There Was No Rain Where Most Needed and No Prospects of Any, Causing the Shorts in Corn to Re Alarmed.

CHICAGO, Aug. 4 .- It was an uneasy, feverish day in the wheat pit. Trading was scant. Prices ran up and down several times within a range of 1/4c, and left off about 1/4c lower than on the day before. Corn averaged strong and closed 1/c higher. Provisions were in the main firm, but dull. The Walker failure came too late to be a factor, but it has been more or less discounted for some time. The opening for September was from 160% c lower than yesterday's close, then advanced 14c, declined 14c, rallied 14c, declined 13c, and closed steady. The weaker opening was due to the bank failure at St. Paul in the morning papers, some cholera scare and rumors of trouble among mercantile houses here. Cables, too, were lower, which helped to weaken the market. But the large clearances and good buying orders had the effect of changing the decline and prices were advanced, then eased off again on more bank failures in the northwest. Operators seemed inclined to buy, but the disquieting rumors had a bad effect. Trading was only of a local character.

There was no rain where most needed, and no prospect of any, making the shorts in oorn alarmed at the outlook for the crop. Initial transactions were at a trifle advance, but it was not long under the urgent demand and limited offerings before the prices sold up %c for September and 1%c for May, the latter delivery being the strongest on the list and the premium is still widening. The price held firm for a while, eased 3/c, ralled 3/c, changed some, and at the close September had gained from 3/c to 1/c, and May from %c to %c. The cash situation is rather a drawback, as the tight money is affecting the shipping interest, and August did not advance in proportion to the other futures.

advance in proportion to the other futures. Oats averaged higher, advanced from %c to %c, and closed at from %c to ¼c below the top. There was a fair trade. The strength came mostly from corn.

Provision trading was confined almost entirely to those who are interested in the manufacture of products. The syndicate, as Armour & Co., Swift & Co., and Morris & Co. are called, did what was necessary to keep the market sober and within narrow fluctuations. Compared with last night the close showed pork down 15c and lard 5c, while ribs are 5c up.

Estimated receipts for tomorrow: Wheat, 180 cars; corn, 320 cars; oats, 214 cars; hogs, 6,000 head.

6,000 head.
Freights dull at 1/c for wheat and 1c for corn to Buffalo and 3/4c for wheat and 3c for corn to Kingston.

The leading futures ranged as follows Articles. | Open. | High. | Low. | Close.

Sugars—Cut loaf, 6%c; granulated, 5.82; standard "A." 5.70. The following were the receipts and ship-ments for today: ARTICLES.

Flour, bbls...... Wheat, bu..... 224.98

On the Produce exchange today butter vas quiet; creamery, 154@20c; dairy, 15@ 8c. Eggs, quiet; strictly fresh for shipment at

Omaha Produce Market.

Omaha Produce Marker.

BUTTER—Fancy creameries, solid packed, 19c; fair to good creameries, solid packed, 16@18c; choice to fancy country, 14@15c; fair to good country, 12@13c; packing stock, fresh, 11c.

EGOS—There are a great many poor eggs coming to market and the proportion of seconds is large. Dealers find it very slow work trying to dispose of their seconds, which are a drug on the market even at very low prices. The buik of the sales of good eggs are being made at 10%@11c.

LIVE POULTRY—The receipts of spring chickens are not quite so large as they were a few days ago, but there is a great plenty to supply the demand. Old fowls are not pienty and choice old hens sell quite readily. Other kinds of poultry, as geese, ducks, etc., are out of season and are not wanted. Choice old hens, 7@8e; old roosters, 4@5c; spring chickens are lightly to see the lightly to the constitution of season and are not wanted. hen s. 7@8c; old roosters, 4@5c; spring chick-ens. 10@11c.

hens, 7@8c; old roosters, 4@5c; spring enickens,10@11c.

POTATOES—There are no potatoes to speak
of being shipped either in or out of the city at
the present time. The local growers are supplying the demand and there are few potatoes
being handled by commission houses. Choice
stock on orders, 60@56c.

