### LIBERAL WITH CITY FUNDS

Lincoln Viaduct Damages Placed at the High Water Mark.

MAYOR WEIR DENOUNCES THE AFFAIR

Appraisers Allow Additional Sums in Cases Where Property Owners Were Satisfled with Less Amounts-Likely to Cause More Trouble.

LINCOLN, July 20 .- [Special to THE BEE.] Mayor Weir is up in arms over the new appraisement of the viaduct damages and makes no secret of the fact that he will oppose their payment by every means in his power. He said to THE BEE this morning that the work of the new appraisors was an outrage upon the taxpayers of the city.

"Wny," said he, "Buckstaff Bros. were perfectly satisfied with the damages awarded them by the first appraisers. They expressed themselves so to me within the past few days. They further stated to me that they were willing to accept the amount, but that the other property owners had urged them not to do so, for the reason that

it was believed that the new appraisers would be much more liberal. Now they receive \$5,400, a considerable increase over what they were wilning to accept.

"Then there is C. L. Hall. I happen to know that he paid but \$2,500 for the lot which the appraisers now say has been damaged to the extent of \$3,600. Hargreaves Bros. are located at the foot of the viaduct, and their business cannot possibly be interand their business cannot possibly be inter-fered with in the construction of the work. They will only be damaged by reason of the fact that the space under the sidewalk area which they are now using will be shortened by ten feet. I am willing that they shall have a small award to meet the expenses in curred in rearranging their space under the sidewalk area, in spite of the fact that they are not the owners of the space and are only occupying it by reason of the courtesy of the

Referring to the probable action of the city council with reference to, the new ap-praisement, Mayor Weir expressed it as his opinion that an appeal would be taken as soon as the railroads advanced the money to pay the damages. "If the council does not peal from the judgment of the appraisers, said the mayor, "and if it attempts to propriate the money to pay awards, I shall certainty veto the appropriation. It may possibly pass the ordinance over my veto. And, again, it may be that I am not possessed of the power to prevent the payment of the awards, but I shall certainly do so if I

It transpires that two more O street property owners are claiming viaduct damages The Globe White Lead works and the Lin coin Bottling works object to the resumption of work until their claims are adjusted. The appraisers will pass upon their claims early hext week.

#### Worse than at First Reported.

The accident to Herman Bardwell, the 15-year-old lad who was so cruelly crushed in the elevator in Herpoisheimer's dry goods and department stores in this city last evening, is much more serious than at first re-ported. It is claimed by the boy's father that the lad had been employed in the store for several days in some capacity, but not particularly as an elevator boy. The eleva-tor is a hydraulic machine, and was out of order. When the car was at the second story, in charge of another boy, young Bard-well was directed by some one to watch the achinery below to see if he could detect to leak. Being inexperienced in the running of elevators, he stooped down and leaned out over the shaft. The boy in charge of the elevator upstairs unwittingly Bardwell's head between the floor of the car and the side of the elevator shaft before any one could give the warning. His nose was crushed in, both cheeks smashed his jaw broken in two places and one eye almost torn out. In addition he has a terrible cut In his scalp, extending from a point low down on the forehead over and behind his right ear to the base of the skull. If he should by any possible means recover he will be horribly distigured for life. He is still lying in a very precarious condition. The members of the Herpolsheimer company are with im constantly and are doing everything in their power for the assistance of the sufferer and his parents. They deeply deplore the unfortunate accident and are at a loss to ac count for its occurrence except upon the grounds that it was one of those unfortunate

#### prevented. After the Capital National Again.

Scarcely a day passes now that is no marked by the institution of new suits against the officers and directors of the de funct Capital National bank in this city The case will furnish a tremendiously rich harvest for the attorneys as the litigation growing out of the suspension of the bank eems to be almost endless. In addition to the scores of garnishee suits filed by eastern creditors, there are other scores of cases filed against the directors. Today Gettier Bros this city commenced suit against the directors for the amount of their deposit in the ruptured bank. In addition to the charg that the bank's failure was due to the negli gence and lack of diligence upon the part of the directors, the petition goes on to cite that the directors solicited business after they knew that the bank was in an insolv ent condition, by permitting the doors to re main open after it was unable to continue business, by Mishing their names as di-rectors in the Jank's advertisements in the newspapers of the city and in thus adver tlsing their willingness to receive deposits. Gettier Bros. had \$2,168.97 on deposit in the bank on the night when it closed its doors to the public for the last time.

