DES MOINES, June 19 .- (Special Telegram to The Bee.)-The first game of the season between Omaha and Des Moines on the home grounds was a rather exciting one, and was won by the home team only through the ragged support given to Pitcher Whitehill. The visitors were superior at the bat and on bases, but did poor work in the field. Des Moines had their best pitcher in the box, but he was hit freely, and was only saved from losing the game by the excellent support given him. Rourke was hit by a pitched ball in the second inning and was badly hurt by a blow in the region of the heart, but he recovered shortly and did excellent work in the field. The Omahas played an uphill game from the start, the score standing 5 to 0 till fourth inning, when the visitors got one, and got three on a home run hit by Pedroes in the sixth. They held the home team down the balance of the game and came near pulling out ahead in the last inning. Score: DES MOINES.

ABORIGINE WINS AT ASCOT

Long Journey in the Great Handicap Taken Well by a Long Shot,

ANOTHER BIG ENGLISH TURF EVENT OVER

Royalty Out in Full Force and the Crowd Larger Than for Many Years Past-Red Ensign Second and Spindle Legs Third.

LONDON, June 19 .- At Ascot Heath, Berkshire today the Ascot stakes, a handicap of f20 each with f1.000 added, the second horse to receive £200 and the third £100 out of the stakes, distance about two miles, was won by Mr. A. Taylor, Jr.'s Aborigine, 4-years-old, carrying 7 stone 12 pounds. Sir Jardine's Red Ensign, 4-year-old, carrying 8 stone 11 pounds, was second.

For third place there was almost a dead heat between M. R. Lebaudy's Quilon, 4 years old, carrying 6 stone 12 pounds, and Mr. T. Wardlow's Spindle Leg, 4 years old, carrying 6 stone 4 pounds; but Spindle Leg was declared the winner. "Royal Ascot" had a brilliant inaugura-

tion gathering. The number of applications for admittance to the royal field was the highest for a number of years past. The prince of Wales has leased Sir William Farmer's house, Cowerth park, and in addition to his daughters, Princesses Victoria and Maud, the prince's guests include Prince Frederick of Denmark, the duke and duchess of Fife, the duke of Cambridge, Lord Marcus Bereaford, the marquis of Londonderry and the marquis and marquesse du Mautpol. All the country places in the vicinity are crowded with guest,

The royal party drove to the race course in semi-state, in six carriages, each drawn by four bays and were greeted with loud cheers all along the route. This party included the prince and princess of Wales, the duke of York, the duke of Cambridge, the duke and duchess of Teck, Prince and Princess Christian, the duke and duchess of Saxe-Coburg Gotha and Prince Henry of

Battenburg.

The betting as the horses went to the poswas 100 to 12 against Aborigine; 100 to 14 against Red Ensign, and 8 to 1 against Spindle Legs. Lord Elsmere's Glendell led until the straight was reached, when Mr. L. Lowther's Houndsditch was ahead. But Red Ensign and Aborigine responded and Hounds-ditch was quickly passed. Aborigine won by two lengths and one-half from Red Ensign. The gold vase valued at £200, given by her majesty, with £200 in specie for the winner and £100 for the second added to a sweepstakes of £20 each, distance about two miles, was won by Quaesitum, 4 years old, a chestnut colt by Hagioscope, out of Strange Lady.

Lord Cadogan's black filly Sarana, 3 years old, by Saraband, out of Wild Hyacinth, was second and Barmecide, aged, a chestnut horse by Barcaldine, out of La Trappe, owned by Mr. J. B. Burton, was third.

The prince of Wales stakes of £50 each, with £1,000 added, for 3-year-old colts, carrying 8 stone 10 pounds, and filles 8 stones 5 pounds, the second horse to receive £300 and third £200 out of the stakes, over the new course, distance about a mile and five furlongs, was won by Mr. Henry Milner's Contract. Lord Bradford's brown colt, Beighterton, was second, and Mr. Douglas Baird's bay colt, Sempronius, was third. Contract is a brown colt by Isonomy out of Wedding Ring.

JUST BEFORE THE SUBURBAN.

