Price Reduced to \$1.55 Per Thousand Feet for lituminating Purposes and \$1.35 for Fuel Gas-Objectionable Features Eliminated.

Through the efforts of Mayor Bemis inportant concessions have been made by the Omaha Gas Manufacturing company that will prove directly beneficial to the consumers and reap a handsome aunual revenue to the city. Saturday Mayor Bemis held a conference with President Murphy and Attorney Morgan that lasted for five hours and another one Sunday night that continued for three hours. Yesterday's conference was also a prolonged one. The field was thoroughly gone over and the subject discussed in all its phases.

Mayor Bemis insisted upon a reduction in the price of gas to the consumer. He fought for \$1 50 per 1,000 feet for illuminating gas and \$1.25 for fuel. White the mayor was not entirety successful, he was very nearly so.

Future Cost of Gas.

The company has agreed to furnish the Huminating gas at \$1.60 per 1,000 feet and the fuel at \$1.35. In the former ordinance granting the franchise for fifty years the price was fixed at \$1.75 for both, and the same price was upheld in the subsequent or-

same price was upheld in the subsequent ordinance reducing the life of the franchise
to twenty-five years. For its own use the
city will pay \$1 per 1,000 feet for the gas.
The reduction in the price of fuel gas from
\$1.75 to \$1.35 is upon condition that whenever
a consumer shall run separate pipes, properly tested, on the premises for gas for use
for fuel purposes only, the company shall at
its own cost furnish and set a separate
meter for measurement of gas to be delivered for fuel purposes only, provided such ered for fuel purposes only, provided such consumer shall first agree in writing to take not less than \$500 cubic feet of gas for fuel within the next twelve months at the cur-rent rates for gas supplied for such purpose the company may charge for gas supplied for the company may charge to gas sold for fuel gas only, a rate not exceeding \$1.35 per 1,000 cubic feet; provided, no gas sold for fuel purposes shall be used for any other

All bills shall be rendered at a rate to exceed 10 per cent per 1,000 feet of the gas con-sumed, and upon payment within ten days shall be allowed. As provided in former ordinances permits shall be secured from the Board of Public Works for the opening of streets, and the company shall hold the city harmless from any damages. To purchase the plant the city can do so

by appraisement, by notifying the company at least six months previous to taking any steps. Then the city and company each choose an appraiser and they the third. The appraisers shall determine the value of the plant and their figures shall be accepted as a basis for purchase, and no value shall be placed upon the franchise.

The company agrees to lay pipes upon graded streets whenever an average of five consumers for every 250 feet shall agree to take gas, and upon streets bordering upon a park an average of three consumers, and also upon streets where the city contracts for not less than four lamps for each 250

On ungraded streets the company will lay mains under the same conditions, providing the city shall agree to pay the cost of relayling such mains when the street is graded.
Notice of the assignment of the franchise shall be given the city and the assignee shall be bound by its provisions. Within thirty days after the passage of the ordinance the company shall file with the city clerk a formal acceptance of the same. All ordinances in conflict with the new one are re-

C.ty Council in Executive Session Discusses

the Gambling House Question.

INCLINED TO ACCOMMODATE ALL COMERS

Taxpayers League Makes an Official Demand for the Repeal of the Ordinance Locating Fire Hydrants-The Guttalsen Inquest-Other News.

Immediately after the adjournment of the city council last night an executive session was held. Mayor Walker arrived in time to take a hand in the secret meeting. In fact, he presided as soon as the reporters and other objectionable characters were asked to pass out.

