Hundreds of Horsemen Are Planting Their Cash on Him Again-Banquet, Charade and Raceland Well Liked Also-Other Racing Events.

New York, June 17.-1t is seldom that racing men form such pronounced opinions regarding the winning chances of a certain horse at a race as they have this year for the Suburban handicap in advance of the day of the race. Every man having any connection or interest in racing seems confident that he can pick the winner, and that too, strange as it may seem, while nearly all admit the race to be an open event with a possibility for any of several candidates winning. By far the greater number of "horsemen" think that Lamplighter is sure to go under the wire a winner of next Tuesday's great event, but still Charade, Banquet, Dr. Hasbrouck, Raceland and Leonawell have hosts of friends. Richard Croker, now that Tammany is out of it, says that he has no choice.

How the Horses Work. \* The announcement that Banquet will remain at home and take part in the Suburban instead of going to Chicago as stable com-panion to that stair climber, Don Alonzo, has

given pleasure to every eastern goer. Lamplighter has been doing strong exer-clse since his departure from Morris Park. Seven furlongs in 1:30 upon one occasion. a mile and an eighth in 1:57 upon another and some long canters comprise his schedule is so fit that it is scarcely necessary to

give him a Suburban trial.

Colonel North's Iddlesleigh is galloping strongly, as he always does. His trainer strongly, as he always does. His trainer mays he will surely go to the post in next Tuesday's race. While he may run better at Sheepshead than he did at Westchester, he seems out of his class when opposed to Lamplighter, Banquet, Dr. Hasbrouck and

Derby Candidates Start.

The eastern contingent of American Derby candidates left for Chicago today. Keene & Son sent St. Leonards, Chorister and Chiswick; M. F. Dwyer, Don Alonzo; the Onek stable, G. W. Johnson; Gideon & Daley, Ramano, and Morris & Sons, Rainbow. Although the American Derby will not be run until this day week, it is deemed advisable to have the candidates on the ground in ample season to overcome the ill effects of the long and tiresome railway journey of Don Alonzo has covered the mile and a

bon Alonzo has covered the line and a half, which comprises the American Derby district, in 2:37 flat in his race with Rain-bow; St. Leonards and Chorister have worked a mile and a half with considerable in reserve at the finish in 2:38; Ramapo worked the distance in a trifle better than 2.38 and G. W. Johnson had his final trial at old Jerome park yesterday morning and did the mile and a half in 2:37.

## MORELLO MADE THE RACE.

Winner of Last Year's Futurity Captures the Hawthorne Derby. CHICAGO, June 17 .- The great Morello won Chicago Derby today in the presence of 12,000 people. The Hawthorne track was as fast as it gets in midsummer and all the conditions were favorable. The time, 2:10, is faster by three seconds than the distance, a mile and a fourth, has ever been covered on this sandy path. Morello was made favorite at odds of 1 to 4 on, while there was some play on Cushing's Boundless at 414 to 1. The start was good. Ingomar had a slight advantage, with Boundless and Morello in the rear. Morello's rider held a stout rein on the favorite and kept him back, but Kunz took Boundless out in front and the Cushing colt was leading by a length at the end, followed in turn by Ingomar, Henry Young, the King and Morello. There was little change in this order in the run to the quarter, the pace being quite lively. Nearing the balf, Morello, at one touch of the spurs, moved up from last place to sec-ond, being checked as soon as he was well lapped on the leader. Ingomar. Then Kunz, who rode like a crazy boy, shot Boundless forward once more, and he was leading by a length at the three-quarters and running apart from the others and next to the outer From that out, the race was between Morello and Boundless. The latter was leading by a neck after they had rounded it into the stretch, but Morello passed him and won under a strong pull by a length and a half. Boundless beat Ingomar four lengths for second place. Summary:

## STAKE RACES AT ST. LOUIS. Two Rich Events Settled in Splendid Form

by Good Odds Horses. Sr. Louis, June 17 .- The stake events were decided at the fair grounds today in the presence of 8,000 people. Weather was ideal and the sport fine; track fast. The Osage stakes for 2-year-olds was the first one de cided. The distance was six furlongs and J. Levy's smart filly landed the prize without a particle of trouble. It was worth \$2,155 to the winner. Next followed the Cyclone stakes for 3-year-olds and upwards at seven

furlongs. It furnished a rattling good fin-ish. Geraldine proved herself the fleetest one of the lot and won by a half length from Highland, who had the same advantage of Pedestrian. It was worth \$1,210 to the winner. Summary:

BLAIR, NEB., June 17 .- [Special to THE Ber].-The Blair races follow closely after the races in Omaha, and a big time is anticipated. The officers have spared no time or money to arrange for a successful race. Already about fifty entries have been made for the harness races, and a good entry for the running races also. Nearly all of the horses that were at the Omaha races last week have entered for the Blair races, which

come off June 21, 22 and 23. Reduced rates have been made to all of the adjoining towns on both railroads. Parties can leave Omaha at 1.15 p. m. and reach Blair in time to see the races, and return at 7:30 p. m., thereby osing only half a day. The progam is:

## MGR. SATOLLE'S MOVEMENTS.

His Trip to the West and What He Expects to Accomplish.

