Attorneys at Fisticuffs. Colonel D. B. Dally and S. B. Snyder, two well known attorneys, had a discussion in the latter's office yesterday that resulted in their coming to blows. During the forenoon a case was on trial, in which a fish net was involved. Joe Scott had J. H. Whiting arrested on the charge of stealing the net, but being unable to prove up his case, sued out a writ of replevin. As the case progressed Colonel Daily had considerable trouble in getting the information he wished from Whiting because his attorney, Mr. Snyder, persisted in telling him not to answer his uestions. After the case had been dis bosed of Colonel Dally, accompanied by Constable Jackson, went to Snyder's office, where they found Snyder and his client. A war of words at once commenced, and the first thing Snyder knew Daily had him by the throat. Snyder did not stand the chok-ing long before his right arm flew out and collided with several portions of Daily's face seccessively. People from neighboring of-fices, who had been attracted by the rumpus. separated them, and Daily left, with blood oozing from his nose, both externally and internally. INDIANA REPUBLICANS.

Large List of Delegates and Plenty of Can didates - The Convention Tomorrow. INDIANAPOLIS, April 24.-Numerically

It is stated that 1,750 lelegates will vote for the candidates, the largest previous convention having comprised 1,200 delegates in round numbers The nine offices for which candidates will be chosen are confronted with forey-three candidates. A conspicuous candidate for the office is Aaron Jones of South Bend, who headed the ticket two years ago.

General Harrison is expected to make some remarks concerning national affairs and his close friends say that he will talk unreservedly and plainty.

The platform is causing much speculation It will undoubtedly arraign both the state and national administrations and condemn in strong terms the democratic reapportion-ment of 1893. The A. P. A. will be considered by the committee by request of certain prominent Catholic republicans but whether it will be mentioned in the platform is no

LOUISVILLE, April 24. This is a critical week with Kentucky and Laton's Derby candidates. On Tuesday next the final declaration is due for both these events, and upon the result of the work or trials given this week will depend the number of starters that will go to the post on Derby day. Very little work has been done in Kentucky the past week, owing to unfavorable weather conditions, but enough at least was had to develop a new Kentucky Derby factor and add another to the list of probable starters. This was the colt by Imp. King Galop, out of Sister, called King-Charlle. He is not a very high class colt, and has never shown anything to entitle him to con-sideration by the public, but his owner, John Hannigan, discovered enough in his work of the past week to justify him in starting him in Kentucky's big event. He has made an announcement to that effect. Ed Corrigan will also send one to unless he changes his mind between now

Also Cy Duryea, the old Apostle twirler. Crooks is the same old Crooks of old, although he weighs something like a ton more than he did when he used to start the echoes with his melodious law out at the old Miama streat park. Notwithstanding Jack's seeming surplus adipose, he is in fine condition and playing in his old day form, and will undoubtedly be back in the big league before the season is over, "Papa" is also in great fittle, and the same good-natured, whole-souled fellow he was in the days of Shannon's regime. He and Crooks and Duryea were around shaking hands with old friends last night under the pllotage of Colonel "Spud" Farrish. That they were having a nice, quiet, but enjoyable reunion, goes without saying, and they all agreed there were but few cities that held its own like Omaha.

Charge of Manslaughter Arising from the Wreck of the Los Angeles. MONTEREY, Cal., April 24.-The cormer's inquest into the cause of the wreck of the steamship Los Angeles at Point Sur on Saturday night resulted in a verdict charging R-bert Ryfkogel, the ship's third officer, with criminal negligence and care lessness. He was taken into custody and will be tried for manslaughter. The testi-mony before the coroner's jury shows that Ryfkogel changed the ship's course without consulting the captain, doing so after Cap-tain Leland had particularly ordered that he be called from his bunk to direct the steamer's course when the Point Sur light should be reached. The hidden rocks on which the vessel was wrecked are som distance north of the light. It was shown too, that the night was clear and the ligh in full view, though the accused third office in his testimony insists the sky was murky He admits, however, his disregard of Cap

tain Leland's orders. PRETTY SCHEME THAT FAILED.

Carpet and Drapery Sale Lincoln's Inability to Hit Old Cyclone Cyrus Durven Costs a Game. LINCOLN, April 24.—(Special Telegram to The Bee.)-Minneapolis turned the tables on which the locals seemed utterly unable to locate the puzzling curves of Messrs. Duryea and Frazer, who alternately presided over the pitcher's box. On the other hand, the visitors lammed Mr. McGreary, the California pitcher, all over the field. Lincoln would have been shut out but for a lucky combination of circumstances in the ninth inning. McCarthy lined a hot one through the third baseman's hands and reached first, stole second and third by a daring exhibit of base running, and scored on the only passed ball of the game. Lincoln played a good fielding game, and was weak only in the pitcher's box. While possessing greater speed and curves countly as
