Disquieting Rumors About Silver Legislation Demoralized Grain Holders.

THAT CEREAL OPENED QUITE FIRM

Later it Weakened and Closed at a Fractional Decline-Pararidge Sold Stead-Hy During the Advance and Covered on the Decline.

CHICAGO, Oct. 20 .- Disquieting rumors about the silver situation apparently demoratized holders of grain today. Wheat reversed the action of the day before; it opened firm and closed weak and 1/4c lower than yesterday. Corn followed wheat and closed weak at 14c decline. Oats yielded very reluctantly ic of its previous value. Provisions were firm, leaving off at slightly better than yesterday's closing prices.

Pardridge sold steadily during the advance and covered some on the following decline. N. B. Ream was a free seller of December at top and egged on the slump. Wheat at the start was strong and prices were advanced 16c over the closing figures of yesterday, but later cased off, prices declining 1%c, then held steady and closed about 14c lower for December and 14c lower for May than the closing figures of vester-day. The early strength was attributed to the strong English cables and fair buying on speculative account. New York was strong and foreigners were buying wheat at New York. The shorts did some covering naturally, but the advance brought out rather large offerings and there was fair

selling by some parties.

Corn began quite strong, prices advancing Corn began quite strong, prices advancing from 1/3c to 1/3c. Liverpool advices indicated considerable strength. This made shorts a little uneasy, and their purchases to some extent created the greater portion of the advance. At the close there was some desire on the part of the long interest to realize, more especially by those who had purchased within the past two or three days in the belief that the receipts would materially the belief that the receipts would materially fall of. The estimated receipts caused a weaker feeling, assisted to some extent by the easiness in wheat, and a decline fol-lowed, with the closing figure about the lowest of the day.

There was a good trade early in oats and a very strong feeling, prices advancing 14c in sympathy with corn. Later weakness de-veloped and the advance was lost, the mar-

veloped and the advance was lost, the market closing quiet at the inside with a slight loss for the day.

The provision market was dull after a few minutes of moderate activity at the start. Prices were firm all day at a shade over yesterday's closing prices. The packers bid for the different products in the dull intervals and had no difficulty in holding up the prices in the absence of anything to sell. Closing prices are about 5c advance on those of the previous day.

of the previous day.

There was a fair demand for vessel room and rates were firm at 234c for wheat and 2c for corn to Buffalo. Estimated receipts for tomorrow: Wheat

Minneapolis, Oct. 20.—The local crowd were buyers this morning, with elevators selling against late purchases; cables being satisfactory, or more nearly so than on most days, seemed to them to encourage buying. The market advanced Ic. Reports from the interior noted some falling off of the farm move-

ment, although the arrivals were fair here and at Duluth. Scalping buyers began to sell before noon and prices settled back. December opened 604c, against 60c at the close last night, advanced to 614c, but later fell, to 504c. May opened at 674c, advanced to 674c and inter declined and closed at 664c. Receipts, 444 cars, shipments, 73 cars. On track closed: No. 1 hard, 61c; No. 1 northern, 59c; No. 2 northern, 574c. The cash market was active and sales were easily made at the ruling prices, as there was an inquiry for all classes of grain. Millers, for local use, bought freely and most of the track sales were made at from 4c to 3c above the becember price at the time the sales were made.

Flour is firmer insympathy with the stren thin wheat. With some of the larger concerns sales this week are running ahead of their production, which is about up to the average. Rates are quoted at 35c per 100 lbs, to Liverpool and 36c for London. Shipments, 38, 185 bbls; first patents, 33, 45c 3, 35; second patents, \$3, 20 (63, 40; fancy and export bakers, \$1,6502,05; low grades, in bags, including red dog, \$1,2002, 1.30. Bran and shorts sold well and the market was steady on bran, but weak on shorts. Bran, \$9; shorts, \$9,750,10,25.

New York Dry Goods Market. New York Dry Goods Market.

New York, Oct. 20.—The report from Washington to the effect that a compromise measure would surely pass and that it would have to be signed by the president through pressure stimulated the dry goods market only slightly. It remains to be seen whether the deadlock in the senate is to be broken and whether congress proposes to touch the tariff question, and business men on this point are very skentical. For cotton goods there is a moderate business. Prints and printed fabrics show no new features. Print cloths rule dull, without pressure to sell. Ginghams and woven fabrics are quiet but fairly steady at former prices. Foreign dry goods show rather more activity.

Wool Market. Sr. Louis, Oct. 20.-Woon-Quiet. STOCKS AND BONDS.

Wall Street Convinced that Silver Repea is About to Win.

-New York, Oct. 20.-Wall street seems more confinced that the Sherman bill repeal measure will reach a vote without much more delay. It was a returning of confidence in the power of the sound money senators, backed by the administration, to carry the day that gave the tone of strength to the dealings on the Stock exchange by bringing the bear's to cover, inducing purchases for the long account and establishing a material appreciation in values.

The Washington advices were watched very closely on the exchange today and were construed as surely indicating that the dead lock was about to be brought to an end, and unconditionally. Under the cheerful influences a healthier tone was imparted to the speculation than it has experienced in several weeks. The buying was not confined to any one or two sets of stocks, but was well distributed throughout the list. The market, too, moved more in unison than of late. and in the upward movement there were few laggards.

Shortly after the opening, which was at higher figures, some selling orders were encountered that had the effect of checking the advancing tendency. But the depression was slight and the upward movement was resumed. Another fractional reaction occurred before noon which was quickly recovered and again about 2 p. m., prices receded, Pullman, which sold down 1% per cent, being the only stock that was seriously affected. In the late dealings, efforts to realize unsettled the market somewhat, but the tone at the close was firmer, compared with the final sales of yesterday, the closing figures showing an advance in the general list ranging from 34 to 334 per cent, the latter in Michigan Central. 3 per cent in Manhattan Consolidated, 234 per cent in Edison Electric and 234 per cent in Lackawanna & Western

wanna & Western.

