THAT CEREAL OPENED SLIGHTLY HIGHER

New York Houses Were Free Buyers and Shippers in Chicago and Shorts Were Easily Scared Into Liberal Covering.

CHICAGO, Ill., June 16 .- A great bulge in corn occurred today, accompanied by con-siderable excitement and heavy trading. News that France would take the duty off of feeding grains was the chief cause of the Wheat closed with a gain of %c over last night's figures. Oats are up %c. Provisions were dull and easier on heavier re-

celpts of hogs.

Corn opened active and higher at from Mc to ic advance, with the demand quite urgent and offerings rather meager, under which the price went up 1%c more, due almost entirely to the report that there was a prospect that the im-

report that there was a prospect that the import duties on feed stuffs would be removed by the French assembly.

New York houses were free buyers and shippers here, and prominent houses in general also bought liberally, which made shorts quite nuxious and namy hastened cover. The result was that the local crowd all became long. Later advices reported that the questions of removing duty on corn, bariey and oats had been left to the judgment of the custom committee. Then when French market cables were received queting an easier market for

been left to the judgment of the custom committee. Then when French market cables were received quoting an easier market for wheat and flour there was more disposition to sell, resulting in a break of from %c to 1c. The market railied, however, %c, and at the close had gained from 1%c to 2c.

A moderate business was transacted in wheat and the feeling devéloped was unsettled within a higher range of prices. The opening was about from 1%c to %c nigher than yesterday's closieg, ruled firm and prices were advanced %c more, then cased from %c to %c on realization, ruled stronger and the closing was about %e higher for July and %c higher for August than the closing figures of yesterday. The advance was due to the reported shortage in the French cereal and fodder crops.

There was also some had reports from Kansas to the effect that the crop had ripened prematurely and was therefore disappointing. There was a larger trade and a stronger market in oats. Prices opened from %c to %c higher and advanced from 1c to 1%c, refacted %c, but railled from 1c to 1%c and closed Steady. The advance was helped by corn, by the light offerings early and by the improved buying. September showed the most strength. The provision trade was dull. Prices opened lower on receipts of 28,000 hogs and 25c reduction in their price. There was a reaction in sympathy with the rise in grain, but prices at the close were 10c under those of the previous day for lard and ribs and unchanged for pork.

Estimated receipts for tomorrow: Wheat, 70 cars; corn, 300 cars; oats, 170 cars; hogs, 11,000 head.

The leading futures ranged as follows:

STOCKS AND BONDS. Securities Were Strong During the Greater

Part of the Day. New York, June 16 .- The stock market was strong during a greater part of the day with advances ranging from 1/4 to 5 per cent right through the list. The improvement was attributed chiefly to the action of the clearing house banks on the question of issuing loan certificates and the further decline in the foreign exchanges. The former, according to leading bankers, has met with a favorable re-ception abroad and has induced more or less buying of securities in this market. The greater advance was in National Starch second preferred which rose 5 per cent to 40. Distillers came next with a rise of 3% per cent

to 24, the inquiry having been stimulated by reports that the opposing factions at the west had settled their differences. National Cordage was strengthened by the outline of the proposed plan of reorganization, it being understood that all the holders of company's paper have assented to the plan -and that two or three prominent bankers will enter the directory. The common stock rose 2 per cent to 16 and preferred to 51. General Electric was conspicuous, selling up to 784. Chicago Gas advanced 1½ per cent to 72.

Electric was conspicuous, selling up to 73%. Chicago Gas advanced 1% per cent to 72. Early in the day speculative interest centered largely in the industrials, but subsequently the rallway shares developed marked strength and improved 1 to 2 per cent, the latter for Missouri Pacific. After 2 o'clock there was a general reaction of from % to % per cent in consequence of high rates for money which started a movement to realize profits, but finally a rally of from % to 1% per cent ensued and the market closed steady in tone.

The Post says: The issue of loan certificates is a problem with which outside observers have no right to interfere. But the free accommodation of western speculators by western banks at the expense of New York City is quite another matter. Irrespective of private or speculative interests the restoration of general welfare still hangs very largely on the making of a market for our products among the foreign buyers. At a low price these buyers will take wheat. It is being freely supplied today from Duluth and other storage points at prices which undersell Chicago.

If the Chicago financiers imagine that by devoting all their resources to customers laboring under a load of speculative wheat, they can force up prices to a figure where the Cudahy pool can sell with profit, they have learned little from their experience of panies. Some life talk has come from the quarter of Chicago's having drawn upon New York this week for its own legitimate balances. This is to ignore most foolishly the source of the westward shipments. By far the greater bulk of this was money loaned to western banks by New York on commercial paper. Beginning with July, these obligations will mature, and unless extended must be paid by a return of cash. What this will mean to Chicago and the west, unless its banks pursue a policy of the utmost caution, can hardly be described.

