ROLSTON WAS CALLED DOWN

Developments in the American Water Works Company Fight.

BONDHOLDERS IN SESSION AT BOSTON

Result of the Meeting-Passage of a Bristling Resolution-How it Affects the Omaha Plants-Action on the Overdue Coupons,

The fight between the bondholders and tockholders of the American Water Works ompany has taken a new form, and those arties who proposed to foreclose the morttage on the Omaha plant in order to lift the lebt on the Denver plant have been turned lown, and at the same time Roswell G. tolston, the president of the Farmers Loan and Trust company of New York, who was ingineering the foreclosure scheme and also epresenting the Venner faction of the comnittee appointed to look after the details, ias been given a severe chastisement.

A few days ago a call was issued, request-ng the bondholders to meet at Exchange Place in Boston to take some action with eference to the overdue coupons. Pursuant o this call, \$980,000 of the bonds were cepresented. Richard Stone of Boston was elected chairman, with W. W. Potter of the same city as secretary, and then the music commenced by Ernest Thalman of New York ind T. C. Woodbury of Portland, Me., the former being the chairman and the latter a number of the committee which has been naking the effort to make the foreclosure proceedings stick, taking a prominent part in an animated discussion. C. H. Venner was also on hand, but according to all reports he staid in the background, not taking iny part in the proceedings. After a lengthy argument it was decided by a unanimous vote that all matters relative to the Omaha and Denver plants be left in the hands of the receiver, under the direction of the court, without recourse to foreclosure proceedings

Ultimatum to Mr. Rolston. Then, taking up the case of Mr. Rolston the meeting resolved that some person had been sending out circulars and advertise-ments inviting the holders of the Omaha waterworks bonds to join in a scheme of reorganization, and that Roiston as president of the trust company that was holding the bonds, was acting as the prime mover and a member of the committee appointed for this purpose, notwithstanding the fact that he was the trustee for nearly all of the bond-

Having disposed of this question, the meeting at once passed a resolution, by the terms of which all of the members declared that Mr. Rolston, as president of the trust company and as a member of the committee, could not act in a fair and impartial manner toward both parties which he was trying to

Not being satisfied with what they had done, the members of the meeting went still farther and resolved that Rolston having placed himself in the dual position was a matter that was viewed with regret and disapproval. It is said that the adoption of the resolution was the cause of considerable confusion, but on account of the New Englanders being slightly "warm under their collars," they would not stop. Continuing in the same line they proceeded to rub it in on both Mr. Rolston and Mr. Venner by instructing the secretary to inform the former gentleman that he could have his choice of one of two things, and that he would have to resign the presidency of the trust company as trustee for the bondholders, or else get off the committee appointed to institute the forcelosure proceedings.

Survival of the Fittest.

The officers and stockholders of the com-pany residing in this city are highly pleased with the result of the meeting, as they claim that it is an indication pointing to the fact that ere long both the Omaha and the Den plants will be separated and that each will then have to stand upon their respective merits, which they claim would be a benefit to the former, as a great load would be removed and it could at once be put upon a paying basis.

Regarding the Denver plant, they are of the opinion that it will be many years before it is self sustaining, simply owing to the fact that it is brought into direct competition with two other systems, both of which have been established and doing business for many years. Not only this, but they claim that for several years before the consolid-ation of the two plants the Omaha end was

a money maker and a good property.

They also say that as soon as work was commenced at Denver all of the dividends of the Omaha concern went to Denver and the result was that both of the plants were wrecked financially.

DROPPED DEAD.

Anton C. Larson Found in a Vacant Lot Near Brownell Hall. Yesterday forenoon at 10:15 the body of a

well dressed man was found lying in a vacant lot directly west of Browneil hall. He had evidently started across the short cut from Tenth to Eleventh street and had been stricken with heart disease.

