WASHINGTON, Dec. 21.—The report of the minority members of the ways and means committee on the tariff bill was submitted to the house today.

The first part of the report, discussing the bill generally, was prepared by ex-Speaker Reed. The other members of the committee, Messrs. Burrows, Payne, Dalzell, Hopkins and Gear, prepared the portion of the report dealing with special features. The report says:

The most surprising thing about this bill, which we will treat in detail somewhat later, is the fact that this proposition to raise revenue will lower the revenue of this country \$74,000,000 annually.

The tariff bill would mean to the manufacturer the loss of his business, the farmer the loss of his soil, the laborer the loss of his wages, and the taxpayer the loss of his property.

REPUBLICANS PRESSING THE FIGHT

Resolutions by Boutelle and Blair, After an Angry Debate, Reported to the Foreign Affairs Committee—Adjournment for the Holidays.

WASHINGTON, Dec. 21.—The Hawaiian matter figured prominently in the last session of the house before the holiday recess.

The debate on the Hawaiian matter was held on the 12th of December, 1893. Mr. Boutelle and Mr. Blair offered resolutions, the former calling on the secretary of the navy for instructions whereby the admiral in charge of the naval forces at Honolulu was placed under the command of Commissioner Blount and the warrant therefor; the latter instructing the foreign affairs committee to investigate the questions of fact relative to the Hawaiian revolution.

The substitute for the Hitt and Boutelle resolution was also presented by the chairman of the foreign affairs committee. Debate on each of the resolutions was avoided by the prompt action of the speaker in referring them.

Before adjournment Mr. Wilson gave notice that the debate on the Wilson bill would begin on the day of the reconvening of congress and Mr. McCreeley also informed the house that within ten days after meeting two days would be given for consideration of the Hawaiian resolution reported by the foreign affairs committee.

As soon as the journal was read Mr. Boutelle, who was on his feet, sent up a resolution which he said he proposed as a substitute for the resolution reported by the foreign affairs committee.

Mr. Boutelle asked unanimous consent, but Mr. Butler of Maryland objected. Mr. McMillin of Tennessee from the committee on ways and means, then presented a joint resolution authorizing the secretary of the treasury to make regulations whereby stock removed across the Texas border into Mexico could be reimported into the United States until May 1, 1894.

Mr. Pascal of Texas explained that on account of the drought in California, Texas stock was dying in large numbers and that the resolution simply allowed stockmen to take stock across the river to keep them from starving. Without objection the resolution was passed.

Mr. Blair of New Hampshire then came forward with another resolution relating to the investigation of the question of fact with a reference to the subject. The demonstration was again and again interrupted by Mr. Talbot insisted that it should go forth with to the foreign affairs committee.

This resolution is to investigate the "truth," said Mr. Blair. "The gentleman seems to be very shy about the truth in this matter," ejaculated Mr. Talbot. "You won't find us shy when the proper time comes," retorted Mr. Talbot, hotly.

The speaker rapped the house to order as the debate on the resolutions of the foreign affairs committee for reports. When foreign affairs was reached Mr. McCreeley, the chairman, reported a resolution as a substitute for the Hitt and Boutelle resolution. At the same time he asked permission to make a statement, but the speaker declared that no statement was in order.

Mr. Blair, who had recently come from the easy-going methods of the senate, was sharply cut off by the speaker when he asked to connect with the floor the proposition of having his own resolution reported.

Mr. McCreeley then asked unanimous consent to permit the minority of the committee to make a report. Mr. Blair retorted, "I will object to everything," said he. "Lighter," replied the speaker. "I will object to anything," said Mr. Blair.

NITCHEROY'S TROUBLE ALL DUE TO DRINK

One Hundred American Citizens Still on Board and Sixty Sent Ashore—Pretty Trap for Peixoto's Forces in Rio Bay—Insurgent Successes.

Copyrighted 1893 by the Associated Press.

PANAMA, Dec. 21.—Lieutenant John Conway, third watch officer on the Nietheroy, who was commander of the forward gun deck battery of this cruiser, accompanied by sixty seamen, sailed for New York Saturday on board the British steamer Herschel.

The report which has been circulated to the effect that a mutiny occurred on board the Brazilian cruiser Nietheroy is untrue. But by some means or other, which would indicate considerable anxiety of obtaining on board the Brazilian vessel, the crew of the Nietheroy managed to secure a quantity of liquor from the boats which have been crowding around the dynamiter ever since she arrived here, and the result was a drunken riot.

Whereas it appears from executive communications sent to the house of representatives that the United States minister and the British minister at Rio de Janeiro exceeded their authority in January, 1893, and that the United States minister at Rio de Janeiro in his place a provisional government, not republican in form, and in violation of the will of a majority of the people of Hawaii; therefore, That it is the sense of this house that such intervention by the government of the United States, in violation of the will of a majority of the people of Hawaii, and traditions of our republic and the spirit of our constitution, should be emphatically disapproved.

Whereas Executive communications to congress disclose that the executive departments of the United States, in violation of the will of a majority of the people of Hawaii, have interfered with the independence of the Hawaiian Republic; and whereas the Hawaiian Republic is a free, independent, sovereign, and equal nation; and whereas the Hawaiian Republic is a free, independent, sovereign, and equal nation; and whereas the Hawaiian Republic is a free, independent, sovereign, and equal nation;

Resolved, That it is the sense of this house that such intervention by the government of the United States, in violation of the will of a majority of the people of Hawaii, and traditions of our republic and the spirit of our constitution, should be emphatically disapproved.