The following are the closing quotations on the leading stocks on the New York Stock exchange today:

London Financial Review.

[Congrightet 1833 by Jam's Gordon Bennett.]

LONDON, June 16.—[New York Herald Cable
—Special to THE BRE.]—Business was nearly
at a standstill today owing to the apathy of
the public and the excessively hot weather
which greatly reduced the attendance of members. American railways were quiet but firm.
Atchison was distinctly better and there was
fair demand for Louisville & Nashville, Denver preferred and Wabash debenture. The
last name being much fancied by insiders,
closing at 30%. Reading first incomes were
fint at 31. Grand Trunks are still rising, but
Canadian Pacific bonds are dull. Home stocks
were tending upward under the influence of
cheap money. Silver was firm, although the
price is unchanged. Rupee paper was strong
with foreign securities irregular and dealings
small. London Financial Review.

CHICAGO, June 16.—Clearings, \$13,114,-285. New York exchange, \$1.25 discount. Sterling exchange dull, unchanged; sixty-day bills, \$4.85; sight drafts, \$4.87. Money, strong at 7 per cent.

OMAHA LIVE STOCK MARKETS. Cattle Trade Duli-Hogs Sell Lower-Sheep Market Strong.

THURSDAY, June 16. The receipts were 1,200 head, including about 300 Texans direct to a local house. There was but little life to the trade, and while the few handy, fat cattle sold about like yesterday, inferior grades were hard to move at a decent figure. One load of prime 1,423-1b beeves sold at \$5.10, with the greater number of fair to good killers going at \$4.00@4.55. Shelly cows and helfers were pretty nearly unsalable at very low figures. Good to choice 1.200 to 1.450-1b, steers are selling at from \$4.60 to \$5.10, and common heavy at from \$4.30 to \$4.50; fair to good 950 to 1,100-1b. steers, from \$4.15 to \$4.60, and inferior grades around \$3.50 to \$4. Unice fat cows and helfers are in fair demand at from \$3.35 to \$3.90; common and canners, from \$1.25 to \$2.50. Representatives ales: beeves sold at \$5.10, with the greater number Representatives ales:

Chicago Live Stock Market.

CHICAGO, June 16.—[Special Telegram to THE BEE.]—The cattle market continued to droop. It was the lowest day of the week for all descriptions and the lowest of the year for the tops and tall ends. Considering the depression prevailing since Tuesday, the run for today was surprisingly liberal. It was estimated at from 11,000 to 15,000 head—the largest Friday's receipts recorded since last November. As one-half the number actually on sale would have been more in accordance with the demand, sellers again had much the worst of it. They were required to make concessions of from 5c to 10c, according to the quality of the stock offered. It was difficult to get a bid on big cattle. Averages of from 1,500 to 1,700 lbs. and the poorer grades of butchers' stock were also very much neglected. In fact the only class for which the market was at all satisfactory to sellers was fat 1,000 to 1,200 lb, steers. Sales were largely at from \$2 to \$3 for cows and bulls and at from \$4.25 to \$4.90 for steers. Texas cattle, of which 4,000 head arrived, were about steady, selling principally at from \$2.25 to \$3.25.

"Greased lightning" ain't in it with the hog market. Declines of 25c read day are read.

bulls and at from \$4.25 to \$4.90 for steers. Texas cattle, of which 4.000 head arrived, were about steady, selling principally at from \$2.25 to \$3.25.

"Greased lightning" ain't in it with the hog market. Declines of 25c per day are now taken as a matter of course, and sellers are glad to "git shut" of the stuff, even at such a sacrifice. Those figures measure the decline today, prices falling to \$6.30 for prime heavy hogs and to \$6.40 for choice assorted light, with the bulk of the sales making at from \$6.20 to \$6.35. At that range an active demand sprang up, and toward the close a firmer feeling cropped out, and from 5c to 10c of the decline was recovered. However, the market is from 70c to \$0c lower than it was Tuesday and from 60c to 70c lower than it was Tuesday and from 60c to 70c lower than a week ago. For this decline the doubling up in the receipts is accountable. The supply for the expired part of this week amounts to 128,000 head, as against 69.438 head for the same time last week. The receipts for the week will fall about 15,000 head short of the number offered during the corresponding week last year. In quality the offerings were notably good; very few lightweights are included; indeed they were in such scanty supply that buyers paid a premium of from 10c to 15c per 100 lbs. for them. A decreased supply and better prices are the probabilities for next week. In sheep, as in other departments of the live stock market, there was continued weakness. Buyers had secured earlier in the week all the mutton they will require for a few days to come and there was little inclination to increase their holdings; still at a further slight shading of prices the greater bart of the supply was taken. Sales were on a basis of from \$2.75 to \$4.65 for inferior to choice Texans and from \$4.50 for inferior to choice texans \$3.75@4.15; native co

