Again the Old Buckeye State Takes Its Place in Line Against the Common Enemy - Latest Election Returns from Other States.

COLUMBUS, Nov. 8 .- The scene in the office of Governor McKinley last night was very different from the scene in the same place a year ago. Then the champion of protection sat surrounded by a few friends, dismally regarding the returns which indicated that the cause for which he had so strenuously battled had gone down in defeat. Last, night he sat it, the same chair listening complacently to the reading of the returns which told that the cause of protection was again triumphant.

A year ago the doors of the governor's office were closed at midnight and none but friends were admitted; last night both doors were open and everybody was welcome, even the boy with the tinhorn being tolerated.

Last year it was a funeral scene, with marks of sorrow on every countenance; last night it was a scene of rejoicing and every face was wreathed in smiles.

The same telegraph instruments in the corners ticked off the messages and they were read from the same table, but there had been a change.

Governor McKinley's office is thronged again today. It is impossible for him personally to read all the congratulatory telegrams. These dispatches come from shops and business circles as well as politicians. At 11 o'clock Chairman Dick's revised

figures at the republican state headquarters indicate over 80,000 plurality and three fourths of the legislature.

Verdict Against Free Trade. In reply to a request for his opinion of the causes for the result in Ohio, Governor Mc-Kinley today states that Lawrence T. Neal, the democratic candidate for governor, was recognized as much as a free trader as he (McKintey) was an advocate of protection. At the Chicago national convention last year Neal was the author of the auti-tariff plank which was inserted in the platform in place of the plank reported by Cleveland's friends on the com mittee on resolutions. In his opening speech in this campaign at Newark, Mr. Neal not only told the people his campaign would be fought on the lines of the Chicago platform, which had been incorporated in the state platform on which corporated in the state platform on which he stood, but also so clearly defined his position as a free trader that the two candidates were recognized throughout the canvass as embodying in their views this issue in a way that had never before been so distinctly presented to the people. "The next day after Neal's speech at Newark," says Me-Kinley," I accepted his interpretation of the issue as represented by us respectively, and we fought it out on that line in over 100 publie meetings of each candidate that follower and were invariably addressed in accordance with the challenge at Newark and its prompt acceptance.

Plurality of Nearly 80,000.

At democratic state headquarters it is conceded that the figures don't warrant them In looking after returns. Chairman Dick of the republican state headquarters has later official returns and says that Governor Mc Kinley's plurality is between 70,000 and 80, 000, the largest in the history of the state except in 1863. At that time Brough had over 150,000, his opponent being Vallandigham, who was then an exile in Canada.

Chillicothe, the home of Neal, the demo cratic candidate for governor, went repub lican for the first time. There are many surprises in localities being reversed by the McKinley votes. The telegraph offices are busy handling congratulatory telegrams pouring in from all parts of the country. Republican papers are out today with Mc

Kinley hoisted as their candidate for president.

The Ohio legislature will be republican by about two-thirds in both houses. Two proposed constitutional amendments, one to permit the general assembly to tax franchises, such as the Pullman, telephone and telegraph companies, etc., and one to divide the pig counties, such as Hamilton, Franklin and Cuyahoga into legislative districts. were swamped for want of attention, so greatly was public attention fixed on voting for McKinley. He carried this county, Franklin, which has always been democratic and is in Mr. Outhwaite's district, by over 10,000 majority. Cleveland carried it last

The populist and prohibition votes were reduced as well as that of the democrats. The McKiniey vote pulled through district and county local tickets for the republicans, as well as their legislative candidates. Returns from Other Points.

CLEVELAND, O., Nov. 8.—McKinley's plurality in Cuyahoga county is 8,166. The republicans elected every candidate on the city and county tickets, with pluralities ranging from 5,000 to 10,000. One precinct of Hamilton county has not ret sent in its returns. Unofficial footings for governor have been made and as the missing precincts will not make a difference of 100 either way, the following pluralities are practically certain to be correct: Mc-Kinley, 10.793; Harrison, lieutenant gov-

ceived here Ohio, from all but fourteen counties in the state, give McKinley a plurality of 65,716. The fourteen counties last year gave a democratic plurality of 3,204. Estimating a republican gain of 300 in each of these counties gives McKinley a plurality of 67,714.

