The Brown building on Pearl street, op

sional safe blowers sometime between

Thursday night and Friday morning. When

William Siedentopf opened up his office on

the second floor he found the room in a

terrific state of litter. The outer doors of

the safe had been opened and a hole bored

through the inner door. The combination

had then been broken off and free

access obtained to the _ interior.

The safe, which was a large one

had been despoiled of all its contents, which

lay scattered about the floor. A pile of

hecks and drafts aggregating \$200 lay in

one corner of the room unmolested. A chisel

had been inserted and the door to the cash

drawer had been forced off. Seventeen

pennics were inside, and these fell into the

Will Bellis and E. E. Damewood, a con ductor and motorman for the Omaha and Council Bluffs Bridge company, went out hunting east of the city last Thursday, but luck did not seem to be coming their way. The evening drew on and the prospects seemed to be good for their going home with empty game bags. About the time they were casting about for some way in which to make reputations for ability as shootists they came across a flock of chickens and let four of the number have it in the neck. A little later on they ran across Joseph Luteau, a farmer, who loaded them down with apples and then presumed upon this piece of good fellowship and looked into their game bag. He at once pronounced one of the chickens, at least, his own, and coldness spring up. Yesterday he came to the city and filed information against the two sportsmen, charging them with larceny, The case will be tried this afternoon at 2 o'clock before Justice Vien. If Mitchell Be Not There, Corbett Will Fight Jackson or Any One Else Who Wishes to Contest His

Championship.

Curcaso, July 28 -Corbett and Mitchell vill not fight at Roby." Corbett says they will not, and what is more, he says it in a manner which indicates he means every word. Next week he leaves Chicago and goes direct to Asbury Park. There he will begin training for his contest with Mitchell, with the understanding that the fight is to be at Coney Island, He will take no further notice of what Mitchell says or does, but will get himself in condition and be at the arena of the Coney Island Athletic club on the evening named in the original agreement.

The champion was seen yesterday and asked if the Mitchell agreement had not been drawn into a muddle.

"Not at all," he replied. "I believe that as champion I have as much to say about the conditions of the contest as any one and the Conventions will meet in their secelse. When I signed a contract to meet Mitchell before the Coney Island club I signed in good faith. It is not true that I have broken that contract or given any man authority to say I would ond battle for the base ball championship of the city at the old Sportsman's park this afternoon. That an interesting game is forthcoming is assured, as both teams are While I have been in Thicago numerous reports have gone out that I had signed with the Columbian club, or at least had promised to fight there if Mitchell should select that club. I have never conceded that very strong and very much in earnest. The lame feature about these so-called champion-ship games is that the same two teams never get a whack at each other. Saturday night ends my engagement in Chicago. I shall go to Hammond, Ind., where 'Young Corbett,' as they call him, is training, and will re-main with hin, until after his contest with Paddy Smith on Monday night. Then I will go to Asbury main and interda the way farers of the narrow path. How-ever, this does not materially detract from I will go to Asbury park and immediately begin training. I have not any amount of fat to get off, but will train for my wind and to get as strong as possible. My weight never bothers me. It is my intention to remain at Asbury park until the date upon which I have signed to meet Mitchell at Coney Island. Then I will go to the Coney Island arena, and if Mitcheli be not there to meet me 1 will fight Peter Jackson or any one class who is present and ready to try conclusions for the championship. These are my plans in a nut-shell, and they will be carried out."

OMARA CITY MISSION.

OMARIA, July 28 .- To the Editor of Tun BEE: Allow me to mention some facts con corning the work of the mission. Since last January 10,199 meals and 13,649 lodgings

have been provided in Rescue hall for those who were in need and, at the same time, were willing to work for what they received, also for a great many who were sick and unable to work. During the same period of time we have found employment outside of temporary work at the hall and Associated Charity wood yard, for 704 persons, and sup-

plied 437 persons with clothing. Gospel meetings have been held every evening and the total attendance for the six months has been 31,160. One thousand seven hundred and sixty of this number resolved to become Christians and lead a bet-ter life, a large proportion of whom have adhered firmly to that purpose over since. Much has been done also by the Sunday school on Tenth street and by other departments of work at the Rescue hall, such as the woman's department, the reading room, the boys and girls department, etc.

The fact is worthy of mention that twenty-five orphan and homeless children have beer sheltered at Rescue hall and provided with good homes, mostly in the country among farmers. Many of our citizens in Omaha have very little knowledge of what this in-stitute is really accomplishing. Another important fact meets us just at this time. The mission is in need of funds with to carry on the work. A number of friends of the mission have been requested to go out with blacks and solicit \$1 subscriptions. It is earnestly hoped that those who are called upon will respond, and that others who are not called upon will send in their contribu-tions to help carry forward this work in our city. A. W. CLARK, Superintendent.

Council Blaffs Shippers Get What They Wanted from Railway Officials.

John Schoentgen, W. W. Loomis and Lucius Wells returned yesterday morning from Chicago, where they went last Sunday to wrestle in prayer with the head officials of the western railroads. The object of their visit, as stated in THE BEE when they went, was to have rescinded the recent action of the Union Pacific in adding a 5-cent bridge toll on every hundred pounds of goods snipped by Iowa jobbers into Ne-braska. They arrived in Chicago Monday morning and went immediately to work with the railway officials.

"We explained the situation to them in all its details," said Mr. Schoentgen yesterday in talking of the matter. "We told them how the Nebraska jobbers were formerly computed to not 5 contents of the details." compelled to pay 5 cents per hundred on al goods shipped into Nebraska more than we had to pay, and how, about five years ago, in order to equalize matters, the rate Council Bluffs was raised by the addition of 5 cents per hundred for bridge toll on goods that never crossed the bridge. They held a meeting Thursday, and during the afternoon they notified us that they had decided to grant our request and put the rates right back where they were a week ago. Some of the officials told us that we might go home, that they would attend to the business and see that we were attend to the business and see that y treated right, but we told them that we would stay right there; the people of Council

would stay right there; the people of Council Bluffs would flay us alive if we came back without bringing something substantial in the shape of a bargain all sealed." "Is there not a likelihood of the railroad reducing the rate from Omaha to points in

lowa?

"Yes, they may do that, but we don't care much if they do," was the reply. "We have an advantage over Omaha in our Iowa mar an advantage over omana in our lowa mar kets from the fact of being so much neare to our patrons. Four miles may not seem to be much of a difference, but when you com-to consider that it takes anywhere from two of the fact of the fact of the second seco to five days for goods shipped from Omah to cover that four miles you can understan

ROOT AND BRANCH, the poison in your blood, however it may have come or whatever shape it may be taking, is cleared away by Dr. Pierce's Golden Medical Dis-

covery. It's a remedy that rouses every organ into healthful action, J* purifies and enriches the blood, and through it cleanses and invigorates the whole system. Salt-rheum, re-the whole system. Salt-rheum, re-ter, Eczema, Erysipelas, Boils, Car-buncles, Enlarged Glands, and the worst Scrofulous Sores and Swellings, are perfectly and permanently cured by it.

刘 Unlike the ordinary Spring med-icines or sarsaparillas, the "Discovery" works equally well at all seas-ons. All the year round and in all cases, it is guaranteed, as no other blood medicine is. If it ever fails to benefit or cure, you have your money back. You pay only for the good you get.

Isn't it safe to say that no other blood - purifier can be "just as good !"

If it were, wouldn't it be sold so !