MELONS—Watermeions are not very plenty
and prices are accordingly firm. Cantaloupes
are coming in more freely and the market is
lower than it was a short time ago. There is
quite a difference in the quality of cantaloupes
and accordingly a wide range in prices.
Watermeions, per 100, \$25; cantaloupes, per
crate, \$3.

and accordingly a wide range in prices.
Watermelons, per 100, \$25; cantaloupes, per crate, \$3.

Cannage—The business in shipping cabbage to the country appears to be about over.
Occasional orders are received and filled at 14,62c.

Celery—Stray shipments are arriving and the quality of the stock is pronounced good for this season of the year. Celery, per doz. bunches, 30,635c.

Onions—Home grown stock is plenty at 2c per lb. on orders from the country.

Tomatoes—The market is still full of tomatoes and prices are low. Large receipts are anticipated for the next few days. Southsen, per 4-basket crate, 75,290c.

Berries—Only a few blackberries are being brought in by local growers and the berry season appears to be about at an end. There are some blueberries arriving, but no great quantity. Blackberries, per 24-qt. case, \$3; blueberries, per 5-qt. case, \$1.

APPLES—No apples to amount to anything are being shipped in, but the supply of home grown stock is liberal. Cheice Duchess, per bbl., \$3.00,63.25; common varieties, \$2.00,2, 2.50; California apples, per 50-1b. box, \$1.25,61.

1.50.

Calafornia Fauirs—As already noted, this market is well supplied with California fruits and prices are low as compared with other markets. Early Crawford peaches, per box, \$1.256,1.35; Bartlett pears, per box, \$2.002, 2.25; plums, per box, \$1.7562.00; nectarines, per box, \$2.00; grapes, \$2.50.

Changes—There are only a few oranges arriving. Riverside Mediterranean sweets, \$3.75.

TROPICAL PROITS.

LEMONS—The steady warm weather produces a very fair demand for lemons and all houses are doing a good steady business in them. Messinas, extra fancy, \$6.0026.50.

Messinas, per box, choice to fancy, \$5.0025.50.

BANANAS—Prices remain about steady. Per buach, large, \$2.2562.75; per bunch, small to medium, \$2.0062.25. HIDES, TALLOW METC.

HIDES, TALLOWSETC.

HIDES—No. 1 green hides, 24c; No. 2 green hides, 2c; No. 1 green salted hides, 3c; No. 2 green salted hides, 2c; No. 1 green salted hides, 2b lbs. to 40 lbs., 3c; No. 2 green salted hides, 2b lbs. to 40 lbs., 3c; No. 2 green salted hides, 2b lbs. to 40 lbs., 3c; No. 2 green salted hides, 2b lbs. to 40 lbs., 3c; No. 1 veal calf, 5 lbs. to 15 lbs., 5c; No. 2 veal calf, 8 lbs. to 15 lbs., 5c; No. 1 dry salted hides, 5c. Part cured hides ice per lb. less than fully cured. SHEEF FRITS—Green salted, each 35cg51, 25; green salted shearlings (short wooled carly kins), each 15225c; dry shearlings (short

wooled early skins, No. 1, each 5210c; dry shearlings ishort wooled early skins, No. 2, each 5c; dry flint, Kansas and Nebraska butcher wool pelts, per lb., actual weight, 192 l1c; dry flint Kansas and Nebraska murrain wool pelts, per lb., actual weight, 7610c; dry flint Colorado butcher wool pelts, per lb., actual weight, 5610c; dry flint Colorado butcher wool pelts, per lb., actual weight, 7690c; dry pieces and bucks, actual weight, 567c.

Wool Market Review.

Wool Market Review.

Boston, Aug. 4.—The wool market has been, on the surface, very quiet, and as a rule transactions are confined to small lots, but at the same time there have been a few good lines of territory wool moved this week, as was the case last week, and the mills are not by any means backward about purchasing supplies at the current low prices. It is noticeable that several mills that are shut down in part or are thinking of shutting down have been buying wool of late. Where their credit is first-class they have the advantage and they have been able to secure supplies on favorable terms. The lowest prices ever recorded have been accepted by the trade, but the fact that large and shrewd buyers have been quietly picking up good lines of wool in anticipation of a future use for themselves indicates that prices have touched their lowest level. There is a very moderate movement in all kinds of washed fleece. In Michigan fleece a sale is reported of 5,000 lbs. at 20%, and this is an outside price. Very good wool can be bought for 20c per lb.

