Overstocked on Rugs at This Time in the Year Causes

BIG CARPET AND RUG SALE

Today We Begin a Clearing Out Sale in Our Carpet Department of All Surplus Stock at Fully 33 Per Cent Off.

THE REASON WHY.

Having gone through our stock carefully we find we have altogether too many carpets and rugs for this time of the year. Our semi-annual inventory period is near at hand and to convert our surplus into money and give us room for fall stock which has been purchased we will sell for the present at the following unapproachable prices:

RUGS GO THE SAME WAY. Large size room rugs, \$38.00. 6x9 Smyrna rugs, \$18.00. 4x7 Smyrna rug, \$8.00.

LACE CURTAINS AND PORTIERES. Another run on lace curtains. We have a good many odd pairs of Irish point, Brussels nets and tulle Swiss curtains, which we will close at many a factory's cost.

A HAILE PRICE SOLD.

One lot of \$20.00 curtains, \$10.00. One lot of \$15.00 curtains, \$9.00. One lot of \$12.00 curtains, \$8.00.

OMAHA ATHLETIC CLUB.

John I. Redick, the Surviving Member. Takes What is Left.

The load which the new board of directors of the Omaha Athletic club has had to carry for some time has proven too heavy. At a meeting of the board yesterday afternoon it was decided to end the uncertainty by giving John I. Redick possession of the property.

Mr. Redick, who is the only member of the club left. He will have an opportunity to much the better of the club's affairs in all the alleys at once if he so desires without the argus-eye of members laughing at his mistakes.

Mr. Redick's ultimatum was that he had really had practical demonstration, and the outcome will be watched with great interest in the country over the club's affairs.

In the course of a conversation, Mr. T. L. Ringwald, secretary of the club, stated to a Bee reporter: "The responsibility for the closing of the club rests entirely with the directors and not with the club members."

Mr. Redick's ultimatum was that he had really had practical demonstration, and the outcome will be watched with great interest in the country over the club's affairs.

ABOUT THE BRIDGE TAX.

Union Pacific Officials Continue Their Plea for a Reduced Assessment.

It was 11 o'clock yesterday morning before the county commissioners resumed hearing the appeal of the Union Pacific Railway company for a reduction of their bridge assessment from \$100,000 at which the portion within the jurisdiction of Douglas county had been fixed.

EARNINGS.

Table with 2 columns: Category and Amount. Includes Commercial, Government, and Total earnings.

EXPENSES.

Table with 2 columns: Category and Amount. Includes Maintenance of way and structure, Fuel, and Total expenses.

Net earnings, \$956,219.43. Auditors office, Omaha, Neb., June 24, 1933. Mr. Scribner did not think earnings ought to be taken into consideration for the assessment of the bridge when all other property is taxed on its value without reference to producing capacity.

As to the question of indebtedness Mr. Scribner maintained that the debt had been placed on the old bridge and ought not to be considered in connection with the new bridge which had supplanted it.

Mr. Scribner's assertion that the Union Pacific was not a tax-shirker he read some figures comparing the taxes paid by the company and several other companies.

According to these the Union Pacific paid \$212.10 per mile on its tracks in Nebraska, while the Chicago & Northwestern at Chicago, Milwaukee & St. Paul paid only \$31.75 and \$18.43 respectively per mile on their tracks in Iowa.

Mr. John D. Howe and Mr. Potter were expected to present some testimony in the case, but failed to appear.

Mr. Redick was permitted to make a statement. He said that at the rate the Union Pacific wished the bridge assessed they could cut off the coupons from the property in both counties, and have a neat sum remaining.

He protested against any reduction of the listed valuation. As to the \$11,100 per mile valuation of the whole line, the government had given them a clear strip of land so many miles wide through the whole of Nebraska and had added \$100,000,000 to the value of the line.

Mr. Scribner repeated his explanation of the indebtedness, and the decision was deferred until a full meeting of the board could be secured.

Mr. R. W. Pollard, the tax agent of the B. & M., has filed a petition asking that certain lots in the Third ward, listed at \$16,720, be struck from the rolls because already included as depot grounds in the valuation of the state board. The Missouri Pacific is objecting to its assessment on similar grounds.

Mr. Scribner repeated his explanation of the indebtedness, and the decision was deferred until a full meeting of the board could be secured.

Helene's Claim. The somewhat notorious real estate difficulty, sprung by the heirs of John P. Helene, of St. Louis, in laying claim to an equity in over \$2,000,000 worth of Omaha property, was opened up for a hearing this morning before Judge Dandy.

The history of these cases has been given several times in THE BEE, so it is only necessary to state that the parties bringing suit are the heirs of a man who once bought a sheriff's deed to a tract of 190 acres of land which has since been divided up into residential lots in the city of Omaha, and is known as the Paulsen, Danneberg, Liden and E. V. Smith's and Reed's additions to this city.

