

INFANTRY AT THE ARMOY

Members of the "Home Guard" Now on Dress Parade.

OMAHA BABY SHOW FORMALLY OPENED

Many Cherubs of the Cradle Pose for Public Admiration—Proud Mothers in Profession—Great Display of Dimpled Darlings—A Howling Success.

There's a baby show on the boards down the Omaha Guards' armory on Capitol avenue. Everything points to the fact that it is bound to be a "howling success."

Several hundred men, women and children dropped into the hall last night, and it was apparent that but few of them had ever attended a well regulated baby show, for they exposed their ignorance by suggesting that they supposed that in a show "babies were 'benched' like entries at a prize canine show. This, however, is not the case, nor was it the case last night, for instead of the future voters and mothers of voters, more remote in the future, being placed upon benches, they occupied positions in the arms of their mothers, or else in the arms of their nurses.

Evidence of Vocal Ability. While there have not been so many babies entered at this exhibition as anticipated, there are enough to furnish the conviction that evidence that Omaha can put up some of the finest youngsters in the land, and that they have as good lungs as can be found in any country on the face of the earth.

The young hopefuls commenced to gather with the going down of the sun and kept up the procession for fully an hour. They arrived singly, in pairs and in threes, with a promise that our pupils would be on hand in a day or two.

Some people who have looked with some degree of pride upon the babies on exhibition have remarked that the "babies" were the prettiest, but those persons have learned a lesson and will never make the remark again. It is true that some of the babies are not "perfectly" beautiful, but all such babies have mothers in the hall who are chaperoning the little fellows.

Those identical mothers think that the most comfortable trip to all those who contemplate going during the fall and winter to points on the Pacific coast. The tourist sleepers used on these excursions will be the latest designed by the Pullman Co., being supplied with the same equipment in the way of bedding, mattresses, etc., as are used on the regular Pullman standard sleeper, with a competent porter in charge.

Today several babies will be added to the list and it is expected that all of the prize winners, and the others as well, will be present. While the little fellows do not live in the armory and play with the rattling gun and the other paraphernalia of war belonging to the guards, they are there from 9 o'clock in the afternoon and from 7:30 to 9:30 o'clock in the evening, and during all these hours sweet music is discoursed by either a brass band or a pianist, which music effectively drowns the infantile cries and soothes the nerves.

Manager Fulton of the baby show received a telegram last evening from Postmaster Lucas of Paxton, Neb., stating that two sets of triplets were born to a woman in Paxton, Neb., on October 15th.

Police Court. Vagrants with Washed Faces Melt the Heart of the Judge.

In the police court yesterday morning the prisoners looked a little bit cleaner and were better dressed than the usual gang of hobos that the blue coats lock up on Saturday nights and Sunday.

Old John Glick, who is one of the dirtiest vagrants in the west and who spends most of his time stealing state beer from kegs in front of saloons, was in the congregation. He tried the clean-up racket, too, but it didn't go. He is known to everybody and the court how hard he had looked for work since he got out of jail and evidently thought he had made an impression on the judge's mind, for the latter asked:

"How would you like to work for the city?"

"All right," said the court, "four days in the street gang," and John was led below.

Then came a little, short, colored fellow with a mug which would give you a headache if you looked at it long enough. He was arrested because he had one suit of clothes too many. Jordan was asked about his position and to what court he would be used to be a snake charmer in a circus that went broke out west last summer, and he had to pawn his suit for the money enough to get to the Missouri river. The clothes which he was trying to pawn belonged to a man of gigantic build and had evidently been stolen.

James Conway, John Quigley, and Jim Collins, vagrants, drew twenty-five day tickets for the county jail for being suspicious characters.

Thomas Ryan has also been looking for work for four or five months, and the judge kindly promised to give him twenty days' employment cleaning the alleys.

For being an inmate of a house of prostitution Ed Green paid \$7.50 to the treasury.

Charles Anderson was arrested for stealing \$10 worth of carpenter tools from William Snyder. He pleaded guilty and was given a thirty day sentence in the county jail, of which he will feast on bread and water. Officer Davis testified that Anderson had been pawning a lot of tools lately, and of course he was naturally suspected of other petty robberies.

