MAX MOHN HURT.

Falling Upon a Hard Pavement He Sustains Injuries that May Prove Fatal. Max Mohn, the proprietor of the Creston house, had a bad fall yesterday morning at 8 o'clock, and it is feared the injuries he sustained will prove fatal. He took a pail of water out in front of his hotel and had just emptied it into the street when his foot slipped and he fell forward to the pavement, lighting on his head. He was unconscious when he was picked up and carried into the hotel. He did not recover consciousness for several hours, and even last evening the only one he seemed to recognize or may any attention to was his wife. His physician last night gave him but little hope for recovery. The injured man was bleeding at the ears and has many symptoms of concussion of the brain.

DAILY BEE NEWS FROM COUNCIL BLUFFS

Minister Allen of the Christian Church Goes Slumming.

SOME OF THE SIGHTS HE WITNESSED

All the Dens of Both Cities Well Patron ized-Gambiers in Some Houses Doing a Rushing Business at Present.

Rev. E. W. Alien, the young paster of the Christian church of this city, went out on a s'umming expedition one night last week. A friend of his, who was familiar with the way the ropes hung, acted as his escort, and together the two made a tour of the tenderloin districts of Council Bluffs and Omaha.

Mr. Allen was dressed up in an outfit that presented him to the public as a flashy-looking swell with a decided tendency to gambling in his internal make-up. Mr. Allen himself is authority for the statement that his outward deportment was in first-rate accord with his exterior decorations, and this must be accepted as official, although there are many who have watched him de murely breaking the bread of life to the members of his caurch from his pulpit on Sundays who will regret having missed the pleasure of seeing him while he was engaged in playing his new role.

He states that in one gambling house in Omaha he found four roulette tables and four stud poker tables, surrounded by actual count by 125 men. The gambling houses in Council Bluffs are run on a different princi-Council Bluffs are run on a different princi-pic, none but the initiated being able to gain admittance. He was consequently unable to round up these places with the same free-dom that he did-those in Omaha. He made a tour among the wine rooms and brothels of Omaha and Council Bluffs, and says that every one of them had crowds of patrons, the names of many of whom, if announced in public, would cause a decided sensation public, would cause a decided sensation.

Ciara Morris at Dohany's. One of the leading theatrical events of the season will be the appearance of Clara Morris at Dohany's Opera house tomorrow evening. It was with difficulty that the necessary arrangements were made whereby the people of Council Bluffs could have the privilege of seeing this, the greatest emotional actress living today. A guarantee fund was raised, many of the most influential business men agreeing to back Mr. Dohany in his effort to please those of his patrons who desire nothing but the best in the way of entertainment. Certain it is that no play in which she has ever appeared has received any greater or more heartfelt approbation from the the-ater-going public. She is surrounded by a company of rare capability. This will be the only chance the people of Council Bluffs will have of seeing Clara Morris this season, as she will not a puear in Omaha.

Wanted Him to Liquidate. Walter Yeothers, the Sioux City Salvation army man, who has been mentioned in THE BEE as having gone off with a pair of pantaloons of his co-salvationist and benefactor, Charles Goff, was picked up yesterday by the police and put in the city fail with a charge of larceny placed opposite his name. He says he had been employed by Goff for a time, and that Goff owed him \$1.50 which he steadily refused to pay. Yeothers at last came to Council Bluffs to see about it, and came to Council Bluffs to see about it, and still Goff was backward about planking down any silver. He accordingly levied on Goff's stock for a pair of trousers which might have been worth 25 cents, and took them away as a souvenir of the way in which Goff did not pay his debts. He had them on when arrested, but as he did not have any-thing else on to speak of his condition as to thing else on to speak of his condition as to

TORE DOWN THE DEPOT.

