COMMERCIAL AND FINANCIAL

At the Start Feeling in Wheat Was Firm on the Cables.

ACTIVE DAY WITNESSED IN THE CORN PIT

Trading Was Again Firm and Still Higher Prices Were Scored, but the Full Advance Was Not Maintained.

CHICAGO, June 14 .- Available wheat stocks were reported this afternoon as showing a decrease of 3,500,000 bu. Wheat, as a con-sequence, closed at top prices of the day. The better tone to cables, the unsettled financial conditions, the prospect that the big stocks of eash wheat will be cared for by the clique, and the banks' July report, helped to produce the advance. The fact that export and cash sales were light was the chief obstacle to a bull market. Corn closed %c higher. Considering the liberal receipts of bogs they showed considerable steadiness, and the declines amounted to be in pork, 1215c in lard and 1215c in ribs.

At the start the feeling in wheat was firm on the cables. Ream covered a considerable line of shorts and there was not much for sale. But the crop bulletins were nearly all favorable and some additional bank troubles being reported in the west the feeling gradually grew weak. Armour became a good seller on receipt of news that harvesting had already begun in Kansas. There was another development of strength during the closing hours, however, on the higher continental cables and

ment of strength during the closing hours, however, on the higher continental cables and large decrease in the available supply reported by Bradstreet's.

There were some reports of hot winds in the northwest having done some damage to the crop, and it was also said that the weedy condition of the fields had affected the growth of spring wheat. The market at the opening was about the same as yesterday's closing, advanced from by to by, ensed off again from by to by, recovered fully, and the closing was about by this higher than yesterday. Ream was quoted as saying he thought wheat would go up 25c before it went down 3c.

Another active day was witnessed in the corn pit. The feeling was again firm and still higher prices scored, but the full advance was not maintained. The price was helped largely by the stronger cables, continued liberal out inspection and very moderate receipts, which, as on yesterday, had a tendency to make shorts a little anxious. The opening was firm at about by advance with a very good demand, and particularly for September. The market held steady for a while, but later eased off by, when the demand became more urgent, under which the price worked by by. Realizing after the bulse carried the price back by, but the market still ruled firm, and at the close had gained from \$\frac{1}{2}\$ to byc. Traders are son what stirred up over Wright's position in corn. Many think he has a deal on.

There was a full trade in oats and an unsettled feeling. Prices for July advanced by carry, with good buying, but later reacted from \$\frac{1}{2}\$ to byc, then advanced from \$\frac{1}{2}\$ to byc and closed with a net gain of \$\frac{1}{2}\$ c and closed with a net gain of \$\frac{1}{2}\$ c. Receipts were small.

With the run of live hogs at the yards considerable in excess of the estimates and lover.

closed with a net gain of igc. Receipts were small.

With the run of live hogs at the yards considerably in excess of the estimates and lower prices for them the market for provisions opened weak. There was, however, nothing doing beyond a few trades in lard and a little selling of ribs for September delivery. The market rallied with wheat and corn. An active demand existed for shipment.

Estimated receipts for tomorrow: Wheat, 38 cars; corn, 350 cars; oats, 180 cars; hogs, 27,000 head.

Manchester Commercial Review.

Manchester, June 14.—The Guardian, in its commercial article, says: The market is firmer on the advance in cotton, although there is less actual business. The strength of the market is due to the large sales already made and the cotton reports from America. The demand for cloth for Calcutta has become considerably quieter. A good demand for yarns has further hardened the market. The undercurrent demand for cloth is sufficient to report quotations. India higher rates of exchange has stimulated prices and moved the prices of shirting and white goods. Heavy goods are meeting with more attention on account of their relative cheapness. American yarns are strong.

Havana Sugar Market.