A. Bonnell, who lives at 1129 North Seventeenth street, was arrested yesterday forenoon for being drunk and abusing his family.

LOOK OUT FOR SHOE WEDNESDAY

That's the Day Boston Store Commences the Tremendous Sale of MEN'S AND LADIES' FINE SHOES OVERSHOES AND RUBBERS.

This is an immense stock of fine shoes from St. Joe, Mo., and the entire Omaha retail stock of the bankrupt Omaha Rubber Co., formerly on Farnam street.

There are positively only the very best grades and makes of shoes and rubbers in the two stocks, and what we are going to give the tremendous bargains we wish you to distinctly remember that these are all fine goods which will be sold at about half price.

The St. Joe shoes were the finest in town, none being carried which sold for less than \$3.00 a pair. Indeed most of the shoes were such as sold at \$5.00 and \$6.00.

This sale begins Wednesday, October 18th, at 10 o'clock, in full force.

And culminates Saturday in a whirl of excitement AT BOSTON STORE, N. W. cor 16th and Douglas.

LOOKING FOR A LOST CORPSE.

Clew to the Huss Grave Robbery—Located at Des Moines.

Friends of Mrs. Rudolph Huss, who died last January and whose body was stolen from the Forest Lawn cemetery shortly after that time, are glad they have a clew to the whereabouts of the remains.

Ever since the grave was robbed the cemetery officials and the husband of the deceased have been on a hunt for some trace of the stolen body and now they think that the corpse has been located in a graveyard at Des Moines.

A detective who knew Mrs. Huss well yesterday afternoon for Des Moines to examine the body and see if it is possible to identify it.

The cemetery officials do not have much hope of retaining possession of the body, as they fear it went into a vat in some medical college.

Pacific Coast Excursions. On October 11th the Chicago, Rock Island & Pacific Ry. will inaugurate its regular winter tourists' excursions.

Through tourist sleepers will leave Omaha at 2:05 p. m. and run through Los Angeles without change. These through cars will leave Omaha at 2:05 p. m. every Wednesday during the season until further notice, Oct. 11, 18, 25, Nov. 1, 8, 15, 22 and 29, etc.

These excursions will be in charge of and personally conducted by an agent of the celebrated Phillips Excursion Co., and no pains will be spared by the management this season, as in the past, to make these excursions a quick, inexpensive and comfortable trip to all those who contemplate going during the fall and winter to points on the Pacific coast.

The tourist sleepers used on these excursions will be the latest designed by the Pullman Co., being supplied with the same equipment in the way of bedding, mattresses, etc., as are used on the regular Pullman standard sleeper, with a competent porter in charge.

BUNCOED BY IRA BACHELOR

Another Blot on the Record of a Councilmanic Nominee.

THIRD CHAPTER IN A CANDIDATE'S CAREER As Administrator Bachelor So Managed an Estate that the Widow is Now Compelled to Earn a Living at the Wash tub.

The crime of having swindled a widow and her children out of an estate valued at \$8,000 is charged to the account of Ira C. Bachelor, the republican candidate for councilman-at-large.

The facts in this case are matters of record and are corroborated by the poor woman, who is now taking in washing to support her five minor children, when she might be living in comfort had she not been buncoed out of her property by the young statesman who is now trying to break into the city council.

Andrew Johnson died June 29, 1891, leaving a widow and five children, ranging in ages from 16 months to 13 years. At the time of his death Johnson owned lot 9, block 8, Kountze & Ruth's addition, and this property was a handsome east front lot on Seventeenth street, just south of Leavenworth.

The lot had a frontage of fifty feet and was estimated by conservative real estate business men to be worth at least \$100 a front foot. There were two neat frame houses on the lot and these with the other improvements brought the total value of the estate up to \$8,000.

The inventory of the estate filed in the county court October 14, 1891, listed the above property at an estimated value of \$8,000, and also included \$76.78 in cash.

Appointed by Judge Eller. Bachelor was appointed administrator of the estate by Judge Eller August 22, 1891. Mrs. Johnson says that Bachelor came to her and told her that she could not be appointed administrator of the estate of her husband on account of inability to furnish bonds. So Bachelor was appointed and given one year to settle up the estate. Bachelor's bonds were fixed at \$400, but the price of the property Bachelor's office do not disclose the names of his bondsmen. At a subsequent hearing of the case the lot on South Seventeenth street was declared the homestead of Mrs. Johnson.