Lucky Escape for the Station Agent of the Milwaukee at Portsmouth. A railway wreck took place on the Milwaukee road yesterday morning at 2 o'clock, in which the entire freight department of the depot at Portsmouth, the second station this side of Neola, was demolished and several freight cars were badly damaged. One of the cars of an eastbound freight train left the track and struck the end of the freight depot. Four other cars were piled up on the first car and the walls of th depot were broken like egg shells. It was a total wreck, and the ruins, as they were ex-hibited to the people who were passing through Porssmouth when day broke, formed station agent and his family occupied the east end of the depot as their home, but fortunately the wreck stopped before it reached that part of the depot, or all the occupants would undoubtedly have been killed while they slept. The wreck was cleared away during the day sufficiently so that trains could pass, but it will be a good many days before the marks of the accident will all be removed. The Babcock divorce case was completed in the district court yesterday afternoon and given into the hands of Judg 2 Smith. This case has been pending for several months, and the trial has occupied almost the entire past week. It was perhaps the "smuttiest" past week. It was perhaps the "smuttiest" case ever tried in any court in Council Bluffs, and the disclosures made by the plaintiff, Jennie Babcock, were eagerly drank in by the usual crowd of loafers who frequent a scene of that kind. Plympton Babcock, the defendant, is a well-to-do farmer living near Rockwell City, in Calhoun county, and he came here, accompanied by a good portion of Calhoun county, the latter being subponaed as witnesses on one side or the other.

After hearing the evidence and the arguments of the attorneys, Judge Smith

rendered a decrition giving the plaintiff the divorce she craved. He also awarded her permanent alimony in the sum of \$2,000, together with \$500 for her attorneys' fees. These amounts are in addition to the \$135 which was awarded her by Judge Macy as temporary alimony and the \$125 for attorney fees. BENNISON BROS.

Cass County Farmer Arrested. A. M. Wakefield, a farmer living at Atlantic, was brought in by a Council Bluffs officer yesterday morning, an information having been filed in Justice Vien's court charging him with obtaining money under false pretenses. Charles Huber, a Council Bluffs butcher, was the complainant. He claimed that Wakefield contracted to sell him some stock which he did not own, and also secured some money from him in ad-vance on the strength of his supposed ownership. He has begun suit on the breach of contract and is also prosecuting Wakefield on the criminal charge above given. He gave bonds for his appearance next Monday

She Didn't Try Very Hard. "I have been to Omaha this afternoon merely to buy a pair of gloves," remarked a lady yesterday afternoon as she was returning from Omaha on board a motor train. "I wear No. 64 size, and I couldn't get a pair of that size for love nor money in any store in Council Bluffs." During a considerable portion of her trip she berated the merchants of Council Bluffs for their lack of enterprise. If this lady had taken the trouble to investi-gate at all thoroughly she must have found that there was one store in Council Bluffs where she could find gloves of the size she desired. The fact that she did not call at the Boston Store. which would naturally be the one she would first visit in making a search for anything in the dry goods line, is a sufficient indication of the lightness of her search. Gloves 61 in size, in almost any shade desired, can be purchased at the Boston store for \$1, \$1.25, \$1.50, \$1.75, \$2, or \$2.25. Visit the Boston store before you complain of not being able to find any particular thing you want in the way of dry goods, hosiery, notions

or the like. MEXICAN DISTURBANCES.

Revolutionists Still Sanguine of Gaining

Victory. Et. Paso, Tex., Nov. 18.—The air is tonight full of rumors concerning the disturbance on the Mexican border, but it is absolutely impossible to verify any report. The revolutionists in this town and Juarez say posi-tively that Corralitos has been taken, but the Corralitos company's agent here has heard nothing of it. In fact, they have heard nothing whatever. The manager of that company. Britton Davis, has a brother here, Mr. Waters Davis, who says that he has heard nothing, but is confident that the rebels cannot capture that town.

A mining man who came up yesterday tells that he was at a little town between San Jose and Ascension the day the federal troops went out and that he found the government pressing citizens into the service with the regular troops. He is a reliable man, but as he has large interests in that country he cannot afford to allow his name to be used.

Finally Paid Up. Sioux Falls, S. D., Nov. 18 .- [Special to THE BEE.]-Land Commissioner Ruth has een fit to send Minnehaha county her share of the interest remittance fund, and yester-day County Treasurer Norton received a warrant drawn on the state treasury for \$5,984, this county's share of the fund. Major Ruth asserts that the distribution was made as soon as was possible, although it is now four and a half months since it should have been made. The major no doubt hurried up a little on account of a formal complaint being lodged against him by the Sioux Falls school board. The interest on the money due the different counties of the state— \$94,000—for the four and a half months' delay n its payment would amount to about \$3,500