Gains All Over the State.

CINCINATI, Nov. 8.—Complete revised official list of Hamilton county on governor: Total vote cast, 74,480; McKinley, republican, 42,200; Noal, democrat, 31,330; Macklin, prohibition, 431; Bracken, people's, 729. McKinley's plurality 10,000, McKinley's majority 9,940.

Complete returns from this Countries.

Complete returns from this, Cuyanoga, county show that McKinley received 2,230 more votes than were cast for Harrison last fall, while Neal received 9,295 less than Cleveland got. This makes a republican gain of 11,934. McKinley's plurality in the county is 90,480. The populists cast 2,450, a gain of 1,433.

JUDGE GRAY IN THE LEAD.

Cook County's Citizens Give Him a Splen-

did Support. CHICAGO, Nov. 8 .- The defeat of the democrais here and the election of Judge Gary has been a severe blow to Governor Altgeld, who dictated the makeup of the democratic ticket and threw his entire influence against Gary. The defeat, it is thought, has lessened the governor's chances for re-election and discouraged the democrats upon the election of a successor to the late Mayor Harrison.

Many causes are assigned for the victory of the republican ticket here. The influence of the murdered mayor, Carter Harrison, was still felt, and his avowed antagonism to Governor Altgeld, with whom he was a com-petitor for a seat in the United States senate, is thought to have made votes for Gary, The Irish-American vote, too, figured largely in the election, and was cast heavily for Gary and the republicans. Judge Moran, who championed Gary's cause, helped sway a large element. Then, too, German Lutherans appear to have largely abandoned for the time being their alliance with the democrats on the school issue. The strong sentiment against the anarchists which exists throughout the city was also a factor, although the latter element did not figure so largely as had been expected by many. It is generally thought that the fact that Gacy, who is a democrat, was placed on the re-publican ballot materially aided his ticket, and some democrats now claim that had he not been nominated by the republicans the result might, after all, have been a demo-

eratic victory.
The revision today of election returns shows that the republicans elected their en-tire judicial ticket, with the possible excep-tion of Kraft, with Judge Gary in the lead. Kraft was identified to some extent with

the socialists here.
The republicans showed general gains The republicans showed general gains throughout the city and county over the presidential vote of last year, and in addition Gary, who presided at the Haymarket anarchist trial and was opposed by Governor Altgeid's influence, received many democratic votes, putting him considerably ahead of his ticket. In the fight for county commissioners the result is somewhat in death and it was required the effect output doubt and it may require the official count to decide which party is in the lead. It is apparent that the coard of commissioners will be a mixed one, as men on both tickets seem to have been elected. Gary's plural-

Republicans Have Reason to Feel Proud of

Their Victory. New York, Nov. 8.-Latest returns from all parts of the state show the republican victory is fully as great as the most enthusiastic of the party leaders have claimed. Bartlett's majority over Maynard is in round figures 89,700. General Palmer's majority for secretary of state is 35,000. Of the sixty counties Maynard secures a majority in only seven, viz: Albany, Chemung, Greene, New York, Rensaler, Schoharie and Seneca. He carried New York by about 32,000. Meyer carried it by 64,975.

The total vote for judge of the court of appeals and secretary of state is: Bartlett, 185,000; Maynard, 45,400; Palmer, 109,-600; Meyer, 74,000. The democratic rout in Kings county complete. Besides the loss of mayor, their control of the Board of Aldermen is gone. This puts all the power in the hands of their

political opponents.

John Y. McKane attributes the defeat in Kings county not to riotous scenes in Gravesend, but to a general feeling of dissatisfaction as shown by the voters in the various states.