Candidates Compared and Their Chances Considered with Consummate Care. NEW YORK, June 19.—The next great acing event in the east is the Suburban handicap, to be run Thursday at Sheepshead Bay track. This event has always been the most popular of all the big handi-cap races. In the case of the Brooklyn Played, Won. Lost, Pr.Ct. handicap few of the contestants had 41 30 11 73.2 started this year, and their capacity was started this year, and their capacity was an unknown quantity and quality. Such, however, is not the case with the Suburban, for all the entries have been seen at the post this year, and all have been run into good condition. It looks now as if the starters would be these horses, with weights and jockeys, although there may be some add?hons at the last minute:

Clifford, 121, Martin; Sir Walter, 125, Doggett; Ramapo, 120, Taral; Banquet, 119, Simms; Sport, 114, Thompson; Comanche, 112, Littlefield; King Lee, 110, Thorpe; Pickpocket, 110, Bergen; Kinglet, 105; Griffin; Henry of Navarre, 100, Perkins; Herald, 100, Carter; Stowaway, 100, McDermott.

As in the Brooklyn handicap, most people believe that the Suburban will be a contest of east against west and that the As in the Brooklyn handicap, most people believe that the Suburban will be a contest of east against west and that the struggle will lie between Clifford and Ramapo. Clifford has not been seen at the post since he was left by the starter in the Brooklyn, and he has been specially prepared for the Suburban. That much is considered to be against him, as a seasoned horse always goes better in a bruising race, which this year's Suburban is probable. Clifford, however, is fast and will give a good account of himself, even if he does not get the coveted prize. The successive victories of Ramapo this year and his impressive win in the Metropolitan handicap will doubtless make him the favorite. Gideon today offered Garrison \$500 to allow Taral to ride Ramapo, and the offer was accepted. Clifford has turned into a confirmed roarer, and is not likely to be a starter. Leigh says that he does not think the horse will ever be able to go the distance again.

Sir Walter, somehow or other, has not shown well this year. He has won from good horses in fast time, and then, when he has been sent again to the post, he has not done well, his last defeat by Dorian and Sport being inexeusable. Don Alonzo may represent the Dwyers instead of Banquet, but if the owner takes the advice of his friends he will not let the former go, as he has shown himself to be a rank coward in his races this year. On the form shown in his last races \$port has a good chance, for he has done excellent work at Morris Park, and is looked upon by many as a strong possibility. Pickpocket's last race was so good that he will be well backed. Kinglet is another western horse, but will have few supporters, western form not beling considered good enough to win in the gest Windlet is only the possible for

Kinglet is another western horse, but will have few supporters, western form not being considered good enough to win in the east. Kinglet is only the pace maker for Ramapo, and is in too high company to do much. Henry of Navarre will go, and is fit to run for his life. His second in the Brooklyn will make him a strong choice. Heraid has shown some good work, but he is flying a little too high, and the same is true of Stowaway. Comanche had his trial yesterday at Morris Park, but he did not show that he could win unless the race suits him and he does not sulk. It will be too much to expect this colt to run two races alike. The favorites, therefore, are apt to be Ramapo, Clifford, Henry of Navarre, Sport and Plekpocket, and while the favorites may win, at the same time the handiites may win, at the same time the handl-caps are doubtful races, and another upset

Clifford was sent over the Suburban dis-Clifford was sent over the Suburban distance today, but not to Leigh's satisfaction. He showed all of his phenomenal speed in the early part of the journey, covering the first five furlongs in 1:02. The mile was done in 1:42, the mile and furlong in 1:58, after which he slowed down and made a feeble effort in the last furlong, and was tired when he finished in 2:11. At Jerome Park Sir Walter is said to have done the distance today in 2:014, which, considering the turns, is a good performance. At East St. Louis.

MATT BYRNES WILL NOT START.

Daly's Best Chance in the American Derby

Has Gone Lame at Jerome Park, CHICAGO, June 12.—At almost the eleventh hour the aspect of the American Derby field has been radically changed. Matt Byrnes, the \$50,000 son of Hampton, heavily backed by his owner, Marcus Daly, to win the Washington Park classic, is reported to have suddenly gone lame. The colt is said to have stepped on a pebble at Jerome Park and split his hoof. Men who knew Owner Daly and Trainer Byrnes were not slow to compute that all other eligibles to the American Derby had but little show with Matt Byrnes and Senator Grady in the list of starters. But today, when it was announced that Senator Grady was enroute to Chicago without his stable mate, Matt Byrnes, nor even Daly's other Derby venture, Sam Lucas, a new turn of possibilities was given to the wheel of chance. This excitement was intensified by the rumor that, after all, James R. Keene would not send Domino, and would probably depend on Hornpipe and El Telegrafo. The fear of the great colt, Senator Grady, prime favorite for the Derby, is therefore much lessened. Without Midgeley on Matt Byrnes to help Senator Grady out in a possible contingency, Snapper Garrison has the opportunity to reassert his record for "generalship."

