"Time is Money."

If you want to save time and money when you go to the fair you will go via the Great Reek Island route. Why Because it is the only line via which you can reach the fair without a transfer through the city of Chicago. If you will stop and think this over, get one of our maps showing location of the grounds in connection with our line at Englewood, you will see that as a World's fair line we lead all others. If you go via any other line you will have a tiresome, tedious trip across the city to reach the fair grounds, and on arrival there will find friends who left Omaha same day as yourself who have been on the grounds an hour or more. In Maine the wit of the liquor dealers is matched against that of the officers of that prohibition state, and as a consequence there are many singular developments.
