MILITIA STOPS THE FIGHT

Deputies Advance on the Miners but the Soldiers Head Them Off.

MINERS WILL SURRENDER TO BROOKS

Miners for Whom the Sheriff Has Warrants Have Taken to the Woods and the (Warrants Cannot Be Served-Trouble Probably Ended.

CRIPPLE CHEEK, June 8 .- Last night was an uneventful one in town and in the camps of the miners, deputies and militiamen. Sheriff Bowers will not be allowed to command the state troops, as he claims a right to do, and if a clash of authority occurs between the troops and the deputies it is said all the Bull Hill men will be enrolled with the militia.

Authentic information from the scene of this morning's skirmish states the death list will not exceed two or three. All reports of a night engagement are absolutely false. One thumb of a miner crushed was the only damage done in the skirmish yester-The situation became quite warlike at 10

General Brooks ordered the deputies to halt and return their Gatling gun to their mart and return their Gating gun to their camp, but his order was ignored and the march toward the hill continued. The or-der was at once given to the militamen to fall in between the opposing forces to pre-vent a meeting of the miners and deputies. en minutes after the deputies started for all Hill there was a terring sounding of the alarm at Altman, calling the miners to-gether for battle. The wildest excitement prevailed among the miners. Deputies, militiamen and citizens are now expecting a battle in a few moments.

General Brooks of the state militia says he had a positive promise from Sheriff Bowers that no advance would be made toward Bull hill by the deputies today. The hands of General Brooks are tied, as Governor Waite directs all movements and his orders to the state troops are to harm no one, but to keep between opposing forces and prevent a conflict if possible. A majority of miners for whom warrants have been issued have already scattered over the hills. At 1:25 General Brooks, at the head of the Btate troops, intercepted the deputies on the east slope of Carbonate hill and ordered Sheriff Bowers to send them to camp in Beaver park. Only a few moments of par-lying took place, during which Brooks notified Bowers that unless they went back to camp he (Brooks) would take them back. The state troops made remarkably quick time up the cast side of Coal mountain, and headed General Adams and his company of deputies just as they were taking up their position on the northeast side of Grassy gulch preparatory to opening fire on Bull mountain, three-quarters of a mile away on an air line, and in open view of the fortifica-

backbone of the strike is broken.

The warlike attitude of the miners is
so far changed that many of those for whom
warrants have been issued have scattered
in all directions, and it is not at all likely Sheriff Bowers will find many of the men whom he wants. This is the situation at the present time where General Brooks troops are located. At other places the militia is ready to fire strikers or deputies, as ordered, and the strikers and deputies are still eager for a conflict. The strikers thus disposed are in the minority, but an inadvertent move on either side may precipitate a sharp con-

TROUBLE IN WEST VIRGINIA.

Troops Ordered Out to Prevent Interference

with Coal Trains. CHARLESTON, W. Va., June 8.—Today noon Governor McCorkle received a telegram from the shoriff of Marshall county stating 200 strikers had taken possession of a Baltimore & Ohio train at Boggs Run, near Wheeling, and asked for troops. The dispatch stated the men refused to surrender the train, declaring they would hold it in spite of the sheriff or military. The message also stated the number of miners about the train was constantly increasing. The governor ordered five companies to the scene, and they reached there tonight. There is a very bitter feeling auginst the railroads among the friends of the strikers.

Governor McCorkle at 10 p. m. received a dispatch from ex-Governor Fleming at Fair-mont, and C. K. Lord, second vice president of the Baltimore & Ohlo, stating that the strikers at Boggs Run had completely blocked the line and all traffic was suspended; that the rioters were going up the line towards Fairmount, and that only prompt action would prevent serious trouble. The governor ordered six more companies of the military to proceed to Boggs Run. He took this action in view of the fact that the Ohio troops now at Bellaire will probably force the strikers into West Virginia, where can accomplish as much mischief as on the other side of the river.

Senator Hoar's Motion to Release the Stanford Estate Tabled.

TARIFF BILL IS AGAIN TAKEN UP

Absence of Senator Quay Taken Advantage of to Proceed Under the Five-Minute Rule - Agricultural

Schedule Discussed.

WASHINGTON, June 8 .- Mr. Hoar's resolution to set at rest the claim of the government against the estate of the late Leland Stanford came over from yesterday and was laid before the senate at the opening of the session today. Mr. Teller suggested that the resolution be modified to as to confine the inquiry to be made simply to the advisability of releasing the Stanford estate, without in any way touching the validity of the claim, in order not to affect other claims which the government might have. Mr. Hoar agreed to modify the resolution in acordance with this suggestion.

Mr. White of California made a brief explanation of the nature of the suit brought by the United States against the estate of the late senator in order to correct some misapprehensions that seemed to exist. The suit was instituted against the estate of Mr. Stanford to prevent its distribution before the debt owing to the government from the Central Pacific railroad, of which Mr. Stanford was an original stockholder, fell due. There had been no dereliction on the part of the attorney general. The suit could not have been instituted before Mr. Stanford's death under the statutes of Callfornia, under which the corporation was organized.