On the other hand, J. W. Rogers' hold on to win the Washington Park classic, is

possible contingency, Snapper Garrison has the opportunity to reassert his record for "generalship."

On the other hand, J. W. Rogers' hold on the race with the Sir Modred colt, Porian, is hourly becoming dangerous. Of all the Derby candidates the colt is the only one that has had a race of the Derby distance in public, and he easily held Sir Walter and Sport safe in the exercise gailop that the race proved to be. Both the animals he defeated are 4-year-olds and seasoned horses. Dorian comes of staying lines, and should the eastern division be further weakened by the absonce of Domino, Grady and Dorian might make a team race of it.

A story comes from Hawthorne, which, if true, may further alter the complexion of the race. C. H. Carmichael's bay colt Cash Day, by Strathmore-Dawn o' Day, is in the hands of Pat Dunne, and despite the fact that Dunne and Corrigan are fast friends, the former is said to be quietly working Cash Day for a coup in the American Derby, Corrigan has Despot in the race, and Willie Martin has avowed his intention of giving Corrigan a faithful ride on the gelding.

TWENTY TO ONE TAKES THE ECLIPSE.

TWENTY TO ONE TAKES THE ECLIPSE. Connolsseur, Garrison Up, Gives a Great Get-away Show at Morris Park.

NEW YORK, June 19.-It was get-away day at Morris Park, and the rich Eclipse stakes for 2-year-olds and the Belmont stakes for 3-year-olds were the attractions. When the flag fell after the long delay, Waltzer, the favorite, took the lead, closely followed by Sir Galahad and Connoisseur, and they raced in that position until the dip was reached, when the latter wanted to dip was reached, when the latter wanted to quit, but Garrison began with whip and spurs and the colt concluded to go on. At the last eighth Waltzer had enough of it and could not go any further in spite of Griffin's hard work. Then Garrison on Connoisseur and Sims on Utica challenged Sir Galahad, and a furlous drive ensueabetween the three leading jockeys in the east. The colts finished well together, Garrison fairly lifting his mount across the lines, and ready to fall. Taral shook Sims off and got second place. Utica struggled along in third. The Belmont stakes proved a great disappointment, for Domino dealong in third. The Belmont stakes proved a great disappointment, for Domino declined the issue with Henry of Navarre and the latter had no trouble in winning from Prig and Assignee. Results:

First race, five furlongs: Rubicon (even) won, Lustre (2 to 1) second, Will Fonso (20 to 1) third. Time: 1:0012.

Second race, eight and a half furlongs: Don Alonzo (2 to 5) won, Ornus (6 to 5) second, Setucket (20 to 1) third. Time: 1:4814.

RACE HORSES KILLED.

Freck on the Chicago Great Western-Four Stable Boys Badly Hurt. CHICAGO, June 19 .- Five men were severely injured and nine valuable race horses killed in a wreck late last night on the Chicago Great Western at Stillman Valley, III. There were sixteen horses in one of the wrecked cars. They were owned

by a Mr. Rawley, and were being shipped to Chicago and St. Paul. The men injured were grooms and jockeys.

The following is a list of the four stable boys who were among the injured: John Labey of Gloucester, several ribs broken. Thomas Wynne of Jersey City, right side

bruised. H. F. Christie of Fort Jefferson, N. J., right side and leg badly bruised. John Riley of Lexington, slightly bruised and burned. It is thought that the injuries of none of the boys will prove fatal, and none of the seven injured horses will have to be killed. Most of the horses in the car were owned by W. H. Roller, an eastern horseman, bu none were particularly valuable. Probably the best horses in the car were Oakwood and Wightman, owned by James Cushing. The horses were bound for St. Paul to participate in the races of the Twin City Jockey

As the train was nearing Stillman Valley a drawhead on one of the cars pulled out and, falling on the track, formed an obstruction which derailed several cars and turned the one containing the horses over on its side.

The horses killed were: Mary, Dalsyrian, Little Fred, Monga, Twilight, Katrinas, In-digo, Panhandle and Azrael. The loss is es-

REY EL SANTA ANITA'S EASILY. Paldwin's Derby Candidate Wins the Spring Prize at Latonia.

