WEATHER AND THE HARVEST

Improvement General All Over Nebraska for the Past Week.

TIMELY AND WARM RAINS DO MUCH GOOD

Fail Plowing Now in Progress-Threshing Returns Indicate a Good Crop-Weekly Bulletin of the Weather Bureau.

The weekly crop bulletin of the Nebraska weather service co-operating with the United States weather bureau for the week ending August 22 has just been issued by Captain Hunt, director of the United States weather bureau in this city. It follows: Seasonable showers have fallen in all portions of the state during the past seven days, and except in some localities, where the drouth had irreparably injured it, corn shows marked improvement. After the corn crop, perhaps the greatest benefit has resulted to pastures and meadows. The po-tate crop also shows improvement, and it is probable that the yield will be much larger

than was recently expected.

Wheat threshing is nearing completion with but slight change from former esti-mates as to yield. The crop will undoubt-edly be considerably under the average. Fall plowing is well under way, the ground being in excellent condition for such work in nearly all sections of the state. In some localities crops were slightly dam-aged by high winds and hall during the laster part of the week.

Rains, in some instances heavy, fell in the western and central portions of the state last night and it is more than probable that good showers will be experienced in the eastern portion today. Reports by Otoe-Very heavy rains at beginning of week gave all veretation a good outlook, and put ground in fine condition preparatory for winter wheat, of which there promises an exceptionally large acreage in this county. Potatoes and hay greatly improved.

Saunders-The past week has been very festo in which he exhorts the people to be calm and trust the government, and favorable to corn. Butler—The frequent showers of the week have put the ground in good condition for plowing. Corn is maturing rapidly and will make a two-thirds crop throughout the to preserve order.
Disorderly crowds shouted in the

county.

Cass—The heavy rains on the 14th and 15th greatly benefited corn and pastures and put ground in fine condition for plowing.

Weather favorable for all farm work. Clay—Splendid rains. More than one-half crop of corn will be harvested. Farmers are busy plowing. Pastures and grass looking better. Some are seeding fall wheat.

Lancaster—We are all O. K. here with the late corn. The grass is proposed and

late corn. The grass is improving and everything is doing well. Jefferson—Corn is coming out better than ooked for. Thayer—Average yield of wheat, 8 to 10 bushels per acre; corn, about half a crop. Another correspondent says: "This has been by far the best week for corn we have had this season."

had this season."

Polk—The week has been hot and dry; some rain, but not enough to do any good; corn will not make over hill a crop.

Nemaha—Prospects for corn continue good and heavy rains of the past week have good and neavy rains of the past week have put ground in fine order for plowing. York—Plenty of rain has fallen this week, but too late to be of any benefit to corn; it has helped pastures and may help late potatoes.

Cherry—Frequent showers during the week were benefici. but more is needed to make the average crop of corn and potatoes.

Dodge—Corn in some ignalities has been injured by the wind and hall, but as a whole injured by the wind and had, but as a whole
the crop promises to be good. A worm at
the roots of some of the corn is injuring it.
Another correspondent says: "During the
past week we have had frequent and abundant rains. This puts the corn crop out of
danger of drouth and the ground in splendid
shape for plowing and seeding. Pastures
are in good condition."

Dakota—Wheat and oats are all harvested
and nearly all in stack or threshed. Show-

Dakota—Wheat and onts are all harvested and nearly all in stack or threshed. Showers during past week have been of great benefit to corn, which now promises well.

Thomas—This section has had some good rains, but too late for the early corn. Threshing is being done, the grain yielding from a half to a three-fourths crop. Hay in some localities is good. calities is good. Buffalo—Rain is needed in northern por-tion of county. Corn is doing well in south-

ern and eastern portions.

Dawson—Corn has made some headway where it was not fired too badly. Potato crop is poor. Light crop of hay. Threshing in progress, but all small grain a short crop. Harlan-Good growing weather; corn do

Franklin-Corn and all late crops in excellent condition.

