Following up his argument, Mr. Hobson told the court of the various lines of rails making up the Union Pacific.

The entire scheme of consolidation was originated and carried out by officers of the Union Pacific for the purpose of securing the franchise agreement which is now the bone of contention.

As to the means proposed to be used yesterday by Mr. Thurston, said Mr. Hobson, and the dark means which he intimated had been at the bottom of the constructive management features and the honors, if there was any honor, it was between President S. H. H. Clark of the Union Pacific and Judge Thurston, said Mr. Hobson.

Mr. Hobson's statements, in reply to some of Mr. Thurston's remarks, made the remark that Frank Trumbull, who had an office in New York and had his solicitors at work there, as well as in Denver, scaping all the business he could get and giving it to the Gulf...

Mr. Hobson flushed considerably at the charges and, shaking his finger at Thurston, said, "I deny that in toto. You made the charge in Denver and you called it down because you could not substantiate the charge."

"I can now," said Mr. Thurston, showing considerable warmth. "I have reviewed the statements and if you will bring in your pay rolls I will show you what you are doing."

Mr. Hobson was about to reply, but the court gently intimated that the speaker had better go on with his argument and not make matters that are no part of the record.

Judge Caldwell, in replying to some remarks by Hobson, said: "Has not that consideration of the Gulf road been taken away from the Union Pacific by action of that company and made a competitive road?"

Mr. Hobson said yesterday, to the end that it should be inoperative, but he contended that the Gulf road, for the purpose of prohibiting competition, now that their benefits have been taken away from the Union Pacific, the Colorado action severed the line and bound it together with power to conduct that road entirely independent of the management of the Union Pacific.

Hobson replied that as to some portions of the consideration had passed, but that as to some other which Judge Caldwell had passed upon, he would present his views to the court.

After having completed his remarks, Mr. Hobson asked that the court take a recess till 2:30, which was granted.

PAYMENT OF INTEREST. Mr. Hobson resumed his argument when the circuit court convened yesterday afternoon.

Replying to Judge Caldwell's statement as to the merits of the case at bar, made last night, Mr. Hobson maintained that the Union Pacific should not be interested on the Gulf bonds from October 13 to December 18. He also contended for the right to the facilities, equipment, and other points, and also that the judgment should be operated as a through line at a rate that would be fair and equitable.

Mr. Hobson also contended that the Colorado action severed the line and bound it together with power to conduct that road entirely independent of the management of the Union Pacific.