CINCINNATI, June 19.-It was a firstclass favorite day, and the 5,000 people who bet their money at Latenia had no reason to complain. Four favorites and two ightly backed outsiders won. The Spring Prize, worth \$2,210, was easy for Rey el Santa Anita, who showed his early mud-lark form. He could have won by twenty lengths easily if he had exerted himself. As it was he left the bunch six lengths at the last turn and romped down the stretch with his mouth open. Jockey Therpe went east tonight to ride in the Suburban, Re-sults:

FINISHED TWO MORE MATCHES.

Some Progress Made in the Omaha Tennis t lub's Tournament.
In spite of the unfavorable weather there was some progress in the tennis tour-nament at the Orana club grounds last night. Two matches were finished and another begun.

The attraction of the evening was Cul-

other begun.

The attraction of the evening was Cullingham's single with W. Gardner. This was the one unfinished contest, and it was unfinished on account of the inordinate length of the first set. Cullingham was owing 15 and this, of course, made every game so much the longer.

Gardner picked his balls up well throughout, returned them low and put them generally into the best part of the court. He kept well up to the net and volleyed with a careful and watchful eye. Cullingham played his regular game, but it was easy to see that he was kept running around at a pretty lively gait in order to reach the balls as they came back to him. There was no relaxation of effort on either side after the game was fairly under way. At the outset Gardner did most of the willing—Cullingham seldom does start out with any great flourish of trumpets—and got a lead of 5-3, but after that Cullingham quickly caught up, and although it took him a long time to run out, yet when he did finish it off he did it to all appearance without any more exertion than he had been making in the earlier part of the match. It was 8 o'clock when this set was over, but a bold start was made with the second. At 4-2, however, the darkness made play difficult, and Cullingham, who had cuite a substantial lead, waived his rights, and the set will be played over tonight, weather permitting.

C. H. Young had little difficulty in disposing of McCague and will next meet Austin in the semi-final.

The other tie that was decided last night was the only one that remained in the first round of the doubles. Horton and Gates, after a long tussle, managed to pull off two successive sets from Tilden and Naudain. Neither pair was quite up to regulation weight, the weather and the spectators and one thing and another all aiding to make the handling of the racket strangely unfamiliar.

In addition to the finish of the semi-final tie in the singles between Cullingham and

In addition to the finish of the semi-final In addition to the finish of the semi-final tie in the singles between Cullingham and Gardner, there are two doubles and a mixed double scheduled for tonight. Thursday several mixed doubles will be played and Friday, all being well, will see the final of the mixeds, and the other semi-final of the singles between Young and Austin. The final of the singles, if possible, will come off on Saturday, and, perhaps, if there is no postponement on account of rain, that day may see the windup of the whole affair. Last night's scores were:

Men's singles: Third round—C. H. Young beat B. McCague, 6-2, 6-2.

Men's doubles: First round—H. Horton and O. Gates beat H. Tilden and T. N. Naudain, 7-5, 7-5.

PROFESSIONAL FOOT BALL CLUBS.

Eastern Cities of the Big Base Ball League Off on a New Tack.

NEW YORK, June 19.—The American
League of Professional Foot Ball Clubs was made a permanent organization at the Broadway Central hotel today. It is being backed by the management of six leading eastern clubs of the National Base Ball league. After giving the organization a name the following temporary officers were elected: A. Irwin, president: G. E. Stackhouse, secretary and treasurer. The object of the league is to play foot ball games in each of the cities represented from October 1 to January 1. Each city will be represented by the strongest players that can be secured. Home talent will be given the preference for the first season at least. The American foot ball rules of 1894 will govern all contests. A schedule will be arranged by which each club will play four games with every other club in the association, two at home and two abroad. A constitution similiar to that which at present governs the National league clubs, with the exception of a few modifications, was also adopted today.

The Philadelphia club has already engaged seven players and Washington eight. The other clubs will begin signing players in a few days. eastern clubs of the National Base Ball

President Page on the Manufacturers' and Consumers' Association Excursion. The executive committee of the Commercial club held a meeting yesterday afternoon. In addition to the routine business several members gave their opinions and mpressions formed on the recent trip of the omaha jobbers out through the state. One and all expressed themselves as highly pleased with the receptions tendered them by the retail merchants of the state, and were of the opinion that the trade between Omaha and the towns visited would be greatly increased. All were in favor of making other trips of the same kind and thus encourage the friendly sentiment that appears to be growing in the country toward Omaha.

