MOLLIE PENNY'S TWO NICE JOURNEYS

that of the initial day, inasmuch as two breakaways was the limit for any one event. In the first three races the horses all got away evenly, and in the two last there were but two call-backs in each. So far Colonel Hatch has executed his trying duties with an eclat that would turn your Rowes and your Pettingills green with envy.

Again, the day was perfect, the track fast, the crowd large and enthusiastic and the running out of sight. There wasn't a lazy race on the whole card. Each was full of snap and ginger, and the lads rode as if for their lives. They were all purse races, and owners and jockeys were out for all the stuff there

The betting was good, and the pencilers correspondingly happy. Considering the limited time backers have had to acquire knowledge of form, the talented cohorts suc knowledge of form, the talented conorts suc-ceeded marvelously well, four favorites going safely through, and one well backed second landing first. The eager speculators ac-cepted everything that came their way, and it is safe to say several bank rolls have been badly crippled in the two days furore.

Much interest centered in the opening event, five furlongs, for 3-year-olds and upwards that have not won more than one race since May 1. Weight, 110 pounds. Lil-lie Lochiel was the fancy of the talent, and, with Jones up, started favorite. Hardly ten minutes elapsed from the sounding of the post bugie when the field was under way, Hatch dropping the flag as the horses came abreast of his pedestal on a line. Idle Boy got away in front, and moving from the outside to the rail in the dash to the sixteenth pole, made the running, with Ed-mond Connolly hanging at his throat latch nearly all the way. Lillie Lochiel and Coun-cil Plat were hotly in their rear, and both quickly moved in the van. Idle Boy, however, as quickly regaining second as he had lost third, Connolly dropping back next to last. Down the stretch they came like equine tornadoes, the Lily and the Boy both fighting hard under whip and spur. Lochiel showed first, and under Jones' vigorous riding drew steadily away, winning, used up a bit, by a half a length, Idle Boy second, Council Plat third.

MOLLIE MADE A NICE RUN. The second race, half a mile, went to J. J. Ryan's bird of a little mare, Mollie Penny, after a thrilling fight to the winning post with Sam Jones, condition telling on the old selling plater at the end, and de-ciding the chase by a head in Miss Penny's favor. Ross' big roan gelding, Dick Tiger, is also deserving of a word of credit in this struggle, for it is an open question whether he did not have a show for first money himself. Coming down to the wire, and no was next to the rail, but a scant head or two behind the leaders, Penny and Jones and coming good and strong. Right here Avery jerked Jones over almost against Mollie, who awerved, and the Tiger had to be pulled or go into the fence. After the contest Judge Loper called the jockey into the stand and informed him that on a repe-tition of that sort of work he would leave the park, and he wouldn't have to be coaxed.

From there on it was a horse race good for sore eyes, and while Mollie won it was by reason of her almost supernatural effort, and the tremendous en-

ergy of her wise jock. Buck Walker man-aged to shake third out of the muss, but fully three lengths away from Rodgers. A quartet only answered the call to the post for the last race, five and a half furlongs. The flag fell with Mike Flynn and Marmaduke in front, Doley Brown next and Henry R bringing up the rear. Mike and Marmaduke held their places until rounding the first turn, when Doley Brown and Henry R both moved up, Doley taking the lead into the stretch. From there she drew away and won handily by two lengths, Henry R and Marmaduke fighting it out for second place, which Henry secured by a neck.

One of the most agreeable features about Colonel Hatch's very successful meeting is the fact that the moneys in each race are paid immediately upon the announcement of the weights up. Every winner has received his moncy at the wire, and the owners are all jubilant and enthusiastic over the inno-vation. There will be four new stables in today, and several additional early next week. This afternoon's card will be one of the very best of the event, consisting as it will of five events, with an average of seven starters in each, and being on the Saturday half holiday, a tremendous outpouring should be in attendance in attestation to their appreciation of the best sport ever furnished this section of the country. During the intermission between the first and second race today O. P. Hendershot of this city will exhibit in the field before the stands a half dozen of the best broken saddle

horses in the west.

PEORIA, III., May 25 .- (Special Telegram o The Bee.)-The Omahas had a warm reception on their first appearance on the local grounds this season. They showed their appreciation by winning easily. Peoria can attribute her defeat to the three errors of Reeder on third base and the rather slovenly work of Watson in the pitcher's box. Mc-Mackin, who pitched for Omaha, was in fine form and did good work. The home players started off with a rush by bringing in three runs, but they only increased them by one, while the visitors increased their score steadily and then clinched the game by bringing in three in the last half of

Locomotive Attacked by a Cow-

A striking example of the instinct of ma-ternal devotion in the animal kingdom, and at the same time a curious incident, was witnessed by scores of people at Wis-sahlckon station, near Philadelphia, recently, anickon station, near Philadelphia, recently, A sleek-looking cow, with a happy-go-lucky calf at her side, wandered upon the railroad tracks just as a train pulled up at the depot. The cow got across the track ahead of the engine, but her offspring, with the recklessness of youth and curiosity of inexperi-once, lingered to dispute the path. The engineir crowded air on his brakes, but the call disappeared beneath the cowcatcher. Everybody looked for yeal cutlets, but as the locomotive slowed up and stopped the calf calmity stood up under the to ler between the driving wheels. The cow heard the bleat of alarm and caught sight of her calf. She un-hesitatingly attacked the big iron horse and hesitatingly attacked the big iron horse and vainly endeavored to horn it off the track, bawling angrily the while. A newsboy, after a great deal of maneuvering, managed to push the caif between the driving wheels and the cow and calf moved leisurely off as though nothing had happened.

