## No Attorney to Prosecute.

William Brown, who is charged with shooting Harvey Washington, is to have a preliminary examination this morning at 9 o'clock before Justice Vien. It seems highly probable that he will be turned loose, in spite of the serious nature of his offcuse. He has secured the services of J. J. Stewart as attorney and evidently intends to fight the case for all it is worth. The state, on the other hand, will be without an attorney to prosecute, unless some arrangement is made more than is now known of. County Attorney Organ, whose business is comp supposed to be to attend to cases of this kind, was seen and asked to take charge of the prosecution. He replied that he was too Washington is a poor man and is not able to throw much money away on attorneys. Willson Meetings. The Willsons will close their work in Council Bluffs next Monday evening with another of their popular concerts. Their Monday evening concerts have secured crowded houses. That people appreciate their songs is evidenced by the immense throngs and the rapt attention paid them. Next Monday evening will be the last op-portunity Council Bluffs neople will have of istening to them, as they expect to leave for the east at once. At the urgent request of many they have secured little Joie Dell Parks of Omaha to be present again and recite. All who heard her before will be anxious to hear her again. Stole and Skipped. Harry Walker, a young colored man who was employed as waiter at H. A. Baird's restaurant, is missing and his former employer is willing he shall stay away. For several days Mr. Baird missed a number of articles of more or less value and he decided to keep a watch for the thief. A few days ago he found that walker was the guilty party, and he caught him taking a chicken and a box of cigars to a hiding place in the cellar. As soon as his shortcomings were discovered Walker flew to Omaba, where he has been ever since. The theft is so small that requisition papers cannot be secured, but a warrant for his arrest has been issued and he will be anabled if he sets foot on this side of the river.

Deadly Gasoline Again Cets in Its Work on a Busy Housewife.

MRS. BARTO BADLY BURNED BY THE STUFF

Caught While Cooking Breakfast and Almost Cooked Herself-A Case that Demands Charitable Attention Immediately,

Mrs. Barto who lives at 915 Avenue A. was badly burned yesterday morning in an explosion of gasoline. She was preparing breakfast when the explosion took place The upper part of her body was immediately enveloped in fiames, and before they were extinguished she sustained some serious injuries. Her left arm was cooked almost to the bone and she was badly burned about the face. Deputy Marshal Anderson heard of the affair and went to the nouse, finding her in a poverty-stricken condition and without any one to assist her. He dressed her burns and the neighbors agreed to help her as well as they could. The case is described as being fit for charity.

## MORE TROUBLE AHEAD.

First Warders Organize in Opposition to

Motor Company Tyranny. The meeting of the residents and property owners of the Sixth ward last Friday night to organize in opposition to the motor coinpany was followed by a similar meeting in the First ward last evening. A large number of the residents of that ward gathered in Wheeler & Herald's office and discussed motor affairs, and especially the subject of a 5-cent fare.

5-cent fare.

The meeting was put in shape by the selection of L. C. Besley as chairman and H. G. McGee secretary. J.-R. Bell, John Clausen, and Alexander Wood were appointed vice presidents. After James McCabe had made one of his characteristic redhot speeches against the motor company, in which he outlined the history of the last few years as it is known to the readers of THE BEE, a committee was appointed to draw up a set of resolutions. This resolu-tion, which requested the city council to begin war upon the motor company in every way possible, will be presented at the meeting next Tuesday evening, and a committee of First warders will be on hand to see that it receives its due share of attention from

the city dads. The plan of warfare surgested in the speeches last evening was one of taxation. The courts have decided that a corporation's rolling stock, its franchise, and all its property, even down to its poles in the streets, are subject to taxation, and from this decision it is evident that the motor company has not been paying into the city treasury anything like the amount of money that could be legally collected from it. The city authorities, consequently, have it in their power to make the climate a great deal warmer for this unruly corporation than it has so far proved, and the council will be re-quested to do all in its power to have the kindling wood split and the coal oil

Two wards have so far organized in this manner, and it is announced that within the next five days every other ward in the city will be in readiness for an active anti-moto This movement looks forward to the coming spring election, at which a mayor and four aldermen are to be elected, and the question of a reduced fare will doubtless be an issue at that time as it was two years ago, and it is to be hoped with more success.

