Mr. and Mrs. Brill, who live at the corner of Twenticth street and Fourth avenue, were tipped out of their buggy Thursday evening while driving on Eighth street, near Willow avenue. Joe and Mat Snyder, two men who are said to live in Omaha, were arrested yesterday morning by Officer Claar while they were engaged in an operation which it is claimed has been their sole means of livelihood for some time past. They had a wagon with them and were picking up empty kegs in the rear of a saloon. An agent of Lemp's brewery in this city went to the police station and identified the keys as having been stolen, and filed information against the two men. Fred Geise, who is agent for Pabst, has also been the victim of the two men, who, it is claimed, have made a regular business of stealing kegs and selling them to dealers in Omaha. making anywhere from \$3 to \$5 a day by the operation. Empty kegs are credited up to dealers who return them to the brewery at \$1.60 for the "pony" keg and \$2.20 for quar-ters, so it may be easily seen that the business has been a losing one for the saloon

Arrestsof a Prepossessing Young Man Who Sold Spectacles Cheap.

ANOTHER SCHEME TO CATCH THE UNWARY

How Charles Railly Associated a Confidence Game with a Preparation to Cleanse Silverware. The Young Man Runs Against the Police.

A young fellow of rather prepossessing appearance has been selling spectacles around the city for several days past. He took out a license for that purpose, but the spectacles were apparently the less important feature of his stock in trade. He professed to be selling a mixture that would clean silver. When he struck a place where there was a woman who looked as though she might have use for spectacles he would pull a pair out of his pocket in an incidental sort of way and offer to sell them cheap, as he had picked them up on the street in Omaha and needed money. spectacies looked like solid gold and the peddler said they were made of genuine pebble glass. He had no trouble in getting anywhere from \$2 to \$3.50 per pair for spec-tacles which, when examined more closely, were found to be the very cheapest kind of gill wash and common window glass, and might bave cost the seller as high as 35

cents a pair.

Some of the victims made a complaint at the police station, and Charles Railly, a young man who has been doing the business, was arrested yesterday and slated with obtaining money under false pretenses. The police claim to have a number of witnesses who will appear against him at the proper time. Railly says he has done nothing ex-cepting what is done by any enterprising merchant every day in the year. He gave a bond of \$50 for his appearance in police court

Sandwich Improvements. The Sandwich Manufacturing company has been making some extensive and hand some improvements, and now enjoys the distinction of having one of the most prominent buildings in the agricultural implement distriet. General Manager W. H. James has assumed the responsibility of transforming the building, which has always been a beehive of industry, into a modern structure adding means to facilitate the handling of the constantly growing business and improv ing the external appearance and the internal conveniences. The exterior has been painted a rich venetian red, with bronze, black and gray trimmings. The business offices have been greatly brightened and improved and the whole place changed so that it is scarcely recognizable.

"The hum of the Sandwich cornshellers will make more music in the land than ever," remarked Mr. James, "for there is a World's fair corn crop in the west this year, and everything indicates that the farmers will get big prices for the biggest crop they have raised for years. We increased our sale of shellers last year by many thousand dollars, and this year we are going farahead of the high water mark. And while we are doing this we are going to make our headquarters here attractive and comfortable. It is only a question of a short time when we will have to still further enlarge. You can depend upon it, we will do our share toward making the agricultural district of Council Bluffs the greatest center of such trade in the world."

Do you think

that man Crook looked like a man that would have \$50 all at once!"
Mike Blizzard is well known in police circles, he having been in several scrapes be-fore, but his father his always paid his fines fore, but his father has always pand his and had him released without having to undergo any very serious consequences. His contrary, is generally well brother, on the contrary, is generally well thought of and it is the opinion of the officials that he was innocently drawn into the affair and, like most other innocent people, was unfortunate enough to get caught.

AFFAIRS AT SOUTH OMAHA

All Quiet at the Stock Yards Just at Present.

COUNCILMEN MEET, AT JETTER'S BREWERY

Mrs. Peterson's Romance-Appraising Property-Another Husband Missing-Gamblers Fall to Seitle - Railroad Change-Viaduct Matters,

Everything was quiet at the stock yards railroad yards last night. The same gang that worked Thursday night showed up for duty and no nore changes have been made. Mr. Sullivan, the switchman who was discharged for being late, returned from Lin-coln yesterday. He says his matter will

come before a union meeting soon. One delegate from each of the switchmen's unions has been appointed as a committee to go before the directors of the Stock Yards company and explain Sullivan and McManagle's cases. Mr. Hond was the delegate from the South Omaha lodge. They had an appointment with the directors yesterday, but as only Messrs. Paxton and Creighton were present another meet-ing will be held.

ing will be held.

