Likely to Modify the Objectionable Law in Such a Manner as to Satisfy All Interests—Approach of the Campaign. It has not yet been fully decided by the liberal element in the party whether they will insist upon going into the campaign with a platform which would repeal the repeal of prohibition, or with a platform modeled after the last republican national platform.

THE DEMOCRATS are lying still, part of them being busy holding the reins and the remainder endeavoring to amuse themselves by watching the republicans. They will probably take no decided action upon the policy of republicans is fully outlined.
