IN RAILWAY CIRCLES.

That Excursion Business Stirred Up Several Local Officials. Mr. F. A. Nash of the Milwaukee had on his fighting clothes when a reporter called at his office yesterday morning in reference

to the Fremont excursion matter. "The Milwaukee is not in the lodging house business," said Mr. Nash. "It is true we are going to take an excursion party of 300 or 400 people to Chicago from Fre-mont, but there has been no other rate offered than that agreed upon by the Western Passenger association. You may say that the Northwestern was never promised this business whatever, but originating in what Mr. Buchauan of the Elkhorn pleases to call 'his town,' Fremont, that gentleman is naturally very much incensed. He thought he had a 'cinch' on the party and never went after the business really until the arrangement to go over our road. until the arrangement to go over our road

'So far as threats of an investigation go they do not worry me in the least. The business originates on the Union Pacific and that road is responsible. I am of the opinion that Mr. Lomax is abundantly able to de fend any charges filed, as the Milwaukee most certainly is. There is noth-ing in the advertisement of Prof. Clemmons that indicates that there has been any cut in the agreed upon rates and all this breeze raised by the Eikhorn will be flattened out if an investigation is decided upon. Is have telegraphed our people in Chicago that the rate has not been cut. Beyoud this there is nothing further to say." Mr. Buchanan, when seen on the subject, said that he had no wick coming if another road would go into his territory and get business, if done legitimately, but where honesty was met with rascality then he wanted it understood he would protest and that as hard as he knew how.

'Sandwich' Clemmons, as he will possibly be known for years to come, premised that this business should be given to the that this business should be given to the Elkhorn. He has used our mileage books, given in payment for advertising in his paper, to drum up this excursion. He even went so far as to say that he would pay \$1.25 more to go over our road because, he recognized the good it had done him. But when buccaneers get abroad honest men have little show. It is all utter to the suppose that on \$8.70 a recognized. rot to suppose that on \$6.70 a person can go to the World's fair for nine days, his admissions to the fair and lodging being paid our of that amount, as agreed upon, the only stipulation being that every person must take their sandwiches with them. Mr. Clemmons went to Chicago to look over the situation and told me in the presence of two witnesses that 65 cents was the best lodging rate he could make with two in a room. But I understand the Milwaukee a room. But I understand the Milwaukee people agree to lodge them for 25 cents. Anything given in conjunction with a rate is clearly a violation of the intent and purpose of the agreement. If this flagrant violation of the agreement cannot be punished, then I cannot promise how long the Elkhorn will be a party to that agreement. I can promise one thing if we agreement. I can promise one thing: if we get out of the association it will be a long time before we get back."

Although the deceased had not a large acquaintance in this city the services were largely at-tended, nearly 100 of the prominent citizens of West Point coming in special cars on the 10:25 train over the Elkhorn accompanying the remains. The services were conducted by Rev. Dr. Franklin of the Congregation of Israel, and the funeral address was an eloquent tribute to the worthy life of the deceased. Thursday, about 5 o'clock, a chattel mort-

gage on stock and fixtures for \$14,000, in favor of George G. Ackerman and Chara John, to secure two demand notes, one for \$12,000 given to George G. Ackerman, and the other for \$2,000 given to Clara John, was filed, and yesterday morning a second moragage on the plant, for \$10,258, in favor of George R. Dickinson of Boston, went on record. Besides these, G. A. Ackerman has given Emil C. Ackerman a chattel mortgage for \$500 on his household goods, in security of a note for that amount, and Emil C. Ackermann has deeded to Emily C. Ackermann the east 28 feet of lot 2, block 198, Omaha, for \$1,800. The Carpenter Paper company, the firm's principal local creditor, this morning filed its claim for the amount due it, asking judgment in the sum of \$3,421.83, on notes and merchandist account. In their petition asking for a receiver, E. C. Ackerman and A. H. Heintze set forth that the firm was organized October 1, 1887, that the firm was organized October 1, 1887, and that nearly all the time since that date the business of the concern has been conducted at a good profit, but that during the past few months, owing, they claim, to the mismanagement of G. A. Ackerman, who conducted the firm's business affairs, they have been losing money at the rate of \$1,000 a month. They also ciaim the junior partner had appropriated to his own personal uses, up to January 1 of this year, the sum of \$6,000, and that since that date, notwithstanding an express agreement on the part of the members of the firm to thereafter of the members of the firm to thereafter of the members of the firm to thereafter draw out for private use only a limited amount each, per month, he has taken another \$5,000, and refuses to give an accounting. The petitioners state that they believe their liabuilties will foot up at least \$45,000, and that their plant, while they consider it worth as much as \$55,000, could not at the present time be disposed of for a sufficient amount to

The insolvent firm and its individual members have always been considered fair and reliable, but somewhat too progressive for their resources, and the failure is not a great surprise to have surprise to business men, although on January 1 a detailed statement was made by the firm which stated its assets to be \$103,493.10
