

6

ing with a %c gain, after an advance of 15c and an equal decline. Frosts at home and abroad caused the strength and freezing was responsible for the temporary reactions. July corn closed unchanged, oats unchanged and provisions finished slightly bigher.

In wheat there was a heavy trade and broad market, with prices very irregular. Opening trades were at from %c to 1c advance, and after selling down %c rallied 1%c, broke 1%c, rallied %c, changed some and closed firm. The early strength came from the frost scare in the west. The stronger tone was considerably helped by private advices from abroad, reporting damage there by black frost. The decrease in the visible supply of 1,466,000 bu, also acted as a strengthening factor. A good many local longs sold out on the early rally and many went short. Pardridge was again a prominent seller during all the early morn-ing, but these offerings were very readily absorbed by anxious buyers. Free realizing was re-ponsible for the sharp break later, but more buying firmed up the market at the close

Corn experienced a lively trade during the first hour, but was quiet later, prices for the day covering but from %c to %c range. The general tone was firmer, the strength coming from the weather. Opening trades were at from %c to %c advance, sold up from %c to %c, reacted from %c to %c. ruled firmer, changed some and closed as stated.

The interest in oats centered in September, which was bought freely early, and prices advanced from '4c to %c. An in-crease in the offerings and the decline in other grains created weakness and prices receded from 1/2c to 5/2c. A small reaction followed the bulge and the market closed Lower prices at the yards and hog re

reipts largely in excess of the estimates caused a slight decline in values at the opening in provisions. The market soon firmed up to near Saturday's closing figures on the boom in wheat and corn. It was extremely dull later on, with weakness in response to the break in wheat. The market was very narrow. Just before the close there was some buying, values advancing to the outside figures of the day, with the closing strong for pork and lard and firm for ribs. Compared with Saturday night July pork is 5c higher, July lard unchanged and July ribs 2½ c higher.

# ST. LOUIS, May 21.-WOOL-Steady, without change. STOCKS AND BONDS.

Trading Was Active in Securities on the Exchange Yesterday. NEW YORK, May 21 .- The trading was

active on the Stock exchange today from the opening till the closing of business, and the aggregate transactions were larger than on any day for months past and more widely distributed. A strong tone characterized the opening dealings, which was due to purchases for the foreign account as well as to the firmness of American securities on the London Stock exchange. There was good buying in all the arbitrage stocks during the morning, but during the afternoon a large percentage of these purchases were resold, which helped swell the volume of the selling

movement, which the short interest manipulated The first sign of weakness was shown in Sugar, which, afters an ad-vance of % per cent, broke 27% per cent on liquidating sales for the ac-count of a belated bull whom the recent decline had forced to sell stock which he was holding for a rise. The general list sympa-

holding for a rise. The general list sympa-thized with the depression in Sugar and de-clined 1/4 to 1/2 per cent, the latter in Sus-quehanna & Western preferred, the other industrials and grangers also participating in the reaction. A quick raily followed in which most of the losses were recovered. Sugar sold up 11/2 per cent, receded 3/2 per cent and recovered 11/2 per cent. The mar-ket became somewhat irregular about 11 o'clock, and shortly thereafter took another downward turn under the leadership of

depirement today. Americans were armer and ad-valueed till the formion, when there was a general relates led by a sharp full in Nerthern Partile on assessmell, anners. The chelles that flat and nearly at the worst. Alcoust i hares and bonds were exceptionally fine and aft-edged shoks were trail on even minary and the propert of furthes indust of \$1,000,000 in gold during the next ten days.

### New York Dry Goods Market.

NEW YORK. May 21.-There was no life to the dry goods market, yet there was considerable

downward turn under the leadership of Northern Pacific preferred, which was heavily sold on a report that the plan of reor-ganization likely to be adopted would include a heavy assessment on the preferred stock. An advance of 32 per cent had been made in the shares in the opening on London buying, and the break from the top was 4 per cent. Western selling of Chicago Gas resulted in a decline of 2% per cent from the best price of this morning, which was 11/2 per cent above Saturday's closing. grangers broke % to 1% per cent, the latter in Burlington, and Union Pacific and Reading 1½ per cent, Sugar 1½ per cent, and the rest of them 3% to 1 per cent. Before noon Northern Pacific preferred had rallied 1%, and the other shares which had receded made a fractional recovery. After midday prices advanced for nearly an hour, the improvement ranging to 1½ per cent. About 1 o'clock the upward movement was checked, and a decline of 14 to 214 per cent was established. Before 2 o'clock a frac-

tional rally took place, which was of duration, and under renewed selling prices again sought a lower level. After delivery hour an im oved tone was noticeable. Some few of the specialties were weak in the final trading, but the general market, although lower than Saturday, closed firm. The Evening Post says: Perhaps the most important factor in determining the course

of today's market was the foreign brokers attitude. These houses did not, as they were ant to do, emphasize Saturday's final break in prices here by a weak and feverish movement. On the contrary London quotations for American stocks ruled today be fore the opening 11/2 points or more above the New York level. This recovery was ioubtless largely due to orders from side, possibly from shorts who wished to

