Preparations for the Organization of

Bureau of Charities. Representatives from each of the different churches met at the Methodist church last night for the purpose of organizing a bureau of charities for the coming winter. Differ-ent plans were discussed, but no definite course was agreed upon. A committee con-sisting of Messrs. Pomroy, Smith and Hop-kins was appointed to report at a future meeting, when all the details will be ar-ranged to provide for at least a portion of the city poor during the winter months. School Tax Levy.

The school tax levy of 7 mills made by the chool board last spring must be paid by November 1, or the property will be sold. There seems to be a general misunderstand-ing about this tax, but if it is not paid by the first of next month the property will be put up for sale.

If he buys a farm with a perpetual water right under the Belmont canal in Cheyenne Co., Neb., he will control the moisture and his crops are thereby absolutely assured. There is never a failure under ditch and by this system of farming 40 acres will produce more than the best quarter section in the rain belt The canal company employs a superintendent who is an experienced irrigator and his business is to explain this process to the inexperienced. Each acre should be made equiarly as \$100.00 annually as regularly as The daylight follows darkness.