HAVANA, June 14.—Sugar-Firm; holders are too high for buyers. London Financial Review.

| Copyrighted 1833 by James Gordon Bennett.]
| London, June 14.—[New York Herald Cable — Special to The Bee.]—The stock markets were all good today although business was quiet, the settlements going off easily as higher prices are generally expected in the new account. American railways steadily improved from the opening upon good speculative buying, Louisville & Nashville and Milwaukee especially attracting attention. Prices closed only a little below the best. Large amounts of stock were said to be taken on the account of Rothschild and Bischophelm. Norfolk preferred advanced upon the statement that arrangements with the Illinois Steel company agree to devote \$400,000 per amount to the Ohio extension. Other markets are good, especially South African issues, in which a boom seems probable. Foreign stocks were also strong, Argentine funded leading the South American section. The total net influx of gold for the week is £1,421,000. No further change in the bank rate is expected tomorrow; 135,000 sovereigns were sent into the bank. Silver was weak at 38/4d.

STOCKS AND BONDS. [Copyrighted 1893 by James Gordon Bennett.]

STOCKS AND BONDS.

Securities Were Quiet Again Yesterday and Irregular in Their Course.

New York, June 14.—The stock market was quiet again today and irregular in its course. Considering the adverse influences operating against the list, the undertone of speculation was comparatively firm and in numerous instances prices closed higher than on yester-day. The bears had in their favor the continued efflux of currency to the west, estimated at \$1,500,000 to \$1,750,000 today, and mated at \$1,500,000 to \$1,750,000 today, and the numerous failures reported in banking and business circles.

On the strength of all this, frequent attacks were made on the leading shares, but the market rallied easily each time the pressure was lifted. London was a moderate buyer and it was chiefly responsible for the strength shown by Louisville & Nashville. At the opening General Electric fell off 14 per cent to 70, and the general list yielded fractionally, but subsequently Manhattan rose 4 per cent to 1334, General Electric 14 per cent to 714, Chicago Gas 14 per cent to 72, Louisville & Nashville 14 per cent to 634, and National Cordage preferred 1 per cent to 61. Other stocks improved 14 to 15 per cent to 21. Louisville & Nashville 14 per cent to 684, and National Cordage preferred 1 per cent to 61. Other stocks improved 14 to 15 per cent to 22 %. The general list held up well, however, until the rate for money jumped to 10 per cent, when Manhattan ran off 2 per cent, General Electric, Sugar and Chicago Gas 14 per cent and Missouri Pacific 1 per cent.

The grangers, Louisville & Nashville, Western Union, Lake Shore, Lackswanna, New England and Distillers were relatively firm. There was a rally of from 15 to 5; per cent in the final sales, but the market left off rather weak.

A feature of the sternoon trading was a

the final sales, but the market left off rather weak.

A feature of the afternoon trading was a sudden slump in National Starch manufacturing second preferred which sold at 80, and later at 35, ending with a rally to 28%. Only 250 shares changed hands. Odd lots of the first preferred sold at 60, a drop of 20 points. The second preferred closed at 29 bid and 60 asked. The cause for the break was the announcement that the directors had met at Covington, Ky., on the 7th of this month and had decided to pass the dividends on the second preferred.

The Post says: The lack of local buying power on the stock market was a plain result of the money stringency, but was partly compensated for today by London's purchases. London has had a considerable short account outstanding in American securities which had to be covered in the current settlement. Buying, though not heavy on the old-time basis, was naturally increased by London's better

feeling on our market. Separated by 5,000 miles from the immediate influence of tight money and wereantile distresses, English observers reason chiefly from the check to American gold exports. This view, as the dispatches and foreign newspapers' comments show, is the key to our situation. While London houses bought moderately today, there was some early local covering of shorts. Both, hewever, were counterbalanced by a cautious liquidation and after the opening raily prices varied little.

pression-Hogs Unsettled. WEDNESDAY, June 14. Liberal receipts again today brought the in-crease in supplies so far this week over last up to 3,300 cattle and 4,800 hogs. Sheep receipts still show a slight falling off.

