At New Orleans little improvement is seen and money very tight, but a better feeling prevails, for crop prospects are bright.

The decrease of nearly 2,000 tons in the weekly output of pig iron is not unexpected. this season, nor is it an unfavorable symp-tom. Unsold stock has decreased 10,000 tons, and the markets are dult and conces-sions common. In the shoe trade shipments again fall much behind last year's and

orders are scanty.

Reduction of prices in many woolen goods has not brought out large orders. Sales of wool are not quite two-thirds of last year's with prices favoring puyers.

Exports of Products. The exports of products are light for two weeks at New York, being only \$13,812,610, against \$15,979,759 last year. In June the exports of breadstuffs, provisions, cotton, oll and cattle amounted to \$39,705,901 in value, against \$42,792,200 for the same month last year, with a noteworthy decrease in quantities of most products, though in wheat and oil the loss in value was due to a

fall in prices.

Speculative markets have not been active Speculative markets have not been active during the past week, though wheat is 1½ cents higher, corn three-fourths of 1 cent higher and cotton one-eighth of 1 cent higher, with small transactions. Prices have tended upward as the monetary stringency has relaxed.

WALL STREET FOR A WEEK.

Doubt Regarding Repeal of the Sherman

Law Affects the Market Unfavorably. New York, July 14.-Bradstreet's weekly review of Wall street will say: Uncertainty as to the currency situation has continued to govern the action of speculation. The market for call loans has eased off materially, rates being close to 6 per cent during the greater part of the week. Stringency, however, has still prevailed in time loans and commercial discounts, while exaggerated apprehensions have been created by the alleged locking up of funds and by the existence of temporary complications in the settlement of clearing house balances due the subtreasury. Fears that relief from the repeal of the Sherman act may not be as speedy as could be desired, have also had an effect, while the incendiary utterances of the Colorado silver extremists, while not taken too seriously, served nevertheless to create an impression that the struggle in congress may be severe and pro-tracted. Factors of this character, checking the development of both investment buying and speculative support, have given opportunity for renewed activity by bear operators whose success in depressing values in the early part of the week was considerable. Lie carly part of the week was considerable.
Loudon aided in this movement, the fortnightly settlement there being attended by
a number of failures, mainly of small dealers
in "American rails," due to the decline
in that class of securities, but more
especially to the "dry rot" which
London has endured ever since the
Baring failure. The bear campaign which
culminated on Tuesday was still fully con-Baring failure. The bear campaign which culminated on Tuesday was still fully conducted, though the circulation of unfounded rumors about the position of parties connected with some of the strongest financial interests in the country was a disagreeable incident. The breaks, particularly in some of the leading investment stocks, were heavier, sufficiently serious to leave the market in a pervous condition and to cause ket in a nervous condition and to cause further liquidation, under cover of which

Assignment Made by the St. Louis Lumber Sr. Louis, July 14.-The St. Louis Lumber company assigned this afternoon to F. W. Beindinek, Assets, \$40,000; liabilities about the same. The failure was brought about by losses in the Haydock Bros. failure and that of J. P. Richardson, a small lumber dealer. Another cause is the disappearance of Hubbard V. Jones of the firm of ones, McPherson & Co., who, it is stated has gone away, allowing notes involving the failed firm to go to protest. Until Jones returns it will be impossible to straighten out the affairs of the failed firms whose business

has been involved with his. Altogether five firms in the lumber busiattogether are arms in the lumber busi-ness have failed this week, all more or less tangled with each other, viz. J. A. Hart-nell & Co., Howard Watson, J. P. Richard-son, J. L. White & Co. and the St. Louis Lumber company. Jones, McPherson & Co. are also concerned in the failure of Wells & Co. of Chicago. The latter firm advanced the former \$20,000 on lumber which was afterwards burned. Then it was found that the insurance policies were in Jones' name and the presentation of a bill of sale to protect the advance would have rendered the policies void and thus the Chicago firm was compelled to suffer in silence.

SENATOR ALLISON'S VIEWS.

Causes Given by Him for the Present Mon etary Stringency.

MINNEAPOLIS, July 14. - Senator Allison of Iowa, who is in the city a guest of Senator Washburne, said today that the present financial disturbances were due largely to the fact that there is a belief that if we continued to purchase silver we must soon reach a silver standard. Added to this there is the expansion of credits and a distrust of the democratic policy on the currency and tariff The stoppage of the purchase of silver wil greatly aid in restoring confidence and we can easily maintain at a good par all the silver we have. Silver bullion is now far below its normal price and it will advance as soon as the policy regarding its use is more clearly defined, and will eventually be restored to its old status. The original in restored to its old status. The original in-tent of the law was to increase the circulat-ing medium and did so until recently. Now, however, it has the effect of causing the hoarding of gold and greenbacks, causing contraction. So it probably ought to be re-pealed.

