

DEATH CLOSED HIS EYELIDS

Edward McKenna, the victim of Saturday's shooting, dies from his wounds.

BARNEY MCGYNN'S MURDEROUS BULLET

Inquest Will Be Held Today—The Slayer Taken to the County Jail—Some Talk of Lynching—High Eagle Dying.

Edward McKenna, the victim of the shooting on Saturday night, died just before noon yesterday. Barney McGynn will now have to answer to the charge of murder.

The remains of the murdered man were taken to the morgue by Coroner Maul and will be held pending an inquest on Monday afternoon.

McKenna was a well-known man from the start. The woman was an ugly one and the physicians saw but little hope of prolonging his life and none of saving it.

The physicians remained with the injured man all day Sunday and through the night, but decided yesterday morning that he could not live more than a few hours.

Immediately after being informed by Coroner Maul of the death of McKenna, Captain McCormack had McGynn taken to the county jail.

A reporter was allowed to have a moment's conversation with the murderer yesterday afternoon. McGynn was locked in the big cage in the west wing of the jail and when called for by the sheriff stepped slowly out of his cell.

"McKenna is dead," was the first remark of the sheriff to his prisoner. "I don't mind it," said McGynn, "but I don't want to see any more of it."

Several questions were asked by both the sheriff and the reporter, but McGynn insisted that he had nothing more to say about the case.

The death of McKenna caused considerable excitement in the north end of town where he resided. Some of the hot headed neighbors of the deceased were in favor of some organized mob action.

Dr. Impey, who has had charge of the case since the death of McKenna, was called by peritonsils.

Acting in his official capacity and in accordance with the wish of friends and relatives, Coroner Maul ordered a post mortem examination made on the body of McKenna.

Workmen are, in a measure, taking charge of the body and two of the police men will remain in the morgue to guard the body until it is taken to the funeral home.

Questions put to him about McKenna were not answered. He died peacefully, closing his eyes for the last time just before the sun came out on Monday morning.

The jury will hold and view the body at 10 a. m. The inquest will be held at the morgue at 11 o'clock.

Following is a list of the witnesses who have been summoned to appear before the coroner for the inquest on Monday.

Probable Lynchers Foiled by Prompt Action of the Officers. About 5 o'clock yesterday afternoon Chief Seavey received reports from his officers in North Omaha to the effect that a mob was being made to lynch Barney McGynn last night or early this morning.

Houston company to be tested. In all probability a resolution of the council this evening, or at some other early future meeting, directing the city electrician to devote his time to the testing of the arc lights, will be passed.

SPLENDID SHOWING, MADE BY THE YANKEE

Cracks and Makes a Good Impression on the Critics—Only a Minute Behind.

LONDON, July 31.—The regatta of the Royal London Yacht club took place off Cowes, Isle of Wight. The week never opened with greater eclat and a regatta never excited more lively interest.

The Solent never before was so crowded with yachts and launches. The presence of the German imperial yacht Hohenzollern, the United States yacht Chicago, the German training ship Stein and Giesemann, the British battleship Neptune and other vessels of the English navy and the international yacht Victoria, all decorated with flags from stem to stern, lent a charming brilliancy to the scene.

The advance on the tramway was finally checked, but the strikers then swung down underneath the tramway and onto the boats, reaching them ahead of the officers.

They took a stand on the tramway of the dock. Work had hardly commenced on the dock when a great mob of strikers swarmed down, over the dock, and onto the boats.

CAMP LINCOLN IS ALIVE

Thousands of Old Soldiers Flock to the Grand Reunion at Superior.

Commander Adams Has Matters Arranged to Highly Entertain the Veterans and Their Visitors—Yesterday and Today in the City of Tents.

Superior, Neb., July 31.—[Special Telegram to The Bee.]—The fifth annual interstate reunion of Nebraska and Kansas opened here today in a blaze of glory and a cloud of dust, and Commander C. E. Adams predicts a more magnificent success than has ever been achieved by this association.

The association is fast becoming one of the most conspicuous in the whole western country, having been an unequalled success from the very inception. It now comprises the membership of the counties of Gage, Kearney, DeWitt, York, Lincoln, DeWitt, Jefferson, Thayer, Rockwell, Webster, Franklin, Harlan, Furnas, Red Willow, Gosper, Hayes, Phelps, Kearney, Adams and Fillmore counties, and also the cities of Lincoln, Republic, Jewell, Smith, Decatur, Phillips, Osborn, Mitchell and Graham, Kansas, and before the lapse of many more years conditions will be such that the state of Nebraska, when this annual assembling will be a colossal affair indeed.

The encampment is most favorably situated at Lincoln park on a broad plateau of the Republic, with a low range of embosomed hills in the west and immediate fields of waving grain and pasture land on the east and south. There are about 600 tents pitched here, of which number fully one half are occupied by the members of the command.

When the fun will open in earnest tomorrow when the grand reunion of the veterans of Nebraska and Kansas will be addressed by Department Commander General A. H. Church and Hon. Charles Howard, and after the creation follows a general passing of the opinion that there is any foundation in fact for the many rumors that have been circulating.

A highly satisfactory statement was presented today of the Milwaukee & St. Paul road for the month of July, showing a decrease of \$2,138,776.16 in the gross earnings for the month as compared with \$2,347,978.39 for the month of June, 1932. The expenses were \$1,748,796.99, against \$1,789,910.05 for the month of June, 1932.

RESUE HALL

A. W. Clark Criticizes the County Commissioners for Recent Statements.

A. W. Clark has written a lengthy communication to the Board of Commissioners, in which he criticizes the county commissioners and Dan G. Burr for their attitude on the "Rescue hall" matter. Mr. Clark says, in part:

"In the first place they seem to be utterly ignorant as to the relationship between Rescue hall and the Associated Charities. When associated Charities, they seem to be utterly ignorant of the fundamental objects of both these organizations."

"This is not something new in the history of the development of scientific charity. Every charity organization has had to contend with the same sort of opposition in nearly every city in the union, and perhaps the only one that is not so rampant at such opposition upon the part of our officials. At the same time we must say that we have expected better things from them, in view of the fact that they are members of the Associated Charities. Asile from their ignorance of the difference between the Omaha City mission, with its independent status, and the Associated Charities, they seem to be utterly ignorant of the fundamental objects of both these organizations."
