WHEAT, CORN AND OATS CLOSED HIGHER

Opening Trades in Wheat Were at Saturday's Closing Prices and Gradually Advanced One Cent for July Grain.

CHICAGO, July 2.-Bullish news was largely in evidence today and wheat, though duil, closed %c higher for September. Corn closed 14c higher, oats 214c higher and options practically unchanged.

Opening trades in wheat were at Saturday's closing prices and gradually advanced 1c for July and %c for September, worked back from %c to %c, changed some and closed firm. Trading after the early advance was very small, there being a noticeable absence of offerings. The strength was attributed mainly to the decrease on ocean passage, the moderate deliveries, rather firmer cables and strength of outside markets. Some selling at the advance caused a reaction from the top figures.

Corn was dull within %c range, but generally firm. The strength came from wheat, Oats were stronger on small receipts and firm demand. The range for July was 21/2c. Provisions were weak at the start on the strike, but firmed up later on a shortage for July delivery. Compared with Saturday night September pork is unchanged. September lard 214c lower and September ribs 214c

Freights slow at 1c for wheat, corn and cats to Buffalo.

OMAHA GENERAL MARKET. Condition of Tride and Quotations on

Staple and Pancy Produce. Staple and Fancy Produce.

The week opened with a pretty steady market on most all lines of produce.

While the hay crop in this state has improved since the drouth was broken, the crop in lowa promises to be short. Clover and timothy meadows have suffered from the combined effects of a drouthy autumn, winter killing, sero temperature the last of March, following a period of unusual warnth, and the unprecedented drouth in May. In many portions of lowa on the ist of June the meadows were brown and dry enough to burn, the fields presenting the spipearance of autumn rather than of spring time. Fastures readily revive with a senting the appearance of autumn rather than of spring time. Pastures readily revive with a copious rainfall, but after such a setback the early lay crop is past recovery. Under the circumstances farmers will be obliged to make the most of all their resources to secure forage for their stock. By cutting meadows early, a fair second crop of hay may be secured if the balance of the season is favorable.

BUTTER—The packers are still paying for for packing stock, and that appears to be the standard price with all buyers. The price in the country has been preity generally lowered to 5c on track. Choice country butter, 12614c; separator creamery, solid packed, 15416c; bricks,

arator creamery, solid packed, logisc; bricks, 16918c.

EGGS—The egg market has not shown much change for the past week, 2c being the general price. Commission men complain that shippers are sending in a good many poor eggs, and that the work of candiling them out is no small item.

LIVE POLLTRY—Old hens sold yesterday very largely at 5½c, and it was hard work to get over 10c for spring chickens. The dressers are offering only 2c. The demand for geese and ducks is very light, and what few are arriving are mostly birds that have been plucked, and in consequence not very desirable. Ducks, 7c; hen turkeys, 75%c; gobblers, 56%c; geese, 5½Gfc.

VEAL—The receipts are not very heavy, but the weather is so warm that it would be impossible for the receiver to be very independent. Choice fat and small veals are quoted at 5½Gfc; coarse and large, 5½Gc.

Watermelons are commencing to arrive more freely. Advices from Pelham, a heavy shipping freely. Advices from Pelham, a heavy shipping point in Georgia, says that watermelons, so far, have been small, owing to the drouth. It is hoped that the recent rains will benefit the balance of the crop. There is no doubt but what the crop in some sections of that state has been cut short.

Minneapolis tirain Market. MINNEAPOLIS. July 2.—The only weakness in wheat today was near the opening. Conditions favored an advance, even the strike being construed here as buillen. Shorts came in quite freely as the uncertainty of a two-day holiday was too great to allow small shorts to stay out. July held unchanged from Saturday, but September railied. There was a fair trade Cash wheat cut almost no figure, offerings being the smallest for months. Only seven cars of No. 1 northern were reperted soid and three cars of No. 2 northern. STOCKS AND BONDS.

Proportions of the Pullman Strike Affected the Market.

NEW YORK, July 2.—The proportions which the railway strike has assumed affected the stock market today very unfavorably, and, as a result, a majority of the shares traded in show a decline on the day's trading. The speculation was heaviest in the opening trades, when Pullman was sold down 31/2 per cent, Sugar 21/4 per cent, Distilling 1% per cent, and the grangers % per cent, and the general list %@% per cent, the latter in Missouri Pacific. Prices contin ued to decline during the first half hour of business, Pullman losing an additional ¼ per cent, bringing it down to 155½ against 159½ at the close on Saturday. Toledo & Ohio Central lost 1½ per cent. These declines were effected without the putting out of a great deal of stock, and when the market. and when the market was relieved of the pressure of offerings a rally took place which did not extend beyond a fraction, and which was only temporary in its character, another reaction setting in before 11 o'clock under a bear raid, in which the industrials were the chief sufferers. The depression continued until about noon, when a steadler tone prevailed, except for Chicago Gas, which was attacked by the bears and forced down to 77%, a decline of 1% per cent from Saturday. The general market was not affected by the weakness of Gas and the stock scare. Many buyers came into the market at the lower range of prices, whose purchases caused an appreciation of values which was most marked in the shares which were weak early. Pullman rallied 1½ per cent, Chlcago early. Pullman railied 132 per cent, Canada Gas 134 per cent, and the general list %6% per cent shortly before 2 o'clock, Manhattan per cent shortly before 2 nd there was a fraca sharp rally took place, and most of the dealings were decidedly strong in tone, the speculation showing a decided upward tendency at the close

but became easier during the afternoon and closed slightly heavy.