The railway and miscellaneous bond market was weak throughout the greater por-tion of the day, but some of the leading securities recovered sharply in the final dealings. The following are the closing quotations on the leading stocks of the New York ex-change today:

CHICAGO LIVE STOCK MARKET.

#### Cattle Were in Moderate Supply and th Market Was Steady.

Cattle Were in Moderate Supply and the Market Was Steady.
 CHICAGO, May 21.-Cattle were in moderate supply, not more than 14,000 head arriving. The market for cattle was fairly steady, though slow. There was a good export demand and a somewhat limited inquiry from other sources. The best offerings were salable around \$4.30, and there was trading in inferior cows and buils at from \$1.50 to \$1.75, but almost the entire supply changed hands at from \$2.70 to \$4.05 for steers and at from \$2.50 to \$3.40 for cows and heifers. The grades of steers that compete with Texas cattle were easy. The run of Texas cattle was the largest for many weeks, and sales dragged at the above noted decline.
 Saturday's firmness works, and sales dragged at the above noted decline of \$4.55 to \$5. and the decline in common and medium grades was not less severe. There was an average reduction of 5c per 100 lbs. the bulk of the supply, which amound to \$4.000 head, going out of sellers' hands at from \$4.50 to \$4.85, and the decline in common and medium grades was not less severe. There was an average reduction of 500 to \$0.900 head grader than were expected, and that was the cause of the break in prices. At the decline bayers took hold very freely, and the market finally close firm. The quality was not very good, light lots entering more largely has detered. The quality was not very good, light lots entering more largely into the supply than heretofore. Prime heavy has the sage demand for sheep and lambs and they sold stronger. In some cases desirable qualities were taken at an advance of 100, but in poor and common qualities there was no considerable change. Quotations ranged from \$2 to \$4.56 for your in 6,000 head; sheep, form \$1 to \$4.55 for yearlings, and from \$4 to \$4.575 for yearlings.

34.85 for 'yearings, and then a to be springs. Receipts: Cattle, 16, '00 head; calves, 200 head; hoga, 31,000 head; sheep, 9,000 head. Receipts fell very little short of last Monday's run and the quality was hardly as good as toward the close of last week. Sellers found conditions against them and most of them had to ac-cept prices a shade to 5c lower than Saturday. A few would not accept any decline and in consequence there were nearly 1,000 hogs in the pens at the close, part of them however, in speculators' hands. Eastern markets were lower, supplies were ample and prospects good for plenty of hogs this Only one shipper was in the market and local houses were all more or less inde-pendent. Cudahy, usually the biggest buyer, did not buy a hog. Speculators were cau-tious to the point of practical inactivity and trade was dull and unsatisfactory out. Aside from a "pot" that sold for \$4.55 the range of prices was from \$4.60 to \$4.70 for common to choice hogs of all weights. with the bulk of the trading at \$4.65. Saturday the bulk of the trading was at \$4.65 and \$4.70, and on last Monday \$4.85 t \$4.90 bought most of the animals. Repre

of witnesses on each side, or on account of mere probabilities as to the comparative weight of the testimony considered alone on the record in this court. 2. To a review of alleged errors in giving or refusing an instruction an exception is indispensably a prerequisite. Darst vs Leavy & Bro. Error from Doug-las county. Affirmed. Opinion by Com-missioner Ryan. The overrluing of a motion to dissolve an attachment of mortgaged chattels, pre-sented by the mortgager alone, will not be reviewed when upon the hearing of the mo-tion it was shown that the rights of the mortgage referred to, and when there is in the record evidence sufficient to justify the conclusion that the mortgage was by the mortgagor executed with intent to de-fraud or delay his creditors. Harden vs Shuey et al. Error from Gage county. Reversed and remanded. Opinion by Commissioner Ragan. The record in this case examined and sentative sales: Av. Sh. He

from the capital nearly all week.