The continued liberal supplies of cattle are probably caused by the pressure brought to bear on feeders by local banks, causing stock to come forward regardless of the prices realized. Either that or the precarious situation in money matters has imbued shippers with uneasiness and uncertainty, thereby shaking their faith in the uitimate recovery of the uneasiness and uncertainty, thereby shaking their faith in the ultimate recovery of the market from the present stagnation and in the prospect for better prices later on. At any rate the free marketing of stock just at present is the worst possible thing for the trade. There were three times as many cattle on sale today as were here last Wednesday and the market averaged all of loc lower than Tuesday on all grades, and on the rough heavy and only partly fatted cattle it was more than that. The trade was duil and weak throughout. Dressed beef men only wanted moderate supplies and with no improvement in the demiand from speculative shippers, seliers fou d it tough sledding from start to finish. Good to choice 1,250 to 1,500-lb. beeves sold at from \$4.50 to \$5, with common to very fair loads of 1,223 to 1,344-lb. steers as low as \$4.15 and \$4.40. Fair to choice 943 to 1,185-lb. steers sold anywhere from \$4.20 to \$4.50, with poor to fair light stuff and odds and ends at from \$3.80 to \$4.15. Although the trading dragged along about all day a respectable clearance was effected.

The cow market was lower, not so much perhaps on the good fat steck, but the common grades showed a decline of 15c to 25c owing to the fact that packers are buying cheap Texas cattle in Ramss City to take their place. Common and canning cows were slow

sale at from \$1 to \$2.50, butcher's cows largely at \$2.75 and \$3.00 auth good to choice stock at from \$3.65 to \$4.16. Calves were in good supply and about steedy at from \$2.35 to \$5.25 for poor to good stock. Bulls and oxen sold at rather easier prices from \$2.35 to \$3.75.

Business in the stocker and feeder lipe was very light in volume. Fresh receipts were small but regular dealers have quite a few on hand and report only a limited country demand. Prices were firmly held on all suitable offerings. Representative sales:

2 fdrs 1090 \$3 00 53 fdrs 983 \$8 85 Hogs—It looked like a repetition of last Tuesday's catastrophe, when with over 7,200 hogs on sale, the buyers started in bidding about a quarter lower than yesterday, but it hardly turned out that bad. The supply was rather larger than anticipated, and with very bearish reports from Chicago the situation had nothing in it to encourage sellers. There was a moderate shipping and speculative demand, especially for good light, and but/her weight hogs, and these sold at from \$6.30 up to \$6.424. Local packers started in bidding and paying from \$6.20 to \$6.25 for fair to good hogs of all weights, and early trading was deand paying from \$6.20 to \$6.25 for fair to good hogs of all weights, and early trading was decidedly sluggish. A good big shinping order from Armour & Co. of Chleago advanced prices a nickel or more on all grades, and from that on to the close business was brisk and before noon the pens were cleared. The market averaged about 15c lower than Tuesday and about the same as a week ago, sales being largely at \$6.25 and \$6.30, against \$6.40 to \$6.50 Tuesday and \$6.25 to \$6.30 last Wednesday. FAIR AND CLEAR

that's the way your skin will be, if you'll take Dr. Pierce's Golden Medical Discovery. Pimples, blotches, eruptions, and humors are utterly banished by this medicine. It takes away, more thoroughly and certainly than anything else, the blood poisons or impurities that cause them.

For every Skin, Scalp, For every Skin, Scalp, and Scrofulous affection, no matter how it came, the "Discovery" is a direct remedy. It cleanses, builds up, strengthens, and invigorates every part of the system. Eczema, Erysipelas, Salt-rheum, Tetter, Boils, Carbuncles, Enlarged Glands, and the worst Scrofulous Sores and Swellings are completely and permanently cured by it.

Unlike ordinary spring medicines, the "Discovery" works equally well at all seasons.

Practically, it's sold on trial. If it ever fails to benefit or cure, you have your money back. You pay only for the good you get.