Summary of Virginia's Vote. RICHMOND, Va., Nov. 8.-The following

ummary of the vote has just been made public at democratic headquarters: Forty counties give a democratic majority of 23,540; fifteen cities, a democratic majority of 17,951. There are fifty counties and the city of Bristol to be heard from. The indications are that the democratic majority will reach 50,000. Following are believed to be the only counties in the state that have gone for the populists: New Kent, Campbell, Caroline, Prince George, Greenville, Powhatan, Prince Edward, Sussex. Returns thus far of the election held in

this state yesterday have all been reported by majorities, and, therefore, it is impossible to make even an approximate number of the votes cast. These things are certain, however: First, that the democrats did not poil their usual strength, and second, that the republicans did not support the pop-ulists. Official and unofficial returns indicate that the democrats have twenty-three senatorial districts. dists one, and one district is still in doubt The democrats have fifteen members of the senate who hold over. Of the members elected to the house of delegates, the democrats will probably have ninety out of 100 elected. Indications lead to the belief that the democratic majority in the state will

reach 50,000. Results in Maiszchusetts.

Bosron, Nov. 8 .- The result of the election in Massachusetts yesterday can only be de scribed as a huge political landslide. For the first time in three years the state will have a republican governor and his plurality is 30,000 at least. While the whole ticket is elected with him and the legislature is solid republican in both branches, sanguine republicans had not claimed over 15.000 for Greenhalge. The astonishing result is at-tributed by those democrats who will talk to the present depression, aided by the fact that Massachusetts is normally a republican The prohibition vote did not differ state. from last year's figures, but the populists managed to increase their vote 100 per cent. The socialist-labor vote was insignificant.

Republican Success in Detroit. DETROIT, Nov. 8 .- Complete returns from yesterday's elections show that the entire republican municipal ticket has been suc

cessful. Pingree, republican, for mayor, is elected for a third time by a plurality of 5,700, and the balance of the ticket is carried by pluralities ranging from 1,000 to The democrats made a gain of three in the board of alderman, but the republicans will still have a large majority. Levi T. Griffin, democrat, is elected to fill the vacancy caused by the death of Congressman Chipman of the First district by a plurality of 1,709.

Arrested for Hiegal Voting. KANSAS CITY, Nov. 8 .- "Pinky" Blitz, known to the police in all the large cities as

a bad man, was convicted in the federal court here today on three charges of illegal voting in the election a year ago. He was one of the gang indicted for illegal work in the Ninth ward of this city. He will undoubtedly get a severe sentence.

COLORADO ELECTIONS.

Republicans Made Gains - Woman Suffrage

Carried in the State. DENVER, Nov. 8 .- Yesterday's election in Colorado was for county officials only and a comparison with last year's state election when the populists defeated the republicans, the party then in power, is rather unsatis; factory; besides this the republicans, democrats and populists were this year split into many different combinations, there being eleven tickets in this county, the balance of the counties also having numerous combinations. Up to the time of the state and presidential election of 1892 the republicans maintained an average majority of 18,000 over the democrats. That time the populists carried the state by 15,000 plurality. The democrats fell far behind because of Cleveland's known antagonism to allow and popular by 9,000 years. They have silver and polled but 9,000 votes. They have not recovered any followers since, but in-stead have been steadily losing ground and the democratic party, relieved of all combi-nations, received not over 5,000 votes in the state yesterday. The republicans this year carried Arapahoe county, which includes this city, by from 1,000 to 2,500, there having been considerable scratching done. They also carried by proportionate pluralities the following counties: Lincoln, Weld, Pueblo, Cheyenne, Gilpin, Washington, Conejos, Philiips, Lake, El Paso, Jefferson, Huerfano and a number of less important counties.

The populists carried Boulder, Clear Creek, Kit Carson, Park, Delta, Delores, Summit, Fremont, Montrose, Mesa, San Juan, Garfield and Chaffee, by pluralities

equal to last year.