Leavenworth's Street Railway. LEAVESWORTH, Nov. 18 .- The city counci and Receiver Newman Erb of the Leavenworth Electric Railway company being unable to agree on a franchise, all the horse cars were stopped by the receiver today, who announces that the company will who announces that the company will abandon the present street railway until such time as the council will permit it to convert it into an electric line. CHICAGO, Nov. 18 .- The soldiers of the United States post at Fort Sheridan have United States post at Fort Sheridan have rebelled against the quality and quantity of food served at the regimental mess, and the officers are powerless to subdue the insubordinate troops. For several weeks the men have complained bitterly against the food furnished them, and last night the troops refused to eat and left the mess room in a body, procuring their evening meal in the stores of the adjacent village. It is believed that the affair is so serious as to necessitate an investigation by the War department at Washington.

the Subject.

DES MOINES, Nov. 18 .- | Special Telegram to THE BEE. | The candidacy of Hon. A. B. Cummins for United States senator will be formally announced in a local paper tomorrow morning. The name of Congressman J. F. Lacev of Oskaloosa is also formally announced. These are in addition to the acknowledged candidacy of Congressmen Gear and Hepburn, Attorney General Stone

and others.

The candidates for minor offices in the gift of the next legislature are more numerous than for many years, and are already beginning to make life a burden to those supposed to be possessed of influence. The office most sought after is sergeant-at-arms in the senate. The candidates for this office are men of prominence. Among them may be mentioned: Hon. Thomas Weidman, Red Oak; Hon. J. J. Mathews, Clinton county; Hon. Peter Melendy, Waterloe; Hon. D. M. Fox, Des Moines; S. W. Smith, Mason City, and Mike McDonald, Guthrie county. Weidman and Mathews are ex-senators. Melendy was sergeaut-at-arms in the senate four years ago. He is a brother-in-law of Judge Woolson. Fox is president of the Tippecanoe club in Des Moines, Smith is law partner of J. E. Blythe, and McDonald is a member of

the State Agricultural society. The only candidate so far announced for secretary of the senate is J. B. Swinburne of Humboldt county. The fiveliest contest for positions in the house will be over the speakership. The candidates now in the field are Henry Stone of Marshall county, W. Wyckoff of Appanoose, S. J. Van Gilder of Warren, H. W. Byers of Shelby, P. A. Sawyer of Woodbury and ex-Speaker Mitchell of Adams. N. N. Jones of Atlantic, member of the

state central committee, and James Beard, the present incumbent, are candidates for warden of the Fort Madison penitentiary. W. S. Kenworthy of Oskalossa, T. H. Stone of Winterset and Sherman F. Myers of Cass are candidates for chief clerk. Miss Fanny Beebe of Atlantic is a candidate for postmistress. Mrs. Mollie Heist of Allerton and Mrs. L. Elliot of Des Moines are candidates for engrossing clerks.

The candidates for the still less important positions about the state house and in the legislature are too numerous to mention.

The robbery occurred September 13 and up to this arrest here no clew has been obtained. The authorities are

very reticent. The prisoner was arrested for a petty crime and papers were found on his person implicating him in the train robbery. DEADLY GATARRH PONDERS.

THEY POISON BRAIN AND BODY.

Why Patent Powders and Drugs are Worse than Useless in the Treatment of Catarrh and Its Associated Conditions,

That catarrh is an entirely curable disease is now an established fact in the medical world. The disease yields surely to proper methods skilifully used by competent physicians. However, the use of patent nostrums, of whatever kind, is always followed by failures to cure, and the patient is lucky infect if he escapes without permanent injury to his besith. World-Herald of this city made a thor-

The World-Heraid of this city made a thorough investigation, spending some three weeks among physicians, aragists and co-caine habitues. It finds that there can be no exaggeration of the damage comine catarrh snuils are doing in our mildst. These preparations are so strong of cocaine that it is said they can be substituted for the pure cocaine. The Heraid says:

"It has been demonstrated that hundreds of these packages of catarrh snuil are disposed of every day in Omaha, and the worst feature of the whole transaction is the fact that very few if any who purchase them are aware that they contain coraine. By this means thousands of of people unwittingly are gradually brought under the influence of this drug and never realize the craving until too late. Instances of this character have come to notice in the course of investigation to substantiate the assertions."

"When closely questioned it was found that both had been using a well known eatsrrh snuff; the terrible habit had become fixed, and today one person is using two bottles daily and another four."