Coroner Maul was notified and viewed the remains. From papers found it was learned that the dean man's name was Anton C. Larsen. Receipts from a Danish ledge were also found, and a tax receipt from the city treasurer's office for taxes on a lot in

Leave Omaha at 4 p. m. via the Chi-cago, Rock Island & Pacific and be inside the World's fair grounds at 8 a. m. the following morning. You can't make this time via any other line, and the accommodations to be had on the great Rock Island are noted from Maine to California. By examining the map and time tables of this line you will find that as a World's fair line it stands without an equal, as passengers can avoid transfer and a tiresome and expensive trip through the city by getting off at Englewood and taking electric line direct to main entrance of World's fair grounds; time, ten minutes. In addition to this train we have trains leaving Omaha at 5°p. m., 7:10 p. m. and 10:30 a. m., thus giving passengers the choice of four daily trains to Chicago and, as before stated, making quicker time and landing passengers at the time and landing passengers at the World's fair in advance of all other lines and with less trouble and expense. Dining cars attached to all through trains, serving the best meals of any dining car line in the United States. SCHOOL SUPPLIES.

Board of Education Recommends the Purchase of Four Hundred New Desks. Short and sweet was the session of the Board of Education yesterday afternoon.

The report of the committee on supplies was first in order. The committee recommended the nurchase of 400 desks Grand Rapids "No. 2" pattern, at \$2.80 each, the United States School Furniture company, which offered them, to put the desks in place without extra charge. In making the report, Chairman Knedell of the committee stated that there were lower bids, but that, everything considered, the bid recommended was the best. On the recommendation of Dr. Duryea it was voted in adopting the reserved that the port that the committee be authorized to purchase 100 additional seats for use in the Central school, and a dozen teachers' desits, also. The contract for furnishing window shades was awarded to the Morse Dry Goods ompany, and that for text books to the degeath Stationery company, Mr. Knodell stated that the committee

Mr. Knodell stated that the committee had, as yet, reached no agreement with any piano dealer to furnish the pianos needed in the city schools on the plan proposed at Monday night's meeting.

The committee on buildings and property reported itself satisfied with the Windsor school building and recommended its acceptance by the board and the payment to Duncan Finjayson, the contractor of the Duncan Finlayson, the contractor, of the final estimate, with the exception of \$200, to be withheld until he shall make certain slight alterations in the work. Adopted.

Mr. Morrison moved that Mr. Finlayson's contract for the construction of the Long school building be signed and his bond approved, subject to the previous approval of the attorney of the board. Carried.

P. Soderburg, for carpenter work, and John P. Thomas, for brick work, were the successful bidders for the construction of the Hickory school building. Their bids were \$9,492 and \$7,700, respectively.

AMERICAN NATIONAL BANK.

Opens Its Doors Again This Morning After Brief Suspension.

The American National bank will open its doors for business this morning after a suspension of five days less than three months, thus maintaining the record of which Omaha has boasted for years of hav ing never had a national bank failure.

When the bank closed its doors on the morning of Monday, June 12, the president, Mr. John L. McCague, issued a card to the public stating the condition of the affairs of the concern, and promising that none of the creditors of the bank would lose by the suspension, and that all depositors would be paid in full. His promise has been made good. He at once set to work on plans for the reorganization of the bank. Owing to the depression in the money markets of the country the work was difficult, but it has been accomplished, and tomorrow the doors will open a bank which Mr. McCague says will be stronger in every way than the old

The bark will open with more than 50 per cent of its entire deposits on hand in cash. Its liabilities payable on demand will be less than one-quarter of its entire liabilities and less than one-half of its cash on hand.

Its loans have been reduced by collections and deposits over \$100,000, being 20 per cent of the whole, sixty days ago.

The permission of the comptroller of the currency for the bank to resume business in

itself testifies to the strength of the finan-The officers will remain as before the suspension: John L. McCague, president; A. R. Dufrene, vice president; W. F. Wyman, cashier; E. C. Brownlee, assistant cashier.

Three new names have been added to the directory, those of William Minot, jr., of Boston, Morris Levy of the Nebraska Clothing company and William Baird of the law firm of Wharton & Baird.