Philadelphia, Aug. 4.—The wool market continued dull, owing to idle machinery; prices nominal. Wool Market Review.

Havana Sugar Market.

HAVANA, Aug. 14. -Sugar-Quiet; holders STOCKS AND BONDS.

Radical Change Characterized the Tone of Speculation Yesterday. New York, Aug. 4.—There was a radical change in the tone of speculation on the exchange today. Early prices yellded 1/4 to % per cent, chiefly on account of the bank troubles in St. Paul and the scarcity of currency, which excited fears among the timid operators as to the future of the money market. The decline added materially to the short interest and for this reason probably the bulls offered little opposition to the raid. After prices had yielded large buying orders were placed and in less time than it takes to tell it, the decline was recovered and the market generally was on a higher level than last night's closing.

During the afternoon another reaction ensued, but toward the close speculation assumed a positively buoyant tone and there was a small-sized bear panic. The sorts, when they wanted to cover, found that stocks were not to be had readily and, in their haste to retrieve themselves, they bid prices up on each other. The belief that arrivals of gold from Europe next week will relieve the money pressure and that President Cleveland's message will have a reassuring effect in financial and commercial circles had much to go with the sharp circles had much to no with the sharp upward turn. The advance generally was from 14 to 7 per cent. General Electric rose 5 per cent to 51; Chicago Gas, 634 per cent to 524; Northwestern, 634 per cent to 9034; Rock Island, 514 per cent to 614; Sugar, 536 per cent to 75%; St. Paul, 536 per cent to 5836; Lake Shore, 5 per cent to 16; Pullman, 5 per cent to 147; Cetten 01, 44; per cent to 31; Louis, to 147: Cotton Oil, 434 per cent to 31: Louis-ville & Nashville, 435 per cent to 5734; Man-hattan, 434 per cent to 11334; Jersey Cen-tral, 4 per cent to 92; Lackawanna, 4 per cent to 131; Burlington, 4 per cent to 80, and Western Union, 3% per cent to 78%. Just prior to the close General Electric and Northwestern reacted 11% to 11% per cent, but the general market left off strong at or near the top prices of the day and week. A marked exception was Union Pacific, which shows a net loss for the day of about a point on the talk of a receivership. The directors, it is said, will meet on Tuesday next, when the affairs of the company will be thoroughly discussed.

The Post says: Today's prices advanced rapidly and they advanced because they discounted next week's new supplies of money Of this there can be no question. At least \$1,000,000 gold will be turned into the city sanks by Wednesday next week and fully \$10,000,000 national bank circulation will be added to it from the government presses. Presumably prices went up today through the use of call money, the buyers reckoning that next week will relieve the time loan

market.

If this is the result of the so-called "ex pansion of currency," it is such only because of undue contraction previously brought about through foolish hoarders and deliberate mischiefmakers. The owners of the currency in safe deposit vaults are likely to learn too late of the extent to which they not only embarrassed current business but threw away opportunities.

The probability is that these stores of hoarded currency will be released far more

suddenly than they were locked up and that before the lapse of many weeks the money market will be fairly easy. But this will, of course, depend on the action of the extra session, and it may not mean a quick return of business prosperity. The following are the closing quotation on the leading stocks on the New York

Chicago Live Stock Market.

