borer, Meets a Horrible Death.

Mangled Remains Scattered Along the Track-Mrs. Rudiger's Murderous Bullet Finally Causes the Death of Henry Reiser-Magie City Gossip.

Swan Gustavson, a single man and a carpenter employed at the Elkhorn's new round house, met with a shocking and fatai accident at 6:40 yesterday morning on the Union Pacific tracks at K street.

Tom Toy, a young man living at Twentyseventh and Dupont streets in Omaha, was on his way to this city and was following the tracks. Just as he neared K street he saw something which appeared like a shadow flash up into the air directly in front of a large switch engine as it went whizzing past the crossing. His impression was that it was a man, but the light was so dim that he could not distinguish anything definite. The switch engine was going north and did not stop. Mr. Toy went a little further when he saw what appeared to be a pile of waste lying by the track. Thinking this was what he saw going up into the air he turned it over. Mixed up in a mass of torn clothing were the mangled remains of a man. Fifty feet further on he found the head. Death had been

The unfortunate man was only a little distance from home, and was on his way to work, as the coffee in his dinner bucket was still warm. Both arms were completely severed and broken and the body from the thighs up was mashed to a pulp. The liver was torn from the body and was picked up was tore from the body and was picked up twenty-five feet from the head. The limbs were twisted and broken. The head was severed as smoothly as though it had been done with a sharp knife, and the expression on the face was unchanged and perfectly natural. There was not a scratch or bruise on the face or head.

Mr. Toy hastened to the station to give the alarm. Coroner Maul was notified and gave instructions to Undertaker Brewer to remove the remains to his morgue.

remove the remains to his morgue.

A great many persons viewed the ghastly

remains at the morgue, but no one recognized the victim until last evening.
Some of the railroad men are of the opinion that the man was knocked down and killed by a switch engine and then run over by a freight train afterwards. The morning was foggy and it was perhaps on this ackilled him. The strange part of the killing is that the engineer did not know of the accident. An inquest will be held at 9 o'clock this morning. Gustavson was about 30 years old.

HENRY REISER'S DEATH.

Mrs. Rudiger's Victim Dies of His In-Juries-Funeral Arrangements. At an early hour yesterday morning Henry Reiser, the young man who was shot in South Omaha by Mrs. Elois Rudiger, died at the Presbyterian hospital in Omaha.

The remains were removed at once to the morgue. At the time of the shooting it was thought that Reiser could not live twentyfour hours, but though the physicians had no hopes of recovery they did all they could to prolong the patient's life and he lived just

Coroner Maul had a postmortem heid on the remains yesterday forenoon and at 2 o'clock today an inquest will be held. The remains of Reiser were brought to South Omaha last evening and turned over to Undertakers Brewer and Sloan. Some time ago Mr. Reiser sent for Mr. Sloan and gave him detailed instructions in regard to how and where he wished to be buried. He asked that he be buried in the Albright cemetery and described about what sort of casket he perferred. He also wished to be buried on Sunday if such a thing was possi-ble and wished to have the funeral con-

ducted from the Presbyterian church in this All of his requests will be granted as nearly as possible. Mr. Sloan is a member of the Royal Arcanum and the funeral will be conducted under the auspices of that

order,
Mr. Reiser stated to Mr. Sloan that he had left an itemized account of all his indebted-ness for his cousin, whom he requested to pay with the insurance money that will come from the Royal Arcanum. The bal-ance he has willed shall go to his father. According to this statement the woman in Illinois who has been writing that she was Reiser's wife will get left. Reiser proclaimed to the last that he was never married to any woman. The man had suffered untold agony for the last seven weeks. He had realized all the time that he could never get well and talked cheerfully of death.

Attorney Bayless, who with Attorney Estelle has been employed to defend the woman who fired the fatal shot, went to Omaha yesterday to counsel with Es-telle and his client. The charge will now be changed to one more serious.

Valuations of Personal Property Raised By

the Board of Equalization. The city council got together yesterday for the purpose of listening to the report of McLearie, Wheeler and Thomas, the committee on equalization of the 1894 taxes. This committee has been in session for nearly four weeks receiving complaints of erroneous and unjust assessments. The committee's reports and recommendations were approved, and the board as a board adjourned until next Tuesday evening at 7:30 o'clock, when the committee will render its final re-port to the body as a board of equalization. The report will then go before the regular meeting of the council.

NOTES FROM THE HEADSMAN. Federal Officials Hear of Doings at Wash-

ington-Mr. Conoyer's Statement. Surveyor of the Port Alexander was not perceptibly disturbed by the Washington dispatch in the papers yesterday which stated that his official decapitation had been announced. This he considers a mere formality which has no further significance than that his resignation will be demanded at the end of the year when his term expires.

Mr. Alexander does not consider as authoritative the statement that James McShane will step into his official shoes. He believes that the identity of the next occupant of the office is still a matter of conjecture and that no one has as yet a cinch on the appointment.
Mr. Charles Conoyer in speaking of the

reports from Washington said that he knew othing of the plan to prefer charges against Postmaster Clarkson "Senator Manderson is mistaken, however," said Mr. Conoyer, "in his statement that Mr. Clarkson's predecessor was allowed to serve the full four years of his commission. The fact is that Con Gallagher served less than three years. He was appointed on January 18, 1888, and his term would have expired on January 18, 1892, but his resignation was asked for, through Senator Manderson's efforts, and Major Clarkson was appointed to succeed him on October 28, 1890, when he had served but two years and nine months, instead of four years, as stated by Senator Mander-

Young Man Charged with Itaving Circulated Bogus Silver Dollars.
Deputy Marshal Ed Allea went out to

Madison county Thursday and arrested Samuel C. Mains, who is charged with having passed counterfeit money. It is alleged that Mains got hold of a quantity of spurious silver dollars which he was disposing of among the unsuspecting farmers of that locality at a rapid rate.

At length one of the victims found that he had been worked and gave away the scheme to the authorities. Mains was ar-raigned before Commissioner Anderson Fri-day night and held for the grand jury in the sum of \$500.

Frank Dorsey's Cass Continued. The motion for a continuance by the attorneys for Frank M. Dorsey was granted by Judge Dundy yesterday. The court said that if Dorsey was too sick to come into court there was no use in trying to go on with the case and as the court was shy on witness fees it might be impossible to try the case at the present term of court anyway.

A new bond will be required in the sum of \$10,000.

Douglas County Farmers Talk of Organ. izing a Vigilance Committee. For months the residents of the west end of the county have been annoyed by a band of thieves who heretofore have devoted their energies to stealing grain, but now these light fingered gentlemen have varied their occupation and have commenced a raid upon the school property. Monday night some of the members of the gang broke into the school house in district 43 and carried away all of the books, the globes and the stove. Not satisfied with this they stole the sautters from the windows and the locks from the doors.