## Medical Delegates Appointed.

The following is a list of persons appointed by Governor Crounse as delegates for Nebraska to the pan-American medical con-gress to be held in Washington, D. C., Sep-tember 5 to 8, 1893; A. S. Von Mansfield, Ashland; Charles Rosewater, Omaha; W. C. Bridges, Omaha; B. B. Davis, McCook; H. Gifford, Omaha; J. R. Haggard, Lincoln; George L. Humphreys, Kearney; Charles Inches, Scribner; A. R. Mitchell, Lincoln; H. M. Everett, Lincoln; F. S. Haldeman, Ord; George P. Wilkinson, Omaha; J. E. Summers, jr., Omaha; Claude Watson, Ne-braska City; M. L. Hildreth, Lyons; C. M. Headrick, Tecumsch; V. H. Coffman, Omaha; T. J. Bricker, Aurora; J. M. Alden, Pierce. Sued by Sheriff McClay.

Another suit filed against the directors of the Capital National bank today was insti-tuted by Sheriff McClay to recover \$2,423 on a certificate of deposit issued to him by the bank on September 24, 1891. Mr. McCiay had been appointed receiver of the bankrupt company of Heyman & Deleties, and in the line of his official duty and closed up the business and turned the assets into cash. The money held by him he placed in the Capital National bank pending a final settlement with the court. The money was on deposit when the bank closed its doors. In his petition McClay alleges that in the bank's statement published on June 2, 1891, the true condition the bank was concealed, that the statement was a false one and intentionally misleading, and that the bank was insolvent at that time. He further alleges that the statements published periodically by the officers and directors of the bank up to the time of its suspension were also false, and that it was the duty of the directors to have discovered and made known the fact.

Queer Family Complications. It will puzzle any judge not born in Phila-delphia to uprevel the complications which have resulted from the marriages, divorces and deaths in the Clemons family within the past twelve or thirteen years. In 1873 Patrick Clemons was married in this county to a young lady named Bridget, last name unknown to the court. The couple lived unknown to the court. The couple lived together for a good many years and finally moved, first to Colorado and then to Oregon. While living in Colorado the couple quarreled and parted. Last December Clemons died in Oregon, leaving a will in which he bequeathed to his brother, Michael Heelin, and his sister, Bridget Hanlon, a farm in Lancaster county valued at \$10,000. Mrs. Clemons properly suit to set. Mrs. Clemons brought suit to set aside the will, making Michael Heelin a party to the suit. Michael filed his answer in court today in which he alleges that his brother married under the essumed name of Clemons, that he secured a

divorce from his wife unknown to her twelve years ago and that he never owned the farm which he was supposed to will to Michael To make the matter still more complicated Patrick Clemons deeded the farm to himself as Patrick Heelin, in 1888. Michael Heelin is also trying to prevent his sister, Bridget, from securing the portion of the estate willed to her by her brother, on the grounds that Patrick Heelin never owned the farm, but that it belonged to Michael himself by reason of ten years undisturbed possession. To make the matter still more complicates

The hearing adjourned at noon for one week, when the claims of other in-terested parties will be heard.

#### From the District Courts.

The hearing of the Ledwith matter came before Judge Lansing this morning. Mrs. Ledwith was called to testify, and vigorous objections were interposed to her doing so. The court, however, very empatically remarked that he proposed to find out whether or not Ledwith had violated an order of the court, and instructed that the court, and instructed that she be allowed to proceed. The hearing was then postponed ontil tomorrow morning.

He asks for \$5,500 damages for breach of contract. Waiter M. The case will probably give ordinary laymen some idea of the expenses and profit of paving contracts. The amount of money involved in the contracts in question is \$550,000. R. J. Green asks the district court for udgment against Mary and Henry Grossman for \$200 for attorney fees for services rendered them.

The Board of Education will require \$66. 705.89 to meet necessary expenses for the balance of the present year. This includes \$47,266.89 for the current expenses, \$2,000 for new school site, \$2,500 for running the schools two weeks longer than the scheduled term and \$15,000 for expenses connected with new buildings. These figures will compel the board to make up a deficiency of \$42,-

peal from the decision of the appraisers, but no one at the city hall is in a position to state that this will be done Secretary Bowers of the Board of Education has received a letter from W. J. Hayes & Son, the Cleveland bankers, whose failure to make good their contracts for the purchase of Omaha's paying bonds, in which they decline to accept the \$100,000 bonds to build the High school building in this city. They added, however, that they would take them in thirty or sixty days. They state emphat-

The city council has settled the dispute with Buckstaff brothers over the estimates for paving districts Nos. 25 and 18 by instructing the city clerk to draw warrants for the same, amounting to \$18,183, payable out of intersection funds, to be drawn in separate warrants, to be returned by the city and endorsed by Mr. Buckstaff, and further the city treasurer is instructed to receipt for the warrants as credit upon intersection funds now in the hands of Mr. Buckstaff.