W. A. Page, president of the Manufacturers and Consumers association of Nebraska, was present, and at the close of the meeting requested permission to say a few words. Mr. Page said: "I am greatly pleased to learn that the gentlemen who took part in the recent excursion into the country found everything so prosperous and the merchants so favorably disposed toward Omaha. But while the merchants of Nebraska are willing to help build up Omaha's jobbing interests, because in that way they will be helping the state, will they not expect us to do something for Nebraska? While we are asking them to patronize Omaha jobbers because they are Nebraska? While we are asking them to patronize Omaha jobbers because they are necessary of the patronize of head of the Commercial club a few days ago. Everything was done to impress upon the visitors the importance of keeping as much business as possible in the state by buying of Nebraska houses. After that the visitors were treated to beer not made in Omaha or any other Nebraska city, but in an eastern city. The visitors could not help but notice the inconsistency, and some of them remarked that we did not appear to practice what we preach. Then the cigars were passed around, but they were also from the east and not made in Nebraska. Nebraska brewers do not care for the sale of a few cases of beer that might be consumed at a banquet, but it is the bad example set by the Commercial club that they object to."

The speaker then referred to cases of discrimination against Nebraska manufacturers on the part of Omaha jobbing houses and expressed the hope that the jobbers would not stop at advising Nebraska, but that they would follow the same policy themselves as far as possible. At this point the debate became somewhat personal and decidedly animated. One speaker said that no jobber ought to be expected to buy of Nebraska manufacturers in the state would ask any jobber to pay them more for their goods than the manufacturers as occided that the manufacturer in the state wou

INFORMER WAS NOT A STRIKER

Sent to Watch the Government Inspectors While Cline Doctored the Defective Plates-Only Twenty, Reports Free from Alteration.

WASHINGTON, June 19 .- Informer Sill oday resumed his general narrative to the congressional investigating committee of the armor plate frauds at the Carnegie works. For three days he has been engaged with Chairman Cummings of the committee in dentifying specific falsifications of reports made by Superintendent Cline. This identification is now complete and in the aggregate presents a startling array of detailed irregu-Sill identified Superintendent Cline's hand-

writing on the various falsified reports and gave the names of W. L. Corris, C. H. Craig and others who could further identify the writing. Sill was then examined on the explanatory letter written by General Superintendent Schwab of the Carnegie works. The letter stated that the informers had shown minor irregularities in the worst possible light. Sill answered to this that the reports he had identified spoke for themselves. The Schwab letter further alleged that a few discontented workmen had conspired to

injure the company. Sill denied that there was a conspiracy. He said the men were discontented with Superintendent Cline. He further refuted Schwab's statement that the nformers were men who had come in during the big strike at the Carnegie works in the hope of getting enormous wages. Sill said he was employed in the Carnegie works be-fore the strike and was one of those who did not go out. Of the many men who had given information to the government only three of them had entered the employ of the company during the strike, and only two were mem-bers of the Amalgamated Association of Iron and Steel Workers.

Mr. Schwab's letter claimed the men had

purposely made false reports in order to involve the company in trouble. Still denied this and said his reports had invariably been accurate and had been manipulated and falsified by Superintendent Cline, as shown by the identified reports. Witness said that when Cline treated the conning tower shield of the New York he sent him (Sill) to stand-guard near the headquarters of the government officers and give a signal if they put in an appearance. This was done in order to let Superintendent Cline carry on an irregular treatment of the plate. Other instances of watching the government officers were recited by Sill.

A letter from Mr. Frick sent to the Navy

department some time ago referred to the alleged irregularities as a blackmailing scheme of conspiring workmen. Sill denied all purpose of blackmail. He said he had called on Mr. Hunsiker, one of Mr. Frick's associates, and told him the allegations of conspiracy and blackmail were unjust and the company ought to make a statement acquitting the informers of such motives, or cise the men would issue such a statement. Sill denied having suggested to Hunsiker that the matter could be fixed up and that the men had not told half they knew. Hunsiker advised the matter to be dropped. He also referred Sill to Frick, who was sick and could not be seen. The examination of Sill went over to 10:30 o'clock tomorrow. Chairman Cummings has summed up the specific irregularities in the reports pointed out by Sill during the laborious three days' examination. Mr. Cummings says about 500 sheets were examined and out of this number only twenty were found free from
