Morse wants a judgment for \$500 against J. C. Cole, claiming that it is the amount of the loss he has suffered on account of the injury to the horse.

NEWS FROM COUNCIL BLUFFS

Litigation Started Involving the Title to Much Valuable Property.

MRS. CATHERINE HERBERT'S FORTUNE

After a Separation of Many Years from Her Husband, she Comes Forward and Claims a Share of It—An Interesting Case.

A suit was commenced in the district court yesterday in which the ownership of about \$20,000 worth of property is involved, and the circumstances which gave rise to the litigation present a good many facts of interest. George Herbert, a resident of Montana, is the plaintiff, and also a trouble between himself and wife, who some time ago left him, and she is the defendant. Mrs. Catherine Herbert lived in Council Bluffs for a great many years and was proprietress of the St. Louis hotel, located at the corner of Main street and Ninth avenue. She made considerable money out of her hotel business and invested it as fast as she made it in city property, which she steadily rose in value.

In 1888 she died and the property all went to her children. She had not lived with her husband for more than twenty years before her death, and many of her most intimate friends did not even know that she had such a commodity in her possession. After her death the children disposed of almost all of the property to John Lindt, who in turn disposed of a part of it to his wife and the rest to other parties. It was supposed that she was divorced from her husband, and right here is one of the peculiarities of the case.

Peculiar Features of the Case.

Early in the 80's she filed a petition in the district court asking for a divorce. It ran along for about a year, and finally the court record has an account of its dismissal. There is nothing further on the records in the matter until in March, 1884, when suddenly there is a record of a decision of the court in the case of Catherine Herbert against George Herbert, which had been dismissed more than a year before. The decree is written on about a quarter of a page, which had apparently been left between two other decrees, and the difference in handwriting and the color of the ink between it and the two on either side of it seem to throw some doubt on its authenticity.

Herbert is now making an effort to recover his divorce interest of one-third of the property, and filed several petitions in court in which he makes S. J. Lindt, J. W. Squire, Henry Coffey, Clay & Forrest, Slack Peterson and Johannette and John Lindt defendants. He claims that he was never served with any notice of the pendency of the divorce suit, that there was never any petition filed, and that the decree of the court, upon which the defendants base their claim to the property, was void, the court not having any jurisdiction in the matter until the suit had been properly instituted.

Claim of the Children.

The children who deeded the property to Lindt also claim that they were induced in one way or another to part with their inheritance in the manner in which they did, and below its actual value. Their portion, however, is gone beyond recall, for they deeded it away of their own accord.

The property involved in the suits is scattered all in all parts of the city and some of it has become quite valuable during the years that have intervened since it went into the hands of its present owners.

DID HE KILL HIS MISTRESS?

Charles Jones, a Saloon Keeper, Charged with the Murder of Belle McMillan.

Belle McMillan, who commonly goes by the name of Belle Cross, was shot at 10 o'clock this morning in the Phoenix saloon, 803 South Main street, Council Bluffs. She has been one of the inmates of the "Ark" on Pierce street for the past six months, and for several years has been the mistress of Charles Jones, proprietor of the Phoenix.

The woman and Jones were alone in the saloon after midnight. Suddenly there was a yell from Jones and the boys in the engine house next door heard pounding on the door.

On going down Jones told them the woman had shot herself. She was found lying in the saloon dead with a bullet hole in the right breast. It was supposed at first to be a case of suicide, but several suspicious circumstances led the police to make an investigation, which resulted in the arrest of Jones on the charge of murder.

A postmortem, held this morning, showed that the bullet had passed through the heart in a downward direction, lodging near the base of the lungs, and for several blades. Medical authorities claim the woman would not naturally have held the gun in a position it must have been held in order for the bullet to take that course.

Powder marks on the woman's right hand led to the belief that Jones held the revolver and that she tried to seize it just as he fired at her.

Boston Store Receives the Biggest Consignment of Dry Goods Ever Seen in Council Bluffs.

"What do you think of this for a shipment of dry goods?" was the question that greeted the ears of a Bee man as he passed the front doors of the Boston store, on the corner of Broadway and Main streets, yesterday afternoon. Messrs. Fotheringham and Whitlaw, the proprietors of the store, were both hard at work superintending the opening of dry goods boxes that were piled up in the street, and were ready to lead the walking man anywhere in front of the establishment. Early in the morning they received a consignment of three carloads of dry goods and notions that were just purchased from W. D. Richards & Co. of Rockford, Ill., and from 8 o'clock in the morning until 10 at night every clerk that could be spared from waiting on the customers inside was hard at work transferring the contents of the boxes to the interior. It was the largest lot of dry goods ever brought to Council Bluffs at one time, and represented a cash value of \$39,000. It includes every conceivable kind of dry goods that the ladies of Council Bluffs and vicinity will cause a sensation when it is laid open to the inspection and the pocket-books of the public. Messrs. Fotheringham, Whitlaw & Co. are making arrangements for a grand special sale commencing next Saturday, and this fine stock will be offered at that time. In the mean time special bargains are offered in all departments.

COMPARISONS THAT WILL INTEREST ALL

Billions of Dollars Given for Nothing to a Few Eastern Life Companies.

From the earliest dawn of civilization until the present time, the human race has been engaged in a struggle for existence, and every new thing has had to run the gauntlet, surrounded by multitudes that envy or self-interest has turned into pitiless enemies. In the case of the Council Bluffs Bond Co., the struggle has been a struggle for individuality, life insurance had to withstand the tireless and vindictive assaults of envy and self-interest, and the Council Bluffs Bond Co. has been the target of the envenomed arrows of the press, the pulpit, and the public. But life insurance has been engaged for the better part of a century, and an established fact and principle, improvements followed, cheapening the cost of its benefits, and the shape of mutual and assessment companies and the same old life of enemies were arrayed against them, but this time by the Council Bluffs Bond Co. and its associates, and the Council Bluffs Bond Co. has been the target of the envenomed arrows of the press, the pulpit, and the public. PENSION FIGHT PENDING.

Will Be Made on the Commissioner's Right to Drop Pensioners from the Rolls.

WASHINGTON, Aug. 19.—A dozen or more partisans on either side of the pension question are preparing for a red hot scrimmage at an early day over the pension question. The fight will be precipitated upon Senator Gallinger's resolution inquiring of the commissioner of pensions whether he has conformed to the law in dropping a large number of pensioners from the rolls without a hearing. There are a great many men in the senate, possibly two-thirds of that body, who believe that there is no warrant in law or practice which will justify the commissioner of pensions or the secretary of the interior in dropping pensioners from the roll upon suspicion that the soldiers are not entitled to the pensions they were receiving.

The extraordinary number of pensioners who have been dropped from the rolls recently has attracted the attention of friends of pensioners in congress, and it is expected that the question will come before the house as soon as that body disposes of the silver problem. There will be a hearing on the matter, and it is expected that the question will come before the house as soon as that body disposes of the silver problem.

Senator Palmer, as chairman of the committee on pensions, has introduced a bill which would give the secretary of the interior the right to drop pensioners from the roll upon suspicion that the soldiers are not entitled to the pensions they were receiving.
