Representatives in Congress Spar Over Their Consideration by the House.

REPUBLICANS SUCCESSFULLY FILIBUSTER

They Prevent the Joy-O'Neill Case Being Brought Up-Report of Majority of the Committee is Unfavorable to the Republican,

WASHINGTON, March 22.-The house spent the entire day in filibustering over the O'Neill-Joy contested election case from the St. Louis district. The report of the committee is in favor of unseating Mr. Joy, republican, and the republicans are deter mined that this shall not be accomplished unless the democrats produce their own quorum. For five hours today they filibustered and kept the house deadlocked. The highest number of democratic votes east during the day was 166, thirteen short of a quorum. An unsuccessful attempt was made to adjourn over Good Friday and the struggle will be resumed tomorrow.

On motion of Mr. Catchings of Mississipp a joint resolution was passed authorizing the secretary of the treasury to receive at the subtreasury in the city of New York from R. T. Wilson & Co. \$6,740,000 to be placed to the credit of the Cherokee nation. Chairman Brown of Indiana, of the committee on elections, presented the report on the English-Hilborn contested election case, and Mr. Waugh of Indiana was given leave to file the views of the minority.

Mr. Patterson then called up the con tested election case of O'Neill against Joy, Eleventh Missouri district, and Mr. Waugh of Indiana promptly raised the question of sideration against it and the fillbuster-began. The republicans refused to vote and the quorum was broken, the vote "call of the house followed. The call

vote then recurred upon the question of con-The republicans repeated their tactics and declined to answer their names. Again the democrats failed to muser a quorum, although they polled 166 votes, seven more than on the previous roll call.

Mr. Patterson moved a call of the house, and pending that, Mr. Waugh moved to ad-

developed the presence of 257 members.

journ. The motion to adjourn was lost by vote of 24 to 157. Patterson withdrew the motion for a call of the house and the vote recurred upon the question of consideration. Again the quorum failed, only 157 members appearing. Mr. Patterson moved a call of the house ad upon his motion Mr. Burrows forced roll call. The call was ordered by a vote of

A quorum reappearing upon the call of the house. Mr. Patterson moved to dispense with further proceedings under the call, but Mr. Burrows compelled a roll call on the

The motion was carried and Mr. Van Voorhis of New York, moved that when the house adjourn today, it be to meet on Saturday.

Mr. Van Voorhis' motion was defeated and
Mr. van Voorhis' motion was defeated and the vote again recurred on the question of

consideration.

After the roll call had been completed, Mr Livingston of Georgia called attention to the fact that the gentleman from Maine (Reed) was in his sent and not excused and had re fused to answer to his name. He demanded that he be brought before the bar of the house and required to vote or give his reasons for not doing so.

Mr. Bailey of Texas, in the chair, declared

there was nothing in the rules requiring a member to appear at the bar of the house. Mr. Livingston then tried to shift his round, claiming that the dignity of the house was involved. "The dignity of the house is in the keep-ing of the house," replied the chairman, "and

CONTESTED ELECTION CASES | it has not prescribed any method for forcing this rule." "It is not a very large dignity," inter-rupted Mr. Reed, amid laughter.

Mr. Livingston fenced for some time with Mr. Bailey, but the latter ruled him out order and then announced that the vote had resulted 150 to 1. Still no quorum. Thereupon Mr. Patterson moved a call of the house and Mr. Waugh, pending that,

The motion to adjourn was lost, and Mr. Van Voorhis then moved that when the house adjourn today it be to meet on Monday next. Mr. Brown, chairman of the committee or elections, then gave up the contest. being apparent we can make no further progress today," said he, "I move the house now adjourn. Accordingly, at 5:30 p. m., the house ad-

journed. PACIFIC RAILWAY DEBT.

action Necessary by the Government-Chairman Reilly's Opinion. WASHINGTON, March 22.-Conspicuous ittention has been given the Pacific railway question, owing to the numerous means suggested for the collection of the vast debts due the government from the various Pacific roads. Concerning the subject Representative Reilly of Pennsylvania, chair man of the house committee on Pacific railroads, said today:

"I regard this as one of the most important questions before congress, not excepting the tariff and finance. But the very importance of the question demands that it should be treated with deliberation. The amount involved is about \$135,000,000 and the proper protection of the govern-ment and the collection of such a sum re-quires the most deliberate and careful action on the part of congress. The construction of these roads is undoubtedly one of the great achievements of the age, but with all its complicating environments, by way of legislation and judicial decisions, it comes lown to us as one of the war measures, the original legislation having been enacted during the exciting days of the war of the rebellion, and now that we are confronted with the solution of this great problem. owing to the rapid approach of the maturity of this enormous debt and the necessity for some legislation, the importance of the subject is at once apparent. But at the outset we are confronted with all these omplications of laws and decisions, covering a long period of years, and quite as complex and of as great magnitude question with which congress has had to

deal with in recent years.
"We have arrived at a stage in the history of this transaction when legislation of some character is absolutely necessary, and previous legislation on the subject has been de-ferred, awaiting the approach of the matur-ity of this debt, when the situation and its necossities could be better understood and more wisely considered. The first installent of the bonds issued by the governmen ment of the bonds issued by the government in aid of the construction of these roads falls due in January, 1895, and must be provided for during the next fiscal year.