General Merchants Close. O'NELL, Neb., July 14.—[Special Telegram to Tue Bee.]—Pfund & Wagers, general merchants of this city, turned over their store for the benefit of their creditors this morning. Their action was voluntary. and the store is now in charge of R. R. Dick-son, attorney for the mortgagees. The re-sources are estimated at \$9,500 and liabilities at \$5,000. Matters are expected to be arranged so that they can resume business in a few days.

For the Benefit of Its Creditors. KANSAS CITY, July 14 .- As a result of the failure of the National Bank of Kansas City today the Franklin Savings bank this evenand an assignment for the benefit of creditors. The latter bank cleared through the Kansas City National and considerable of its money is thed up in the latter failure. The bank carried a line of deposits amounting now to only \$50,000. Its assets are considerable to the same of the erably in excess of that sum.

Suspended Banks Will Resume. WASHINGTON, July 14 .- Comptroller of the Currency Eckels today authorized the First National bank of Los Angeles, Cal.; the Na tional Bank of Commerce of Prove, U. T., and the Second National bank of Ashland,

Snicided Because of a Bank Run MEADVILLE, Pa., July 14.-L. T. Dick of the banking firm of J. R. Dick & Co., sui-

cided this morning. A heavy run on the bank yesterday was the cause.
A meeting of the friends of Dick was held last night. The situation was thoroughly canvassed and it was given out after the conference that the bank was solvent and abundantly able to pay all depositors. The suicide of Mr. Dick, therefore, does not seem to have been caused by any financial trouble.

FAILURE AT KANSAS CITY.

suspension of the National Bank of that

Piace-Its Assets and Liabilities. Kansas Cirr, July 14.—The National Bank of Kansas City suspended payment at 2:55 o'clock this afternoon and is now in the hands of the comptroller of the currency. The assets, President J. S. Chick said this afternoon, will be between \$2,000,000 and \$3,000,000 and the liabilities between \$800,-000 and \$1,000,000. He is confident that the lepositors will be paid dollar for dollar.

President Chick said the suspension was due to steady withdrawals of deposits since the beginning of the financial stringency. "We began to lose deposits early in May," he said. "The demand on us went along until the failure of the Savings bank iast Tuesday, and every day since then the withdrawals of individual and of bank deposits have been heavier. We thought we could get through today, but we were forced to quit just five minutes before the usual time. A few minutes before we closed we received demands for \$40,000 by telegraph. We saw we could not stand another day's run and there was only one thing left for us to do, and we did it. Last night we asked the Clearing House for help and that fact was telegraphed to creditors and depositors out of town and caused the run to be heavier. We asked for ample aid from the Clearing House and this morning we received \$35,000. The orders for current came in so heavily, however, that we could not possibly fill them. "I do not see how the depositors can lose a

penny," continued Mr. Chick. "Our deposits at one time were about \$4,000,000, but they have been drawn down so that they are now between \$800,000 and \$1,000,000. 1 canno tell what our assets are exactly but they are between \$2,000,000 and \$3,000,000. They are largely in more arrived. The National Bank of Kansas City had a capital stock of \$1,000,000. At its last state-ment of May 4 it had a surplus fund of \$200,-000 and uncivided profits of \$24,660.24. It circulation in national bank notes was \$45, 000, which was secured by \$50,000 in United States bonds. It has outstanding loans of

States bonds. It has outstanding loans of about \$3,500,000.

The National Bank of Kansas City was an The National Bank of Kansas City was an outgrowth of the Bank of Northrup & Chick, which was the pioneer banking establishment of Kansas City. In 1862 the firm removed to New York City, where it failed in the panic of 1873, but afterward paid out in full. The following year Northrup and Chick returned to Kansas City and n 1875 they organized the National Bank of

Kansas City.
Four of the national banks today publish reports of their condition at the close of business July 12, the report being called for vestorday by the comptroller of currency. The report of the Citizens National shows deposits of \$800,200, with a cash reserve of \$407,266; Union National, deposits \$1,696,200, cash reserve, \$964,277; Missouri National, deposits \$000,000, cash reserve, \$271,034; Materiality, National, deposits \$000,000, cash reserve, \$271,034; Materiality, National, deposits Metropolitan National, deposits \$1,905,200, reserve, \$891,300. The publication of these statements today, which are exceptionally favorable, is expected to allay in a great measure the uneasuress caused by today's

WYOMING SILVER MEN.