Gage—Ground in some places too wet to plow. Corn in parts of the county will be

Hitchcock—Corn is doing well in places where local rains have fallen. Hail on Thursday did little damage to corn. Pas-tures are improving. Late rains will make

plenty of good hay.

Kearney—Cool, heavy dews during the week were favorable for corn.

Furnas—Corn doing well. Gardens fine but late. Wild grass growing well and hay will be plenty. Plowing for fall wheat progressing and ground in fine condition.

Holt—Early corn is greatly improved.

Late planting may come out all right if we get a little more rain.
Cuming—Threshing fairly commenced Oats rather light. Some very good crops of

Bicketts, afternoon and eve. Courtland

Starving in Chicago. CHICAGO, Aug. 22.—"I'm hungry. I hove not eaten a bite for two days and my wife lies at home sick and starving.

I've looked for work until I'm worn out

and where is it to end?"

These words were spoken in tones of sheer despair at yesterday's meeting of the Citizens club at 199 Randolph street. The speaker was a strong, healthy appearing man, and as he stood facing Chairman John H. McCune tears ran down his cheeks and his words were frequently checked by the sobs which he strove in vain to control. Most of the men in the room were members of the army of unemployed, but they were not yet staring hunger in the face, and be-fore the stranger had finished nearly every right hand in the room was thrust deep into trouser pockets. A moment later there was a jingle of silver, quite a few dollars mingling with the more modest quarters, dimes and nickels, while every man who had a penny gladly contributed it to relieve the urgent necessities of the speaker. He gave his name as C. N. Reed, and said he was a PARIS, Aug. 22.—Troops are held ready at Aigues-Mortes to protect the piano finisher, but had not had employ

ment for three months. Others present at the meeting were in as bad a condition. A collection was taken up and divided up among them.

Bicketts, afternoon and eve. Courtland

Chief Ramsny and the Charges Against Him TERRE HAUTE, Ind., Aug. 22.—The ensational charges against Grand Chief D. G. Ramsay of the Brotherhood of Railway Telegraphers, which were pre-ferred by the lodge at Omaha, have been given a black eye by the directors of the brotherhood. M. T. Pierson of this city, director and one of the grand officers of the organization, said last night that no action had been taken or would be taken on the reason charges, for that the same allegations against Grand Chief Ramsay were thoroughly investigated by a special committee of seven at the recent convention at Torente and found without foundation, consequently the charges will be dropped. Mr. Pierson says it was discovered that the charges eminated from Carl Smith, the defeated candidate for the editor-ship of the official organ of the telegraphers, and also from S. O. Fox, exgrand secretary, who was knocked out at Toronto. The charges embraced malfeasance in office and the seduction of a young woman living in Iowa.

Busy people have no time, and sensible people have no inclination to use pills that make them sick a day for every dose they take. They have learned that the use of De Witt's Little Early Risers does not interfere with their nealth by causing nausea pain or griping. These little pills are per-fect in action and result, regulating the stomach and bowels so that headaches, dizziness and lassitude are prevented. They cleanse the blood, clear the complexion and one up the system. Lots of health in these little fellows.

After Banker Beach.

TERRE HAUTE, Ind., Aug. 22.-It is now probable that criminal proceedings will be instituted against John S. Beach, owner of the Prairie City bank, which made an assignment ten days ago. The assignee has not yet made his report, out enough facts have be the creditors to make them believe there will not be enough realized to pay 10 cents on the dollar of the \$125,000 or \$150,000 deposits. Beach has employed three of the leading lawyers. It has also been considered prudent for him

not to be seen by some of his creditors, who are of a violent temper. Under the recent law he can be prose-cuted for embezzlement for receiving deposits within thirty days of the failure, the second section of the law providing that a failure is to be considered prima facie evidence that the bank was nsolvent for thirty days previous. The took a string, made a noose of it, put it depositors will hold a final meeting around her neck and hanged her to a today to decide upon what course shall be pursued either in an attempt to re own wife a beating, also one of his own little girls, and fled to the woods, after cover their money or wreak vengeance on the banker.