"As the secretary of the treasury calls

the attention of congress to it in his recent annual report, the whole debt will be matur-ing from that date during the next four years. The first installment of bonds amounts to \$2,362,000. They are absolutely payable on the date of their maturity and nence the necessity for legislation in this

"The committee on Pacific railroads, made up of some of the strongest men in the house, is giving the subject its earnest consideration, and feels it its duty to frame and report some satisfactory legislation. Several bills bearing on the subject are before the committee. In considering these and all other measures, our only purpose is to protect the interests of the government, and to that end the subject will be pressed to final action at the earliest possible day. But the magnitude and importance of the subject necessarily requires and demands the most careful and deliberate research and consideration. The committee expects to have hearings by all parties interested and exercise its most earnest efforts to arrive at a just solution of this great subject. What conclusion the committee may arrive at or the character of legislation it may determine to report it is yet too early to predict. One thing is certain, however, that the committee fully appreciates the gravity of the re-sponsibility imposed upon it and intends to

meet it fully with an eye to securing the best possible protection of the government's

IN THE SENATE.

Mr. Sherman Troubled Over a Story from Omaha About Counterfeiting. WASHINGTON, March 22.-The bill for the purchase of a site for the new government printing office consumed nearly the whole morning hour, and, much to the surorise of everybody, an amendment, providing for the purchase of what is known as the "Mahone" site, was passed. Notice for a motion to reconsider the vote was given, however, and at some future time the subject will be reopened.

The McGarrahan bill, which was to have

The McGarrahan bill, which was to have been taken up today, went over until Monday, and the bill for the extermination of the Russian thistle shared a like fate.

Mr. Sherman introduced a resolution instructing the committee on judiciary to investigate the charges of "simulation" of United States coins or of the coinage of standard silver dollars, but it went over under objections

under objections.

After a brief executive session the senate adjourned until Monday.

A resolution offered by Senator Hoar, expressing regret at the death of Kossuth, was adopted.

Mr. Sherman precipitated a discussion of the nature of a free silver debate by the introduction of a resolution directing the committee on judiciary to examine and report whether the simulation of the coins of the United States by coins of the same committee on judiciary to examine and report whether the simulation of the coins
of the United States by coins of the same
weight, metal and fineness, except as authorized by law, is made criminal, and the
acts against the counterfeiting of the coins
of the United States and other countries,
and if not to report a bill to prevent and
punish such simulation.

He sent to the clerk's desk and had read
a dispatch from Omaha, Neb., stating that
there was a private mint there which was
engaged in coming silver dollars of the
same weight and fineness of the standard

there was a private mint there which was engaged in coining silver dollars of the same weight and fineness of the standard silver dollar, making their profit on the difference between the actual value of the silver and the coined value, a profit of about 51 cents on the dollar. This resolution gave rise to much raillery, and Senator Cullom was heard to remark to Senator Cockrell, sotto voce: "If they cannot get free coinage in one way they will in another." inother." Mr. Manderson of Nebraska did not belleve it was possible that the existing laws were not sufficient to reach the class of counterfeiters mentioned, but if it was true he thought the defect should be remedied.

He doubted the story, however, from Omaha, basing his disbelief on his knowledge of that community, "although," he added, "west of the Missouri we are very anxious for an increase of the circulating rectium." Mr. Stewart of Nevada objected to the

air. Siewart of Nevada objected to the present consideration of the resolution, and it went over without action.

On motion of Mr. Gorman of Maryland it was agreed that when the senate adjourn today it be to meet Monday next.

Senator Call, from the committee on appropriations, reported the fortifications bill and gave notice that he would try to call it up on Tuesday next.

WESTERN PENSIONS.

GOLD PRODUCT OF THE WORLD.