"Time is Money." If you want to save time and money you will go vis the Great Rock Island route. Why? Because it is the only line via which you can reach the fair without a transfer through the city of Chicago. If you will stop and think this over, get one of our maps showing location of the grounds in connection with our line at Englewood, you will see that as a World's fair line we lead all others. If you go via any other line you will have a tiresome, tedious trip across the city to reach the fair grounds, and on arrival there will find friends who left Omaha same day as yourself who have been on the grounds an hour or more. Call at Rock Island ticket office for rates, maps. sleeping car reservations, and any information you may want in regard to routes, rates, etc. CHAS. KENNEDY,

Whereas, the officers of the Douglas County Fair association having made a request upon the merchants and business men of Omaha to close their respective places of business on Friday afternoon, the 8th inst., the Commercial club, Board of Trade and other bodies do hereby join in such recommendation, and would urge that a half holiday be given on that day, so that the business men and their employes may be given an opportunity to visit the fair.

The premium list is unusually large this year (over \$20,000), and every citizen in Omaha should lend their assistance and presence to make the fair a grand success. Respectfully, COMMERCIAL CLUB OF OMAHA.

SCHEMING FOR A STREET. Effort to Open Twenty-Fourth Street to the

Southern Limits. The south Twenty-fourth street opening muddle is again before the scouncil. The supposition has all along been that Twenty-fourth street was a thoroughfare to the south city limits, and it has been open the entire distance for travel until within a

entire distance for travel until within a short time ago.

At that time some property owners down there made the discovery of alleged irregularities in the proceedings on the occasion when the street was declared opened by ordinance. Immediately a portion of the street was fenced up and the property owners, or some of them at least, contend that the street is private property and that it is not a thoroughfare.

it is not a thoroughfare.

This view of the case is not shared by City Attorney Connell, who owns a strip of ground on the west side of the street. He says that the land for the street was legally acquired and appropriated and that the claim of some of the property owners is erroneous.

In order to straighten out the entanglement the council has caused the present ordinance to be introduced, which provides for the opening of the street from Pacific to lot 59 in Redick's second addition and for the approximation. pointment of appraisers and the appropriation of the necessary property.

OUR BELOVED LITTLE ONES

BLESS 'EM.

The average American youngster acquires more practical knowledge in one year than his foreign cousin does in three thanks to our most perfect and world-renowned school system, and more so to our encouraging American mothers. At every beginning of the school season you will find these sensible and proud mothers squirm in order to dress their beloved boys becoming, neat and holiday like. The boy becomes proud and finds going to school a source of pleasure, equally as well as his father, who is the school director.

Of course, to please a boy in his apparel is no easy task, we admit. The best you can do in order to avoid a good deal of inconvenience, bring him to us, introduce him to one of our polite salesmen, who will show you a tew hundred different shades and fabrics. When you see 'em all, you can depend on seeing everything under the sun. After selecting your choice you needn't look elsewhere for his hat, shoes, waists, underwear and all else. We have 'em in abundance, of every description and every price.

We still charge for a good knock-about suit, \$1. Our \$1.60 and \$2 suits are finer than last year-make splendid school suits. But the suit that makes all the clothiers grumble, is our leader, that famous \$2.50 one. Got 'em made up better and cheaper this year, because of so many unemployed tailors in New York. Beautiful patterns and firm, solid colors, cheviot and cassimere materials. \$3, \$3.50 and \$4 suits are made of genuine Scotch and Irish homespuns, that'll wear like cast iron. Our finer grades range up to ,7.25; that's the best the world

In fancy apparel we show the newest of reefers; according to the "Juniors' Monthly" fashion plate.

Next, of course, you want a hat to match. Show you a few hundred dozen of beauties. A good cloth hat for 25c, and a fine one for 35c; then as fine as you like to have.

Next "Shoes." We carry the kind that are rough on the boys and you don't pay shoe store prices either -- goc for a splendid school shoe, finer in proportion 'till you reach \$2.00. Our latest catalogue contains samples of boys' wear; it will pay you to go through it. If you have not one send your