St. Louis Live Stock Market. 8T. LOUIS, June 16.—CATTLE—Receipts, 1,400 head; shipments, 700 head; market steady; only a few native on sale; fair to ordinary Texas steers, \$3.00@3.65.

HOGS—Receipts, 4,200 head; shipments, none; market 15c lower; heavy, \$5.95@6.30; mixed, \$5.80@6.20. \$5.80@6.20. Every the lary, 55.50@5.30; inited \$5.80@6.20. SHERP—Receipts, 1,200 head; shipments none; market steady and unchanged; good natives, \$4.75; Texans, \$3.50@4.30.

New York Live Stock Market. New YORK, June 16.—Beeves—Receipts. 1,600 head; dull and slow; common cattle steady and medium to good a shade lower; Texans, \$4.95. Pexans, 54.95.

SHEEP AND LAMBS—Receipts, 3,500 head;
very duli for sheep; lambs little more active.

IN GOOD CONDITION.

Favorable Reports Made on the Standing of Illinois State Banks.

SPRINGFIELD, June 16.—The reports of Chicago state banks, showing their condition on the morning of June 5, in response to a call made by Auditor Gore, are now all in. These reports show total deposits amounting to \$67,072,822; cash, \$7,877,639; cash items and collections, \$1,802,937; due from other banks, \$9,347,-332, making total available cash, \$19,-027,908, or a reserve of 28 per cent. The banks also own in their own right bonds and stocks amounting to \$8,144,-635 and are carrying \$17,154,642 of demand loans, secured by stocks and bonds, thus giving them over \$25,000,000 of quick assets to realize upon in case of emergency. As eight of the state banks of Chicago were involved in the run last week, this showing indicates that the alarm was without foundation.

The action of the auditor in calling for a statement at this time was timely. The banks are required by law to publish these statements in a newspaper of general circulation, and the showing made has doubtless done much to allay the feeling of distress among the people and to restore confidence in financial circles. There are twenty-seven state banks in Chicago, an increase of three since last report, April 10, 1893. Deposits have fallen off nearly \$6,000,000 since last report, but the proportion of reserve has been maintained.

The auditor states that the state banks of Illinois are in good condition, and says that the excellent showing made by the Chicago banks is an indication of the general condition throughout the state. There are 125 state banks in Il linois, and thus far there has never been

Will Retire from Parliament.

LONDON, June 16.—John Morrough,
anti-Parnellite member of Parliament for the southeast division of Cork county, has decided to retire from Parliament and has applied for the stewardship of the Chiltern Hundreds. His decision to retire is due to the dissension in the Irish party, growing out of the attitude of Mr. Sexton and the Freeman's Journal toward the Parnellite faction.

Marie Wainwright to Marry. DULUTH, Minn., June 17 .- It was reported here today that Marie Wainwright, the actress, is to be married soon to Paul Schultz of Tacoma, Wash. who is a director of the Tacoma Land company and president of the Tacoma

DUN'S REVIEW OF THE WEEK

Effect that Recent Failures Has Had Upon the Money Market.

SHARP FALL IN FOREIGN SECURITIES

Gold Exports Are Not Likely to Be Very Heavy for Some Time to Come-Bustness Conditions Are More Favorable.

New York, June 16 -R. G. Dun & Co.'s weekly review of trade says: Concerted action by the banks of New York has changed the situation. More failures and a tremendous drain on money to the west had such effect here that the banks were unanimous in de ciding upon the issue of the Clearing House certificates. Much increased accommodation for the business community is expected to result, and doubtless will, unless speculation is stimulated to absorb all the increase in available resources through undue prefcrence for marketable securities over other assets. The weakness of banks at many western points continues. The widespread stringency is having a serious effect upon merchants and manufacturers who are in no way concerned with speculative operations. A very sharp fall in foreign exchange removes the chance of gold export at pres-ent, but it is due to foreign purchases of se-curities, rather than to a change in trade palances. Exports in two weeks of June, it is true, are but \$2,700,000 or 15 per cent of last year's, and imports show a small decrease in place of the enormous increase re-ported for months, but balances are adverse and still likely to be for some time. The decline in prices has led to some time. The de-cline in prices has led to some increase in the foreign demand for products, but has been followed during the past week by an ad-vance of more than 1 cent in wheat, with sales of only 27,000,000 bushels, 2½ cents in corn and three-sixteenths of a cent in cotton, with sales of 950,000 bales. Pork has fallen 50 cents, oats one-fourth of a cent, coffee 12 cents and oil 1 cent, but a material increase in exports at this season must come from marketing the surplus of cotton and wheat carried over, and this the advance in prices, tends to prevent.

