Blunders by Dolan and Munyun Give the Hickey's Runs that Changed Defeat Into Victory-Brief Recital of a Good Game.

THREE ERRORS CUT MUCH FIGURE

MAHA went up against it again at Lincoln vesterday Lincoln lost the game in the first stupid playing and and won it by vi timely batting and

good pitching by young Mr. Barnes. Papa Bill's boys started right after the game as though they needed it in their business. In the first Seery got a base on balls and was brought around by a hit and some mreless work by the Lincolns. In the second Rourke led off with a hit and Dolan and McMackin took some of the same. Papa was killed at home, Dolan was forced in on a base on balls, and with one out McVey pushed an easy one to Pequigney. Without looking Pequigney slammed it to second but Hughes wasn't covering the bag and Mc Mackin scored. Moran inserted a triple and three more runs came in. But that was all. Papa's little boys tried hard to open the front gate of the home plate, but it was locked up for the day. It looked like something in the ninth. Munyun ripped off his third hit and Moran got a life on Hughes' error after McVey flew out. Fear hit to short and a play ended all. Lincoln played a good uphill game and their batting Dolan did good work at third, but his one error was costly. Munyun's error also cost a run. Score:

LAYING BALL IS evidently a side issue with the band of hav rackers who arrived in the city yesterday afternoon. Being used to the simple ways of their rural home, they got lost in the intricacies of a great city and fell into the clutches of

a crowd who called themselves Christians. The farmers swore that they were the Missouri Valley base ball team and could lick any team of twice their size without half trying. The Christians became very meek and humble when they heard this. They said: "We have a nice little park up here. Let's go up and have a friendly game." The confidenced grangers consented. But when they got out there the Christians threw off all pretense and showed themselves in their true character. You know it rained yesterday, and the ground was muddy. Well, the Christians turned them into the diamond. Then the Christians let out a whoop and jumped on them. They threw them in the mud, and in every inning each man pushed them in a little further. Even little "Willy" Bracker, who looked like a little chick in his pa's hen yard, wasn't to be recognized. In the last two innings Robinson took pity on them and gave them four hits, and they managed to make a couple of runs. But at the end of the fifth inning they said they had enough, and guessed they'd go It was fun for the crowd. Spud Farrish tried to help them some, but it was of no use. The score:

TO FIGHT CATHOLICS

(Continued from First Page.) and in each case the murderer has not been

KILLED BY AN OFFICER.

"Last fall George Anderson, a Swede, was shot dead in Austin by Officer George Wall. The policeman claimed that he thought Anderson a horse thief, although the shooting took place within thirty feet of an electric street light which was burning at the time. There is some doubt as to whether a horse was ever stolen in Austin. Wall was arrosted, but he is still on the police force. A majority of the Swedes believe that they have been chosen as the special prey for persecution by the powerful church of which Officers Healey and Moran are doubtless members. For the purpose of protecting themselves, so far as that is possible, they have decided to stand together in all affairs affecting their interests. There are nearly 190,000 in Chicago, and they are determined to push the case against the policemen who killed Nelson. It will surely be a fight against the religious faith of Moran and Healey before it is ended. The finance committee has been at work ever since last February and has received over \$2,000 in contributions." KILLED BY AN OFFICER.

Editor Lindstrand in an editorial in a recent issue of the Swedish American points out to his countrymen the necessity of organizing and calling upon the Swedes of this city to form a Swedish national society. The aim of such a society, the editorial continues, would be to secure such political recognition as would protect the interests of their countrymen.

Luther Laftin Mills and Harry Olson have been retained to assist the state's attorney in prosecuting Officers Moran and Healey.

The trial of Officers Moran and Healey is set for the early part of July.

FEDERAL OFFICERS ACTIVE. United States Marshals Attempt to Run a West Virginia Primary.

HUNTINGTON, W. Va., June 16 .- There was great excitement in this city today over the primary election. Shortly after the polls were opened Marshal Vinson and deputy marshals began active work for legislative candidates who favored the re-election of Senator Camden. This enraged those who were working in the interest of candidates favoring the election of ex-Governor Wilson to the senate, and as a consequence several fights took place and some blood was spilled. One row took place in the city hall and George Vinson, a deputy marshal pulled a gun on Beauregard McCall and was going to shoot him when ex-Congressman Gibson rushed in, and this so enraged Vinson that he turned and would have shot him had not the police interfered H. Reece, chairman, then sent the follow

ing telegram: "Attorney General Olney, Washington: United States Marshal Vinson of Wayne county, with a platoon of deputies, is here at work as partisans in the democratic pri-mary for legislative candidates. Is it not unlawful? Please advise him at once. Answer.

Vinson soon received a message from the attorney general, but its nature could not be ascertained. The city is at fever heat

The army had nothing eat, and most of them left camp and went through the city begging from door to door.