Chicago, Aug. 4.—[Special Telegram to Tur. Ber. 1—The run of cattle for today is estimated at 6,000 head, of which 3,000 were Texans and 1,500 westerns. As very few cattle were left over from yesterday the supply was hardly sufficient to go around. Good to choice shipping stock especially was a little scarce, the offerings in that class not much more than equaling the requirements of exporters. The market was fairly active and prices leaned in sellers favor, though in no case was any very radical advance paid. Natives sold principally at from \$1.60 to \$2.65 for cows and bulls, and at from \$1.50 to \$4.50 for steers. Sales of Texas cattle were mostly at from \$1.50 to \$3, and the range of quotations for western rangers was from \$1.50 to \$4.25. Veal calves were firm and in demand at from \$2 to \$5.50.

Hogs took another jump today. They bounded my from \$2.50 for the \$2.50 for the control of the contr Chicago Live Stock Market.

LONDON, Aug 4.—Bullion to the amount of £222,000 was withdrawn from the Bank of England today for shipment to the United States. New York, Aug. 4.—[Special Telegram to THE BEE.]—Exchange was quoted as follows today: Chicago, \$15 discount: Boston, \$2 to \$2.50 premium; St. Louis, \$4.75 discount.

OMAHA LIVE STOCK MARKETS.

Receipts of All Sorts Light, with Prices Much Higher on Everything. FRIDAY, Aug. 4. It has been several months since the receipts of live stock were as light as they were today. Only 42 cars in all were received. So far this week, compared with last, however, there has been an increase of

nearly 4,000 cattle and 1,400 sheep, while the hog supply has fallen nearly 13,000 short of last week's figures. With meager offerings of cattle and a better demand from the dressed beef men, desirable beef steers sold 10c 15c better than Thursday. Lo men had it all their own w was speculators are taking no chances this weather. They bought fair to very good 1,196 to 1,283-lb. beeves at from \$3.50 to \$4.45. Common and inferior stock was hardly wanted at any price, Very fair 1,050 to 1,250-

b. western grassors sold down around \$2.85 and \$2.90, or nearly a dollar lower than the same cattle sold for a year ago. Today's activity and strength grew out of the very light receipts and not any improvement in the demand or the general situation.

The cow market may have been a little firmer on the more desirable grades, but common stuff sold very badly. Inferior to choice cows and heifers sold at from \$1.25 to \$2.50, including a big string of good western cows at \$2.20. A let of western calves brought \$3.15, a fair price; very few native calves were offered for sale. Poor to prime bulls sold at from \$1 to \$3, or about steady prices. There was a better feeling in feeders owing to the light fresh supply and very fair country demand. Sales to the country were mostly at firmer figures. out of first hands about steady. Good to choice feeders are quotable at \$2.70

@3.00; fair to good at \$2.50@2.70, and common stuff at \$2.00@2.50. Representative

tions for western rangers was from \$1.50 to \$4.25. Veal calves were firm and in demand at from \$2 to \$5.50.

Hogs took another jump today. They bounded up from 25c to 35c per 100 lbs., choice heavy going to from \$5.40 to \$5.50.

This is an advance on Wednesday's nuotations of from 40c to 60c, but the market is still from 25c to 30c lower than last Friday. Today's gain is credited to the fact of measer receipts, only about \$6.00t head arriving. There were enough stale hogs to bring the supply up to 23.000, nearly all of which were out of first hands before 11 o'clock. The prevailing prices for heavyweights were from \$4.80 to to \$5.05 and the bulk of light grades sold above \$5.10. There was not a little excitement and many hogs changed hands two or three times.

There was comparatively a steady market for sheep until Wednesday, when there was a slump of from 50c to 75c per 100 lbs. The decline was due in part to the decline in cattle and hogs and partly to the heavy receipts. Present quotations are from \$1 to \$1.75 for poor stuff, from \$2.25 to \$3 for common to fair and from \$3.50 to \$4.25 for good to choice. The lamb market also closed much lower, the present range of quotations being from \$3 to \$5.25 for poor to choice grades. This week's supply was \$,000 head larger than for the previous week and 18,000 larger than for the previous week and 18,000 larger than for the corresponding week last year.

Receipts: Cattle, 6,000 head; calves. 700 head; hogs, 4,000 head; sheep, 2,000 head.

CORN CONDITIONS.