Neuralgic headaches promptly cured by Bromo-Seltzer—trial bottle 10 cts.

MILWAUKEE, Aug. 22. - John B. Koetting, the defaulting cashier of the South Side Savings bank, was not alone in the grain speculations that led to the loss of \$150,000 of the bank's money. Several prominent residents of the South side are said to have been assessed in the wheat deals, among them Peter Barth and Charles and Fred Esau. These three men are said to have given the bank their notes for \$60,000 to cover their share in the deals. It now develops that Koetting had been speculating for at least five years. There promises to be some startling developments if Koet-ting is brought back from Denver, as it is expected he will make a full statement of the bank's affairs, in order to show that much of the blame now at-

tached to him belongs to others. There are three things worth saving— time, trouble and money—and De Witt's Little Early Risers will save them for you. These little pills will save you time, as they act promptly. They will save you trouble, as they cause no palu. They will save you money, as they economize doctor's

Fifty Negro Democrats.

WASHINGTON, Aug 22.—The first general conference of negro democrats held in this city yesterday was very harmonious. About fifty prominent negroes attended. The object was to take steps toward extending the party by organizing state leagues subordinate to the central body. C. H. J. Taylor of Kansas, who is president of the league,

presided. A series of resolutions was adopted expressive of confidence that President Cleveland will properly treat the claims of colored citizens, calling upon congress to pass no legislation discriminat-ing against American citizens and urging their people to refrain from being led off by wild populist vagaries.

CHICAGO, Aug. 22.—A large gather-ing of rabbis belonging to the Reformed Jewish church will convene here this Not only all the larger cities of the United States will be represented, but some prominent divines from Europe are also expected to be present. They are here to attend three important meetings—the central conference of American rabbis, the World's fair Jew'sh denominational congress and one of the religious auxiliary congresses.

Paris, Aug. 21.—Signor Ressmann, Italian minister to France, called upon Premier Dupuy today and informed him of the feeling aroused in Italy by the Aigues-Mortes affair. At the same time, however, he expressed regret that such bitter anti-French manifestos had been issued in Italy and that the French

BEAR CHIEF GOT HIS SCALP

Big Injun Pettibone Loses His Hair at Jackson Park.

MURDEROUS DUEL ON THE MIDWAY

Two Indian Chlets Fighting Drunk Belabor Themselves Heartily and Finally One

Scalps the Other - Both Fought

at Wounded Knee.

CHICAGO, Aug. 22.-Following close upon the tribal war and attempt at de-capitation in the Bedouin encampment came a bloody fight in the Midway just in front of the American Indian village between Bear Chief and Chief Pettibone yesterday. Bear Chief did no less than club his opponent to the ground

and then scalp him.

The occasion of the fight was not a woman, as has so often been the cause of disturbances in Midway, but a plain case of "jag" of just sufficient proportions to excite them to strife.

Sunday night, business being dull on the Midway, many of the Indian chiefs, including the two just mentioned, went into the city to see the sights. They drank firewater all night, but had no quarrels until they again reached Midway. The altercation came up as quickly as a squall at sea and soon they were belaboring each other very artisti-cally with their sticks. The few who gathered around, not dreaming of a bloody end, let the battle proceed without interference, but before Buckskin Joe and the others in energe of the Indian encampment could get out of bed and reach the scene of the conflict the other Indians had formed a cordon around the combatants and were dancing about them, save when they paused at some unusually exciting exchange of

blows. Chief Pettibone is the larger of the two, but he did not seem to be a worthy foe for the steet, or rather the stick, of the more agile and dexterous Bear Chief. Again and again the big fellow was beaten back against the circle, his face bleeding and his mouth cut terribly. Only once did he get in a good square lick at Bear Chief, and then he knocked Bear Chief back, almost stunned, but he was too fagged out, or too merciful, to follow up the advantage.

