

MAKE A QUEER DEFENSE

Thompson and Outcalt Not Anxious to Pay Moshers' Debts.

AS TO THE RELIEF FUND EMBEZZLEMENT

State Alleged to Have Been Negligent in Leaving the Balance of the Money So Long with the Capital National Bank.

LINCOLN, May 2.—(Special to The Bee.)—D. E. Thompson and R. C. Outcalt, both of whom signed Moshers' bond when the latter was made treasurer of the state relief commission three years ago, filed with the clerk of the district court their answer to the suit commenced against them by Attorney General Hastings to recover the sum of \$3,351 which had not been expended by the commission and which remained in Moshers' hands until the failure of the Capital National Bank. In their answer they set up the somewhat remarkable defense that the law by which the commission was created was unconstitutional and that, therefore, that body was illegally organized, and Moshers' appointment as treasurer was also illegal. They further allege that the sum of \$100,000 was deposited in the Capital National bank and paid out upon orders of L. P. Ludden, and that when the payments ceased, \$3,351 was the unexpended balance of the fund. This, they allege, carelessly and negligently allowed to remain in Moshers' possession for two years, although Outcalt makes affidavit that the Capital National bank was considered a good sound bank and perfectly solvent. They also claim that inasmuch as the state neglected to file its claim with the receiver it has lost the 15 per cent dividend which has been paid to the other creditors of the bank.

HEARD IN THE COURT ROOMS. Judge Hall will within a few days take up for trial the case of the State and People's National banks against W. Moshers. This case involves the validity of the attachments against Moshers' property, as well as the question of whether the same belongs to the men who now hold it or to the parties in whose name it stands credited on the books of the gas company. They are among the most important of the suits growing out of the collapse of the Capital National bank.

Mrs. Mary Fox abandoned her husband in a nightgown, and the district court has given her husband a divorce.

HANGED WITH A HALTER. Coroner Crim was notified late yesterday afternoon that a Norwegian farmer named Knudsen had hanged himself by hanging near the little town of Davenport of the small towns in the distant part of Lancaster county. The coroner at once repaired to the scene and found the body in an inquest. The inquiry developed the fact that Knudsen was about 45 years old and under a temporary fit of mental aberration. Ten years ago he lost his eyesight and for the past few weeks he has been melancholy to the extent that he ate but little and slept less. For several days he had been asserting morosely that he was a drag on his family and that he would be better off dead than out of the way. Monday night he disappeared and was found hanging from a tree in the yard. He had hanged himself by the neck of the collar. The ceiling was so low that the man had to hold his knees under the floor, thus slowly strangling himself to death. He left a large family.

DISTURBED BY A RUMOR. The law and order people of Lincoln are considerably disturbed by a rumor to the effect that Lincoln park, the well known summer resort in the suburban part of the city, is to be transferred to a huge beer concern. Henry Holtz, a well known restaurateur, is negotiating for the lease of the park for the coming season, and it is rumored that he will try to secure a license to sell liquor. It is also reported that the intention is to use the buildings in the park as the city hall.

NEW TELEPHONE ORDINANCE. The city council rather unexpectedly last evening passed a new telephone ordinance under a suspension of the rules. The old ordinance, which has been hanging fire in some time, practically gave the Nebraska Telephone company a monopoly of the business in this city. The new ordinance introduced by Councilman Wood last night gives the company a franchise to sell its wires under ground. It provides, however, that all conductors be laid under the alleys instead of the streets, and makes it incumbent upon the company to put the wires in the ground within one year. It also provides for the passage of the ordinance. The ordinance provides that nothing in its provisions shall be construed as to prevent any other telephone company from operating similar properties. The rental of telephones is fixed at \$4 per month for business offices and \$2 per month for residences, with 50 cents additional per month for each additional half mile.

LINCOLN IN BRIEF. Hon. T. H. Darnell of this city was severely but not seriously injured near the McClellan block at the intersection of 12th and R streets. He was driving toward O and R streets in a carriage and failed to notice the rapid heavy beer wagon. The carriage was run into and completely wrecked. Mr. Darnell was injured internally, but the physician who was summoned stated that he was not seriously hurt.

