DAILY BEE NEWS FROM COUNCIL BLUFFS

Communication from a Citizen Concerning a Matter of Interest to Everybody.

EXTENSION OF THE INTERSTATE CHARTER

Special Favor Asked by the Company Suggests the Advisability of Selling Valuable City Franchises to the Highest Bidder.

At the special meeting of the city council which is to be held next Monday evening one of the principal items of interest to come up is the question of extending the time for the Interstate Bridge company to fulfill the terms of its motor railway charter. The request for an extension has been receiving a good deal of attention in municipal circles of late, some of the aldermen being heartily opposed to allowing any more time in view of the bit of carelessness of the company which resulted in a \$1,200 judgment for damages against the city. The following communication, which was received at THE BRE office, shows the state of mind of one of the prominent citizens of Council Bluffs with

reference to granting corporations any favors
they may see fit to ask without requiring
anything to speak of in return.
COUNCIL BLUFFS, Ia., Nov. 17.—To the
Editor of THE BEE: While the question of the extension of the time in which the Inter-state Bridge company is to construct its street car line is before the city council, the value of municipal franchises should not be overlooked. On this question the Minne-apolis Journal has the following:

Under an Intelligent law the city of Indianpolls recently sold a street rallway franchise
at public auction and a new company got it
for 10 per cent of the gross receipts the first
five years, 12½ per cent the next five years,
13½ per cent the next five years and 14½ per
cent for the ensuing lifteen years of the thirtyyear period, the payment to be made quarterly.

These payments it is astimated.

These payments, it is estimated, will aggre gate \$11.000,000. That is a good bargain. The company which gets such a franchise should pay somewhere near an equivalent of the concession. And if it has paid nothing for its franchise there is all the more reason why it should deal fairly with the generous public in such matters as transfers, plenty of cars and good service generally. Think this last remark over and see if it may not properly be given a local application.

She Didn't Try Very Hard.

"I have been to Omaha this afternoon merely to buy a pair of gloves," remarked a lady yesterday afternoon as she was returning from Omaha on board a motor train. "I wear No. 6i size, and I couldn't get a pair of that size for love nor money in any store in Council Bluffs." During a considerable portion of her trip she berated the merchants of Council Bluffs for their lack of enterprise. If this lady had taken the trouble to investigate at all thoroughly she must have found that there was one store in Council Bluffs where she could find gloves of the size she desired. The fact that she did not call at the Boston Store, which would naturally be the one she would first visit in making a search for anything in the dry goods line, is a sufficient indication of the lightness of her search. Gloves 61 in size, in almost any shade desired, can be purchased at the Boston store for \$1, \$1.25, \$1.50, \$1.75, \$2, or \$2.25. Visit the Boston store before you complain of not being able to find any particular thing you want in the way of dry goods, hosiery, notions or the like.

REPUBLICANS GET A SUPERVISOR.

Perry Karney is Elected, Even if He Didn't Get Enough Votes.

Perry Kerney is a member of the Board of Supervisors. In view of the fact that the official count of the last election showed that he lacked twenty-seven votes of having as many votes as his opponent, B. B. Dentler, this announcement seems rather strange, but things have been arranged so that both

but things have been arranged so that both of them shall look after the county business for the next three years.

One of the principal items of business that was transacted by the board yesterday was the acceptance of the resignation of Charles Alexander, a democrat. Mr. Alexander is moving to Missouri Valley.

Clerk Campbell, who is a democrat, met with Auditor Matthews and Recorder Shepard yesterday afternoon for the purpose of taking a vote. Kerney's good run through the county in the election determined the republican officials to appoint him. Campbell put in a large vote for Warren Hough of Crescent.

Yesterday was a sort of love teast day with the members of the board. There was not much business to do. The bills of the judges and clerks of election were all sealed up awaiting the recount to determine who shall be the next sher's, so that the interesting question of whother or not the judges

So many hundreds of testimonials have been recently published from peo-ple in every city and town of Nebraska shall be the next sher's, so that the interesting question of whether or not the judges and clerks who neglected their duty should receive pay for doing the work which they had not done could not come up for determination. He has made a No. I member, and there are, many who will regret to see him step out. A number of the county officials undertook to testify to their appreciation of the work of Mr. Hetzel during his terms of office, and just before the board adjourned a magnificently upholstered casy rocking chair was brought into the room and presented to him by Auditor Matthews in behalf of W. B. Reed, T. S. Campbell, W. M. Shepard, John T. Hazen, J. K. Cooper, John P. Organ, Charles Alexander, J. R. Black, S. B. Wadsworth, S. S. Keller and J. M. Matthews. The same gentlemen, with Alexander's name inserted in place of Hetoelected judge, and is today filling that flice. The judge is 67 years old, and has been afflicted with rheumatism almost all his life. For six months at a time he has had to go around on crutches from the effects ol rheumatism. He has tried medicine after medicine, and has been treated by numerous physicians, both in Ohio and Kansas, but the

Had a Cheap Time. A man by the name of Charles Sayder has been putting the officers of Council Bluffs

and Omaha to a good deal of trouble during the last week or two. He has been making the rounds of the various livery stables of the two cities, engaging rigs, and after keeping them out several hours, returning them by a boy or else leaving them hitched to trees in some other part of the city, where they would be found in due time by their owner. Just how many of the liverymen have lost through his weakness is not known, but at least two in the city have been stuck. M. Weatherbee and the pro-prietor of the St. Joe barn reported the case to the police and for several days the police have been on track of the stranger. Yesterday he was captured while riding around without overcoat or gloves, and he was aimost frozen. He was taken to the city jail and will be prosecuted on the charge of obtaining property under false pretenses.

The fire started shortly before 9 o'clock in room on the second floor of the main building. The girls whose lives were lost slept near this room. PORTLAND, Ore., Oct 25, 1898, -- To Omaha Investors in Clarke county, Washington, Fruit Lands-Report: As a member of your committee, 1 have this day visited and examined the lands of the Stearns Fruit Land company in Clarke county, Washington, about four and a half miles from Vancouver, and find them fully up to the representations of the company in every particular. The land set apart for you is level, the soil is excellent, the location desirable, the whole country around is beautiful with small farms planted to fruit; the roads are good, schools and churches are year. The people living there are all Americans of the best class. In fact, I am fully satisfied with the land and the county. I find that the lacts in regard to yield of crops have been underesti-mated rather than otherwise by that fully submitted, S. R. MUMAUGH, company in all its circulars. Respect-
