### KEEPING UP THEIR FIGHT

Republican Congressmen Yesterday Again Resorted to the Filibuster.

DEMOCRATS COULD NOT GET A QUORUM

Consideration of the O'Nelli-Joy Contested Election Case Postponed in Conses quence - Another Appropriation Bill Passed.

WASHINGTON, March 23 .- Although this was Good Friday, the house met as usual. Mr. Sayers presented for immediate consideration a joint resolution appropriating \$10,-000 for the salaries and expenses of additional deputy collectors of internal revenue to carry out the provisions of the Chinese exclusion act, as amended by the joint res-olution passed December 7 last. It was agreed to.

After the transaction of other routine business the struggle over the O'Neill-Joy contested election case from Missouri was re-

Burned.

Mr. Waugh, republican, of Indiana immediately raised the question of consideration against the report of the committee, and the

fillbustering began.

The republicans repeated their former tactics by refusing to vote. The result of the vote was 116 to 1, which showed the democrats were eighteen short of a quorum. The call of the house followed. The call developed the presence of 248 members. At this point, it being apparent that a democratic quorum could not be secured today, it was decided to abandon the case until next

week.

Mr. Patterson made a statement to the effect that he had a telegram from Mr. Barthold, republican, of Missouri, Mr. Joy's colleague, saying he desired to argue the case and would be here on Monday. He therefore gave notice that he would call up

therefore gave notice that he would call up the case on Tuesday.

Mr. Brown, democrat, of Indiana then called up the case of Whatley against Cobb, from the Fifth Alabama district. The report of the committee unanimously confirmed Cobb's title to the seat, and without division or debate the report was adopted and this

or debate the report was adopted and this case disposed of.

A metion to adjourn, made by Mr. Wilson of Washington, was defeated, and then, on motion of Mr. Wheeler of Alabama, the house went into committee of the whole, Mr. O'Neill in the chair, to consider the military academy bill. The amount carried by the bill was \$400.038, against \$432,546 for the current year. The original estimates for the next fiscal year aggregate \$599,463. They were reduced by the secretary of war to \$465,149. to \$465,149.

Mr. Wheeler made a short explanation of the appropriations carried by the bill, which, he said, were less than carried by any mili-tary academy bill for ten years. The bill

was then read by paragraphs.

Mr. Robertson of Louisiana moved to strike out the appropriation of \$850 for equipping the natatorium with the six slatelined compartments with combination shower, spray and needle baths. He thought this useless and extravagant. There was plenty of water in the Hudson river for bathing purposes and plenty of water in the natatorium for use in the winter without putting up these magnificent tubs.

Mr. Milliken of Maine thought the attempt to save this insignificant sum nig-gardly in the extreme. The first Robertson amendment was de-feated and the second withdrawn.

The provision that no graduate of the academy should be assigned to serve as professor or instructor was struck out. The bill was then reported from the com-mittee of the whole to the house and without objection was passed.

Mr. Henderson of North Carolina then mayed that the house go into committee of the whole for the consideration of the post-office appropriation bill.

Mr. Reed called attention to the fact there was evidently no quorum present and the motion was withdrawn, and at 4 o'clock the house took a recess until 8 o'clock to-night, the evening session to be for the

consideration of pension business. The night session was occupied with the passage of private pension bills, and at 10:30 the house adjourned.

lown Lower House Refuses to Quit Busi. ness During March.

DES MOINES, March 23 .- (Special Telegram to The Bee.)-The house refused to consent to adjournment on March 29, as fixed by the senate, and named April 6 at noon as the hour of final dissolution, which was agreed to by the senate.

The Patterson bill, allowing private, state and national banks to become depositories of public funds on the filing of a proper bond and paying such interest on average balances as may be fixed by the executive council, passed the house-62 to 26. The bill is almost an exact copy of the Wisconsin law. and it is calculated that the annual interest will yield a revenue of about \$40,000.

The Byers bill, providing for the abolition of capital punishment, was defeated—60 to 25. The claims of Amelia Miller of Monroe county, Isaac Campbell of Van Buren and F. M. Haskell of Taylor, for horses killed by order of the state veterinary surgeon as having the glanders, were all defeated, lacking the necessary two-thirds vote.

The house passed the senate bill limiting the fees of justices of the peace and constables. The fees range from \$690 to \$1,500 for justices, according to population of townships, and \$200 less in each case for con-stables. All fees in excess of these in each case are required to be turned into the gen eral fund and full reports filed with the county auditor. The joint committee on apporpriations allowed the following sums for new buildings: Hospital for Insane at Clarinda, \$95,000; Institute for Feeble Minded at Glenwood, \$40,000; new hospital, \$15,000; Deaf and Dumb institute, \$5,000; Orphans home at Davenport, \$3,000; Normal school, Cedar Falls, \$30,000; Agricultural college, Ames, \$45,000; University, Iowa City,

The senate, after a lengthy discussion, defeated on final passage the bill providing for a general system of road improvement. The Conaway bill, enlarging the powers of the State Board of Health to include means of enforcing its orders in all cases of con-tagions diseases, was passed. The date for a joint meeting to locate a new insane asylum was fixed for the evening of March 29. The Perry bill, prohibiting pools, trusts and combines among insurance companies

### OMAHA LIVE STOCK MARKETS

Deficit in the Hog Supply Still the Feature of Daily Receipts.

LIGHT RUN OF CATTLE FIRMS UP PRICES

Market Feverish, but Sufficiently Strong to Tempt Speculators Into Competition -Activity All Along the Line-Hogs Sell a Nickle Better.