A horse belonging to William Picketts ran away this afternoon and plunged into the corner of Ninth and R streets. The horse ran into the chemical engine and stopped, leaving the carriage a complete wreck at the door. Several men were caught the entrance narrow way escaped injury.

Dr. Hodgman, who was arrested on complaint of Fred Howe yesterday and charged with assault and battery, was fined \$2 and costs by Justice Gould. He requests the judge representative to give his side of the story. His office to collect a bill for the (Hodge) Howe held full receipts. He claimed that Howe became insolvent and he ejected him from the room without violence.

The State Banking board has issued a call for the condition of the 504 state and private banks of Nebraska at the closing of business on April 28.

Ben F. Polson of Buffalo, N. Y., and the "Cousin Ben" of the first Cleveland administration is in Lincoln this afternoon.

TRIED TO KILL HIS RIVAL. Jealousy Nearly Causes a Murder in Knox County, Near Creighton.

CREIGHTON, Neb., May 2.—As the result of jealousy, R. Johnson was slain by Sam Young, a well known farmer living near this city. Three bullets were fired, the last one striking Johnson in the thigh, wounding him severely. Young was at once placed under arrest and is now in jail. Johnson's wound is not considered dangerous, and under careful medical treatment he will likely recover if blood poisoning does not set in.

The innocent cause of Young's enmity toward Johnson is the daughter of a Knox county farmer, a handsome and accomplished young lady, the belle of the neighborhood in which she resides. Up to one year ago Young had been keeping company with the young woman, and was engaged to marry her and the wedding day set. About this time Johnson appeared upon the scene and commenced paying the girl attention. He was a handsome man, and soon became more and more morose and sullen every time his rival's name was mentioned. The girl had thought at the time of breaking her promise to Young, but when it is alleged, he made use of some very strong language reflecting upon Johnson's character the young lady took the latter part after ascertaining that the charges were untrue. This brought on a separation, and Young was denied the privilege of calling upon her. From that

TENTS FOR THE VETERANS

South Dakota Grand Army Men May Be Favored by the War Department.

FIGHT AGAINST DR. TURNER DROPPED

His Confirmation as Postmaster at Yankton May Be Expected Any Day Now—Letters May Be Mailed on Trains as Usual.

WASHINGTON BUREAU OF THE BEE, 1407 F Street, N.W., WASHINGTON, May 2. Senator Pettigrew called at the War department this morning, and in the absence of the secretary of war, saw General Schofield and made request for tents for 300 men for the use of the Grand Army of the Republic at Sturgis, S. D. General Schofield said he could see no objection to the request, and that the tents would be sent from Fort Meade, which is very near Sturgis, but that it would be necessary to secure orders from the secretary of war. Senator Pettigrew went to the capitol and wrote a formal letter of request to the secretary of war for these tents.

All opposition to the confirmation of Dr. Turner's appointment as postmaster at Yankton was withdrawn today, and the senate committee on postoffices and post roads made a favorable report to the senate in executive session. The announcement of Dr. Turner's confirmation is likely to be made at any time this week.

The senate committee on public lands has referred to Senator Pettigrew the nomination of Clark Ross for the Chamberlain land office. Senator Pettigrew is a member of the committee on public lands and ascertains that Mr. Ross's nomination is a person worthy of the position.

MAILING LETTERS ON TRAINS. The recent order issued by Chief Clerk Vandervoort in regard to the mailing of letters on the trains at Crowell, Neb., has been misunderstood. Some citizens of Omaha have supposed it was a general order, and that hereafter they would not be allowed to mail letters except at the postoffice. Representative Mercer has been advised by many citizens of Omaha asking for information upon the subject, and inquiring whether their mail would be received on the trains. Mr. Mercer has been advised by the postoffice department that the order issued in the case of Crowell is not a general one, and that such an order is only issued where there is a boycott, and where the citizens are conspiring against the postmaster.

