NEWS FROM COUNCIL BLUFFS

Good Detective Work Secures Charles Foster, Alleged Train Robber.

WAS ARRESTED ON MISSOURI SOIL. Clues that Connect Him with Numerous Bold Work—Returned to Iowa Without the Formality of a Requisition.

Deputy Sheriff O'Brien has returned from a trip to Nevada, Mo., with Charles Foster, alias Charles Willey, alias John Smith, alias a good many other things, in custody. Foster is one of the men who committed a murderous assault on Constable Baker on the 21st of February.

Year's day when Baker went to the house occupied by Foster and two of his confederates, a man and a woman, to levy on a pair of stolen buggy shafts. He and his male companion got away at the time, but although the woman was captured, she could not be induced to give up nothing that would help track of her friends.

By means of considerable good detective work O'Brien managed to find that Foster was in Missouri, and went after Foster, but came back without compelling the officer to secure requisition papers. There is no doubt of his being the right party, as Baker has fully identified him. It is almost equally certain that both Foster and his pal were implicated in the train robbery.

The train robbery was a woman, whose name is not known, who was captured and held within two or three days after they left. One of the bits of circumstantial evidence is the fact that the train robber used a wagon, horse and hind wheels did not track well, and Foster and his companion stole a wagon of his description and highest speed in every department in making their escape. These two events were within a few days of one another.