They Will Hold a Convention to Emphs

size Their Views. CHEYENNE, July 14 .- [Special Telegram to THE BEE.] - Chairman New of democratic state central committee has been requested to call a meeting of the committee to the end that a convention of the democrats of the state may be called for the purpose of emphasizing their views on the silver question. A meeting was held last evening in the Wyouta club room and the gentlemen assembled resolved to ask Mr. New to call the meeting as stated in order that congress might be assured that if silver were not re-monetized Wyoming was lost to the demo-eratic party, not only Wyoming, but the entire west. The convention will probably be called within a few days.

Washington, July 14.-The Treasury de partment, through Acting Secretary Hamlin, has made an important decision in de termining to enforce the provision of section 7 of the customs administrative act of June 10, 1800, which provides that if the appraised value of goods should exceed the value de-clared in the entry more than 40 per cent the entry may be held to be presumptively fraudulent and the collector may seize the fherchandise. The section has been practi-cally a dead letter, goods seized being re-leased without payment of penalties.

west and south:

The call for a meeting at St. Louis. Monday, July 17, of commercial bodies of the southern and western states is hereby withdrawn, for the reason that all sections will be largely represented at the great meeting which convens in Chicago on August 1, and the proposed St. Louis convention would entail an expenditure of time and money which may be saved without detriment to the cause of bimetallism.

Financial Troubles at Denver. DENVER, July 14 .- Late this afternoon W. H. Bush and N. M. Tabor, lessees of the Brown Palace Hotel company, made an assignment to Frank C. Young. The amount of their liabilities is placed at \$650,000, with assets at \$2,222,009. The assets of the company consist principally of real estate, hotel furniture and bills due. The failure was caused by the stringency in the money market and inability to secure extension of its let and inability to secure extension of its paper. The failure includes the furniture of the Hotel Metropole, the Tabor and Pierce Lumber company, and \$531,000 worth of stock of the Windsor Farm company held by Mr. Bush. It is believed that the assets will materially decrease before liquidation has been effected. The failure will in no way effect the Brown Palace hotel building, which is award by Honry C. Brown and which is owned by Henry C. Brown and which will not be closed. The liabilities will fall principally in London, where the stock is held. The local banks are involved to but a small amount and are amply secured.

Ashamed of the Meeting. New York, July 14 .- J. Edward Simmons, president of the Fourth National bank, re ceived the following telegram from D. H. Moffatt, president of the First National bank of Denver, the largest bank in Colo-

All the better classes of this community are opposed to such ideas as expressed by Walte, Holden and other radical men. The meeting was in no way representative of the business interests of this city or state. Our best citizons deeply regret that such speeches have been made. We want bim etailism because we believe it to be right, but we do not expect to get it by such means as Governor Waite suggests, nor will we repudiate our debts under any circumstances.

Silver Purchases.

WASHINGTON-July 14.-The acting director of the mint today purchased some silver, but for business reasons declined to give out either the amount bought or the price paid until tomorrow.

Promised to Pay in Full. PLYMOUTH, Ind., July 14.—Buck & Towne, bankers and hardware men, have failed. No statement. They promise to pay in full.

Nearing the \$100,000,000 Mark. Washington, July 14.-Today's increase in the gold reserve was \$255,225, which brings the total up to \$95,378,360.

Stocks Duit in London. LONDON, July 14 .- Stocks opened dull and steady. Bar silver is quoted at 34% pence. Balloon tonight and tomorrow night. Captured a Suspect.

Fred Gillam, a boy about 17 years of age, was arrested last night by Officer White. Gillam is suspected of having done considerable "housework" the past month, and confesses to having stolen a purse containing \$4 from the residence of A. M. Althaus, 1577 North Eigteenth street, on June 25, In addition to this Gillam will be called upon to state whether or not he robbed the house of T. S. Lockwood, 1203 North Twenty-eighth street, on June 26, and the house of N. A. Kuhn, 2536 St. Mary's avenue, June 30. Conditions Regulating the Opening of the

American National Bank.

When Business is Resumed the Institution is Expected to Have in Its Vaults

Sufficient Funds to Pay All Obligations. WASHINGTON BUREAU OF THE BEE,) 513 FOURTHEATH STREET, WASHINGTON, July 14.