Senator Allen today submitted a resolution which was considered by unanimous consent and agreed to, directing the secretary of the treasury to inform the senate to what extent the statutes of the United States against the importation of contract labor have been violated since March 4, 1889, giving the same by years, classifying the laborers thus imported, if any, by nationality and occupation, and giving the names and residences of the persons importing such laborers in violation of law.

Senator Manderson today presented the memorial of encampment No. 126, Union Veterans legion of Kearney, requesting against any amendment to the existing law which transfers control of the several branches of the National Military Guard from the present board of managers to the War department. Senator Manderson says he understood there was some scheme of the kind in the appropriation bill, and he asked that it be referred to the committee on appropriations, and it was so ordered.

Senator Manderson also presented a petition of the Edgar Building and Loan association of Omaha in opposition to a tax on the incomes of building and loan associations.

The president today sent to the senate the nomination of William K. Fox, to be postmaster at Plattsmouth.

The lowest bid for the heating and ventilating apparatus to be placed in the public building in course of construction at Paris, Tex., was made today by the Iowa Construction company of Sioux City. The amount of the company's bid was \$3,500.

REMEMBERED BY GROVER. William K. Fox of Plattsmouth the Only One Remembered by Grover.

WASHINGTON, May 2.—The president today sent the following nominations to the senate: Treasury—James W. Ball, collector of customs, Yaquina, Ore.

Justice—Tracy R. Bangs, attorney of the United States for the district of North Dakota; Joseph D. Bethune, associate justice of the supreme court of Arizona.

War—Second Lieutenant O. C. Horsey, Seventh infantry, to be first lieutenant, ordnance department.

Postmasters—W. W. Brown, Redwood, Cal.; Andrew T. Culbertson, Plainville, Cal.; William L. Hedrick, Fresno, Cal.; James W. Johnston, Fresno, Cal.; Thomas B. Hunter, Trenton, Mo.; William K. Fox, Plattsmouth, Neb.; M. W. Ryan, Medford, Wis.; Anna Kingman, Broadhead, Wis.; Emmett Horan, Eau Claire, Wis.; Louis C. Hunt, Redsburg, Wis.; Louis J. Bachand, Bayfield, Wis.; E. P. Colman, Idaho Falls, Idaho; H. C. Jones, Colchester, Ill.; John Goodale, Marion, Ill.; Thomas H. Stokes, Lincoln, Ill.; Louis M. Kerr, El Paso, Ill.; James S. Van Patten, St. Charles, Ill.; J. H. Davidson, Farmer City, Ill.; Robert C. McWilliams, Henry, Mo.; William B. McIwaine, Sparta, Ill.; Charles W. Brady, Independence, Mo.

Agricultural Appropriation Bill Reported. WASHINGTON, May 2.—The agricultural appropriation bill, reported to the house by chairman Hatch of the committee on agriculture, appropriates \$1,100,000 for the fiscal year ending June 30, 1895. Compared with the appropriation for the department for the present fiscal year this is a decrease

DEMOCRATS HAVE AGREED

Forty-Three Votes Pledged for the Amended Tariff Bill.

DOUBT CONCERNING HILL'S POSITION

Prominent Democratic Senator Says It Will Be a Law Before June 1—Changes Decided Upon Not Yet Given Out.

WASHINGTON, May 2.—While the reports early in the day indicated there might be some difficulty in agreeing upon a tariff bill, the conference which were held by the leaders on the democratic side of the senate during the afternoon seem to have been of confidence there was among those who hoped to secure a compromise. Among those engaged in the conference were Senators Jones, Brice, Gorman and Cockrell, while Senator Hill was present a portion of the time. It is the position of the New York senator that has caused some trouble, and there are a number of senators who believe, even now, that Mr. Hill will not vote for the bill, but it was agreed upon provision in it, and it is almost certain the income tax will remain. The senators arranging the compromise are counting on forty-three democratic votes and they will be able to control that number beyond any doubt. This indicates they hope to pass the bill in spite of the opposition of Mr. Hill and it also indicates that the bill has probably been made satisfactory in other respects to Senators Murphy and Smith of New Jersey. Senator Brice is more outspoken than any other who participate in the conference. He said today: "In an interview a few days ago I said the tariff bill had been agreed upon and would pass and I now reiterate that statement. I will say nothing about the bill until it has been agreed upon. The statement I made at that time that the democrats had agreed and would pass the bill was a good deal in carrying the Third Ohio district by the democrats, and I now assert that which I said then was true and the bill will pass."

