and within the last few months he has been arrested a number of times. Liquor has about rained his brain. Monday evening John W. Rhodes filed a case in the police court against McMurray, alleging that by misrepresentation, he loaned Dave \$100 Assistant County Attorney Slabaugh filed the information but It now appears that Rhodes refused to prosecute, and if nothing is done this morning Judge and if nothing is done this morning Judge Fowler will dismiss the case.

McMurray was treasurer of a secret society, and it is claimed that he blew in \$75 of the lodge money. A lawyer was en-gaged to pressource the case, but it was fixed up and dropped.

Charged With stearing a Watch.

Anna Peterson called at the police station yesterday to give to the police a description of a gold watch and set ring which she says was stolen from her by Annie Potac of this city. The Potne girl is now in the county juli awaiting trial on the charge of Iarceny. Miss Peterson was employed as a domestic in Mr. Rothchild's residence in Onaha when is Mr. Rothehild's residence in Omaha when Miss Potac called there looking for work and committed the thett. The police recovered considerable jewelry in the possession of Miss Potac, but none of it answers the de-scription given by Miss Peterson of her watch.

He is a Big Hog.

The largest porker that was ever received at the South Omaha yards was brought in yesterday from Tabor, Ia., by Davis & Munsinger, who shipped in a consignment of sev eral car loads. It was a stag and weighed exactly 940 pounds. The hog was eleven feet long from the tip of its nose to the tail. Its massive proportions attracted the attention of a great many persons and none were heard to say they had seen any as large out-side of a circus. The consignment went to the Omaha Packing company.

Saw Double With One Eve.

G. W. Marble took on sufficient liquor Monday night to make it possible for him to see double with one eye shut. He started for home, but got into the wrong house.

Marble staggered up to the residence of O. B. Morey and insisted that he was in his own domicile. Mr. Morey endeavored to talk the man out of his convictions when Marble occame angry and Morey turned him over to a policeman who locked him up, Judge Fowler fined him \$3 and costs.

Rev. Stephenson's sermon last Sunday on the "Sins of this city" was not entirely bar-ren of politics. He recommended that the better class of citizens get together and unite on some man for mayor who would be true to his obligations when the eath of office was administered. He was opposed to using the saloon money to educate the children. One declaration the gentleman made caused the sisters and brothers to smile on the quiet. He said: "If you havn't got the money to educate your children, why don't have any; that's all."

The old reliable remedy for cough, cold, croup and sore throat, Dr. Bull's Cough Syrup, should be kept in every home.

The railway employes of Omaha have at Omaha directing them not to continue taken no action in regard to Judge Dundy's the performance of the trackage agreement to run trains over the Julesburg branch, but of the officers of their several organizations. The men are undecided as to what course to pursue, and all talk of striking or resisting the ordered cut in their wages is simply talk of an unofficial nature. George Vroman, chairman of the grievance committee of the locomotive engineers, was expected to arrive from North Platte yesterday and hold a con-ference with the officers of the various rail-way organizations way organizations.

Some of the men are talking of filing a protesting petition with Judge Dundy, ask-ing that there be no reduction of wages from the scale which was in effect before the Union Pacific road went into the hands of a receiver. In order to set aside the order of Judge Dundy the men are talking of appeal-ing the matter to the United States circuit court of appeals. All sorts of rumors as to what the men will or will not do are in cir-cutation, but no definite action can or will be taken without the sanction of the officers of the railway employes federation.

Mr. Trumbull, in a supplemental petition filed today, asks that in the United States court the action of the Union Pacific receivers in deciding to break the traffic con-tracts be passed upon and such orders made as the court may think proper. Mr. Trum-bull says the entire property covered in the traffic coutracts is within the jurisdiction of the Denver courts, and the Union Pacific re-ceivers are subject to the order of this court in this matter.

In addi-tion Master in Chancery Johnson, General Solicitor Peck and Messra, Smith and Rosington, representing the Union Trust com-pany, are still here. Nebrasica lodgo No. 227, Aucient Order United Workmen, sent complimentary tickets and invitations to the mayor and theater this evening, with a matinee Satur-

The successful spectacle of "The Spider and Fly," which comes to Boyd's Theater next week, can certainly be classed as one of the distinct averlies of the coming season, having been reorganized and thoroughly equipped in Europe at an enormous expense. The company number over fifty people and embrace the names of only prominent European and American comedians, vocalists, dancers, pantomimists and burlesque artists. The costumes, scenery, electric and mechanical effects are all new.

The well known theatrical advance agent, Samuel Fictcher, arrived in the city yester-day, heralding the coming of Hanisn's "Fantasma," which event takes place at the Boyd the latter part of next week.

It seems hardly necessary to more than announce the fact that Gus Williams will appear at the Fifteenth Street theater for four nights, commencing with Sunday matinec, to insure a series of crowded houses. He has been with us so long and

He has been with us so long and has always given such eminent satisfaction that one feels safe in going to see him in anything, knowing full well that he always keeps faith with the amusement-loving pub-be. His new play, "April Fool," is said to be an exceedingly devor one, brinful of good specialties and funny situations. Mr. Williams, off, as well us on the stage, his a writiams, off, as well us on the stage, his a great personal following. Denies the Charges Currano, Jan. 30.-William Rangath, secretary of the Atlas Loan company, stated today he had received a notice from the

state auditor giving him sixty days in which to correct the "unsafe and illegal proceedings of the company." The auditor chains the company has been in business only eight months, but already has liabilities largely in excess of its masts, and that ionns are made to directors without proper secur-ity. The secretary made a general denial of illegal practices and slid the charge that loans are made on insufficient security is unfounded.