Cattle Trade Revives and Closes Steady-Hogs Firm at Steady Prices. FRIDAY, Oct. 20. Receipts of all kinds were moderate today. The five days supply of cattle was about the

same as for the corresponding period last week. 'Hogs show an increase of about 4,500 head, while sheep receipts have fallen off nearly 5,500 head. There was a much better tone to the general cattle market and trading was livelier than on any previous day this week.

Prices were hardly quotably higher, in fact there were almost too few beef cattle here to afford a fair test of the market's strength. Some fat 1,439-lb. cornfed western steers sold for \$4,65 and a load of choice light 1,122-10. steers brought ≥ 1.75; but cornfed cattle made up a very insignificant portion of the total offerings. Beef westerns were extremely scarce and generally common. The demand was good and trading active, fair to very good rangers selling at from \$3 to \$3.45.
All that killers could use soid read'ly and a good and early clearance was effected.

The cow market was active with prices steady to a shade stronger on all grades. Perhaps a third of the offerings were cows and mixed lots, and prices ranged from \$1.25 for common canners to \$2.40 for very good, nat cows. Common large to good veal calves sold at from \$2 to \$4, and poor to good bulls, oxen and stags at from \$1.50 to \$2.50 or right around steady prices.

There was more life and a better tone to

the stocker and feeder trade. Offerings were as usual liberal, but the demand was good from all sources. Regular dealers found an active country demand, while slop feeders also bought freely. A big business was transacted at prices steady to a shade stronger than Thursday. Good to choice feeders are quoted at \$3.00@3.50; fair to good at \$2.60@3.00, with common and in-ferior stuff at around \$2.00@2.50. Representative sales: 10 DRESSED REEF

Hogs—Receipts were light, but there were 1,000 more hogs here than on Thursday, and hearly, 2,000 more than on Friday. The quality was about the same as on Thursday, and the market was not quotably different. Good hogs of all weights sold mostly at \$6.15 and \$6.20, with a couple of light choice loads at \$6.25. The common light and mixed packing hogs sold largely at \$6.05 and \$6.10. Business was fairly brisk from start to finish, the market closing up strong. Sales were largely as on yesterday at from \$6.10 to were largely as on yesterday at from \$6.10 to

Chicago Live Stock Market.

Chicago Live Stock Market.

Chicago, Oct. 20.—Of really good cattle, there were very few among the offerings. Smooth choice steers sold at from \$5.60 to \$5.80; such cattle sold up as high as at any time last week. The large and medium grades of cattle were in very large supply and sold badly at the late low prices. There were 2,500 Texans and 3,500 westerns among the fresh receipts, leaving only about 2,000 natives. There were many low grade cattle here, however, that have been here several days. This week's receipts will be the largest of the year at this point, and the combined receipts at the four leading western markets will undoubtedly be the largest on record. The western range cattle today sold slowly at from \$2.35 to \$2.85 for cows, from \$2.75 to \$3.30 for feeders and from \$3 to \$4.50 for range beeves. Texas steers sold at from \$2.55 to \$3.30 for feeders and from \$1.75 to \$2.20. The demand for native feeding cattle was very good. Native cows of the best quality ruled firm but others were neglected.

Receipts of hogs were up to expectations, being estimated early at 15,000, and later at 19,000, which, with 14,000 carried over from yesterday, made 33,000 on sale. The quality of both fresh and stale offerings was better than the average, there being a scarcity of good, solid, cornfed hogs of all weights. The market opened strong for all grades and the choicest varieties soid 5c, and in some cases 10c, higher than yesterday's closing quotations, and such stock closed firm, while common and packing grades closed weak at the lowest prices of the week, or from 35c to 50c below the highest prices of last Monday. Packers are very bearish and claim prices will have to go still lower. About 10,000 undesirable hogs remained unsold today. Heavy sold at from \$5.50 to \$6.50; bulk at from \$5.50 to \$6.50; bulk at from \$5.50 to \$6.50; bulk from \$6.60 to \$6.70; bulk from \$6.60 to \$6.70; bulk from \$5.50 to \$5.50. Most of the heavy packers sold at from \$4.25 to \$6.25 and rough lots at from \$2.50 to \$5.50. Most of the heavy

Sheep receipts were about up to expecta-tions and the demand good notwithstanding tions and the demand good, notwithstanding the fact that receipts all the week have been excessive and the total for the week 13,000 more than ever arrived before. The inquiry has been of such a character that a reasonably good clearance has been effected. Today's sales showed no especial change in value compared with yesterday. The feeling was rather firm on the best qualities, but naturally enough channon sheep were somewhat neglected. Lambs sold more freely, but prices were not increased; native sheep showed a range of from \$1.25 to \$4; western sold at from \$2.50 to \$3.75, including 761 from Idaho, averaging 89 lbs., at \$4.50.

Receipts: Cattle, 8,000 head; hogs, 19,000

Arrested on Suspicion. Detectives Savage and Dempsey arrested a young man giving the name of Lynn W. Parker yesterday on suspicion. They believe that he is one of the gang of confidence men who tried to bunco a granger at the Webster street depot Thursday morning, The detectives had a good description of the men who tried to turn the trick, and Parker answers the appearance of one of them. The suspected man says that he is a brakeman from Chadron, but he told conflicting stories at the station.