Harry Wyman of Omaha, cashier of the American National bank, is in the city today and had a long conference with Comptroller Eckels regarding the affairs of the bank. Mr. Wyman was very anxious to gain the consent of the comptroller to grant the bank until September 1 to get its affairs into shape to resume business on that date. The comptroller, however, informed Mr. Wyman that he would not consent to an extension beyond August 15. Mr. Eckels also informed Cashier Wyman what conditions the bank officials will be obliged to fulfill in order to gain his consent to the reopening of the American

National. In the first place the comptroller will insist that the stock now held by McCague be purchased by thoroughly responsible busi-ness men. This transfer of stock must be ness men. This transfer of stock must be an accomplished fact by Angust 15. His second condition is that the shareholders shall put in an assessment of 50 per cent on the capital stock. The comptroller will also insist that when the bank resumes business it shall have in its vaults sufficient cash to pay all its obligations in full. Some of the creditors of the bank have signified in writing their willingness to grant the American National time to settle its obligations. The bank will not be obliged to have cash on hand on the opening day to cover such cases.

Mr. Eckels will also insist upon an entire change in the management of the American National. He deems it desirable, in order

change in the management of the American National. He deems it desirable, in order that the bank shall be placed upon a safe basis, to get in a new set of officials. Mr. Wyman assured the comptroller that he felt certain the shareholders of the American National would be able to comply with all the conditions laid down. He stated that several prominent business men stood ready to buy in the McCague interests and that the stockholders would doubtless stand the 50 per cent assessment.

Congressman Bryan's Prospects.

The mantle of ex-Congressman Pierce of Tennessee has, according to current rumor fallen upon the shoulders of Representative Bryan of Nebraska. In a letter received today from Congressman Bland of Missouri the latter intimates that Congressman Bryan will assume the place which Mr. Pierce occupied in the last congress as the leader, with Mr. Bland, of the free coinage forces. Mr. Pierce was not returned to congress. Some time ago the Nashville American referred significantly to the fact that Mr. Pierce, the outspoken advocate of free coinage in the Tennessee delegation, was the only democrat in the list who was not reclected. The free silver men are somewhat elated over the prospect, that Bryan is to become an aggressive factor with Mr. Bland in favor of free coinage.

Not Anxious for Committee Work. A letter received here today by a close personal friend from Representative Bland, bears out the statements of yesterday that he does not care to be the chairman of the committee on coinage, weights and measures. Mr. Bland says that he prefers to make his fight on the door of the house, free and untranimeled from the duties and obligations of the chairmanship of a commitand untrammeled from the duties and obligations of the chairmanship of a committee hostile to his views. If the chairmanship is offered to him he says that he will
not sulk, but will serve, but that his personal preference is to be at liberty to make
his battle on the floor in his own way.

He says in this letter that he has selected
for his lieutenant on the floor, Representative
Bryan of Nebraska. In the last house Mr.
Bland's lieutenant was Representative
Pierce of Tennessee. Mr. Pierce was not
chosen to the present congress and his re-

tirement has necessitated the selection of a new lieutenant and Bland's choice has fallen

This move upon Mr. Bland's part shows conclusively that the noted champion of silver proposes to contest every inch of ground in the struggle over that metal which will be precipitated as soon as con-gress assembles.

Should Matters Become Serious an American War VesselWiil Be Sent to Slam. WASHINGTON, July 14 .- The only official news of the trouble between the French and Siamese received at the State department was contained in a brief cablegram from Acting Consul General Boyd at Bangkok, stating that after an hour's engagement the French vessels had passed the forts below Bangkok. It is not the present intention department to specially dispatch an American war vessel to the scene of war, in view of the fact that the American interest in Siam are insignificant, being confined to a small trade in teak wood. theless it is apprehended that if the war assumes formidable proportions, the Siamese may make it very unpleasant for foreign residents, including the few Americans there, as the hostilities are apt to be characterized as the hostilities are apt to be characterized on one side by the summary proceedings known to semi-barbarous nations. If such a state of affairs obtains, however, the United States will not be without a vessel in Siamese waters, as the United States ship. Concord, now on her way to China, will be in that neighborhood in the course of two months. two months.

Missionaries in Siam.
Washington, July 14.—There are about twenty missionaries in Siam, mostly Presbyterians, and their friends in this country have become concerned about their welfare,

now that actual hostifities have broken out between the French and the Siamese. Rev. Dr. Gillespie of New York, represent-ing the Presbyterian hossion board, today telegraphed Secretary Gresham to inquire what provisions would be dade for the safety of these missionaries and the numerous chil-dren in their charge, in yow of the present war outlook.