SAN FRANCISCO, May 21 .- The Examner today says that Mrs. William A. Mar-

manner prescribed by the statute; and except in the exercise of its general equity to the statute; and except in the service of its general equity is followed.

 A defendant, after the close of the ferm of court at which a judgment was rendered against him, filed a petition to the grounds that the nor his coursel were present during such term of court, inquiring for the date of the session before its adjournment; that he wrote the defer of the court, inquiring for the date of the session before its adjournment; that he wrote the defer of the court, inquiring for the date of the session before its adjournment; that he wrote the date of the session before its adjournment; that he wrote the place of holding said court; that he employed one of a firm of three and was served with summons 450 miles from the place of holding said court; that he employed one of a firm of three and was served with summons the more set of the session before its adjournment was rendered agained by the usual foute of the term prior.
 Mannes the session of court at the employed one of a firm of three and was served with summons 450 miles from the place of holding said court; that he employed one of a firm of three and the session of court at which such inderment was rendered agained by unavoidable casualty or mission of the seaning of section 662 of the Code of Civil protone from defending his suit within the meaning of section 662 of the Code of Civil protone from defending his suit within the feature is that of the entire firm, and it is partners of all within the seaning of the firm, and the section of the attorney retained or any other and the protone is partners of the firm, and impact to them all the sease of art.
 Mannes mannes and the sease of a setter.

 manner prescribed by the statute; and ex-

by Commissioner Ragan. The record in this case examined and found to contain no evidence to support the verdict of the jury rendered against the plaintiffs in error.

venice of the provide the second of the plaintiffs in error. Hughes vs Insurance Company of North America. Error from Holt courty Affirmed. Opinion by Commissioner Ragan. A fire insurance policy contained this clause: "That the having of other insur-ance thereon (the insured property) or any part thereof, valid or invalid, prior or sub-sequent, not made known to this company and consented to hereon, will render this policy void." policy void." Held: (1) That the violation of this pro

vision by the assured in procuring addi-tional insurance on the property without the knowledge or consent of the first in-surer did not render the policy issued by it vold, but voldable at the election of said

void, but voidable at the election of salu first insurer.
(2) That the provision was a reasonable one, not unconscionable, illegal nor contrary to public policy.
(3) That it was inserted in the insurance contract for the benefit of and might be waived by the insurer.
2. The acceptance by a principal of the fruits of an unauthorized contract made by his agent is a ratification of such agents.

waived by the insurer. 2. The acceptance by a principal of the fruits of an unauthofized contract made by his agent is a ratification of such agent's conduct, and said ratification relates back to the date of the performance of the act ratified and the principal is bound by the effects thereof and the results flowing therefrom as much so as if he had himself performed the act. 3. Where it is stipulated in a contract of insurance that the insurer shall not be liable thereon or that said insurance contract shall be void if without the insurer's knowl-edge or consent the insured shall procure additional insurance on the insured prop-erty, and the insurer of the insured prop-erty, and the insurence contract is voidable at the election of the insurer is used in a suit upon said first policy, unless it be shown that said violation of the first insurance contract was brought about through fraud or mistake or has been waived by said first insurer. 4. German insurance company vs Hey-duck, 30 Nebraska 288, followed and re-Ganzer against Schiffbaurer. Error from Scotts Bluff county. Affirmed. Opinion the case. Mrs. Martin Found in California After Two in, a wealthy woman, the wife of the manager of the New York Witness, who with her 7-year-old boy has been missing from

home for two years, has been found here and is now on her way to Los Angeles to duck, in Nebraska 288, followed and re-affirmed. Ganzer against Schiffbaurer. Error from Scotts Bluff county. Affirmed. Opinion by Commissioner Hagan. It is conduct reprehensible in the highest degree for counsel in their briefs and argu-ments in this court to indulge in reflections upon the integrity of the district judges. Briefs filed here containing such reflec-tions will not be considered by this court, but ordered striken from the files. The power of a district court over its own judgment during the term at which it is rendered is entirely discretionary; but the discretion of the court as to the vaca-tion or modification of a judgment ends with the adjournment of the term at which such judgment was rendered, and neither the court nor the judge has any authority to vacate or modify a judgment rendered by it after the term at which it was ren-dered, except for the causes and in the meet her husband. Mrs. Martin is said to have wandered all over the world in that

time and to have come here from New Zea-land ten days ago. She was met in the Palace hotel a few days ago by Dr. Heydecker of Coronado, Cal., her cousin. Mrs. Martin is considered mentally afflicted.