## It's a Parallel Case.

Couxen Blures Dec 7 -To the Editor of THE BEE: Some years ago when Mr. Burus was superintendent of the old horse car lines he told the writer, that when he tock charge of the business for the Union Pacific company, it was being operated at a loss of several thousand dollars per year. This was with a very poor service, running about every haif hour to the foot of Maia street and to the transfer and charging 10 cents each way. Mr. Burns improved the service by running cars every ten minutes and reduced the fare to 5 cents. Under this treatment the receipts improved until the com pany was making a profit the last year that Mr. Burus was superintendent. Would not the motor company find its business affected in a similar manner by reducing the fare between Council Bluffs and Omaha to 5 certs and to the infinite advantage of both

We believe the company can amply afford to do this and would soon find its business more profitable than at present, notwithstanding its assertion that the great cost of its bridge makes a 5-cent fare impossible. The bridge is not used exclusively for motor traffic; indeed this is a small part of the traffic which crosses it, and it is not right to ask the patrons of the motor line to pay interest on its entire cost, when it is well known that the tolls from wagou and carriage traffic make the bridge an extremely profitable investment if no charge was made for passengers crossing on

the motor line.
The motor people not only want to make the public pay them interest on \$1,500,000 of stock which they have created out of an in-vestment of \$80,000, but they want to continue the 10 cent fare and exorbitant wagtolls now in force in order to make us pay interest on the cost of two bridges, one for motor and one for wagon traffic. Is this fair?

The new cruiser had equaled all expectations by making eighteen and ninety-four hundredths knots au hour. The starting point off Plum island, about fifteen miles from New London, was in sight at 9:30, the buoy was passed at 10:27:03, making the time for the six miles eighteen minutes and thirty-four seconds, an average of nineteen and four-tenths knots an hour The first half of the course, thirty-six miles, was covered in one hour and fifty-eight minutes, an average of eighteen and three tenths knots an hour. The Vesuvius was passed on the return trip at 12:27:37 and the ace down the home stretch was commenced All the conditions were favorable. The wind and tide were with her and she was

working finely.

The last half of the course, thirty-six miles, had been made in one hour and fifty minutes, approximately, and the half had been run at the rate of nineteen and sixtyseven hundredths knots an hour. The seventy-two miles had been covered in three hours and eight minutes at an average rate of speed of eighteen and ninety-four

The election of officers resulted as follows: Predident, W. W. McCling, Waterloo; vice presidents, J. P. Manatrey, Fairfield; Richard Baker, Jr., Farley; John Cownie, South Amana; W. B. Barney, Hampton; Prof. C. F. Curriss, Ames; W. W. Vaughn, Marion; H. D. Parsons, Newton; C. C. Norton, Corning; F. R. Slaffer, Campbell; L. S. Coffin, Fort Dough; J. A. Benson, Sanborn; secretary and treasurer, G. W. Franklin, Atlantic.

#### As to Fature Meetings.

The report of the committee on location favored the State Agricultural college at Ames on the third Wednesday in October, 1894. The constitutional dates were waived and the report adopted. The committee on the advisability of permanently locating the association's annual meeting at some central point recommended the following change in article v of the constitution: The annual meetings of this association shall be held at \_\_\_\_\_, beginning on the fourth Thesday of October of each year and continuing three days, at which time all officers shall be elected by ballot and they shall hold their offices until their successors

are elected and qualified."
Prof. James Wilson then spoke upon the topic, "Soling Crops During Drouth." The address was very comprehensive and useful. Prof. H. C. Wallace then read his paper, "The Improved Farm Dairy." He also explained his new discovery for testing the condition of cream, whereby every particle of fat can be extracted. This is pronounced the most important advancement in dairying since the discovery of the Babcock test. It will be given in full in the December builetin of the State Agricultural college. Tonight the citizens of Corning banqueted their guests at the flotel Bacon. The session

While the terms are not altogether as satisfactory as the men expected, the respectively of them as where is expected, the majority of them say there is no use in showing dissatisfaction or stub-bornness, but that they will endeavor to get back to work as quickly as possible.

All Go Back or None. ROCHESTER, N. Y., Dec. 7.—F. W. Prentice, deputy grand master of the Order of Railway Telegraphers, tonight received the following dispatch: "STRIKERS' HEADQUARTERS, WILKESBARRE, Pa., Der 7.—Have all men report for duty at once. Wait for superintendent's reply.