Wheat Receipts.

Wheat receipts are still large and accounts of the growing crops decidedly more favorable from the northwest, but conflicting as

to cotton. The output of pig iron declined 7,522 tons weekly in May and is scarcely larger than a year ago. Stocks on hand declined 18,000 tons in the month, but further reduction of the output is in progress. The market for iron and its products remains dull and unsatisfactory, bar being specially weak and southern pig much depressed for sale. Tin has advanced 65 cents per 100 pounds, out copper sold at 10% cents for lake, and

lead at 3.7 cents. The market for wool is much depressed. Reports from other cities nearly all show tight money and slow collections. The exceptions are as to money. In a few southern cities, like Charleston and Mobile and New Orleans, money is in good demand, but fair supplies, while at Knoxville the demand is smaller. The volume of business has been much affected by the prevailing stringency and caution about credits. Iron and its products are weaker at Pitts-burg and a strike is expected, the workers

demanding last year's wages. Trade at Cleveland is fairly good and at Cincinnati quiet. At Detroit trade is quiet and credits closely scanned, and at Indianapolis there is

a better feeling. Trade at Chicago. Chicago reports an easier financial situation but western demands are urgent, collections very slow, speculation limited in volume, building 50 per cent smaller than last year, wholesale trade fairly satisfactory

nd retail trade improved Milwaukee reports confidence slowly re-At St. Paul excellent crop prospects make

a more hopeful feeling.
At Omaha trade is good.
At Kansas City trade is fair, and at St. Joseph fair. At St. Louis trade is beyond anticipa-At all southern points trade is slow and

The market for stocks has been stronger for the week though the advance has averaged less than half a dollar per share, and the demand for money has advanced rates on call quite sharply. Failures during the past week have num-pered 313 in the United States against 153

last year. CLEARING HOUSE STATEMENTS. Omaha Comes to the Front with a Grati-

fying Increase. New York, June 16 .- This table, compiled by Bradstreet's, gives the clearing house eturns for the week ended June 15, and the percentages of increase or decrease, as compared with the corresponding week last

Toronto Halifaz Hamilto Wall Street for a Week. New York, June 16.—Bradstreet's weekly

Wall street review will tomorrow say: A week ago Wall street was encouraged by

belief that the financial troubles at Chicago had ended, and that the drain of cash from this city to the west was practically over A sharp raily on the short interest gave animation to last Saturday's market, in spite of the fact that the bank statement for the week made an exceptionally unfavorable showing. It would seem the street did not immediately appreciate the lesson conveyed by the heavy decline of cash holdings and deposits and the almost stationary loans of the Associated Banks. If this was the case, the error was soon recog-nized, the calling of loans, necessitated by the further heavy demand from the west, creating a decidedly stringent condition in money rates for call loans, which advanced from 10 to 20 percent, with occasional quota-

tions as high as 25.

The extension of the banking and com mercial troubles throughout the country added to the general uncasiness, while the discovery of irregularities in many savings institutions, which seemed likely to result in a run, had for a time a further disturbing influence, the approach of the July disbursements furnishing every occasion for anxiety.

The decision of the New York Clearing House association to issue loss constitutes. House association to issue loan certificates, if required, came, however, at a moment when some tangible sort of confidence was necessary. The importance of the matter consists in the assurance thus given that the loans of the banks will be reduced as little as possible under the circumstances, while a lead is given to the clearing house associations in other cities, where there would be hesitation in pooling issues and opposing a united opposition to the further impairment of credit. The effect on the temper of the market was accordingly prompt, opportunity being given for the association's more favorable influences.