New York, June 17.—Mgr. Satolli, the

apostolic delegate, and his party at the Catholic university, left Washington yesterday for an extended tour through the west, which has been arranged for him. The start from Washington was made quietly and few knew of the delegate's departure St. Paul will be the first objective point of the party. There the party will be met by Archbishop John Ireland, who will enter-tain them for a sufficient time to permit the oreign visitors to study the country and inspect Thomas university, which is under the care of Archbishop Ireland.

when the little company resumes its tour westward, it will be installed in the sump-tuous private car of James J. Hill, the president of the Great Northern road, which he has tendered for the use of the travelers. Mr. Hill and Archbishop Ireland will remain with Mgr. Satolli during the continuance of the trip. Although not a Roman Catholic, President Hill and the archbishop of St. Paul are on the most intimate terms. It is said that Mr. Hill gave \$500,000 toward the

building of St. Thomas seminary.

The next stop will be at Helena, Mont., where a few days will be passed. After leaving Helena, the Yellowstone park will be leaving Helena, the Yellowstone park will be visited and every object of interest will be shown to the delegate in that picturesque tract. Leaving Yellowstone behind, the party will return to Helena, proceeding thence to Spokane. They will then continue still further west, making short stops at Seattle, Tacoma and Puget sound. Thus far it has not been determined whether they will wight the cities of California but, it is will visit the cities of California, but it is probable that the journey will be extended to San Francisco. Unless the program is changed enroute, the Italian archbishop and his friends will not find their way east until

his friends will not find their way east until the middle of August.

It is said to be within the realm of possi-bility that Mgr. Satolli may undertake an important work while journeying at his iers-ure from place to place. This work may be the establishing of Catholic Italian colonies in sparsely settled districts, after the man-ner of the Irish colonies founded by Arch-bishop Ireland, which have proved success-ful beyond the expectation of their founder. ful beyond the expectation of their founder

ATHLETES JUST FOR FUN

Sport Furnished by Sturdy Young Men for the Pleasure it Affords.

SATURDAY DOINGS AT Y. M. C. A. PARK

Some Worthy Work Done by the Boys at the Grounds Yesterday-Good Ball Game Between the Associations and the Mall Carriers.

Young Men's Christian association athletic day is becoming deservedly popular, as was avidenced yesterday afternoon by the large and enthusiastic crowd that filled the grand stand at the park to overflowing and occupied all available space in the long row of carriages of all descriptions that lined the railing along the west side of the bicycle track.

These field days are something of a nov elty, in that they are not designed to pro mote "sport" as it is generally recognized represented by professionals or semi-professionals, but are intended to gratify all who desire to participate in any gentlemanly sport as individuals simply and solely for the fun of the thing and the attendant exercise. Professionals are not likely to find there anything to duce a test of their powers, as no purses are or will be offered, but the park will furnish an abundance of pure and unadulterated sport of the harmless kind. Every Saturday will find a number of ambitious young athletes on the grounds ready to compete for supremacy in all kinds of athletic games and sports of a similar character to the pro-

gram that was offered yesterday.

Everything moved as if by clockwork, and each number on the program was called just on the dot as arranged for beforehand, causing no tedious waits, but on the other hand calling forth highly complimentary expres-sions regarding the management. The Young Men's Christian association band, a new musical organization, appeared in pub-lic for the first time and added not a little to the enjoyment of the afternoon. It now numbers a dozen pieces, and the member-ship is constantly growing, promising before the opening of another season to be as large as any of the musical organizations of the city.

Tests of Physical Prowess.

The result of the various tests of strength, agility and skill on the program yesterday afternoon was as follows: Hitch and kick: Entries-E. R. Morgan and F. T. McConnell. Won by Morgan, who

touched the mark at eight feet ten inches. The tumbling was solely an exhibition no points being scored, and was highl creditable to the participants, Messrs. Reid, Meyers, Vail, Murray, Tuffield, O'Neill and Steinhauser.

The pole vaulting brought out W. R. Nicholas, F. T. McConnell, R. E. McKelvy and E. R. Morgan. Nicholas captured the honors, clearing at eight feet six inches. Tennis was next on the program, and the doubles playing were Young and Fosbenner against Cullingham and Battin. They did not finish their work until late in the afternoon, the latter pair winning by the follow ing score: 6-4, 8-6.

Morgan, Volkardt, Schepp, Nicholas, Pleak, McConnell and Sheldon cometed for the honors in the high jumping contest, and Morgan walked away with the blum, clear-ing the string at five feet five inches. The horizontal bar work was another lot of pretty exhibition work, no scoring being done. Vail. Tuffield, Dale, Henry and Nich-

olas took part, and performed a number of feats that elicited liberal applause. Wood. Chambers, McCounell, Schell, Morgan, Nicholas and Sheldon started in the 100-yard dash, and once more Morgan scored a victory, this time in eleven seconds.