No cheap substitute, urged by a tricky dealer, though it may be better for him to sell, can be "just as good" for you to buy.

Chicago Live Stock Market.

Chicago Live Stock Market.

Chicago, June 14.—(Special Telegram to The Bee.)—There was extreme quietude in the cattle trade again today and while there was no general decline in the prices there was weakness along the line. Receipts were not oppressive nor was there anything in the condition of outside markets calculated to depress values, but buyers did not seem to stand in need of the usual quantity of stock and taken all in all sellers had a little the worst of it. Of natives there were about 9,000 head and of Texas cattle about 6,000. The former were quoted from \$1.40 to \$5.85, though it is by no means certain that the outside figure could be obtained for the best bunch of steers now in feeders hands. It took something choice to bring more than \$5.55 and there were very few sales at better than \$5. From \$4.40 to \$5 took most of the steers, and sales of cows and bulls were principally at from \$2.25 to \$3.25. Texas cattle averaged a little lower. They were in large supply and the runs for tomorrow and Friday bid fair to equal the recent average, Grassers comprised the bulk of today's offerings and from \$2.25 to \$3.50 were the prevailing prices.

There were some hogs here today. About 30,000 head put in an appearance and nearly all were of good quality. The effect on the prices of these comparatively large recents was nost unfortunate for sellers. The first estimates of receipts placed them around 25.000, and opening prices were not more than 15c off from Tuesday's quotations, but when the full extent of the supply became known buyers demanded an additional cut. They got it for there was nothing in the outlook to warrant sellers holding over. Any time after 8 o'clock the surple shands. Chicago Live Stock Market.

mon stuff at that reduction. There was not much demand for shipment on the hoof, and as local slaughterers were not buying with their customary freedom, receivers were unable to make a clearance. Sales were principally at prices granging downwards from \$5 and closing quotations were from \$3 to \$4.75 for poor to choice Texans and from \$3.30 to \$3.30 for poor to prime native and western sheep. Choice yearlings were quoted around \$5.50 and spring lambs were wanted at from \$4.50 to \$7.

Receipts: Cattle, 15,000 head; calves, 1,599 head; hogs, 12,986 head; sheep, 9,570 head.

The Evening Journal reports:

This is the city of wondrous fame That has grown so great since Columbus came.

This is the firm that is making the soap That will clean up the land of Christopher's hope.

SANTA CLAUS SOAP

This is the soap housekeepers demand, The most satisfactory soap in the land. Made by this firm, in this city that lies In this land, by the lake, and—up in the skies.

DR. SCHENCK'S

Mandrake Pills have a value as a house hold remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergen-

Is the only vegetable substitute for that dangerous mineral, MERCURY, and while its action as a curative is fully equal, it possesses none of the perilous effects. In Constipation, Mandrake acts upon the bowels without disposing them to

subsequent Costiveness. No remedy acts so directly on the liver, nothing so speedily cures Sick Headsche, Sour Stomach, and Biliousness as these

For Sale by all Druzzlsts. Price 25 ets. per box; 3 boxes for 65 ets.; or sent by mail, post-age free, on receipt of price. Dr. J. H. Schener & Son, Philadelphia.

A thirst-quenching drink. drink that is popular everywhere Delicious, Sparkling, Effervescent. A 25 cent package makes 5 gallons of this delicious heverage. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"." "Its false. No imitation is as good as the genuine Hirms".

Best and Cheapest.

The best is always the STATER-HAMPO 17 RUBY JEWELED MADJUSTED GO WATCHES &

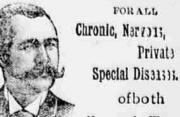

cheapest, but the cheapest is seldom the best. Dueber-Hampden 17jewel watches prove both rule and exception. Although the best made they cost less than 15-jewel watches of inferior quality.

If your dealer does not keep our watches, mall us your address and we will send you the name of a dealer who does. THE DUEBER WATCH us your address and of a dealer who do Works, Canton, O.
