Exciting Wind-Up of the Debate on the Home Rule Bill—Chamberlain Starts the Howl—State Members Forget Their Dignity.

LONDON, July 22.—On the government program 10 o'clock this evening was the hour set for the closure of the debate in committee on the home rule bill. The parts of the bill left over from the discussions of last week and for the divisions of this week were the new and final clauses, the schedules and the preamble.

The galleries of the House were filled with persons expectant of an exciting scene at the close of the committee's labors. Few members were absent.

Mr. Chamberlain rose early in the evening, and came enough until 9.45. Then Joseph Chamberlain rose to deliver the final broadside of the opposition. He was still sparring under the lash which Mr. Gladstone swung on Tuesday evening. He referred to the course of the prime minister in a scornful manner, and denounced the debate of the bill under the name of a farce.

Mr. Chamberlain tried to talk on, but his voice was inaudible to the members on the next bench. He said he would not be heard from the front bench, and he would speak from the back bench.

EVERYTHING BUT TERRITORY

Siam's Reply to the Ultimatum of France Concedes all Demands Save One.

BOUNDARIES MUST NOT BE CHANGED

French Possessions Can Only Be Extended by Conquest—Ten French Vessels Ready to Begin the Blockade of Bangkok Sunday.

PARIS, July 22.—The New York Herald Cable-Special to The Bee.—The terms of the French ultimatum have been published here. In her reply Siam has agreed to withdraw the posts on the left bank of the Mekong river within a month, and to give satisfaction for the fighting, which has taken place there. Also to punish the officials who are responsible for the fighting, and to pay an indemnity to the families of those who have been killed.

Besides this Siam has expressed her willingness to pay 2,000,000 francs damages sustained by the French, and has deposited 3,000,000 francs as a guarantee for the performance of her obligations.

Will Not Change the Boundaries. Siam, however, has declined to recognize the Cambodian and Annamite rights on the Mekong north of the most northern point recently occupied by the French, that is to say latitude 18 degrees north, or to consent to the cession of the islands below that point.

It is admitted here that the foreign officers in the service of Siam will probably resign if there is any fighting with France, and if the French minister resident, has not yet left Siam waters owing to the low tide. Seven more French boats, making a total of ten, are reported to be now outside the bar. It is expected that the blockade will commence on Sunday. Commerce is stopping in view of the blockade. The consuls here have taken measures for the protection of the residents of their respective nationalities.

BUFFALO BILL'S BIG HEART

Colonel Cody Remembers He Was Once a Boy and How He Felt Then.

Six Thousand of the Homeless Ones Given Free Run of the Wild West Grounds.

CHICAGO, July 22.—[Special Telegram to The Bee.]—Six thousand restless heads tossed on what passes for 6,000 pillows until late last night before they quieted down to dream of the time when the possessors of those heads should win halos of glory by slaughtering Indians until the vales should run red with gore and kill buffalo until the plains were dotted with dying creatures. For today was the day of the waifs' annual picnic.

Since the time picnics were invented there has never been such a one as this, for the crowding event of the day was a visit to Buffalo Bill's Wild West show.

At 12:30 the gates, though they had been braced extra strong, yielded before the sheer weight of numbers, and the hooping and yelling like mad the children raced in.

After the Deadwood mail had been captured and rescued came something that had not taken place every day. Buffalo Bill was sent for.