Some Bicycle Sprinting. The quarter-mile bicycle race brought out Pixley, Holton, Condon, Mulhall, Borgium, Cully and Potter. They rounded the four lap track at a pace that spoke well for the new oval course and for their own pedaling powers, Condon winning in thirty-eight sec-

onds, when Wood crossed the line with the rest of the pack close at his heels.

The same field of bicyclers glided out for

The same field of bicyclers glided out for another whirl around the track, this time for a half mile dash, which Condon captured as before, this time in 1:15. Five minutes later, Barnum, Allen, Mulhall, Sancha, Cully, Condon, Borgium and Daxon tackled the mile dash, and the four time spin around the level ellipse delighted the crowd immensely, bringing back the good old days when thousands nightly good old shricked themselves hoarse at the Coliscon over the performances of Jack Prince, Tom Eck, Ashinger and "the soldier," Barnum red a clean pair of heels to the field, and finished the mile at a rattling clip in 3:00

Bat and Ball. At 4 o'clock came the ball game, between the mail carriers and the "assassination" nine. They were variously attired in a mul-tiplicity of uniforms, but the friends of the players professed to recognize them as fol-

conscientious effort was made to keep the official score, but the supply of score cards was insufficient to chronicle all the plays and lack of plays. "Spud" Farrish umpired, and allowed the fun to continue until his conscience began to trouble him, as it always does just about meal time. When it began to prod him so that he couldn' stand it any longer, he solemnly declared the twenty-seventh man out, and broke for the nearest car. The gatekeeper flipped a penny to decide the game, and declared that the "assassination" boys had won by a score of 10 to 9. Not a soul disputed it, and the ununiformly uniformed young men put on the clothes that know them in the daily

walks of life and went home happy.

Next Tuesday evening at 7:30 the attraction at the park will be a game of basket ball, and another crowd is booked. It may be stated to the uniniated that basket ball is foot ball with the principal foot ball feature left out. Tackling is barred and the participants can reasonably hope to escape being maimed or disfigured for life. The goals are baskets mounted on twelve foot poles at either end of the grounds and the game is full of interest and players from

start to finish. Tomorrow afternoon Hon. Charles A. Goss will deliver an address at the open air meet ing at the park. Good music will be in at-tendance, although the association band will not be present, owing to the non-arrival of expected music from New York. All are invited to attend.

## Y. M. I ATHLETES.

Splendid Time Enjoyed at Their Fort Calhoun Piente.

At 9:30 a. m. yesterday a train conveying about 400 people left the Webster Street depot to attend the first picnic under the auspices of the Young Men's Institute. In the afternoon at 1:30 another train, bearing about 200 people, left the same station. All the excursionists had in view a delightful out-of-door recreation at Fort Calhoun, a place made by nature the brightest and most pleasant resort for that purpose. At Fort Calhoun the committee in charge had everything in readiness for the amusement of the multitude. Every attention was graciously shown to all; refreshments were served on the grounds. A large platform was erected for dancing, and those who de-sired to participate readily gave themselves

up to that manner of pleasure.

Possibly the main feature of the afternoon was contests in athletic sports, which were exciting and interesting throughout. following is a list of the winners: Throwing fifty-six pound weight: Winner Joseph Byrne, distance eighteen feet eleven inches; D. I. Kane, distance sixteen feet five inches, second.

Putting sixteen pound shot: Winner Joseph Byrne, distance thirty-three feet ten inches:

Jossel, distance twenty-nine feet ten

Mile race: J. D. Sullivan won, Frank Staley

Running High Jump: Joseph Ryrne won, 5 feet 3 inches, W. Joesel second, 5 feet 2 inches A great deal of interest was manifested both by the competitors and auditors, all the contests aroused the most intense feeling of a pleasant kind, many of them were very closely won and some had to be contested for again. The commetitors were of the best specimens of physical manhood and they were all in it to win, as was certainly nowere all in it to win, as was certainly no ticeable by the energy and vim shown to be come the possessors of the valuable prizes

To sum up the entire particulars of th day it is eminently worthy of mention to ex-press the highest praise to the Young Men's

Institute for being able to place at the dis-posal of the people an excursion that is as-suredly devoid of any incident that would effect unlimited praise. Every one declared it to be the best outing they ever had. NATIONAL LEAGUE GAMES.

Cricket Match Yesterday. English against\_Scotch cricket match was played yesterday, afternoon on the new ground of the Omaha Cricket clubat Spencer and Twentieth streets. The first match this season between these teams was played a week ago, and resulted after a remarkably close game, in a victory for the Scotch team by the very small majority of three runs. The Englishmen thirsted for revenge and they obtained it easily, as will be seen from the score. The English victory was secured mainly by the excellent bat-ting of Hart, who scored forty-one runs, which is the highest individual were made by any member of the club this