Estimates Made by Mint Director Preston An Increase Over Last Year. WASHINGTON, March 22.-A production of gold throughout the world of \$150,000,000 for the calendar year 1893 is the latest estimate of the bureau of the mint, and the figures which have recently been received verify the estimates made early in the year. The gold production of 1892, as re vised in the last report of the mint bureau, was \$138,861,000. The increase of \$11,000,000 will be mainly furnished by the United States, South Africa and Russia. The figures for the United States, although not yet quite complete, indicate an increase of \$4,000,000 over those of 1892, the increase in South Africa will be about \$6,000,000, in Russia about \$500,000, and in Australia also about \$500,000. There will be small gains in other countries, including China and Japan, but they may be offset by small losses elsewhere. vised in the last report of the mint bureau.

The returns from Russia and Australia The returns from Russia and Australi are not yet complete, and may show a even larger increase than has been estimated by Mint Director Preston. The reports which are constantly reaching the Treasury department indicate the production of gold is being pushed to its maximum, and that improved processes of extracting the metal will be used to the utmost limit to increase the output for 183 Gold to the value of \$80,000 was deposite within a day or two at the Denver min and like deposits are likely to come at frequent intervals during the remainder of the year.

Cleveland Still Uncertain. WASHINGTON, March 22.-There good authority for the statement that President Cleveland has not yet decided wha he will do with the seigniorage bill. He is said to incline toward a veto and to take the position that the purposes of the act are not covered by the provisions of the existing law, "The Sherman-Act," authorizing the coinage of the bullion, the treasurer being empowered to com the seigniorage.

Paying for Government Cruisers. WASHINGTON, March 22. - The treasury today ordered the payment of \$559,000 i gold on account of work on the government cruisers now building in San Francisco. Senator Colquitt Improving.

BEFORE THE STATE BOARD

Transfer Switch Problem Again Attracting the Attention of Experts.

WANTED THE FINDINGS AMENDED

Judge Kelly Insisted that the Secretaries Should Not Lose Sight of the Number of Connecting Switches His Company Maintains.

LINCOLN, March 22 .- (Special to The Bee.) -The State Board of Transportation me: this afternoon to take up the case of the transfer switch at Schuyler, but at the request of the attorneys the matter was postponed for two weeks. The next hearing will be on April 5. Judge Kelly was at the meeting to represent the Union Pacific, while the Bur lington was represented by J. W. Deweese.

Judge Kelly asked the secretaries to make an addition to their findings so as to show that the Union Pacific already maintained transfer switches at Grand Island, Columbus, South Omaha and Omaha, and there was but one station between Columbus and Schuyler Secretary Dilworth stated that the findings could not be very well amended so as to sho the point desired by Judge Kelly. He added that the evidence taken by the secretaries simply showed that there were connecting switches at the points named by Judg Kelly, but the main point of the transfer switch law was the clause which prohibited the roads from charging the sum of the two locals on freight so transferred from one read to another. He was willing to make a finding as to the connecting switches, be-cause he did no: believe that would affect the merits of the Schuyler case. Judge Kelly was hardly able to see the fine

distinction between a transfer switch and a onnecting switch. The transfer switch carries the rate ques tion with it," replied Secretary Dilworth.
"If you will concede the rate we will call them transfer switches.

Mr. Kelly was perfectly willing to call hem connecting switches. The board will sit tomorrow to hear the objections, if any there are, to the findings of the secretaries recommending the con struction of a transfer switch at O'Neill. SCORED THE ATTORNEYS.

Attorneys D. G. Courtney and Jacob Op-penheimer were severely and publicly reprimanded in open court by Judge Strode this enoon. The case on trial was entitled Mears against Charles Meeker and in volved a contract for digging irrigating ditches in Red Willow county. Messrs Courtney and Oppenheimer represented the plaintiff. When the case was called Mr Courtney commenced to read the petition when he was stopped by Attorney Hall, who represented the defendant. Mr. Hall had a certified copy of the petition taken from the original by the clerk of the court some time ago and the two did not correspond. Judge Strode took both petitions and discovered by comparison that there was a marked differ ence between the two. The clerk of the dis-trict court was called in and he soon demonstrated that the fault did not lie at his door. Judge Strode then stated that i was perfectly clear to him that the origina petition had been withdrawn from the files without leave and some radical changes made in it without authority. Both Court ney and Oppenheimer denied any knowledge of the transaction, but it soon developed that Oppenheimer had signed Courtney's name to the petition and then acknowledged t as a notary. Judge Strode then pro-ceeded to roast the attorneys, Courtney and Oppenheimer, and as Judge Strode is a man seldom moved to warmth of expression, his caustic comments upon their conduct were all the more noticeable. He ordered the case to proceed on the original petition, but Courtney arose and dismissed the case rather than try it upon the issues therein stated. Afterwards he commenced the case anew, using his new and amended petition

BROKE UP A BAD FAMILY. Mrs. McNamara, the woman who had prostituted her two young daughters, was sent to

the county jall. Her 17-year-old daughter was sent to the reform school for girls at Geneva, while the 13-year-old girl will be taken to the Milford home for medical treatdays and Henry Burke was discharged, but was immediately rearrested on the charge of criminal assault on the youngest girl. Christian ladies of Lincoln have supplied the girls and a little 8-year-old boy with sary clothing. The boy will be sent to the reform school at Kearney.

