCIL BLUFFS

Deaf Mute Students Receive Serious Injuries
In a Railroad Accident.

ROUGH EXPERIENCE OF TWO YOUNG MEN
Vain Attempts to Call Their Attention
to an Approaching Train—One of the
Boys Slightly Hurt.

An accident took place yesterday afternoon about 2 o'clock on the Rock Island road, a short distance east of the city, two young men being struck by an engine and thrown from the tracks a distance of twenty feet, one of them receiving fatal injuries and the other escaping with a bad shaking up.

The two victims of the accident were pupils of the same school for the deaf, Anthony Kasper of Plymouth county was one and Harry L. Phillips of Kingsley, the other.

They were coming into the city, walking, one on each side of the track, on the projecting ends of the ties. The flyer was due from Chicago at 1:15, but it happened to be about half an hour late, a thing which the two young men had not taken into account.

The engineer was trying to make up lost time by going at a high rate of speed. He saw the boys in front of the train and blew the whistle repeatedly, but without attracting their attention. When it was too late to stop it flashed upon him that they had not heard the signal.

The engine struck them, knocking them off the track on either side. The boy who was named Kasper was prostrate forms were picked up and carried to the Rock Island local depot, where the patrol wagon was called, and they were taken to the Woman's Christian association hospital.

Kasper was found to be badly hurt and his physicians announced that he would in all probability die. There were several signs of his broken bones, but they suspected that his spinal column had been fractured and he had sustained a broken neck. The only other injury upon his body was in the small of the back, where the pilot had struck him. He did not regain consciousness after he was picked up.

Phillips was more fortunate. The engine wheel cut off his shoe about an inch and a half from the ground, but left the foot with no serious injury. It was so badly cut that he had to escape by crawling under the train.

The management of the school has done its best to prevent such accidents. The danger of walking upon the tracks is pointed out to the children, and in the main has succeeded in preventing accidents of this kind for several years past. The boys who suffered from the effects of their rashness yesterday are said to be two of the most unmanageable boys in the institution, and it is thought that they decided to make the pleasure of the superintendent, in view of the fact that school is so near out.

At 6:45 in the evening Kasper died, all the physician's efforts having been in vain. It was decided to hold the inquest and also to make a post-mortem examination at 10 o'clock this morning at Lunkey's undertaking rooms. The remains will be taken home for burial tomorrow.

Mrs. William Strong and family, who live in Macedonia, were thrown from a wagon one day last week and all were badly bruised. A little son of Mr. Strong sustained a broken arm. His mother and a friend who was riding with them, had a shoulder dislocated.

The following cases of measles were reported yesterday: Hal Kinney, 553 Washington avenue; Marie Sims, 600 East Pierce; Jim Sims, Mary Green, Kate Sims and Ruby Sims, 316 Platt street; Monroe and Edna Sims, 316 Platt street; Edna Sims, 316 Platt street; Edna Sims, 316 Platt street; Edna Sims, 316 Platt street.

In the case of Benyon against Eli Brown the jury returned a verdict yesterday morning with a verdict, which was opened yesterday morning by Judge Deemer. It was found to be for the plaintiff, giving him the possession of the premises of four acres, Ed N. Brown of Omaha conveyed to his brother, Eli Brown of this city, and which were replevined by Benyon.

An exhibit of the work of the art classes in the public schools was made yesterday at the Washington avenue school. Samples of the work of this department of the school were presented, which were very creditable to the individual pupils, but on Miss Blood, who is at the head of the department. The exhibit was inspected by a number of the friends of the school.

Eli Gray, cook at the Hotel Luman, got into an altercation with the proprietor which resulted in his arrest yesterday morning on the charge of threatening to kill. He claims that Mr. Luman had ordered him to do a job which he was not willing to do, and he was compelled to grab a butcher knife several feet long and make a pass at Luman in order to prevent any bodily injury. The case will be aired in police court Monday morning.

E. F. Brooks, a railroad man from Moberly, Mo., registered at the Ogden house night before last. No one there had any knowledge of him, and an investigation showed that it came from Brooks' room. In turning off the gas in one burner he turned it on in another and the gas exploded, blowing a hole through the wall. The firemen returned to their houses when they learned the true state of affairs, without throwing a stream.