After some further discussion Mr. Allen of Nebraska moved to lay the resolution on the table. The motion was carried-24 to

gins, Hoar, McMillin, Perkins, Platte, Shoup, Teller, Voorhees, Washburn—total 19. The tariff bill was then laid before the senate and Mr. Cullom took the floor and delivered a speech on the general historical phases of the tariff question.

Mr. Palmer (dem. III.) replied to Mr. Mr. Washburn (rep. Minn.) suggested that

debate on this schedule was proceeding slowly and that on the remainder of the schedule the five-minute rule be adopted. The democrats accepted graciously and it was agreed Mr. Quay, who objected yesterday, was not present. The consideration of the pend-ing paragraph, imposing 20 per cent on buckwheat, corn, wheat, corn meal, flour, rye,

(rep. S. D.) moved as a substitute the Mc Kinley specifications, which was lost. In the next paragraph the house placed a duty of 25 per cent on barley and 35 per cent on barley malt. Mr. Jones of the finance com-mittee offered an amendment to increase the rates to 30 and 40 per cent respectively. The finance committee amendment was adopted without amendment. adopted, making the duty on maccaroni 20

PACIFIC DEBT SETTLEMENT.

House Committee Propose a Bill Extending Time of Payment Fifty Years. WASHINGTON, June 8 .- The house com mittee on Pacific railroads has been considering an amended bill somewhat different from that reported from the subcommittee three weeks ago. This new bill seems to meet the approval of the members of the committee, and it is possible that the committee will agree to it. It provides a rate of interes of 3 per cent, instead of 2 per cent, as provided in all the blils that have been heretofore considered and introduced, and the time when final payments are to be made is limited to fifty years, instead of 100 years. The amounts and times of payments are changed to conform to these changes. This bill has not yet been agreed upon. Each member of the committee has been furnished with a copy, but as it was con-sidered in committee only and no action taken, the committee did not make it public. Chairman Rellly said today that it was possible changes would yet be made in this bill, but added that it now seemed the most favorable proposition presented. SAN FRANCISCO, June 8.—A special from Washington to the Examiner gives what purports to be a full synopsis of the new bill funding the debt to the government of the Central and Union Pacific railroads alleged o have ben agreed on by the house commit tee on Pacific railroads. It is laimed that if the measure becomes a law there will be no necessity for the government to push laims against the Stanford, Croker and Hopkins estates. The new plan provides for the is-suance of 3 per cent bonds, interest payable semi-annually, and to run fifty years. Besides, the companies are to be reguired to pay the United States semi-annually half of I per cent of the entire debt for ten years, or a total of 10 per cent for that period, thus liquidating one-tenth of the total indebtedness in the next ten years. In a lar manner 15 per ent must be paid the third ten years; 20 per cent the fourth ten 25 per cent the fifth; a total of 50 per cent thus wiping out the debt in fifty years. If the interest on the bonds is in default ninety days, the government may foreclose bill, it is hinted, is an administration

Important Report from a Committee of the Storthing-Motion to Prosecute the Guilty Officers-An Address to King Oscar.

CHRISTIANA, Norway, June 8 .- The Storthing committee has presented an important report. It says that at the height of the conflict between the crown and the liberal party in 1884, resulting in the impeachment of the conservative cabinet, several high military and naval officers deliberately ruined 26,000 rifles, placing a number of batteries of artillery in readiness for immediate use, and caused the war ship Horten, to be cleared for action. All these preparations, the report says, were made with the utmost secrecy, and Admiral Keren, General Weirgel and others declared that the officers referred to acted libout instructions.

The committee deemed these statements to be unsatisfactory, and has reported similarly regarding Admiral Keren's action in 1882 in adopting secret military measures.

Houghtand moved that the report he submitted to the government with the view of bringing about the prosecution of the guilty

Ullmann, leader of the left, moved an address to the king, pointing out the danger of the situation and demanding a guaranty of constitutional freedom and independence and appealing to the king to assume the duties of supreme commander and guardian of the forces.

WILL EMPLOY WHOM SHE PLEASES.

England Not Asking Canada's Advice on the Chinese Labor Question OTTAWA, June 8 .- Some ten days ago word was received by the Dominion government from the imperial authorities that they would centinue to employ Chinese labor on fortifications now in course of construction at Esquimal, B. C. This was in response to a letter addressed by the Dominion government at the request of Colonel Prior, mem-ber for Victoria, B. C., submitting that there was plenty of white labor to be obtained in the province. A letter from the im-perial authorities gives no reason for the continuance of employment of Chinese labor, but simply states that as the British government is paying for the fortifications it will continue to employ any labor which it sees fit. It is considered by all but ultratories