HOW BURT COUNTY VOTED.

TEKAMAH, Neb., Nov. 16 .- To the Editor of THE BEE: In THE BEE you editorially comment upon the late contest for judicial honors, and attribute the defeat of the nonpartisan nominees to Burt county and the fact that no energetic canvoss had been made here in behalf of the nonpartisan nominees and a lively still hunt on the part of the partisan fellows. This may be true, but the secret of the whole matter lies in he fact that Burt their ticket straight. It is their custom. The leaders have made it a business to teach their followers to vote their ticket vote it straight. Their effort who had the "republican democrat-nonparti san" nomination, ran 400 votes behind both Judge Ambrose and Judge Blair, who had the single "republican" nomination, when he should have run 400 ahead. An investigation into the cause of this proves couclu-sively, that, when in their booth, voters spread out the ticket and, with the left hand covering the names of the candidates, they run down the entire length of the ticket, making an X after every name hav-ing the brand of the party to which they be-

longed, (and this is true even down to justice of the peace. Business men have confessed that they neither voted for Judge Waltonmor Judge Dickinson, county judge of Burt county, beause the word "republican" was farthest from the space to mark that it was not detected, and passed. A reference to the vote will show that none of the other candidates received the 800 votes lost to Judge Walton, but his name votes lost to Judge Waiton, but his name being printed with "republican-democratnonpartisan judiciary" following the name lost him a very great number of republican votes and a large number of democratic votes as well and gained him none.

Judges Ambrose and Blair had the single word "republican" directly in front of the spaced to be marked, and they got every republican vote.

publican vote. Our own Judge Dickinson, who had both Our own Judge Dickinson, who had both the republican and democratic nominations, admits that he ran fully 200 votes short, and I can only attribute the cause to the fact that the word "republican" appeared first and the word "democrat" appeared next to the space to be marked.

In a county with 1,000 republicans who vote straight, and 400 democrats, a large number of whom do their butchering on election gay, it does seem that it is suicidal for

The better class and more intelligent voters of all parties approve of the nonparti voters of all parties approve of the nonparti-san judiciary, but forget or overlook this point in voting. The new method of voting too, tends to "rattle" many who fear making a mistake, so they make the "X" after their "republican," "denocrat" or "independent" nominees to avoid errors. "It is unspeakable relief to be rid of the buzzing and ringing that was always in my cars, and which I feared would really set me crazy. nor a heavy waron on the pavement close by me. In fact, so far as nearing went, I was dead to the world.

"Nearly two years ago I went to Dr. Shepard to see if I could get cured of my catarrh and my deafness. I paid his trifling fee and realized a perfect relief. For a while I feared it would all come back on me, but instead of that I amentirely restored, and as well as when Dr. Shepard finished my case. My experience proves to me that deafness and catarrh can be cured to stay cured if the right methods are used.

"Having been perfectly and completely cured by Drs. Copetand and Shepard I cannot say too much in praise of their skill. My deafness is entirely rone. Although a young man I never expected to be able to hear again, and concluded that my catarrhal disease would steadily wear me out. My case was a serious one and life seemed a burden, afflicted as I was. The scientific work of Drs. Copetand and Shepard has made me a new man, has given me back the use of all my senses, and I am anxious that every afflicted person may know where they can find relief and cure. I am sure these physicians can do for others what they have done for me."

Electricity as Applied to Boats on the Eric Canal-Its Practicability Proven. ROCHESTER, N. Y., Nov. 18.-The first canal boat in the world to be propelled by electricity ploughed through the waters of the Erie canal this morning and New Yorl state added another victory to progress. When Governor Flower had seen the experiment made and heard the opinions of electrical experts present that they considered it feasible, he said: "One of the most important steps in the march of progress has been taken. Increase the speed and you can increase the capacity. If power can be obtained from Niagara, and it can be, to cents per day will furnish the motive power for a canal boat; it takes four mules and two men to give it now. That means cheap ening the rate for carrying freight; it means that 21/2 cents will carry a bushel of gran from Buffalo to New York; another 214 cents is going to deliver at in Buffalo from Duluth; 5 cents brings a bushel of wheat from the fields of the west to the metropolis. Isn't that going to beat the Mississippl route, or the Canadian route, or any other route? When this is done wheat is not going to stop in Minneapolis."