What the Government Bulletin Says of the Crop in Nebraska and Iowa. WASHINGTON, Aug. 4 .- [Special to THE BEE.]-Following is from the bulletin just issued at the Department of Agriculture showing, by counties, the condition of grow-

ing corn in certain states in which BEE

readers live: Nebraska—Phelps: Fair, but needs rain now. Furnas: Suffering badly and without rain soon will be a failure. Jefferson: Over one-half of all the wheat and rye has been plowed up and put to corn; acreage is therefore, very high, needing more rain. Kearney: Fair stand; ten days late; needs rain to advance it. Saline. Dong needs rain to advance it. Saline: Doing well; very free from weeds, with ample rains it will be the largest crop for years. Seward: Acreage increased on account o wheat fields being plowed up and planted to wheat heids being plowed up and planted to corn; condition lowered on account of un-favorable weather and lack of cultivation. Deuel: Suffering from dry weather and hot winds, but will stand it for a few days yet. Douglas: Have never seen it look better in the history of the country. Frontier: In-crease in acreage due to the large amount of sod corn planted and to winter wheat land sod corn planted and to winter wheat land that has been planted to corn. Garfield: that has been planted to corn. Garfield:
Looking well; is very clean, and generally an excellent stand; has not been injured by the hot winds. Gosper: Very fine on the east side of the county; good growth; somewhat damaged by hot winds and drouth on the west. Holt: Looks well at present. McPherson: Early drouth broken in time for crop; more planted than usual and condition fine. Nance: A general rain today insures an average crop. Thurston: Slightly injured from lack of rain. Banner: The long spell of dry weather has given good opportunity to work ground and fields are free from weeds. Keya Paha: Late, but the hot weather of the past month has helped it. Thomas: Fine rains of 28th and 30th give high nopes of a full crop. Platte: Not up to the standard. Washington: Growing rapreplanting being made necessary on account of the poor seed used. Washington: Prom-ises to be the biggest crop ever grown here. the standard. Washington: Growing rapidly and the prospects are favorabl good crop; the culture is good, the fields clean. Webster: Very thrifty; a good stand and fair size. Burt: In fine condition; large and clean. Hayes: Acreage largely increased in the first place, and nearly as much more added by planting wheat ground; crop, is leaking fine Lehness. crop is looking fine. Johnson: While the season apparently has been good for crop, had seed caused many to plant the third time, which makes condition very un-even; where first planting stands, condition is extra fine. Lancaster: Very uneven Some fine and a great deal looking bad. Nuckolls: Rather backward, but looks well Cass: Not even; weather too dry and cool for crop. Hitchcock: Crop greatly improved by showers on the evenings of 27th, 28th and 29th. Franklin: Have had heavy rains the past week, which has given crop a splen-

a little on new lands; never better on old.
Lincoln: The only crop that is good, many
fields of small grain have been planted to it.
South Dakota—Buffalo: In good condition. Fall River: Looks well yet, and
with some rain and the present hot weather
will make a crop. Turner: Doing finely
every way; three feet high; good stand and
color. Beadle: Splendid, good stand and
large. Jerauld: Continued hot winds have
injured crop to some extent; recent rains injured crop to some extent; recent rains, however, are improving the outlook. Campbell: A larger percentage of poor seed than usual; otherwise condition might have been high. Hutchinson: Crop magnificent, being ten days ahead in growth and 10 per cent ahead in stand and cleanness. Potter: Was backward in early part of season, but the backward in early part of season, but the hot weather has sent it shead. Brookings: Promises well. Clark: Doing well; not much planted. Davison: Still fresh and looking well; the showers of the past ten days will bring it out all right. Deuel: Crop

did showing. Antelope: Promising; pinched a little on new lands; never better on old.

days will bring it out all right. Deuel: Crop is tiptop. Hand: A fair stand, but very small for time of season.