Manawa Theatrical company, commencing Sunday afternoon, will give two performances daily. Program for "Sunshine" and "The Mystery of the Mountain Wall." Curtain rises at 8:30 and 8:30.

MANAWA'S GREAT ATTRACTIONS.

The Summer Season Will Be Inaugurated Today—Theatricals on the Water.

The contrast between the Lake Manawa of today and even a year ago is almost great enough to introduce two opposites. From the time it first sprang into popularity until the present it has been steadily winning public approval. In the past, beyond the magnificent body of water that dances and sparkles in the breeze, affording every requisite for fishing, hunting and aquatic sports, there was little or nothing to attract a visitor.

Now the natural beauties of the same lake are being improved by many thousand dollars and the exercise of excellent taste have provided everything else necessary for a popular, pleasant summer resort and watering place. The lake is the largest and the water is the purest in the city, and unlike its lake water it is clear and limpid as a mountain spring. It is the only summer or lake resort within 100 miles of Omaha and one that is the only place where the people and visitors of the two cities can find rest and recreation.

The improvements this year mark a great advance over the past. The hotel is more comfortable and popular than ever. The character of the hotel has been somewhat changed. This season it will be conducted on the European plan, and the guests and visitors at the lake can get as fine lunches or dinners at all hours on short orders as they can obtain in the finest city restaurant. The hotel has been completely refurnished and has as the table service as could be desired. The improvements cover all the details of the most modern and very great importance the train service. The trains now run into the hotel lawn and the visitor is not obliged to make a long walk to the hotel. A fine new pier has been purchased and the road put in first-class condition so that a trip from Council Bluffs or Omaha is a delight in itself. The town has been completely improved this season, many new houses being built, and many new places of resort added.

One of the most novel features, and one that will prove the winning attraction for the summer, is the transformation of the lake pavilion into a summer opera house and the formation of a stock company, which will give two performances daily during the season. The organization is known as the Manawa Theatrical company, and at the present time the company has secured a number of acknowledged ability. George W. Lowe, the stage manager, left the Wonderland theater in Omaha for Council Bluffs, where he has been a member of the "Turkish Bath" company, and has a reputation in the theatrical world that any actor may well feel proud of. Mr. E. J. Hillier made a reputation with the Dan Sullivan company, F. C. Douglas with Frank Lindsay and George A. Bush with Kate Lindsay. Among the ladies, Miss Lillian DeLong, Miss Ollie Ackley and Miss Kate Bruce have achieved reputations on the stage in the best companies of the road. All are willing to enjoy the popularity of a summer season, and will build over the water. The house is neat, cool and comfortable, and will seat several hundred people. To help defray the expenses a nominal fee of ten cents will be charged for the company opening yesterday afternoon to a select audience, putting on the delightful comedy, "The Millionaire," which will be a really first-class rehearsal, but the audience was delighted. The play was better than many that people of Council Bluffs and Omaha have seen. The company will be running during this week, the curtain rising at 8:30 and 8:30. The company will be strengthened by additions during the summer, and will present the most popular plays and comedies of the day. This, with the many other attractions, will make Manawa a delightful resort for the better classes of people.

This week will see to an exodus from Council Bluffs, of people who want to take in the beauties of the World's fair. For some time past people have been dropping out in twos and threes. Last evening Mr. and Mrs. Charles Beno and Mr. and Mrs. J. E. Hollenbeck started for Chicago. This evening the Chicago party left for Chicago over the Rock Island road. It will include the following men with their families: T. J. Evans, J. F. Evans, Williams and C. H. Hill. Mr. W. V. Hill, Mr. J. Hill, H. H. Van Brunt, J. E. Meyers and C. J. Stillwell. A. T. Flickinger also leaves this evening, and will meet his wife at Chicago. Mr. W. V. Hill is visiting relatives at Independence for the past two or three days. The entire party has secured two houses in Windsor park of J. T. Chynoweth, who is here on a visit, and will be in Chicago for three weeks. During the fore part of this week there will also be quite a delegation of the teachers of the Council Bluffs school, and the State School for the Deaf leave for Chicago.