But this blow, severe as it was, seemed to have the effect of nerving Bear Chief to superhuman effort and diabolical bloodthirstiness. He rallied and for a time parried carefully. Then he began over again his rushing tactics and was so successful in getting in blows that he beat the other's head almost to a pulp.
At last the big fellow fell, not un-

conscious, but exhausted and almost blinded by the flowing blood. He had no sooner fallen and dropped his stick than Bear Chief, drawing a knife from his belt, sprang at him. With a dexter-ous move of the hand he drew the sharp blade around the crown, gave a pull, and the bloody trophy of victory was soon dangling at his waist.
If Buckskin Joe, whom they all fear,

and the other white men had not come when they did it is highly probable that a scalp dance would have been performed around the prostrate body of the defeated chieftain. Bear Chief, thoroughly wrought up, showed a disposition to resist giving up the scalp, but the muzzle of a revolver taught him discretion. He was finally locked up, and Pettibone was removed to his tent and a physician

called. The physician will not be allowed to report for some days yet whether his patient can recover, but at any rate he will not be allowed to take part in any more of the Indian exhibitions

Both of these chiefs were in the battle of Wounded Knee.

NEW YORK SILVER MEN.

Thursday Evening.

NEW YORK, Aug. 22.—A meeting of
the New York delegates to the Chicago bimetallic convention was held yesterday and brought together several sup-porters of bimetalism. The object of the meeting was simply to complete arrangements for a general mass meeting

to be held at Cooper Union next Thursday evening. Ex-Senator Boyd, chairman of the executive committee, said the object of calling a mass meeting is to demand a continuance of the money of the constitution and protest against the uncondi-tional repeal of the purchase clause of

the Sherman law. "A ratio of 16 to 1 suits us," said Mr. Boyd, "but let us stick to the money un-der which the nation has prospered for ninety years. Let us follow on with the policy of Washington and Jeffer son.

G. V. Bryan, a member of the committee appointed to go to Washington to make plans to aid in the cause, said that he was heartily in sympathy with the silver people and did not know why gold men should be classed as gentlemen while silver men were called lunatics Idaho, he said, would soon be one of the largest gold producing states, and while he was a gold man at the same time he was a better silver man. Many learned and skilled writers, he said, professed to know the cost of producing one cunce of silver, but, as a matter of fact, Mr. L. D. Leach, late director of the mint at Philadelphia, declared there were no statistics showing the cost of producing either an ounce of gold or silver. Resolutions on lines of the meeting's

purpose were adopted. The speakers announced for Thursday are Hon. W. J. Bryan of Nebraska, Hon. Joseph W. Bailey of Texas, Hon. R. P. Bland of Missouri, John Davis of Kansas, J. C. Sibley of Pennsylvania, General J. A. Warner of Obio, J. W. David of Virginia and Hon. Joseph Sheldon of

Connecticut.

Thomas.

Conductor Thomas Asked to Return CHICAGO, Aug. 22.-Theodore Thomas been requested to come back, according to a statement made last night by Secretary Wilson of the executive committee of the board of directors of the exposition. A telegram was sent to Mr. Thomas, who is now at his summer home in Fairhaven, requesting him to assume his old position as musical director at his old salary. This is an entire change of front on the part of the fair officials, but the wonderful increase in fair attendance is said to have put a brighter complexion on future As the message was sent so late no answer was received last night from Mr.

Will Found a Faith of His Own.

FINDLAY, O., Aug. 22.—Dr. Latshaw, late president of Findlay college, has renounced the authority of eldership of the Church of God and left the church. He was the head of the denomination and his action has created a profound sensation, especially as it is known that he will found another church and another educational institution to rival Findiay college. He has a large follow-
