# NEBRASKA VETS WILL MEET

Reunion of the Volunteer Soldiers in Omaha Beginning Today.

OLD WAR DAYS WILL BE AGAIN RECALLED

Something About the Men of this State Who Carried Muskets Through Confederate Country-Plans for the Gathering Today

The veteran soldiers of Nebraska will hold a reunion in this city at the Mercer hotel today. The attendance will be composed mostly of the survivors of the First and Second regiments of Nebraska volunteers, who rallied around the flag in the trying days of the civil war, and made a gallant record on the battle field. They "struck for their country and their homes," but did not "strike for home" until the war was over. Many of the old regiments sacrificed their lives in defense of their country. But quite a number of the battle-scarred survivors of many a bloody conflict will respond to roll call at the reunion today.

The program will consist of an address of welcome by Hon. Alvin Saunders, the old war governor of Nebraska. Routine business of the Nebraska Soldiers association will consume the balance of the day. In the evening a collation will be spread by Major Erb at the Mercer. Thursday, a general meeting will be held at Germania hall, followed by a camp fire or experience social in the evening. A band of music will escort the veterans from the hotel to the hall. While some of them are a triffe stiff with rheumatism contracted in confederate swamps, it is thought that a flutter of the stars and stripes and a few strains of "Yankee Doedie" will limber them up and

"Yankee Doodle" will limber them up and restore the essence of youth to their feet. The committee having all the arrange-ments in charge consists of Major Paddock, Major Erb, Major Pearman, Captain Bur-mester, W. S. Shoemaker and Chris Hart-man. Indications point to a large attendance.

The coming reunion revives popular in-terest in the pioneer days and early military

history of Nebraska. It was on May 18, 1861, that Governor Saunders issued his famous call for volunteers to go to the front.

Alvin Saunders, governor of the territory of Nebraska, do issue this proclama-tion and hereby call upon the militia of the territory inmediately to form, in different counties, volunteer companies with a view of entering the service of the United States under the aforesaid call. Companies when formed will elect a captain and two lieuten-ants. The number of men required in each company will be made known as soon as the instructions are received from the War de-partment, but it is supposed now that it will not be less than seventy-eight men. As soon as a company has been formed and has elected its officers, the captain will report the same to the adjutant general's office. all of them generic in scope and covering a \$3.00. combination of instrumentalities comprising a diaphragm, a movable armature supportfor 50c. ing an electro magnet and suitable adjusting mechanism. Megeath Company Refuses to Carry Out a

Money Losing Contract. The Megeath Stationery company has given up the contract for furnishing supplies for the public schools. When the contracts were awarded, the Megeath company was given the privilege of furnishing the paper, ink, mucilage, pointers and teachers' ink stands for the current year. The company's bid on paper was considerably lower than those of other bidders, and it was largely on his account they were a warde For some time past the company has refused to furnish the paper as required by the secre-tary of the Board of Education. The com-pany now claims that its bid on paper was placed at about half what it was intended to be through the carelessness of a clerk, and that it cannot carry out the contract without losing money. The matter was reported to the board at the last meeting, and the attorney was directed to notify the stationery company that unless it should stand by the contract the board would declare it forfeited. The company concluded that the profit on the other articles was not sufficient to warrant it in standing the loss on paper and the contract was thrown up.

Charges Against Dr. Lan jon. The Central Labor union, through its pres-ident, F. S. Horton, asked that the hearing

on the charges preferred against Dr. Lan-yon, the county physician, be postponed for one week. The matter was referred to the

committee on charity. Some time ago the Central Labor union filed its charges, alleging that the doctor had failed and refused to attend charity cases, and that he had failed to prescribe

for some of the county charges. Dr. Lanyon in speaking of the matter said that he was anxious for an investigation, as he would then be able to prove that he had never neglected a county case during the time of his official career. Moreover, he said, the charges were aimed at him merely

Price is no bar to the new movement. Rather It is a contributing factor.

Here is one of the new designs that has already become very popular.

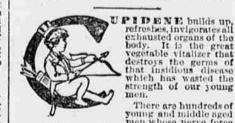

The whole front is a blaze of ornament. The carving is in full relief, and the old shape of the large mirror is very striking.

No detail of convenience is omitted. The plate closets are of extra height and fitted with separate locks. Thereare locks on all drawers. The shelf arrangement is excep-tionally good, and the mirrors are of heavy French plate. We mount this sideboard on steel-bearing castors.

Silas Strickland Haynes, first-born of Mr. and Mrs. J. B. Haynes, died yesterday. Manfully the little lad had struggled against the inevitable. Everything that loving hands and medical skill could do failed to stay the ravages of diphtheria, with which he had been stricken the day before Christmas. Although the virulency of the disease exhausted itself in ten days, the dreaded after effects made themselves manifest, and for five weeks the anxious watchers at the bedside saw the loved one grow weaker and weaker until 10:45 yesterday morning, when death came to his relief. For more than seven years "Strick" had brightened the home of his parents and they idolized him. In their irreparable loss they have the sincere sympathy of friends.