We go back as one man or not at all. "EDWARD ASHTON, "Secretary Scranton Division, Prentice said to the Associated Press representative: "If the company takes one of us back it must take us all, otherwise the settlement made Tuesday is void. To all in-

#### tents and purposes tonight the strike is still Coal Strike Collapsing. PITTSBURG, Dec. 7 .- The strike at the mines of the Pittsburg and Chicago Gas

Coal company at Snowdon, Gastonville and Hackett is about over. Nearly 200 men have returned at Snowdon, fifty at Gastonville and twenty-five at Hackett. The deputies are still on duty, but the strikers are quiet and no more trouble is apprehended. The strikers who are still out at Gastonville met today and decided to go to work at 65 cents per ton, provided the ironclad agreement was abolished. This is the rate the operators offered at Tuesday's conventions The operators have not yet given an answer.

Eight Hours Instead of Ten. TOPEKA, Dec. 7 .- A notice has been posted in the Santa Fe railway shops in Topeka and elsewhere on the system that hereafter the usual winter schedule of laws will be in effect; that is to say, the men will work eight hours a day instead of ten. There is no reduction in the force.

## May Accept Woonsocket Scale.

PROVIDENCE, Dec. 7 .- The conference be tween the business men and the executive committee and mill owners today resulted in no settlement, but there is every reason to believe that the operators will agree accept the Woonsocket scale.

Postponed Action on a Wage Cut.
Pressume, Dec. 7.—The railroad coal operators agreed to postpone action on the mat ter of cutting down wages until after the miners' convention on Friday.

## COLLARED THE READY CASH

Daring Plan of Professionals Crowned with the Greatest of Success,

MIGHT HAVE TAKEN AS MUCH MORE

Thousands of Dollars in Cash Left Un touched by the Robbers, Who Were Evidently Particular in Their Choice of Funds.

Sourn Benn, Ind., Dec. 7 .- The South Bend National bank, one of the largest banks in northern Indiana, was robbed of over \$15,000 today.

The robbery was committed in broad day light, while hundreds of people were on the street, and the robbers succeeded in getting away with their booty without leaving the slightest clew.

Chief Benjamin Rose was at once informed and set his officers at work immediately, but no trace of the men has been obtained Every train and other means of leaving the city are carefully watched and the officers hope to obtain some clew before tomorrow. Chief Rose believes there were no less than four men in the gang, and possibly more.

### During the Noon Recess.

Cashier Campbell remained at the bank. which is in the heart of the city, until all employes were gone. He then, as he supposed, locked the middle door of the big vault, and left everything in the usual shape at the noon recess. It was fifteen minutes after 12 o'clock when he left. At ten minutes of 1 he returned. Ten minutes later Assistant Cashier John M. Brown arrived. The men found a rear window open, the back door unlocked, and the door be tween the directors' room and the counting room mutilatad. A rush was then made for the vault. The door was swung back and the safe examined within. A glance showed that the money had been taken.

#### Got Almost \$16,000. The police were at once notified, and when

the day's balance was made up it developed that the robbers secured \$15,900. There is little doubt but that the bank

had been watched for several days, per haps weeks. The raid was well planued, as is shown by the fact that the robbers touched no money that would be missed On top of the safe was a counter tray containing about \$5,000. Not a cent of this was touched. They confined themselves to the safe, which contained in the neighborhood of \$25,000, \$14,000 being in gold. Of the gold only \$4,000 was taken; the rest of the \$15,900 stolen was in paper money. The robbers then closed the vault door to allay suspicion and left by the back door. There is every reason to believe the robbery was the work of professionals, as the preparations were perfect, and the men were probably fully armed for action if caught in a tight place.

CRIME IN HIGH PLACES! It is not strange that some people do wrong through ignorance, others from a failure to investigate as to the right or wrong of a matter. But it is strange, that individuals and firms, who are fully aware of the rights of others, will persist in perpetrating frauds upon them. High-toned, wealthy manufreturing firms will offer and sell to retail merchants, articles which they know to be infringements on the rights of proprietors, and imitations of well known goods. We want to sound a note of warning to the retailers to beware of such imitations and simulations of "CARTER'S LIT-TLE LIVER PILLS." When they are offered to you, refuse them; you do not want to do wrong, and you don't want to lay yourself liable to a lawsuit. Ben Franklin said "Honesty is the best poli-': it is just as true that "Honesty is thebest principle."
