Officers of the Organization Elected During

the Forenoon-Sunrise Meeting Well

Attended-Complete Program

Yesterday was the second day of the

Christian Endeavon convention, and the at-

tendance was considerably larger at all of

the sessions than on the day preceding. At

6:30 a. m. there was a prayer service at the

First Presbyterian chapel, and in spite of

the earliness of the hour a large number of

delegates fought off the inclination to snooze

a time or two more and went to prayer

The morning session was held at the Con-

gregational church, and was devoted prin-

cipally to business, after the usual devo-

tional exercises. Reports of officers were

read, and each one indicated that the organi-

zation is enjoying a healthy growth. The

following officers were elected: President,

J. A. McCrury of Guthrie Center; vice presi-

dent, W. S. Homer of Council Bluffs; secre-tary, Miss Tina Anthony of Defiance; treas-

urer, Mrs. McLaire of Griswold. In the afternoon Miss Della Shields of

Defiance read a paper on "The Duty We Owe Each Other as Members of the Same

Society," and a discussion followed, led by Ella Riale of Logan. Fred F. Pease of the

lowa Endeavor of Des Moines talked on the Towa Endeavor of Des Moines tarked on the "Religious Newspaper," after which came another paper on the question, "Is the Junior Movement Absolutely Essential to the Advancement of the Senior Society?" by D.

A. Peters of Lewis, discussed by Miss Tena Salem of Stuart. Other papers on the pro-

gram were "How to Promote Spirituality in Our Societies," by Miss Grace Cowdery of Dunlap, discussed by Austin Lowery of Woodbine, and "How Can the Christian En-

deavor Interest Our Young Men?" by Charles

W. Major of Lewis, discussed by Lewis

Barger of Gray. A question box was con-ducted by Rev. E. W. Allen of this city.

A business session was held at which the question of the place of holding the next convention was brought up for discussion.

The party he thought was her fellow. Yes, indeed. And the whole trouble was

that Othello was jealous. The green-eyed monster lurked in his soul, and Melancholy marked him for her own. But lovers and husbands are not the only people who get jealous. There be business men who are jealous. as insanely jealous at times as the mad Moor And it is among local bleycle dealers was. you find the most jealousy among business men. Not long ago pardonable pride in-duced us to publish a list of experienced wheelmen who have favored us with their orders for high grade mounts. One of our competitors read the list and then experienced a "bad half hour," as the French say. It gave him a "turn" to think that so many wheelmen should have bought without con-sulting him. So he rushed into print-and made a Midway plaisance of himself. While it is true that we have sold more wheels this season than all the rest of the local

dealers combined, we are not unduly inflated over it. We are, of course, modestly proud of having done a satisfactory business, but we do not insist that every wheelman who does not buy of us is a chump. We simply state a fact when we say we have the ex-clusive agency in Council Bluffs for nearly all the leading high grade wheels, and we insist that these are the wheels that experienced wheelmen want. We have simply had the good sense to get what the wheelmen of Council Bluffs want. We have a rental dewheels (high grade) at fair prices in exchange for new. Most of these second hand wheels we have sold, for even a second hand high grade wheel sells better than a new wheel of inferior make. We need more second hand wheels for our rental department and will continue for a few days to allow fair prices in exchange. We sell wheels, repair wheels and have wheels for If you want a bicycle you can't afford rent.

Last Wednesday evening the Council Bluffs Whist club crossed the river and paid a visit to the Omaha club in its rooms for the purpose of once more removing the scalp of the Nebraska organization. The game played was the first of a series of three which are to decide the supremacy three which are to decide the supremacy of the two clubs, and it gave the Council Bluffs team a very respectable head start. Eight teams from each club contested. Twenty-four boards were played according to the Chicago system, the result being 1,282 points for Council Bluffs and 1,214 points for Omaha, a win for Council Bluffs by sixty-eight points. Twelve boards were then played according to the ordinary duplex system, Council Bluffs winning eight. The following Council Bluffs teams beat

No little public interest has been awakened by the transmogrification of the dingy chrysalid of a building at 529 Broadway into the present handsome front, and Messrs. Stephans Bros., the firm of bright young men who have used it for years as plumbing establishment, are being heartily congratulated. The improvement naturally calls attention to their business and the character of work they are doing. and thus is revealed the fact that many of the finest jobs of plumbing and steam heating in Council Bluffs and adjacent cities are their work and that they are among the foremost plumbers and fitters of the two cities. Both of the brothers, W. F. and E. F. Stephans, are practical plumbers of large experience and know every detail of their work. In their salesroom they now show a magnificent line of marble lavatories porcelain enameled baths, marble slabs decorated bowls, tanks and closets. They take the same pride in securing the best goods as in doing the best work. They invite inquiries for estimates on work and will meet all competition.