Important Decision by the Supreme Court of Minnesota Affecting Capital and Labor. St. Paul, July 20 .- An important decision was handed down by the supreme court today, which has a wide bearing on labor and capital alike. It is the case of the Bohn Manufacturing company of this city against W. E. Hollis and others, representing the Northwestern Lumberman's association. The Bohn Manufacturing company was a member of the association, and the constitution provides that no wholesale dealer shall sell goods at any place at less prices than retail dealers. The Bohn Manufacturring company was accused of violating the agreement, and was notified by the secretary that a circular would be sent to all members, notifying them of the fact. The Bohn company served an injunction on Secretary Hollis in order that its ousiness would not be seriously injured by such action. The order of the lower court was reversed in today's decision for the reason that the Bohn company, being a member of the association, had no grounds for an in-

Clever Operator Who Worked Omaha Men Arrested in Chicago.

CHICAGO, July 20 .- [Spec.al Telegram to THE BEE. ]-Inspector Ross' men today gathered in one of the cleverest confidence operators known to the man-catchers of the country. His name is H. D. Atherton, and he is wanted for a dozen crimes in various parts of the country. The more recent exploits of Atherton were at Omaha, where, a few weeks ago, he succeeded in getting Mr. Loomis, an insurance agent, to advance him \$15 on a \$60 check. Other Omaha people suffered. The Paxton house was loser the price of a handsome board bill, but the house's rule against cashing checks saved

some money, as Atherton failed to get a sub-stantial bit of paper negotiated.

The Grand Pacific hotel here also holds a large claim against Atherton for an un-liquidated board bill. Atherton comes from New York, according to his story, where he has a wife and family. ## CAPITAL STOCK INCREASED

Stockholders of the O. & R. V. Hold an Important Special Session.

TATE VROMAN AND KISSICK HAVE RETURNED

It Will Take Two Months to Get Rates Fixed Under the New State Law-Plans for Harvest Exeursions-Railroad Notes.

At a special meeting of the stockholders of the Omaba & Republican Valley Railroad company, held yesterday afternoon in the office of John M. Thurston, the capital stock of the company was increased to \$15,000,000 made necessary to cover the deficiency of branch roads to the Union Pacific.

When the Omaha & Republican Valley Railway company absorbed a number of branch roads, comprising the line of railway from Vailey to Stromsburg, Valley to Manhattan, Kan., Columbus to Norfolk, Columbus to Atbion, Columbus to Cedar Rapids. Grand Island to Ord and Grand Island to Loup City, some six or seven years ago the capital stock of the new company, embracing 482 miles, was not named. For six years, in consequence, the mileage of the company has been figured at \$5,000 per mile, giving the company under this figure \$2,503,800.

The increase of \$15,000,000 has been voted so that, "whenever the maximum freight rate bill is repealed," as Judge Thurston puts it, "the Omaha & Republican Valley Railway company may build a few more miles of railroad." The following stockholders of railroad." The following stockholders were present at the meeting represented by these proxies: Russell Sage, by H. T. Leavitt; F. L. Ames, by C. S. Myers; E. F. Atkins, by George R. Butlin; F. Gordon Dexter, by W. Whittaker; James G. Harris, treasurer, and Walter B. Horn, by John M. Thurston. Thurston

It is not without interest in this connection to state that the last annual statement of the Union Pacific system, of which the Omaha & Republican Valley railway is a part, shows that the gross earnings per mile were \$2,461.72, while the operating ex-penses per mile were \$2,603.06, a deficit of \$141.34, which does not include fixed charges or interest on bonds.

## ANOTHER REDUCTION.

Cut in Rates from Southern Points to the World's Fair.

CHICAGO, July 20 .- A reduction of \$5 on round trip rates between Chicago and points south of the Ohio river was agreed upon at the meeting of southern lines today. The reduction was made by basing upon the \$7 round trip rate from the Ohio river. The rates from points north of the Ohio river were not molested. It is not expected that any new cuts will be made in Ohio river territory for some time, though all the roads are looking for one as likely to come at almost any time.

The committee of World's fair exhibitors appointed to confer with the railroads regarding a reduction in Word's fair rates pulled down its flag and abandoned its efforts. J. G. Hangborn, chairman of the committee, today addressed a letter to the railroads, saying that the World's fair council of administration has refused to acknowledge the efforts of the committee and has so persistently ignored it that the committee has no recourse but to discontinue its work. The rilroads stood willing to transport a number of editors and their wives to and from Chicago if the committee would entertain them while here. The council of administration de-clines to grant free admission to the ladies, and the committee thereupon quit the task laid out for itself.