The following notice has been put out by the Switchmen's Mutual Ald association, lodge No. 161, South Omaha:

"All members of lodges No. 11, 33, 166, and 161 are requested to most at the Ancient Order of United Workmen hall, corner of Twenty-suxth and N & reets, South Omaha, at 1:30 n. m. share, July 23."

at 1:30 p. m. sharp, July 23. The above is signed by the master. Mr. Sullivan was seen last night and said that his case would be brought up at this meeting. All the special police who were appointed by the mayor were kept on duty last night and will be until the mayor sees fit to with draw them.

Another Husband Missing. J. D. Kistler, a married man living on Seventeenth street between I and J. is miss-

Mrs. Kistler called at the police station yesterday morning and asked the police to assist her in locating her husband. Kistler has led in South Omaha for some time and is well known. On Monday morning he was employed as collector for the Metropolitan Insurance company, The local manager for the company went out with Kistler and introduced him to several customers. then left him to go it alone. It is known that Kistler collected \$3. On Tuesday morning he turned in his book but did not leave any money. The manager was out at the time. He has not been seen by the insurance company people since. He was seen last by his family on the 19th.

From what information the police can glean it is the same old story with Kistler. He monkeyed with the tiger and other card games and lost his roll. He was seen in Derwork gambling house about 1 cleans.

Deaver's gambling house about 1 o'clock Thursday morning, and also again Thursday night, and left the game broke. He has probably left the city. Appraising Property. The gentlemen who were appointed to appraise the property to be condemned on account of the opening up of N street east to the west line of the B. & M. right of way

have completed their work. The allowances are as follows: To Mrs. Mary Holmes, four parts of four lots, \$1,125; George Bichel, parts of two lots, \$600; Mrs. Sarah Amscow and D. D. Gregory, a strip of land containing one acre, owned by them jointly, \$800; John S. Canfield, a strip of land containing the fractional part of an acre, \$75. The total amount of the allow-

ances foots up \$2,300.

The property owners along this street will now be equally taxed to pay this money and the work of opening up the street will be begun at once.

Met at the Brewery. For several weeks the city council has . been juggling a proposition to do something with the public street just opposite Jetter's brewery. A special committee held one or two sessions at the brewery and reported nothing but progress. At the last meeting of the council Mr. Buila had the matter referred to the committee of the whole. As a result the entire council metat the brewery, or near there last evening, and sized up the condition of the place. One-half of this street only has been dedicated, and the city does not feel like making any repairs until it controls the whole street. It is said that the brewery hands treated the councilmen royally while they remained.

Crushed by Ice. John Miller, one of the employes of the South Omaha Ice company, came near being crushed to death at the Exchange building

yesterday. Miller was unloading a large cake of ice which would probably weigh 500 pounds. Just as he raised it to a platform at the rear of the wagon his foot slipped and he fell to the ground, a distance of five feet. The heavy cake of ice fell directly upon him, the greatest weight striking him on the stomach. At first it was thought the man was killed. but after awhile he showed signs of life and was removed to his home at Twenty-fifth and Q streets. Miller is a married man and a faithful workman.

Pugi istic Tendencies. Thomas McGreevey, who lives on P street between Twenty-fifth and Twenty-sixth, has given his neighbors several exhibitions of his pugilistic talents and has each time used his delicate wife to display his bru-

His latest effort was last night when it is said he beat the poor woman until he was forced to let up by the neighbors. Officer Thomas was sent for but arrived too late to catch MGreevey or the individual would have been locked up.

Looking Into Council Proceedings. Ed Johnson and John J. Ryan, the committee appointed by a meeting of tax payers to investigate the city council, are going over the books at the city cierk's office. Their particular attention was given to business transacted by the council while in executive session and never given out to the newspapers for publication

The Q Street Viaduet Passable. At last the Q street viaduct has been made passable. This structure has cost the city i great deal of money. The repairs just made cost in the neighborhood of \$3,500.