FRIDAY, March 23. Receipts for the week so far, compared with last, show an increase of less than 1,000 cattle, while the decrease in hog supplies amounts to over 7,000 head and in sheep supplies to over 2,000 head.

There was a very light run of cattle and the general quality of the offerings was only As reveipts for the past few days have been rather light the dressed beef men were needing cattle, and although the tone to eastern advices was anything but favorable there was enough competition for the fair to good light and medium weight steers to hold prices steady on these grades. fair to good 1,000 to 1,150-To steers selling readily at from \$3.10 to \$3.35. Notwith-standing the bad markets east the unusually low prices proved too tempting to specu-lative shippers to resist and in spite of the disastrous experiences of the early part of disastrous experiences of the early part of the week they bought quite a few cattle, although generally at lower prices, paying around \$3.15 to \$3.50 for fair to good beeves weighing from 1,200 to 1,450 lbs. It is cer-tainly a very peculiar state of affairs and something is radically wrong somewhere when export cattle, good finished beeves, are bringing very little more than feeders. The feeling on all sides was weak today, but in spite of this fact the movement was free and by noon the big bulk of the offerings free and by noon the big bulk of the offerings had been disposed of.

There was considerable activity in the market for butchers' and canners' stock today. Less than a fourth of the offerings were cows and mixed lots and as buyers for local houses were apparently all after this class of stock trade was brisk and soon over. Prices ruled a shade firmer than yesterday and 5c to 10c better than Wednesday. Fair to good butchers' cows sold largely at from \$2.35 to \$2.85, with extreme sales at from \$1.85 to \$3. Veal calves were in good request at firmer prices, with sales at from \$4.50 to \$5.25 while common heavy at from \$4.50 to \$5.25, while common heavy stock sold down to \$2.40. The market for rough stock showed no particular change, with sales at from \$2 to \$2.75. In stockers and feeders business was some-

what restricted on account of the limited offerings, but the demand from all sources was good and prices were firmly held on all suitable grades. Good young cattle are selling to considerably better advantage than the finished stock. Business was brisk while it lasted today and regular traders have very few cattle left on their hands. Good to choice feeders are quoted at \$3 to \$3.40, fair to good at \$2.75 to \$3 and lighter, commoner grades at from \$2.77 down. Representative sales: DRESSED BEEF.

There were lots of good medium and light weight hogs here today, but finished heavy hogs were scarce. The fresh supply was not much over 3,000 head, but, including stale hogs, there were nearly 4,000 on sale. Light supplies, a shortage of 7,000 hogs this week as compared with last, better markets east and a fair shipping and speculative in-quiry, in addition to an active demand from local packers, all combined in the sellers favor and most of the hogs sold pretty close to a nickel better than on Thursday. There was not much of a range of prices. Fair to good hegs, in fact poor to choice hogs of all weights, sold at from \$4.45 to \$4.50, with a few odd bunches of inferior light mixed stuff at \$4.35 and \$4.40. The market was lively from start to finish, the market closing strong at the advance, with the pens empty by the middle of the forenoon. It was a \$4.45 and \$4.50 market today, against a \$4.40 and \$4.45 market yesterday. A week ago the hogs sold at \$4.45 and \$4.50, the same as they did today. Representative sales;

There Was Little Change in the Market Value of Cattle. CHICAGO, March El-There was little change in the market value of cattle, Buyers were willsuited them, and they were not more fastidious than usual in their fastes. Fat, tidy 500 to 1,150-lb, steers continue to receive the most attention

than usual in their instes. Fat, tidy 900 to 1,120-th, steers continue to receive the most attention and are selling to much better advantage than the heavier weights, but at the prevailing prices buyers were found for accrything, good, but and indifferent. Cows and bulls were firm, and sales of stockers and fessiers were at full prices. There were about 1,550 Texas cattle. They were in demand at former quotations. The general market was quiet.

Prices of hogs ranged the same as on Thursday, from \$4.40 to \$4.75 for poor to extra quality. The market was strong at the opening and easy later, but at no time was there a quotable difference. Receipts were light, amounting to about \$1.00 head, making 100,000 head for the expired part of the weak, or 40,000 head for the expired part of the weak, or 40,000 head loss than a week ago, but there appeared to be enough to ge around, as buyers accomed distributed to take hold at the ruling prices. The bulk of the sufficient after the steep trade, and showed a substantial advance in prices. Supplies were liberal. Choice to extra muttons are now worth from \$4 to \$4.25, and common to good grades are quoted at from \$3.75. Poor stuff sold as low as from \$2 to \$2.50. The lamb market has scored quite as decided an advance, prices moving up to from \$3.25 to \$4.50 for poor to choice. There was a sale of fancy at \$4.75.

LITTLE MURDER TRIAL. Efforts Being Made to Impeach the Testi-

mony of Witnesses for the Defense. OLATHE, Kan., March 25.—The witnesses for rebuttal called for the state in the Little trial, on cross-examination testifiedin turn to the good reputation of the defendant. The prosecution then said they would admit that their witnesses would testify to the good reputation of Little. The defense then rested its case.

An effort was then made by the prosecution to impeach the testimony of Dukeheart, who gave strong evidence for the defense, claiming to have witnessed the killing and having heard Johnson threaten Little just before the latter fired. Mr. and Mrs. Skinner of Beatrice, Neb., were positive they had seen Dukeheart in Heatrice the day of the killing, the 19th of July.

L. B. Simmons of the Metropolitan Street Railway company said his records showed that B. L. Stearns, who swore to having seen Dukeheart at the corner of Fifth and Main streets the night of the killing, was eigewhere at the time. The witness, Stearns, was an employe of the street rall-way company. in turn to the good reputation of the deway company.