## Maximum Rate Law.

With but few exceptions all the railroad men who attended the meeting of presidents and general managers Tuesday and Wednesday in Chicago, called for the purpose of considering the maximum rate bill, have returned home. A few freight men still remain, however, discussing the long and short haul clauses of the bill and trying to arrive at a conclusion whether roads having longer

mileage to common points will abandon those points to roads having shorter mileago. It is practically settled that the Union Pacific, Missouri Pacific and Elkhorn will abandon the business at Lincoln to the Burlington and Rock Island. At Fremont, Norfolk and Humphrey the Elkhoru given the business; while at Grand Island and short distance points on the Union Pa-cific it will be given to that road. By this means it is thought the roads will be given a fair pro-portion of the business of the state and thus obviate the necessity of putting in the same rates from common points where one road has largely the best of the situation, so far

is mileage is concerned.

The decision of the meeting to cancel all commodity rates now in effect will probably work a hardship to some of the "infaut in-dustries" of the state, but the magnates contend that as the tariff reduces their pres ent earnings about 33 per cent it would be like "carrying coals to Newcastle" to contipue these rates in the face of a 33 per cent reduction.

The tariff will go into effect in a very crude state on August I, as it will take at least two months for the roads to publish their sheets and smooth over the discrepan cies that cannot help but arise, notwith standing that a new law has never had the care and attention given it as house roll 33. Mr. George W. Holdrege had little to say about the decision arrived at on Tuesday ex-cept that it was a hard blow dealt the rail-roads, particularly at a time when business was at a standard at the bottom completely knocked out of freight rates. J. O. Phillippi thought the bill would be religiously adhered to by all the railroads, the penalty for a violation of the law being

about the Battery.

On last evening's occasion the Seventh Ward band discoursed the music, Prof. Steinhauser directing with intelligence and skill There were twenty-two pieces represented and the program, while light, emoracing selections by Millocker, Strauss, Schar-wenka, and the well known band composer,

Schlepegreil, caught the fancy of the audience, which was thoroughly representative in character, Quite 5,000 people were present during the evening, the number of carriages being remarked by a park guard as exceeding in number those present on any Sunday since Summer mounted the saddle.

Prof. Steinhauser has brought his organi-zation to a pleasant state of perfection notwithstanding that he has labored against many obstacles. While the band is deficient in oboes and piccoloes, a cornet or two being badly needed, they make very creditable music, their tempo being well taken, partic ularly excelling in tonal quality. They play with fine appreciation of the work in hand and really give a very enjoyable concert.

Ames moved to 1617 Farnam. FIGHT WITH A BURGLAR.

Desperate Struggle of a Man and Wife with a Midnight Intruder. HILLSBORO, Ill., July 20.-Mr. Jacob

Kaberick and wife got up from bed last night to investigate a noise in the house are found a man crouching in a hiding place. They attempted to secure the intruder and the burglar, finding himself getting the worst of it, used both a blunt instrument and a knife upon his victims, cutting Mr. Kaberick in several places and knocking him senseless. Mrs. Kaberick continued the fight and was slashed in a dozen places, the most serious injury being a cut in the abdomen that may cause death This ended the fighting. The burglar con tinued his search for money, but failed to find any, though \$1,000 was hidden in a featherbed. Toward morning Kaberick regained consciousness and crawled to neighboring farm house and told of the fight. He recognized Fritz Mast as the burgiar. Mast was captured by the sheriff near the scene of his crime at a late hour

Educational Congresses. Chicago, July 20 .- To the numerous con gresses at the Art institute on educational subjects was added today the congress of stenographers. There was a hall full of shorthand writers. J. L. Bennett of Chicago was made chairman. Then he read the first paper on the program, which was written by Prof. William Kroschien of Germany The subject was "The Relation of Stenogra-phy to a Universal Language," A number

of other papers were read.

The congress of business educators, the congress of social settlements, the manual training and art education congresses, the kindergarteners, the educator of the deaf and blind, all continued their sessions.

## The Truthful Test

It requires no learned experts or scientific experiments to establish the fact that DR. PRICE'S DELICIOUS FLAVORING EX-TRACTS are not only the strongest, but positively the sweetest and most delicate fruit flavors. If housewives will flavor a cake, pudding; custard or cream with Dr. Price's Extract of Vanilia, Lemon or Orange, and a smaller quantity gives a more natural and grateful taste than can be imparted by any other Extracts, is it not an incontestable proof of their greater excellence? In every case where Dr. Price's Flavors are used the give perfect satisfaction

the number of times you have to rub a garment to get it clean; multiply it by the number of garments washed in a year.

Then you can see just how many backbreaking rubs Pearline will save you. annually. You don't do the washing yourself? That doesn't make any difference. You need Pearline just the same. Every one of these tiresome rubs is wear and tear on the things that are washed. They suffer, even if you don't. Hundreds of millions of packages of Pearl-

ine have been consumed. Think of the number of useless and harmful rubs that have been saved to the women of America. Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, if your grocer sends you an imitation, be honest—send it back.