The democrats and republicans fused in Hinsdale and elected most of their tickets. In Ouray there was only one ticket, populist, in the field.

In Morgan county the offices are divided

between populists and republicans. San Miguel elected an independent people's ticket over the straight people's ticket. Archuleta republicans elected most of their Woman's suffrage has been carried in the state by about 3,000 majority.

DEADWOOD, S. D., Nov. 8.—[Special Telegram to The Ber.]—In the Eighth judicial
district a very light vote was cast. In the three counties it did not exceed 4.500. Rice (rop.) has a plurality of 50 over Plowman (ind.). Twenty Plowman precincts to hear from, which will elect Plowman by a small margin. The republican vote for supreme judge is in excess of all others.

Hot Springs, S. D., Nov. 8.—[Special Telegram to The Ber.]—Returns of Fall River county on supreme court: Carson (rep.), 445; Wood (dem.), 292; Fairbanks (ind.), 82. Plowman is elected judge by the independents in the Eighth circuit. South Dakota Returns.

POPULISTS STILL CLAIM KANSAS.

Despite the Unfavorable Figures They Ex peet to Win in the End. TOPEKA, Nov. 8 .- Returns received today from various points in the state add to the overwhelming victory of the republicans over the populists. The demoand the prohibition vote was very light and cut but a small figure. The returns are still incomplete, but from full and estimated returns it is probable that

the republicans lead in at least ninety counties out of the 105 in the state. Notwithstanding the adverse reports the populists claim that they have carried the state and that a full count of the votes will bear out their ante-election predictions. Populist Chairman Breidenthal claims that the dispatches published this morning were based on the returns from precincts in the cities or near railroad stations and that no definite information has been received from rural communities, where the populist

strength lies. strength lies.

Congressman Jerry Simpson expresses the greatest confidence that the populists have carried the state. He believes they have made gains, in proportion to the vote cast, of from 10 to 15 per cent over the vote of 1892. Chairman Breidenthal thinks the count will show not only populist gains over 1891, but an increase of fifty in the number of court offices the party will elect. of county offices the party will elect.
The republicans, on the contrary, say re

ports from city and country precincts alike show republican gains, and that they have carried the state by a plurality which insures the election of their state ticket and a ma jority in the legislature next year.

EXPLAINING THE LANDSLIDE.

Jerry Simpson Ascribes it to the Ignor ance of the Common People. TOPEKA, Nov. 8 .- Speaking of the republican landslide in the east Congressman

Jerry Simpson said this morning:

"There are a lot of lunatics in the country who know nothing themselves and were made to believe by the republican press that the threatened revision of the tariff portended evil to the working classes. Besides this, they blamed the democratic party for the existing business depression, which as a matter of fact is a result of iniquitous republican legislation. The cor people are like a man on a raft of saw As one log sinks he jumps to another and another, hoping to keep himself affect. They will finally get on the people's party log, which is strong enough to support them.

David Overmeyer, who may be the demo-cratic nominee for governor of Kansas in 1894, said: "The result in the east comes of the fact that after the demo-cratic administration was elected, explicitly on the tariff issue, another issue was thrust in front of it in which the people as a mass took no interest, or if the belook any their sympathics were against the course administration."

General Alger Talks CHICAGO, Nov. 8.-General R. A. Alger said in an interview here today that yesterday the republicans scored a victory on the tariff issues. "The contest in Onio, said General Alger, "was strictly on the tariff issue and the same influences that gave Governor McKintey his magnificent major-ity defeated the democrats in Massachu-setts and in Iowa. If the president and congress will heed the expression of the people, as voiced in the election yesterday, and will say that there shall be no change at this time. I think there will be a restoration of confidence and business will go on as it did

before the depression came. The people [CONTINUED ON SECOND PAGE.]

HARRISON HAS A SAFE LEAD

Over Five Thousand Plurality for the Republican Candidate for Judge.