Senator Brice was asked if there was any doubt about some of the changes, and that the bill will be materially altered.

Three publications today assert they know about the contents of the changes, and that the bill will be materially altered.

The fact that Senator Squire finished his speech today no effort was made to press the consideration of the tariff bill, and that other matters were considered, and that an executive session was held, is taken to mean the promise is about completed, and that it may be ready to be reported in a short time. Late in the afternoon it was stated the vigorous pressing of the tariff bill would be postponed until new amendments were reported, as it was understood that better arrangements can be made for the consideration of the bill when the amendments are announced. It is then believed the republicans will agree to some arrangements by which the consideration of the bill may proceed, without resorting to harsh methods, as the republicans, it is thought, will concede the passage of the bill. A leading democratic senator, while not committing himself as to the day, predicted the bill would be disposed of before the 1st of June.

Where Cuba's Sugar Goes To. WASHINGTON, May 2.—United States Consul General Williams at Havana, in a report to the Department of State, shows that of the sugar crop of Cuba for the first quarter of 1894 the United States took 34.4 per cent, or 37,812 tons; Canada, 2.48 tons; Spain, 8,414 tons, and Great Britain, 3,321 tons.

Appropriation to Survey Indian Lands. WASHINGTON, May 2.—Senator Berry today gave notice of an amendment to the sundry civil appropriation bill, appropriating \$100,000 for the survey of the lands of the five civilized tribes of Indians in Indian Territory.

Senate Proceedings Were Dull. WASHINGTON, May 2.—The senate proceedings were rather dull today, most of the afternoon being consumed by Senator Squire of Washington, who made a careful and prepared speech in general opposition to the tariff bill. Before he began Mr. Lodge of Massachusetts undertook to enact the role of Judge G. G. Heywood on some exciting challenges to the democratic side, but the democrats refused to be drawn into a controversy, and finding his efforts unsuccessful he turned the floor over to Mr. Squire.

Before the tariff bill was taken up Mr. Hoar tried to pass his anti-lottery bill, but it met with no success. Senator Gorman, on the ground that it would interfere with raffles and drawings at church societies, and made participants guilty of felonies. Ultimately the bill went over without action.

Gold Shipment Commenced in Earnest. WASHINGTON, May 2.—The indications are the usual spring outflow of gold has at last set in. Advice at the Treasury department show that about \$1,500,000 in gold was shipped for the Argentine today and \$1,000,000 has already been engaged for shipment next Saturday. The treasury statement of today shows net gold on hand to the amount \$100,228,000. Today's shipments, however, will not appear in this daily statement until tomorrow, and when the engagements for today and Saturday are added the balance will only be about \$97,800,000. The cash balance today was \$124,882,531.

Yeomans Confirmed by the Senate. WASHINGTON, May 2.—The nomination of James D. Yeomans of Iowa to be interstate commerce commissioner was confirmed by the senate today.

The senate also confirmed the following nominations: John P. Aubrey, recorder of public moneys, at Bozeman, Mont. Postmaster: Washington—W. H. Van Lew, at Dayton; Ralston Cox, at Vancouver, Texas—W. D. Bell, at Chilesburg, Nevada—Henry J. Berry, at Benio, Colorado—James A. Woodward, at Idaho Springs.

State Bank Tax Repeal Law. WASHINGTON, May 2.—Senator Walsh today introduced a bill for the repeal of the tax of 10 per cent on the circulation of state banks.

WASHINGTON, May 2.—The agricultural appropriation bill, reported to the house by chairman Hatch of the committee on agriculture, appropriates \$1,100,000 for the fiscal year ending June 30, 1895. Compared with the appropriation for the department for the present fiscal year this is a decrease