Iowa—Ida: In fine condition, Mahaska: Though planted a little late, is growing spiendidly, and is generally clean of weeds. It is of dark green color and stands well. Palo Alto: Never so promising at this date. Pocahontas: Remarkably fine. Weather condition all that could be desired. Pottawattamie: Stand injured by heavy washing rains at the beginning of June. Worth: Well advanced and moderately clean. Cheroke: In need of rain. Emmet: June has been exceedingly dry. The crop is not okee: in need of rain. Emmet: June has been exceedingly dry. The crop is not suffering yet. Humboldt: Has come rapidly forward during the hot weather of June. Lee: Doing well and the wet weather has a tendency to retard the operations of the grub worm. Muscatine: Much had to be replanted, owing to the poor quality of the seed. It is now coming on all right, but the replanted corn is small. Marine: Making rand growth and is clean on. right, but the replanted corn is small. Mar-ion: Making rapid growth and is clean. Wapello: Some pieces are late, but it is generally clean and now growing rap-idly. It will average at least eighteen inches in height throughout the county. Wayne: More replanted than for many years and it is very uneven. Inferior seed was used and the spring was very cold. A

and 13th Street heavy storm on the 21st blew much of it down and it has not straightened out yet. Adair: Making a rapid growth. Audubon: Unusually clean. A few pieces are thin on the ground. The crop will be laid by after July I. Delaware: Season the finest in many years. Fayette: Splendid weather for the crop, which is above the average. Guthrie: Very fine where it has had good cultivation; on low lands it is rather backward and on low lands it is rather backets that grassy. With seasonable weather from date it will equal the crop of last year. Plymouth: A good stand and the indications are in favor of a fine crop. Lucas: Up to the normal, notwithstanding the excessive rains which have prevailed. Dubuque: Has a good stand a fine color, and is growing fast. Howard Well advanced and clean. Buchanan: Condition never more promising at this date. Boone: Very small, but growing rapidly the Boone: Very small, but growing rapidly the past few days. Much had to be replanted on account of the poor seed used. Bremer: Being rapidly pushed to the front. Clinton: Clean and growing rapidly. The conditions could not be more favorable for makin, a full crop. Hardin: Improved rapidly, but is still very weedy and much depends on favorable weather for tillage. Louisa: A good stand and clear of weeds. Very little replanting has been necessary. Page: Is being laid by and is pushing rapidly shead under favorby and is pushing rapidly ahead under favor able weather conditions. Taylor: Ha geen generally well worked. Some is late

Boating, Courtland beach. The Tea Trade. Alarmed by the rapid extension of the use of Indian teas in Europe and the con-sequent decline of the demand for the Chinese leaf, the Pekin authorities have just issued a proclamation against the nanufacture of what is significantly styled in the document as "lie" tea. The proclamation points out that this scanlalous practice has contributed more than anything else to bring about the wane of the Chinese tea trade and it declares that the authorities are determined to put a stop to it. People are warned not to make any tea excepting of the genuine tea leaves and if any person is discovered infringing this order he will be punished by transportation for life-a penalty which will be extended also to the seller and to the buyer, as well as to all others who have taken any part in the placing of adulterated tea upon the market.

lowa's Oldest Innabitant. Christian Conrod of Dealware county, lowa, who is 113 years of age, remembers having seen Washington. "It was in Philadelphia," he says, "at the close of his last term as president. They had a great crowd and the road was filled with people for eleven miles. General Washington appeared at the head of the procession, and was accompanied by thirty-two of his old war officers and generals, and all on horseback. He rode a dapple-gray horse. He appeared to be a tail man, smooth face, large nose and such a man as would be noticed in a crowd. General Washington made a speech that day and I heard him. I re member that he praised his generals and told the people to be loyal and true to the government. He told them if they would always listen to what Genoral Jackson said they would never go astray.'

Beneath the Boughs, Washington Star: "So!" he said after a few minutes of silence, "you reject me!"
"I do," she replied calmly.
"After these years of devotion to you that

have shown?"
She maintained a haughty silence.
"But beware," he went on. "The worm Then she gave a shrick—an ear piercing. heart rending mixture of gurgles and vow-els. "Oh!" she gasped, "you were right when

you said the worm would turn."
"What do you mean?"
"A caterpillar has just done a somersault and landed on my neck."