HOLCOMB DIDN'T KEEP UP HIS GAIT

He Fell Behind Just Where He Ought to Have Made His Best Spuris-Meager Returns on Regents-Chairman Staughter's Opiniou.

Aithough complete returns have been received from only about half the counties of the state, partial returns from the other counties on which to base estimates indicate that Judge Harrison has been elected to the supreme bench by about 5,500 plurality over Holcomb, the populist nominee. The official vote of thirty-five counties has been received by THE BEE. These counties show: Harrison, 25.083; Holcomb, 22,102; Irvine, 12,435; Bittenbender, 2,321. Partial returns have been received from all but four of the other fifty-five counties, which go to show that Harrison's plurality as shown by the official vote received will be slightly increased.

Chairman Slaughter of the republican state central committee made the following statement late last night: "I feel confident that Judge Harrison is elected by at least 5,000 plurality. I have the official returns from forty-eight of the mnety counties of the state. These counties cast at least 80 per cent of the vote that was cast last Tuesday. I make my estimate upon these returns, using the estimate in THE Ben as a basis. In all but six or eight of these counties THE BEE'S estimate is too low. By taking the increases over THE BEE'S estimate, and deducting the decreases, I find that in the forty-eight counties already received Harrison is in round figures 5,000 votes

ahead." The returns on regents are more meager than on judge. Twenty counties, outside of Douglas and Lancaster, show the following total vote: Eastabrook, 13,703; Kaley, 13,256; Weston, 11,445; Dootittle, 6,848; Pyle, 6,848; Kloman, 6,725; Heath, 9,903; Monroe, 10,278; Brainard, 9,530, Following are the returns from the several

counties:

HASTINGS -The vote on supreme judge for Adams county just counted: Harrison, 1,316; Holcomb, 1,074; Irvine, 525. This vote for judge is about 300 short of the rest of the ticket. The vote on regents has been as yet only estimated, but it will be substantially the same as on judge. A number of the republicans were claiming the county for Harrison by 600 and were not a little dis-appointed when the returns were given out. The entire county ticket nominated by the republicans is elected by pluralities ranging from 150 to 540. The Hastings city ticket of the republicans was carried with one exception, Rohrer, for justice, he being accused of treachery to the ticket on which he was running, and the republicans making a better canvass against him for a few hours previous to the election, and throwing their strength to McKinney, one of the

democratic nominees. NELIGH-Antelope county, with one township to hear from which will not materially change the result: Bittenbender, 82; Harrison, 667; Hotcomb, 1,041; Irvine, 149. THIRTY VICTIMS OF AN ANARCHIST

Barcelona, Spain, Thrown Into Mourning by a Madman's Work.

DYNAMITE EXPLODED IN A THEATER

Fearful Results Caused by a Fanatic's Hatred of Law and Order.

Many Who Escaped the Explosion Were

SCENES OF PLEASURE TURNED TO SORROW

Trampled to Death in the Mad Scramble Which Followed-Capture of the Bomb Thrower.

BARCELONA, Nov. 8 .- A dynamite bomb, thrown by alleged anarchists into a crowded theater, is the latest outrage and disaster

to be recorded in Spain. The Liceo theater, on the Rambla de Capuchinez, the Italian opera house, a magnificent building, sometimes classed as the largest theater in Europe, was filled last night with a large and distinguished audience which is estimated to have numbered close on to 4,000 people. The opera-"William Tell" was being performed, for the first time after a long interval. While the performance was proceeding and the enjoyment was at its height, two dynamite bombs were hurled from the topmost gallery into the midst of the stalls on the floor of the

One of the bombs exploded with a terrible report, which shook the theater to its foundation, scattering death and wounds and

destruction upon all sides. Dropped in a Lady's Lap. The second bomb, happily, did not explode. It fell in the lap of a lady, from where it

dropped harmlessly to the floor. The explosion caused a scene of terror and confusion rarely witnessed in a theater. The whole audience rose to its feet with horror and dismay, hardly knowing what had happened, the building ringing with shricks of fear, cries of pain and exclamations of

vengeance. For a moment the Liceo was filled with smoke and dust, falling glass and plaster, which caused a horrible rattling din, all this adding to the horrors of the situation and increasing the feeling of terror and wild panic which animated the vast audience.

