POPULISTS IN THE MIDDLE OF THE ROAD

Instead of Going to Their Convention in Palace Cars They Will Emulate General Kelly and Go in Wagons.

Populism in Nebraska has taken a new and unique turn, according to the call just issued by the chairman of the state central committee for a meeting of that body on May 15 at Lincoln, to decide upon the time and place for holding the state convention.

A CHARMING WOMAN.

She has Studied American and European Ladies Very Carefully, and Tells Just What She Thinks About Them.

"I have observed women very carefully," it was a member of a leading ladies' club who spoke, continuing she said: "I have seen English, French and women from the continent under all circumstances, and I believe I understand them. I have observed American women under every condition and I am able to compare the two. I am sorry to say that American women are not as strong and healthy as the women of other countries. They are weak, delicate and run down, especially at this time of the year. And that is not the worst of it. American women need not be so. It is nonsense to suppose that a woman can go through this season without assistance. She needs a tonic, a stimulant, something that will make her complexion good, her eyes bright, and her health perfect. I know what will do this because I was once in a greatly run down state myself and I found that a careful and continuous use of Duffy's Pure Malt Whisky did wonders for me. I am a firm advocate of temperance, and I believe nearly every woman could be made healthier, happier and more attractive if she followed the same course that I have.

These are good common-sense ideas which every lady can adopt to advantage. I should be recommended, however, that Duffy's Pure Malt Whisky be the only whisky which can produce these results. The ordinary whiskies do not contain the quantities necessary for the purpose. In fact, therefore, I am a firm advocate of temperance, and I believe nearly every woman could be made healthier, happier and more attractive if she followed the same course that I have.