#### Mrs. Hough Takes Morphine.

Why should a sewing machine costing \$10.00 at the factory retail for \$55.00? Why should at bicycle costing \$45.00 retail for \$125.00?

There are forty-one Waverleys being ridden in Council Bluffs, and every one has been bought with money and not two-thirds paid for with an old wheel, as has been the case with three-fourths of the \$125.00 wheels sold

Her Testimony.

Mrs. Christian Kaelber, of Millard, Doug-las county. Neb. is well known in Omaha. Her husband is a large farmer and mer-chant at Millard, where he settled twenty years ago. Mrs Kaelber says: "A good many years ago I began to have stomach trouble. At first it was simply a loss of appetite and a little discomfort and uneasinesss after eating. Then my stomach and bowels seemed poisoned by catarrh. Digestion failed. I couldn't eat without paln and distress and a horrible rumbling and belching of sour gas. Finally nothing would stay on my stomach. To eat meant to vomit. This was practically a slow s ar-vation. I was weak and miserable in spite of spendid doctors and patent medicines without number. Along with my other ills I had a terrible headache, the result of ha grippe. I was sent to Dr. Shepard by sev-eral of my friends whom he had cured. I suf-fered terribly from physical debility, be-came too weak to work any more, lost flesh at a rapid rate, twenty pounds in two weeks, and had what family physi-clans thought was galloping consumption. # High School Commencement,

The members of the senior class of the Council Bluffs High school are making great reparations for the commencement exerises, which are to occur probably June 12 at Dohany's opera house. The class of 94 will be the largest ever graduated, numbering fifty-three. Another thing to which the class "points with pride" is the uncommonly large proportion of boys in the class, sixteen out of the entire number being boys. Only twelve of the class will speak, and the question now to be decided is, who will be the twelve? Three of the number will be those who have the highest grades upon class room work done during the year, one of each of the three courses. Every pupil is required to hand in an oration, and they are all examined by a committee of judges residing out of the city. The eighen having the best markings will preliminary contest, and the nine who are ranked highest in point of delivery will make up the even dozen that will appear on the platform of the opera house.

### The Fairles' Carnival.

Decoration at Walnut Hill.

The Union Veteran Legion will dedicate its ection of the Walnut Hill cemetery May 30 by appropriate exercises. The members will also assist in the decoration of the graves of all their comrades and soldiers buried in the three contiguous grounds, owned by the Catholics, Hebrews and others. It is to be distinctly understood that this novement does not mean rivalry or oppos tion, but simply a widening out on the eral line of patriotism so as to include all the city cemeteries. This is in accordance with the broad idea or general belief that in every cemetery or burying place of every city, town and hamlet of the nation where rests one or more of the nation's defenders there should be flowers scattered upon every grave on this great national Memorial day. There are enough patriotic people in this city to make several congregations too large for satisfactory hearing of speeches and music. Many have not attended for years

because of the multitude of people and the immense throng of vehicles.

#### After a Lonesome Democrat.

IOWA CITY, Ia., May 12 .- (Special Telegram to The Bee.)-Iowa's lone democratic congressman, Judge Hayes, carried the John son county democratic convention today, thus insuring his renomination. There is a bitter celling in every county in the district against Hayes, growing out of postoffice fights, and as Hayes is after a fourth term and has been of little value to the district the republican are not without hopes of defeating him, thus sending a solid republican delegation to congress from Iowa next fall.

At 2 o'clock this afternoon Hon. P. J. O'Connor, the newly elected president Itself Unable to Control the System of Hauling Garbage.

About the most troublesome matter which the Board of Health has on its hands these spring days is the garbage hauling question At the present time there is little or no system in the regulation of this business According to the ordinance no one is all lowed to haul garbage without a license but owing to recent complications there is nothing to indicate who shall have the authority to issue the permit. The result is that every man who can command the services of a team of mules and a clumsy wagor considers himself at liberty to cart away garbage, and the commissioner of health is powerless to put any check on the business This condition of affairs is very naturally accompanied by a great deal of carelessness and delinquency on the part of the teamsters. Numberless complaints are sent Steam and Hot Water Heating for in by property owners, but, as a rule, the Residences and Buildings. commissioner is unable to afford any relief.