There was an indebtedness of \$1,500 on the property and Bachelor wanted to get this removed so that she might have a little home free from debt. To accomplish this she decided to sell the north half of the lot for \$400, but she was unable to find a purchaser and he placed the property on his hands. He found a prospective purchaser who deposited \$50 as a part purchase, but afterwards failed to close up the \$50. This was held by Bachelor and Mrs. Johnson never saw the color of the money. About two years ago the north half of the lot was sold to A. K. Koller for \$2,000 cash. This money was turned over by Mrs. Johnson to Bachelor with instructions that it be used to pay off the indebtedness on the entire property.

Compelled to Sell Her Home. Bachelor never paid the indebtedness. Instead of lifting the mortgage and depositing \$500 to the widow's credit at the bank he used the money to pay off the debt on the property was never paid. The widow was forced to sell her little home to avoid losing everything by a foreclosure on the mortgage on the property.

The result of this miserable treatment of his client was that Bachelor saw the woman compelled to lose her home and go to a rented house with her five children. The property which was being conservatively estimated as worth \$8,000, or \$6,000 more than the encumbrance upon it.

The case first came before Judge Eller on February 23, 1892, and was continued from time to time on account of the nonappearance of claimants. Three vestibuled and gas-lighted trains daily. Magnificent sleeping, dining, smoking and free chair chairs.

Baggage checked direct from residence. CITY TICKET OFFICE, 1324 FARNAM STREET.

TALKED AGAINST TIME.

Members of the Board of Education Members of the Board of Education met in session nearly three hours last night. They disposed of a small number of routine matters, the rest of the session being devoted to an examination of the report of the board in talking against time.

The claim of J. J. Land for a balance of \$3,237.25 due on the construction of the Central school was presented, and the board will visit the school at 3 o'clock today to examine the building.

The officers of St. John's church protested against the abrupt action of the board in abandoning the use of the gym hall as a school building, and asking at least one month's rental, \$35, for the loss of the contract.

The communication was referred to the committee on leases. The carpenter work on the Hartman school was referred to the committee on buildings and property.

Work on the Central school chimney and the ventilating flues on the Hartman school should be stopped, according to Architect S. H. Kneass, who has just returned from his work. Some of the members of the board were in favor of abrogating the contract, as Mr. Hollbrook has failed to carry out his contract on other buildings.

It was finally decided to give the company notice to commence work at once. The Hyatt & Smith manufacturing of Detroit wanted a chance to bid on heating fixtures for new school buildings. Referred.

The annual school building near the Losh school building was sold to the Good Shepherd church for \$50.

The contract for plumbing at the Center school was awarded to W. G. Higgins, his bid being \$1,847.

The committee on heating and ventilation reported that they had found the charge of drunkenness against Superintendent of Buildings Maceo against Janitor Matt Galton of the Walnut Hill school, to be true.

The contract for manual training was allowed \$30 per month additional salary for taking care of the machinery in the manual training department.

Miss Cora Ford is elected assistant teacher in the kindergarten at the Park school.

Sister Mary Gillan was given a five days leave of absence commencing October 23.

The president and secretary were instructed to prepare the necessary election proclamation.

WOMEN'S HOME CLUB.

Regular Session of a Popular Organization of Omaha Ladies.

The Omaha Women's club met yesterday afternoon at Myrtle hall with the usual large attendance. There was an air of suppressed excitement attendant during the meeting and the report of the executive committee.

Everything passed off harmoniously, however. The members fully demonstrated their interest in the club's welfare, and let the past alone and conducted a meeting on strictly business principles.

Mrs. Lindsey, the new secretary, who appeared in her official capacity for the first time, read the minutes in a clear and distinct voice. The business session was a short one, the principal matter being a motion by Mrs. M. G. Andrews to suspend the program for the date in order to give some ladies who had earnestly requested it the privilege of being charter members. The motion was carried, and it will therefore now be in order for any woman to join the club who will sign the constitution and pay the initiation fee.

