

IVES WON THE FIRST GAME

Great International Billiard Match Opened Last Night in Chicago.

ROBERTS' PLAY WAS VERY STRONG

Steady Work of the English Champion Offset by the Daring Skill of the Young Napoleon—How They Played.

Chicago, Sept. 18.—John Roberts of England and Frank C. Ives of Chicago, each champion of his respective country, met tonight in Central Music hall to begin the series of six nights play for \$2,000, the match to consist of 1,000 points each night, or a total of 6,000 points.

The game is English billiards, spot stroke and ball barred, with two and one-quarter inch balls, and played upon a six-pocket table, 6x12 feet, and brought from London for the occasion. It is the second encounter of these players. The first match was played in London last May, having been won by Ives by a score of 6,000 to 3,381.

The attendance was quite large and included many Englishmen and a liberal number of billiard celebrities. Prior to opening play it was announced that Roberts would play a man in the world's 3,000 points, regular English game, for £1,000 a side, Roberts to give odds of 8,000 points.

Opened with a Miss. In stringing for lead Ives won, but missed clean. Roberts seemed not to get on good terms with the balls for the first few openings, while Ives was rough and uncertain in his strokes.

The Chicago men's turn came in the seventh inning, where he found the balls badly racked, and he was obliged to play about midway. By the time he had reached the corner he had elicited 100. Now came the long run, which he made in consequence of his big jaw run in the London match. This time the jaw was barred, but it made no difference. He was not afraid to take cushions freely for his caroms, and did all his work like a thorough billiard player.

CHURCHMEN ARE AGITATING THE SUBJECT

Proposed Plan to Entertain Young People During the Winter Evenings. Rev. Frank Crane Will Be in Charge of a Chautauque Course of Lectures on the Scheme—Fighting the Satons.

Washington, Sept. 18.—[Special Telegram to The News.]—Representative Bryan prepared two bills for introduction in the house tomorrow. The first is a bill to amend the national banks. One increases and graduates the punishment of bank officers and employees for dishonesty. It proposes a maximum punishment of five years in the penitentiary for any officer or employee who embezzles any sum between \$5,000 and \$10,000, more than \$10,000 and under \$30,000 ten years, and more than \$30,000 twenty years. It provides also that those who are held under this law either before or after conviction shall be treated the same as other criminals.

The second bill proposes to tax the deposits in national banks one fourth of 1 per cent when the sum is \$10,000 or more, with which to pay depositors in failed national banks.

John H. King of Chamberlain, S. D., has written a card to the Washington news, proposing that congress should the silver question to a vote of the people. The proposition is to have a referendum on the silver question. Senator Pettigrew introduced a bill appropriating \$2,400 with which to pay the charges of a tour of the states by the pupils at the Hope Indian boarding school at Springfield, that state, from December 30, 1892, to March 1, 1893.

A. G. Brown of Edgar, S. D., is among the recent arrivals at the Howard house. Dr. Roger Luce of the Rapid City, S. D., land office has resigned and is to be relieved of his office the first of next month. Senator Pettigrew is using his influence to have Luce removed from his office. He desires to enter into business at an early date. Of course the senator does not assume to be a candidate for the place. He only wants early action on whoever is named.

Continued by the Senate. Washington, Sept. 18.—The senate today made public the communications of Theodore Tilton to the ambassador at Germany, and also the confirmation of numerous postmasters among whom were the following: Nobraskas—M. W. Chappel, Minden; Jere Deane, 224, 2nd St., Lincoln; Brocken Bow, C. W. Hoffman, Geneva; A. W. Loomis, Fairmont; Charles Nichols, Alliance; Pierre Sanders, Sidney; J. J. Campbell, Chadwell; W. W. Vogel, Creighton; James Garrahan, Apen, Colo.

The Care of Shoes. Few people give proper care to their shoes. They come in damp, tired, cold, and possibly in the best of their condition, but they are not properly cared for. They are not properly cared for. They are not properly cared for.

When the corner stone was laid, France, in the treaty of commerce, had declared war with Great Britain—a war in which all Europe eventually became involved. The treaty of commerce, which was the result of the peaceable adjustment of controversies between Great Britain and the United States, is a monument to the wisdom of our fathers more strikingly displayed than in the division of power into three great departments—legislative, executive and judicial. In an equal degree that wisdom manifested itself in the division of power into a senate and a house of representatives.

Yet, may we not confidently abide in the faith that in the hands of those who succeed to the duties of the highest offices of our country will be faithfully conserved, and in the words of an eminent statesman, "through the ages will mold in ruin, the senate, in another age, may bear into a new and larger chamber the constitution of our fathers, and in the hands of the future generation of posterity shall witness the deliberations of the representatives of American states, still united, prosperous and free."

And may our fathers' God, "from out whose hand the centuries fall like grains of sand," preserve the constitution of our fathers throughout all the ages the prosperity and blessings which He has given to us in the past.

Speaker Crisp followed on behalf of the house. He spoke briefly on the same general theme—the nation's greatness and her promise of greatness to the future.

A chorus sang "The Heavens Are Telling," and then Justice Henry Billings Brown of the supreme court spoke on behalf of the judiciary. He spoke of the independence, court and touched on some of the famous names connected with the bar of the nation.

The concluding prayer was read by the pastor of the Methodist church of the city. The assembly was dismissed with the benediction by Cardinal Gibbons.

Thousands of people thronged to the capitol grounds tonight to hear the ringing of the chimes of freedom. The chimes were rung by the Marine band and the grand chorus of 1,500 voices.

The program was a lengthy one, and concluded with the singing of "Star Spangled Banner" by the grand chorus, the audience joining in the singing.

IN THE SENATE. Mr. Stewart Introduces an Amendment to the Heppest Bill.

Washington, Sept. 18.—Senator Stewart introduced an amendment to the Heppest bill authorizing the president to invite the governments of Mexico, Central and South America, Hayti and San Domingo to join the United States in a conference in Washington four months after the passage of the act, to secure the adoption of a common silver dollar of not less than 250 grains, and not more than 285.13 grains of pure silver, to be issued by each government and to be a legal tender in all commercial transactions between all the citizens of all the American states; that the finding of the delegates shall be binding on the governments which sent them, and on an agreement being reached the governments represented shall open their mints to the unlimited coinage of silver for the benefit of posterity.

Peffer's Resolution Taken Up. After a brief executive session the senate took up the resolution offered by Mr. Peffer on Saturday, instructing the committee on interstate commerce to report on any legislation necessary to prevent the interruption of interstate traffic by lawless persons and to punish robbery, if any be committed on interstate railway trains. Mr. Peffer spoke in favor of its adoption. He said he was not a member of the committee, but he believed that the committee would report in favor of the resolution.