Secretary Gresham spiled: "There is not at present on the Alatic station any vessel capable of entering Siamese waters. Missionaries should communicate with the legation at Bangkok for usual diplomatic protection."

It Was Not Cholera. WASHINGTON, July 14.—The report published to the effect that a disease in Northampton county, North Carolina, resembling cholera has caused a dozen deaths, led the Marine Hospital bureau to make inquiries, with the result of its being unable to confirm the statement or find any grounds of truth in it. This afternoon the surgeon general re-ceived a dispatch from the State Board of Health of North Carolina, stating officially that there was no truth in the story that cholera had broken out in that state.

Base Ball Today

At 4 o'clock this afternoon there will be a game of base ball at Young Mon's Christian Association park between Fort Omaha and the Young Men's Christian association. This is the second of a series of three games between these teams, the Soldiers taking the first one by a score of 5 to 6. Admission to grounds and grand stand is free, and no col-lection is taken up. The teams will line up as follows: Y. M. C. A.

Fort Omaha. Duberry..... Position. Yapp..... McGiniss... Trapper.... Van Arnam. Haster..... Indians Defeated at Clarks.

CLARKS, July 14 .- [Special to THE BER.]-The largest crowd that ever assembled in Clarks to see a ball game witnessed the contest yesterday between the celebrated Indian Ball club of Genoa and the Clarks Scalpers. At the conclusion of the game the scalps of the Indians dangled at the belts of the whites. The game was close and exciting throughout and resulted in a score of s to 7. The Indian aggregation is a credit to

their school wherever they go, being perfect gentlemen and manly fellows. Before the game commenced four of the Indians assisted our total band in rendering some difficult music. A return game will be played at Genoa next Thursday.

SUNDAY CLOSING ASSURED

Action Taken Yesterday by the Local Directory of the World's Fair.

ALMOST UNANIMOUSLY CONCURRED IN

After Tomorrow, When the Grounds Will Be Opened for the Benefit of the Dead Firemen, the Order Will Go Into Effect.

CHICAGO, July 14.—The World's fair is te be closed on Sundays after July 16. The admissions of next Sunday have already beer. donated for the relief of the families of firemen who lost their lives in the recent fire on the grounds, and but for this fact the fair would probably have been closed next Sunday. The vote of the local directory reseinding its former action was overwhelmingly in favor of closing It, standing 24 to 4. When the meeting of directors was called late this afternoon an address advocating

Sunday closing, signed by the leading. Chicago clergymen, was read. The close of the address was the signal for a series of speeches, all of them in favor of closing the fair. Vice President Peck, who presided in the absence of President Higinbotham, then read the following resolution, which was at once adopted, and the directors adjourned, apparently well pleased with themselves and their work:

with themselves and their work:

Whereas, The board of directors at a regular meeting, held May 16, 1893, adopted certain resolutions providing for the opening of the exposition on Sunday in response to urgent appeals from persons and organizations representing a large majority of the public, as well as from stockholders of the corporation, and also in accordance with a resolution adopted by the city council of the city of Chicago, representing the financial interests of said city in said exposition to the amount of \$5,000,000, and,

Whereas, This action of the board has been sustained by the United States circuit court of appeals, and the right and power of the board of directors to control the physical administration of the exposition on Sundays as well as on any other days of the week, has been upheld by the final decree of said court; and,

Whereas, It now appears by the activaled.

well as on any other days of the week, has been upheld by the final decree of said court; and, Whereas, It now appears by the actual admissions that the general public does not by its attendance manifest a desire that said exposition should be kept open every day in the week, it further appears that if the exposition is kept open on Sanday it will require the attendance of more than 15,000 laboring men and women, the employes of the exposition and others, and while the exposition and others, and while the exposition authorities can give its own employes one day of rest out of each week, it seems impracticable for the exhibitors and others to provide such a day of rest for their own clerks and employes; and,

Whereas, It further appears that the number of laboring men and women whose service will be necessarily required to keep the exposition open on Sandays is disproportionate to the number of visitors on said days and, therefore, the interests of the public are not promoted by keeping the exposition open on each and every day of the week, now, therefore, be it

Resolved, That all the said resolutions adopted by this body on May 16, 1893, and the amendments to the rule relative thereto adopted on said day, save; and except the price of admission, be, and the same are hereby rescinded, to take effect after the 16th inst.
