

NO SHAVING ON THE SABBATH

Councilmen Decide that Saturday Night is the Time to Get Scraped.

ORDINANCE TO THAT EFFECT IS PASSED

Judge Haswell Aids His Views on Sunday Closing and Major Wheeler Gets Away with a Handsome Bluff

When the council convened last night, the "barbers' Sunday closing ordinance" was made the special order and at once called up on its third reading.

Adam Morrell handed in a letter denying the statement that all of the boss barbers, with four exceptions, were in favor of closing. He said that nearly all of the bosses and many of the journeymen were disposed to Sunday closing.

Mr. Bruner contended that the passage of such an ordinance was legal, and cited places where such ordinances were in force and were giving entire satisfaction.

Mr. Saunders thought that the ordinance was not justified by class legislation and that its passage would be legal.

Mr. Edwards said that the subject had been thoroughly discussed and hours of talk would not change any votes.

Mr. Wheeler was wroth and denied the right of any member to cut off the debate. If the previous question was demanded, he would talk two hours with his name called on the passage of the ordinance.

When the roll was called Messrs. Back, Bruner, Edwards, Eisasser, Howell, Jacobson, McLeary, Munroe, Saunders and Thomas voted "yea," with Messrs. Haswell, McAndrews, Parker, Prince, Specht, Wheeler and Mr. President voting "nay."

George Whitmore, overseer of the city prison, was granted on week's leave of absence.

A majority petition for the repaving of Eighteenth from Farnam to Harvey street was presented and referred to the city engineer.

The poor market gardeners who were located on lower Capitol avenue a few weeks ago were picked up again and transferred to Howard, between Tenth and Eleventh streets.

Hugh Murphy presented a proposition, offering to exchange \$14,000 of paving reserve, now in the hands of the city treasurer, for interlocking blocks and then go on with his paving contracts.

City Attorney Council was instructed to at once bring suit against the barbers, claiming that portion of Fifth street between Poppleton avenue and Pierce street, that the ownership of the property might be decided by the courts.

The market house proposition took a new form by the special market house committee, through its chairman, Mr. Prince, offering a report showing that the sum of \$20,000 was too small an amount of money for the erection of a public market house.

Mr. Eisasser wanted to pass on the bill at once, saying that he was ready to vote his honest convictions.

This was opposed by Mr. Howell, who said that he wanted to hear the city engineer upon the subject, but that the hour was too late.

an Endeavor convention. But what was my object in so doing? I began the question that all the boys and girls were leaving the church, and I didn't have five people to listen to that sermon on missions. If I had preached on the subject, the World's fair, courtship and marriage, the model wife or that other strange animal, the moral husband, I would have had a better crowd.

But the sermon was on missions and the boys and girls were not interested. But things are changing now, and the boys and girls are getting interested in this great question of missions.

I want to say before God tonight that churches as churches are not making the question of missions the concern they should. Nor are Christian men and women doing what they should toward the furtherance of this noble work.

In France every able-bodied man must become a conscript and enter the army. So it is that every conscript of the church must be for the Lord.