Immediately upon taking the chair the mayor stated that he wished to talk to the members of the council on the gambling proposition. Within the last few days he had been told by Omaha men that the authorities of that city were soon going to swoop down upon the places of vice and make a jack-pot of the whole lot. In fact, the gambling houses were to be closed. Four of the proprietors of bouses in Omaha had intimated to Mr. Walker that they desired to open houses in South Omaha. This was the proposition that the mayor wanted to speak on. He said he was decidedly opposed to allowing any more gampling houses to open here than were in operation at the present time. Two were enough for a city of the size of South Omaha. The ones now ning were well conducted and com-pletely under the surveillance of the police. If any more were allowed to open out it might be different. It would at least bring more professional gambiers and hangers on to the city and make more places of vice for the police to guard. So far as he was individually con-concerned, he was first, last and all the time opposed to allowing a single additional house to open in the city. The chief of police was called upon to state whether the cambling houses now running were properly

conducted and the chief had no complaint to offer. Mr. Conley said he was opposed to giving any one a monopoly on the business. If the man it might as well take it from a dozen. He was in favor of letting as many come as

wanted to, or else close them all.

Mr. Bulla was of the same opinion as Mr.

Conley. He thought if two were allowed to run the others should not be barred.

Mr. Bruce was opposed to allowing any of them to run.

A motion was finally made to allow as many to "donate" as made application. Mr. Bruce did not want to go on record as voting on the matter. Mr Bulla moved that Mr. Bruce be excused from voting. Bruce jumped and, shoving his left arm high into the heavens, said: "You cannot make any man vote on any proposition which you all

Mr. Bulla said there was no use going about the bush. This "donation" money had been accepted right along and all the councilmen voted at different times to spend the same money for the city's good. After considerable discussion the meeting adjourned and the matter will come up again at another meeting.

CITY COUNCIL PROCEEDINGS. Taxpayers Request Repeal of Ordinance Locating Fire Hydrants-Other Bosiness.

Several members of the Taxpayers league

occupied the lobby of the council chamber

last night. Mayor Walker was absent and President Wood occupie I the chair. A committee from the Taxpayers league tendered a communication requesting that the council repeal the ordinance authorizing the locating of twenty-one fire hydrants. The communication was signed by Messrs. Johnson, Ritchhart, Towl, Clifton and Bruce. Mr. Wyman moved that the com munication be received and placed on file, Mr. Wood asked the members of the council if they desired to hear from any of the visit ing committee. A majority did, and Mr. Johnson explained why the league had asked that the ordinance be repealed. In brief, it was because there was not sufficient money in the fire and water fund to money in the fire and water fund to pay the bill. Mr. Conley stated that the additional fire plug in the Third ward was badly needed to protect a \$20,000 school house there. Mr. Wyman stated that it would be two years before this expense would be felt by the taxpayers. He thought it lax policy to neglect to protect the prop-erty of the people from fire. Mr. Johnson replied that when the bill for the work was presented it would go into judgment at once

and draw interest until it was paid, whether it was one or a dozen years from now. The motion to place on file prevailed. John H. Friedt asked for full pay for the time he was sick in the early part of this month. Mr. Friedt caught a severe cold

while at work at a fire and his sickness fol-lowed. Referred. City Attorney VanDusen asked that the council issue the warrants for the men who appraised the Thirteenth and N street prop erties. The attorney said he would give the council an opinion on the legality of the city treasurer's charging a fee for collecting de-linquent taxes at the next regular meeting. Warrants were ordered drawn in favor of Messrs. Hix, Patterson and Doe for \$5 each

as appraisers.

Friday morning.

Moses Redmond gave notice to the council that the grading of O street had not been completed, although the contractor had received his pay. The city engineer said the contractor would complete the work as soon as the weather would permit. There was a delicate kick by Mr. Conley because the chairman of the committee on

printing had not advertised for bids. Mr. Mullaly shouldered the blame on the city

clerk, stating that the latter had not given him a list of what was wanted.

An estimate for \$5,000 was allowed Cash Bros. for grading.

The council will sit as a board of equalization on December 29, 39 and January 2, to consider a proposed new garbage ordinance. Police Judge Fowler's report for November shows that ninety-five cases were tried and \$248.05 in fines collected. Of this amount

\$173 goes to the school fund. An ordinance establishing grade on Twenty-first street, from N to O, and on P, from Twenty-first to Twenty-third, was