The Deadly Draught

Rev. James J. Kane, chaplain of the Brooklyn navy yard, said in a recent lecture that the death of Admiral Farragut was due to the selfishness of a woman. was due to the selfishness of a woman. The admiral and his wife were coming from California, when a woman occupying a seat in front of them on the car opened a win-dow. Admiral Farragut was ill, and the strong draught of wind which blew directly upon him chilled him. Mrs. Farragut asked the woman courteously if she would not kindly close the window, as it was annoy-ing to her husband. The woman snapped out: "No, I won't close the window. I don't chre if it does annoy him. I am not going to smother for him." Admiral Farra-gut thus caught a severe cold, which re-sulted in his death. A few days before the end came he said: "If I die that woman will be held accountable."

General Passenger and Ticket Agent George H. Heafford of the Chicago, Milwaukee & St. Paul arrived in Omaha from the west yesterday, accompanied by Mrs. Heafford. They

Speaking of the emigrant situation which has stirred the railroad world as no other railroad proposition for a decade, the well known passenger director of the Milwauker said: "It is a blessed relief to know that the Third ward business, as it is called in railroad parlance, has been finally settled. ROCK ISLAND, III., May 25.—(Special Telegram to The Bee.)—Rock Island and St. Joseph played a spirited game today, the locals winning through timely batting. The features were the shortstop work of Lynch and the batting of Katz, Hill, Lynch, McFarland and Mohler. Score: generally known that Madrid, in Perkins county, is quite noted for highly bred and valuable racing stock. C. H. and F. E. Beaumont, owners of the Madrid Exchange Beaumont, owners of the Madrid Exchange bank of this city, are now having some of their horses worked at the county fair grounds, which are located here. Their string consists of Maudyline, by Woodline (2:19); Miss Woodline, by Woodline; Naurine, 2 years (2:41), by Sprague; Bright (2:31), and Billy Coates, a 4-year-old gelding, by Billy Wilkes, size of May Marshall (2:08¹/₄). Maudyline was first hitched April 13, 1891, and is now going at 18¹/₄ seconds. Naurine is moving very nicely, having shown eighths in 17 seconds. Billy Coates can march eighths at a 2:20 gait. These horses make their first start at Holton, Kan., August 13, this year, and wind up at Topeka, Kan., October 2. Madrid is justly proud of her fine horses, and there is no question but that they will be most favorably heard from. Many stout people have drawn comfort from the treatment of Prof. Schweninger, the famous physician of Prince Bismarck, He has reduced many a "puffy" check and brought smiles of satisfaction to many a jolly face. At the request of friends and physicians he recently wrote an article on his "anti-fat cure," which gives in concise terms the main facts about his treatment. After recommending daily massage and bathing the professor says: "As to the kind of massage to be used in the case of stout persons, it may be said in general that the harder the massage of the fatty parts the better the effects. pain often felt in the beginning such a treatment will disappear The in a few days, and what was a disa rule comfort becomes later a pleasure. diet, the principal nourishment should be ment-of any kind, hot or cold, and fat or Fan-fish, oysters, caviare, lobsters, crabs, sausages, eggs, cheese, etc. Next to be recommended are bread, white or brown fruit, preserves, spinach, asparagus, cab-bages, sauerkraut, cucumbers and green salads. As to drinks, water, soda water, cider are to be recommended. Herring and smoked flounders may be substituted for oysters, caviare, lobsters and fine fish, sausages for meat, cabbage for asparagus, orunes for preserves-all articles which can be purchased cheaply.

CHEYENNE, Wyo., May 25 .- (Special Telegram to The Bee.)-Thomas L. Kimbail, president of the Union Depot company of Omaha, passed through here in his special car enroute to Salt Lake, Utah, to join the Ames party. Mr. Kimball is of the opinion that the present turmoils which afflict the Union Pacific are necessary evils tending toward a general overhauling of everything pertaining to railroad management.

"For ten years now we have been mak-ing stupid blunders," said he, "and relief must come soon. There will be, I think, a bill presented to congress some day which will provide for pooling. Railroads will be permitted to pool their business under govcriment supervision. In other words, they will be permitted to go into a combination between themselves to prevent the murder-ous cutting of rates that you people of the west have just experienced, and the government will have a voice in the matter which will be a guarantee to the people freight rates will not be placed unjustly.

C. I. Hood & Co., Lowell, Mass. :

"Dear Sirs: Twenty-five years ago I had a billous fever, and later it turned into typhold fever, and for five weeks I lay like one dead, but at last I pulled through and got up around. I soon discovered on my left leg just above the knee a small brown spot about as big as a three cent piece, which puffed up but did not hurt me or feel sore. I did not pay any attention to it until two years after, when it commenced to spread and have the appearance of a ring worm. It itched and burned and I commenced doctor ing, but to no avail. I
