Reception Given by the Directors of the Hospital Association Yesterday.

ARRANGEMENTS FOR NURSING THE SICK

Concert to Be Given by the Christian Endeavor Tonight - Fire Attributed to an Incendiary - Other Magic City News.

A public reception was given yesterday afternoon by the directors of the South Omaha Hospital association at the hospitalon Twenty-fifth street. A large number of outh Omaha's best citizens called between the hours of 5 and 5 c'clock, and many were heard to express themselves as being surprised in finding that such comfortable | tickets for adults are 50 cents. quarters had been arranged by the associa-

Upon entering the ground floor reception room the victors were met by the indies who have worked incessantly to organize the association. They are Mrs. Denny Alberry, Mrs. John C. Carroll, Mrs. R. H. Rickard, Mrs. H. M. Atherion, Mrs. Dr. Berry, Mrs. B. F. Carpenter, Miss Maggie Pollard, Mrs. Dr. Ensor, Mrs. Claud Talbott, Mrs. Ed Munshaw, Mrs. J. M. Fowler, and Mrs. S. E. Hyatt. The reception committee served the visitors with coffee and light refreshments. They were then shown through the apartments on the second foor. The ladies had arranged everything very tastily. Flowers and plants were placed in every available spot and the ros as clean and tidy as one will see in a well regulated household.

When this building was leased the agree ment was that the Associated Charities would use the ground floor and the second tion. At the head of the stairway in the front of the building is a good-sized recep-tion room. On the north of this is a small bedroom, which has one bed. The first room west of this one is rather large and contains three beds. The rear belroom to the west is supplied with two beds and the kitchen is to the south of this spartment. In the rear of the kitchen is the bathroom. The whole arrangement is very convenien and the ladies feel very proud of the result of their efforts. Rev. J. H. McDevitt has been very active in assisting the ladies to organize the association and is deserving

f much credit for his work. Mr. Edward McBride has charge of the Associated Charities department and Mrs S. E. Hyatt is the matron of the hospital The association is now ready to receive patients and all it lacks is sufficient funds to carry the project through. It is something that has been badly needed in South Omaha for a long time, and it is the opinion of the directors that the people will now port it deserves.

Work of a Firebug. Fire was discovered in the building occu pied by Behreman & Bugge on Twenty-fifth street, south of N, about 3 o'clock yesterday morning. Officer Emerick turned in the alarm and the firemen were soon at the The firemen from the packing SCHOLE.

iouses also turned out.

The place was evidently set on fire there was no combustible matter on this floor and no person had been in the building after it was closed at 6 o'clock in the even ing. The fire was started on the floo among the shavings in the rear of the build ing. The flames ran along to the walls of both sides and were soon to the ceiling. P J. Traber has a photograph gallery on the second floor. Mr. Traber sleeps in this apartment and was aroused by hearing the crackling of the burning timbers, sprang out of bed and barely had time escape. His stock was damaged about \$300. He had no insurance. When the firemen reached the scene they promptly emothered the fiames on the grot but it was some little time before they could check the flames on the second floor. The building was damaged about \$500. It is owned by A. B. Ross of Omaha and was fully insured. Behreman & Bugge carried fully insured. Behreman & Bugge carried insurance on their machinery and tools, but neither were damaged. John Gorman occupies a portion of the ground floor as a paint shop, but none of his stock was damaged, as the fire was confined to the rear of the building. F. Boyle conducts a second hand store in the building south of the one surned and his stock was slightly damaged

by water. The police will endeavor to locate the hend who fired the place. There is a strong sentiment against firebugs in South Omaha at the present time and if one should be caught the punishment would be apt to be

protty severe. Christian Endeavor Concert. The concert to be given at the Presbyterian church tonight promises to be one of the best musical entertainments ever given in South Omaha. It is given under the auspices of the Young Peo of Christian Endeavor. The following pro-

> Asked for More of the Details. NEW YORK, May 3 .- A bill of itemized particulars in the suit brought by David Belasco against N. K. Fairbanks in Chicago and Louise Dudley Carter was asked before Judge Lawrence in the supreme court. The suit was brought by Belasco to recover \$65,000 which he claims as compensation for preparing Mrs. Carter for the singe, generally speaking, for instructing her in the study of parts in plays specified and for rewriting, staging and managing the play called the "Ugly Duckling," which was pro-duced at the Broadway theater and on the road for a period of ten months. Course for the defendants claimed that the bill of particulars submitted by the plaintiff was altorather too general, and he asked that the plaintiff file one specifying the dates and places where the work for which the \$60,000 is claimed was done. ILLINOIS CENTRAL READY TO BUILD HERE

Gap Between This City and Onawa to Be Filled Just as Quick as Possible-Outset for the Nebrasica. Central.

People who have imagined that the Ne-

brasks Central railway had succumbed to the pressure of hard times will be agreeably surprised to learn that it has concluded negotiations with the Illinois Central which will take the surveys made by the engineering corps of the local company and build a line of road from Onawa, In., to Omaha. These negotiations have been in progress for some time, but the financial difficulties worked materially against the consummation of the scheme whereby the Illinois Central could make Omaha its western terminus. President Dumont, however, never gave up the fight, and in conjunction with General Manager F. A. Nash pulled all series of wires.

to the end that the Nebraska Central the company most earnestly desiredthe outlet for a new trunk line which would open up a new field for Omala enterprises.

President Stickney of the Maple Leaf naw the desirability of tapping the west through Omaha, and was anxious that his system should reach the Nebraska meopolis, but the slump in stocks and the openion in business completely killed the tope he had entertained of making the

territius of his read at Omaha.
The Nebraska Central efficials then opened negotiations with the Illinois Central people, with the result that President Stuyvesant Fish and a number of friends came to Omaha hast fall with a view of examining the terminals of the Nebraska Central company and inspecting the course mapped out. Nothing was heard of this visit of the president of the Himols Central to Omaha until yesterday, when a tele-gram was received by The Bee from Chero-kee, la, the western Iowa headquarters of the Illinois Central, that surveys had been completed and that a line would be built at once from Chawa to Omang, which had been in contemplation for years. The line will probably follow the river to Council Binfis, and the East Omaha bridge will undoubtedly be used in effecting an entrance itato Omaha.

Passenger Men Feel that Something May Be Done in the Way of Harmony. CHICAGO, May 3 .- (Special Telegram to The Bee.)-Encouraging progress was made today toward the establishment of reasonsble excursion rates by western lines. The Union Pacific and Atchison were represented at the mass meeting, both lines declaring themselves in favor of conservative action. General Passenger Agent Lomax of the Union Pacific said that his line had not made the low rates charged against it. Having been away from headquarters for two weeks he was not familiar with the rates which had been made, but agreed to have his aseistant here as soon as possible with a com-plete list of all reduced rates. Adjournment was taken to that time, all lines being confident that the threatened demoralization would be averted or very much modified.