W. C. T. U. CONVENTION.

Members of the Fourth District in Session at Fremont. FREMONT, March 22 .- (Special to The Bee.)-The Fourth district convention of the Women's Christian Temperance union convened last evening with a very flattering attendance. The president, Mrs. L. M. Walker of Surprise, was not present on account of sickness in her family and the chair was filled by the state president, Mrs. Hitchcock. The program last evening was most interesting. Hon. G. L. Loomis, on behalf of the citizens of Fremont, gave the visitors a most cordial greeting, followed by Rev. Buss on behalf of the churches, Prof.

Miller on behalf of the schools and Mrs. W H. Clemens on behalf of the union. The response by Mrs. Austin of Clarks was impromptu, but very opportune. The music was very fine, conducted by Mr. and Mrs. T. L. Mathews, Mrs. George Eddy and Prof. Preston, with Mrs. Reckmeyer as organist.
The business part of the meeting wa ransacted during the morning session today, including appointment of committees, re-ports of committees, etc. Directly after ioon, on invitation of Prof. Miller of the city schools, the members of the convention visited the High school in a body. minutes A. M. Bunting read an able paper on "Women as Financiers," followed by pa-pers on "Signs of the Times," by H. E. M. Allen; "Post Mortem Praise," by Katic

and discussions on each.
Ex-Governor John P. St. John is announced for tomorrow evening. ELKHORN SWITCHMAN MANGLED.

Shotwell; "Christian Duty," by C. L. Lidd,

Frank Williams Probably Fatally Injured Yesterday at Fremont FREMONT, March 22 .- (Special Telegram o The Bee.)-This afternoon Frank Wiltiams, a switchman in the Elkhorn yards, fell between the cars and one leg was almost completely severed from his body. The leg was terribly lacerated nearly to his body. He was at once taken to home and surgeons summoned. It thought that as his general health is quite poor he will hardly survive the shock and amputation. Frank is a brother of Fred Williams, who is yardmaster for the Union Pacific here, and also of ex-Police Judge Williams, deceased. He had been brak-ing for the Elkhorn for some time, but this was his first day switching in the yards thought that the accident occurred from the slippery condition of the cars.

Gave the Sheriff No Information. FREMONT, March 22 .- (Special to The Bee.)-Sheriff Milliken returned from Lincoln this morning with the prisoner Wichelow who utterly refuses to give any important particulars as to the course taken by the other prisoners, stating to the sheriff that "hunting them up" is not his job. The funeral of John Larson, brother of Hon. L. P. Larson, and a member of the firm of L. P. Larson & Co., who died

Tuesday, occurred at the Lutheran church and was largely at ended. He was one of

the early settlers of Fremont and had been one of the city's enterprising citizens. Naming Municipal Candidates. BENNINGTON, Neb., March 22 .- (Special Telegram to The Bee.)—At a citizens' meeting held last night the following candidates were nominated as village trustees: Herman

Timme, Henry Simonsen, Claus Oft, Gustave Paulson and Charles Sleip, O'NIELL, Neb., March 22.—(Special Telegram to The Bee.)—Municipal politics are very quiet here as yet. There were no caucuses held and the candidates are all being nominated by petition. The candidates for

mayor are R. R. Dickson, the present mayor of the city, and Clarence Selah. The candidates for councilmen are: First ward, G. C. Hazelet; Second, J. B. Meller and W. Fallon; ment. Of the two men arrested with the outfit, Jack Bacon was sent to jail for thirty For city clerk N. Martin is the only candi-

> NEBRASKA CITY, March 21. - To the Editor of The Bee: In your Lincoln items of today's issue you state that the Nebraska

Where the Award Was Given.

Starch company of Beatrice, Neb., received the award at the World's fair. This is a mistake, as the Nebraska Starch company received the highest award. The Beatrice Starch company did not have an exhibit there at all. Please correct this, as it cost us nearly \$5,000 to make the display. and we don't care to have Beatrice get the credit. MARK MORTON & CO. the credit. Basis of Taxation in Clay. CLAY CENTER, Neb., March 22 .- (Special

assessors of the county was held here Tuesday. H. B. Kirkpatrick of Spring Ranche was chairman and Messrs. L. S. Backus of Harvard and T. J. Eller of Leicester township were secretaries. valuation for all property was agreed upon to be the basis for assessment for the comng year. Two Thousa: d for a Husband's Life.