The program for the day was in the hands of the department of English verse, under the leadership of Mrs. E. W. Peattie. One of the most pleasing features was a "Only a Rose," by Miss Taliferro. Mrs. Percy Ford and Mrs. Z. T. Lindsey read their verses and entertaining papers, which were read with close attention, which indicated interest and approval.

Mrs. Richardson read "The Lotus Eaters" and Mrs. Peattie read "The American Housekeeping."

Miss Lucy C. Andrews was present and invited the club to attend one of her courses of lectures on "The Demonstrative Cooking School" to be held today in Patterson block. The invitation was accepted with thanks and the scheme spoken of as one in which all were interested.

After the club adjourned the department of domestic economy was formed, with Mrs. Haller as chairman. This department will pay attention to the scientific training of cooks, and will endeavor to bring about a more intelligent reform in the action in the scheme of American housekeeping.

WORLD'S FAIR CONGRESS

Do You Know What Great Good It Is Doing? WISE MEN AGREE

Discovery of the Real Cause of Most Physical Troubles—Science Has Revealed the Source of Happiness.

"One of the most important subjects before the World's Congress in Chicago has been the great cause of the physical trouble of the civilized world to-day."

The speaker was a prominent man from abroad. Continuing, he said: "From all parts of the universe the testimony has flown in, and it is overwhelmingly to the effect that some form of kidney or liver difficulty, commonly known as Bright's disease, is at the root of the majority of evils that are afflicting mankind. In past years it was a vexed question as to what this disease really was, and it seemed to be a settled question that it could not be cured. But modern investigation and science came to the relief, and what had not heretofore been done chemically discovery accomplished. There were men and women who died prematurely from innumerable causes, all of which could be traced to the same source, and there came up from all the land, indeed, from the entire world, a great cry for help from the great evil which had become a world-wide danger."

It was in the midst of this condition of things that the great discovery was made which has become today the best known and most popular discovery in its line ever known to the world. It is known as Warner's Safe Cure, and it has accomplished more for the world than any other medical discovery heretofore known. In the evidence submitted were several thousand cases in both Europe and America where men and women in the advanced stages of Bright's disease had been entirely cured and were well today. In writing upon this subject one of the leading professors in a New York Medical College says:

"In severe cases of Bright's disease, where all other remedies and treatments failed, I have effected permanent cures with Warner's Safe Cure. Furthermore, I am convinced that in all ailments where the blood is in an unhealthy condition and the general health impaired, the advantage gained by the use of Warner's Safe Cure is remarkable."

The influence of the World's Congress in Chicago upon the welfare and happiness of the world cannot be over-estimated. They are certain to set forward civilization and aid mankind, and the least advantage is the fact that these great men have so unhesitatingly stated that inflammation of the kidneys, leading to Bright's disease and causing the annoyances to which women even more than men are subjected, is the seat of most of our national physical trouble. With this truth clearly in mind, it is cause for great gratitude that so grand a discovery has been made for certainly countering this most baneful of diseases. It is for this reason that we congratulate our readers upon the action which has been taken by the great World's Congress in Chicago.

High art overcoats—well, we should say yes. We haven't exactly the space of a county tax collector in this paper, otherwise we could describe a few. ERIE MEDICAL CO., Buffalo, N. Y.

He Wept A Bandana Full,

he muttered some beautiful and rare words, abused the wisdom of the extra session of our congress, kicked a bunion off his left foot, poked his fist through a fire extinguisher and swore life is a source of pleasure, all because he was forced to accept eighty odd thousand dollars for an invoice of two hundred thousand dollars' worth of overcoats. Our generous buyer's been weeping since out of respect to the mourner.

It'll make us weep if you clean us out of overcoats during this week's feast—we so generously arranged for those who prefer an overcoat to a doctor's bill. We placed on sale overcoats that are in demand just now. Medium weights, not too heavy, nor too light. Heavy enough for some for thorough winter, light enough for others for spring and fall wear.

SEVEN SEVENTY FIVE is the price we quote for a garment which, upon call before any magistrate, we positively value it at \$15.00—because—an all wool black cheviot garment, lined with fine Italiane, honestly made and systematically cut into a straight sack, like ours, cost from \$10.00 to \$12.00 to manufacture. Now add profit.