Some hundred people are interested in fighting the claims of the Helene heirs and the case called is to be taken as a test case. It was brought against the heirs of the late Elyse Reed and is defended by them. The defendants will attempt to show that the title held by Robert Shields was illegal, and therefore the sheriff's sale could be taken back to the original owner, Helene, and that the title held by the Helene heirs is held to be good and the Reed heirs have no claim.

Plies of people have pines, but De Witt's Witch Hazel Salve will cure them.

South Dakota Affairs.

Hon. Cortez Salmon, superintendent of public instruction of South Dakota, was in the city Saturday night on his way to the Black Hills to conduct an examination. "Crops are looking splendid," said Mr. Salmon. "It is going to be a banner year for us, I think. With the few exceptions of cases where the seed was simply thrown at the face of the earth, there is going to be a big harvest. Every grain in every agricultural county in the state."

Work is being rapidly pushed from Sioux Falls to Yankton, and the indications point for the sake of larger profits, tells you some other kind is "just as good"—"in fact, no imitation is as good as the genuine Hires'."

The independent movement has lost a good deal of ground and continues to do so and I don't think the third party will look to any extent in the next election."

Mr. Salmon left for the Hills on Sunday, and expects to return here in a few days.

You need not fear that the fireworks will frighten your horses if you drive to the beach tonight. It costs nothing to put your horse under the sheds for that purpose. You never enjoyed anything better than a trip to Courtland beach.

Flower Day at the Jail.

In loving memory of Jennie Cassidy, the Women's Christian Temperance union of Omaha arranged for the distribution of flowers at the jail on Sunday, at 1 o'clock. The flowers were tastefully prepared in small bouquets by the King's Daughters of the Episcopal Protestant church and under the personal supervision of Mrs. B. B. Jar-dine presented to the prisoners. The flowers were gratefully accepted, and if serving no other purpose, gave the inmates of the jail at least one thought apart from their own unfortunate position.

At the jail Mrs. Jar-dine she was accompanied to the city prison by a delegation from the Lutheran Woman's Missionary convention consisting of the following named persons: Mrs. E. B. Schell, Baltimore; Mrs. Rev. Lake, New York; Mrs. Prof. Traver, Albany; Mrs. Rev. Fickinger, Pennsylvania; Miss Kate L. Moser, Altoona, Pa.; Mrs. Rev. Kimmel, Tokamah, Neb.

A service of song and prayer was held, followed by eloquent though brief addresses by Mrs. Wolf of India, Mrs. Traver, New York and Mrs. Jar-dine of Omaha. The beautiful flower service closed with prayer by Mrs. E. B. Schell of Baltimore.

The unhappy inmates in their crowded, uncomfortable quarters, gave most respectful thanks to all the exercises and manifested a hearty appreciation of this small attention upon the part of the Women's Christian Temperance union.

Bank Matters in Australia. Father Maddon of Melbourne, Australia, is stopping at the Murray hotel. He is on his way to Chicago and thence to his old home in Ireland, which he left twelve years ago to take up the work of the ministry in Australia. He says that the financial conditions in Australia are very feverish and uncertain at present. The country has been undergoing a sort of financial revolution for more than a year. The depression began with the strike of the dock men and spread to nearly all labor organizations in the country. This was followed by financial stringency and finally an alarming failure of banks.

"We all believe that what are known as the associated banks will be reconstructed but the strike of the dock men and Mr. Madden, "but financial matters in Melbourne looked very discouraging a few months ago when the banks were going to the wall at the rate of two and three a day. This is doubtless the result of the wild and boom that swept our country two or three years ago. There was an immense deal of speculation in every money invested there at that time in lands and lots, and as the excitement subsided it became impossible for investors to get their money out again. The pressure eventually reached the banks and the inevitable result followed. When matters are thoroughly re-adjusted we shall move on again in good shape."

EVERYBODY KNOWS HIM

A Business Man Gives a Reason for the Faith That is In Him.

The Frank and Convincing Statement of a Conservative Gentleman Who Speaks From Personal Experience.

The portrait of Mr. Ed Mott will be readily recognized by a very business man in Council Bluffs. For years Mr. Mott has taken an active part in business and public affairs, of late having been conducting a lumber business and residing at 423 Oakland Avenue. His home, he talked to a reporter in this vein: "My course of treatment under Dr. Shepard for a catarrhal disease of many years' standing has given me the most gratifying results. I had become very skeptical about the curability of this disease, but I have now been completely cured. My mind is clear, my eyes are clear, and I feel as if I were a new man. My case was of the usual type, and I had been given many different treatments, but all had failed.