Panic Added to the Horror. The terrified people, fearing that at any moment another bomb might be thrown into their midst, completely lost control of their actions. All regard for women and children seemed to vanish in those moments of fearful "sauve qui peut," and there was a fierce and hustling rush for the doors. Men and women fought fiercely with each other as they crushed weaker ones beneath their feet in the effort to escape. The wounded and dying were left behind, tended only by a few

old people and children were severely in jured by being trampled under foot, others were severely bruised and crushed by the outpouring crowd.

Thus, in a very few minutes compara

of the braver heads who remained faithful

to their dear ones. In this mad rush many

tively, the theater was emptied, except of the dead and injured. Fifteen Killen at the Start. The inside of the theater presented a ter-

rible appearance. Near where the bomb ex-ploded was a mass of splintered wood, among which lay numbers of dead bodies, some o them so terribly mangled as to be beyond recognition. When the wreckage was in some degree cleared away there were found fifteen dead bodies, of which six were those of men and mine women. The bodies of the unfortunate ladies lay close together, their bright-colored evening dresses, laces and

lewelry, gloves, hats, bonnets and other finery drenched with blood and torn in the most fearful manner. It was reported, after the examination of the dead, that a large proportion of the killed belonged to one family, who had taken a number of tickets, it is presumed, forming a theater party in honor of the birthday of one of those shattered to death by the an-archist's bomb.

At some distance from the spot where the fifteen dead bodies lay were groaning in agony many men and women who had been wounded by splinters of wood, pieces of glass and fragments of iron. Of those vounded fifteen were so seriously hurt that

they died. More Dead in the Corridors. Physicians, who were hastily summoned by the police, arrived in quick succession and immediately commenced a careful examination of this latest outrage in Spanish history. The dead were removed and laid together and the wounds of those seriously hurt were attended to by the physicians. The stairs and corridors were searched for

to that horrible rush for the doors which followed the explosion. Upon the stairs and in the corridors three persons were found lying dead and a large number of seriously njured people were picked up. Outside the theater was surrounded by a dense crowd of people who packed the Ram-ola de Capuchinez to the utmost and who were with difficulty kept back by a strong body of police. It seemed, from the appear. ance of the streets, that the whole popula-tion of Barcelona was out of doors and many were the expressions of bitter indignation

dead and wounded people who fell victims

from all sides against the anarchists. Dismayed at the Government's Helplessness But, while the people are indignant and madly incensed by the dastardly deed, fol-lowing so close upon the attempt of Pallas to take the life of General Campos, there is a general feeling of consternation at the helplessness of the government in the emergency. All houses inhabited by sus-pects have been searched and several ar-rests have been made. Among the first arrests were those of an Italian named Sal-dani and a Frenchman named Aragon. It is presumed that the actual bomb thrower escaped and that the police are simply gathering in anarchists in general, with the hope of finding some clow to the actual per-petrator of the crime.

General Campos, as soon as he was in-

General Campos, as soon as he was informed of the outrage, wired to Madrid and government messages monopolized the wires for the remainder of the day.

There is still much uncertainty as to the number of injured. Among the dead is an American named Figueras. His wife was also badly wounded, but she is now progressing favorably. Mrs. Figueras has not yet been informed of her husband's death, as her condition does not warrant the sad news being communicated to her.

being communicated to her. The unexploded bomb was found under a sent and is identical with those used by Pallas, the anarchist.
It is now learned that sixteen people were

killed by the explosion of the dynamite bomb in addition to those rampled to death during the rush for the doors. The number of seriously injured is estimated at fifty there are, besides, a great number of people who suffered slight wounds and bruises. The perpetrators of the terrible disaster have not been arrested and are apparently