BRADSTREET'S REVIEW OF TRADE. Staples Continue to Show a Marked De

pression-Other Features. New York, June 16.—Bradstreet's weekly review of the state of trade will say : Prices of many staples continue downward, an exception being wheat, which has advanced on strong cables and Bradstreet's report of an unusually heavy decrease in supplies. Exports (flour included) from both coasts, United States and Canada, are the heaviest of any week this year, with one exception, aggregating 3,834,000 bushels, as compared with 3,610,000 last week, with 3,366,000 bushels a year ago, 2,400,000 two years ago and one-half of that quantity in similar weeks, respectively, in 1890 and 1889. Wheat is being harvested in Texas and California, In California wheat

The minimum wheat export surplus of the United States for 1892-93 promises to be probably not less than 135,000,000, and may Values of all exports and imports for ten months of the year give a total 5 per cent smaller than in the like portion of the year before, imports increasing 14 per cent and exports decreasing 20 per cent in value. Bank clearings show continued decreases in the volume of trade, aggregating \$1,031,000. 000 this week, a decrease of 2.4 per cent from the week before.

will be a little short, but the state will have an expertable surplus as large as last year's.

Cotton and woolen goods manufacturers are buying conservatively, and the demand for finished products is much cut into. There is no marked improvement in whole sale trade at Toronto, although a fair de mand exists for summer dry goods. Business is quiet. Ontario's grain crop report is not promising. Business is dull in the province of Quebec, and money there is said to be a little easy, though still firm, while crops are reported in splendid condition. At

Woman Suffragists' Convention. CHICAGO, June 16.-The woman suffragist convention at Lake Forest

same week one year ago.

tomorrow bids fair to be a great event. Many prominent women have signified their intention of being present. Mrs. Jane Amy McKinney, president of the Cook county society, will call the meeting to order at 2:30 o'clock and introduce the state president, Mrs. Mary E. Holmes, who will act as chairman. Mrs. Mary A. Ahrens will speak on "Signs of the Times," and Mrs. Mary Dye will read a paper on "Sinless Cains." Among other speakers expected are Mrs. Chant, Mrs. Mary Lease, Rev. Florence Kollock and Mrs. Frances Ellen Harper

without it for hundreds of dollars.

Central railroad and owner of Stambould is here, accompanied by Mr. George R. Peck, solicitor of the Santa Fe road, to see the trotters. Stamboul is in prime condition, but has been given no fast work yet. Indeed, Mr. Doble says he will not be tested until after his season in the stud is over-a menth from now. Then the question will be decided as to what is to be done with him during the year in the way of driving him before the public.

CLEVELAND REEPS THEM BUSY.

Members of His Cabinet Given Enough to Do During Hot Weather. WASHINGTON, June 16 .- The departs

ure of the president and his family tor Gray Gables, Buzzards Bay, Mass., which is announced for Tuesday next, will not keep the president away from Washington very long. He will return to the capital as soon as possible and continue his residence at Bevoir. The president has always borne the reputation of being a hard worker, and the members of the present cabinet have found this out to their cost. His rule since the warm season has set in has been to in-vite a particular member of his official family to visit him and be his guest at Bevoir for the night. He takes each member of the cabinet in succession.
Under the former administration the
days of the week were apportioned
among the members of Mr. Harrison's cabinet. Mr. Cleveland waits
until the drift of circumstances caused by outside pressure directs his mind toward a certain class of appoint-ments and then he indicates to the particular official having charge of the offices under his consideration that he is expected to drive out on Bevoir that night to discuss affairs relating to his department. Thirty-four first-class postmasters were announced on Tues-day. This meant that Postmaster General Bissell had spent Monday night with the president.

Championship Pool Match.

NEW YORK, June 16 .- The continuous pool match between Alfred De Oro and P. P. Walsh was began here tonight. They are to play 200 points each night for three nights for a stake and \$500 and the Brunswick-Balke-Collender championship emblem. The result of last night's play was: Walsh, 98; De Oro, 206.

These tiny, sugar-coated granules are the smallest in size and the easiest to take. They absolutely and permanently cure Constipation, Indigestion, Sick Headache, Bilious Headache, Dizziness, Bilious Attacks, and all derangements of the liver, stomach and bowels.

For the worst cases of chronic Catarrh, for Catarrhal Headache, impaired taste, smell, or hearing, and all the troubles that follow Catarrh, there's nothing so prompt to relieve and so certain to cure, as Dr. Sage's Catarrh Remedy. Its proprietors offer \$500 reward for any case of Catarrh which they cannot

A Question of Seconds. The safety of human lives and of

valuable property daily depends upon the accuracy of watches used by trainmen. They must have the best. A. difference of a few seconds is enough to either avoid or meet a collision

Would you like to know which watch is most used on America's Greatest Railroad? If so, write for circular, "A Question of Seconds,"