The Evening Post's London cablegram says: Business was barely resumed today after the holiday. Americans were heavy on

account of the strikes. If the passage the tariff bill was not imminent a bear raid might be predicted. As it is the great un-

certainty of the outlook merely produces deadlock. The Bank of England is about to

issue f2,000,000 of fresh capital, guaranteed by the New Zoaland government. It is be-

lieved the issue is absolutely necessary. It created a bad impression here.

CEDERQUIST COURT MARTIAL.

On Trial for Refusing to Shoot at Target on Sunday. The court martial for the trial of Private Cederquist, who refused to obey orders to shoot at target practice at the Bellevue range on Sunday, June 17, on account of religious scruples, convened at Fort Omaha yesterday morning. It consisted of Captain Ulio, president; Dr. Robertson, Captain Turner, Lieutenant Abercrombie, Lieutenant Wilson, Lieutenant Arrasmith and Lieutenant Seay. Lieutenant Hines officiated

as judge advocate. The counsel for the defendant, Lieutenant VanLieu of the Second regiment and Attorney Strickler, offered a plea in bar, raising the points that the order alleged to have been disobeyed was unlawful, and that it was in direct conflict with the military regulations of the army. The general orders of President Washington and of President Lincoln were read at length, forbidding any work in the army and navy on Sunday except such as was absolutely necessary In addition to these orders the later order by President Harrison abolishing inspection on Sunday and forbidding work in the military prisons on Sunday were appealed to. Finally the defense contended that the rifle range at Bellevue had never been ceded to the United States by the state of Nebraska, and that therefore the state laws were in full force and effect, and that the accused was liable under the state law for shooting on Sunday.

shooting on Sunday.

The plea in bar was overruled and the taking of testimony begun.

The judge advocate called as witnesses Lieutenant Bookniller, the officer who ordered Cederquist to shoot on June 17, Major Worth, commander of the First battalion at the range, and Sergeant Thackaberry of company A, of which Cederquist is a member. These officers testified to the direct facts in connection with the disobedience of the orders. Lieutenant Bookmiller stated that he had ordered the accused twice to take his gun and shoot. Upon his refusal he ordered him into confinement. Majo Worth testified to the details of a conversa tion held with the prisoner on the day be fore, in which the latter had stated that he did not want to shoot on Sunday. The major advised the accused to obey orders whatever they might be. Sergeant Thacka-berry corroborated the testimony of the other officers, and stated that Cederquist was very respectful in disobeying the command t shoot and seemed to be acting under a con viction of duty.

The prosecution then rested until after luncheon, and the defense then took the stand. At 3 o'clock the court martial took DeWitt's Witch Hazel salve cures piles.

Not Unusual. The Union Pacific will sell tickets to 4th of July excursionists at one fare for the round trip. See your nearest U. P. agent for full parOMAHA LIVE STOCK MARKETS

Slack Supply Responsible for the Lifeless Trade, but Prices Were a Little Better-Hogs sell a Dime Higher Than on Saturday,

MONDAY, July 2. The week opened with about the average Monday's receipts of cattle, but the offerings were made up largely of stockers and feed-Really desirable beef cattle were in light receipt, and for that reason the market on that class of stock was devoid of any great activity. The prospects, however, being unfavorable for much of a run during the next few days, owing to the railroad strikes, there was naturally a stronger feeling. Then, too, dressed beef men had to have a few, and in some cases were willing to pay a little better prices for what they

The market on butchers' stock did not show much change, prices remaining about where they were at the close of last week. Only a few calves were offered and they brought good, firm prices.

The stocker and feeder market was without any material change. While the offerings were liberal the buyers took hold freely and paid fully steady prices. Representative sales:

FIRE AND POLICE MATTERS.

Serious Charges Against Ex-Officer Walker -Complaints Against Saloons. Mayor Bemis notified the Board of Fire

and Police Commissioners that he had appointed Hugh M. Carpenter as special policeman at the new public library building. The mayor also appointed Bailey Davis as special policeman for the district bounded by Izard, Charles, Sixteenth and Tenth street Both appointments were confirmed. Ex-Officer Charles Bloom addressed brief communication to the board asking for

pay for the time he was suspended pending his hearing upon charges that he had written a threatening letter to the mayor The matter was referred to the finance com mittee. Joseph Michael, clerk of the police court. presented a matter of more importance. I seems that there is still due to ex-Officer Walker something like twenty days' pay. Clerk Michael asked the board to hold our

\$15 of the amount due Walker for the reason that during his service as court officer a for \$3.50 and the other for \$7.50, and kep the money, instead of turning it over to the city. He also borrowed \$4 of Michael, which he latter is still longing for. Mayor Bemis presented an anonymous

communication, to which Commissioner Co-burn objected. After some little discussion the letter was read. It charged that saloons were running all night and Sundays at Sixteenth and Cuming streets and on Burt and Cuming streets, and that houses of prostitution were flourishing "all along Sixteenth street." The letter was referred o the chief of police. Captain Mostyn returned to the board

some ten or fifteen police reports concerning alleged violations of the liquor ordinances, with the report that he had sub mitted them to the city prosecutor, who de-clined to commence any action for the reaon that the reports failed to furnish sufficient evidence. Commissioner Strickler wanted the matter referred to the committee on laws, ordi-mances and regulations, but Smith objected.

He believed that something should be done in regard to the matter, in spite of the opinion of the city prosecutor. Coburn wanted to nish an attorney for the board when the city prosecutor declined to act. Strickler was quite certain that no attortey was necessary. Chief Seavey volunteered the information

that Judge Berka would entertain no complaint not O. K.'d by the city prosecutor, The matter was referred to the mayor. The board then went into executive ses-sion. As a result of its deliberations it was

finally decided to lay off twenty-two firemen every twenty days, commencing July 6, until further notice. The chief, assistant chiefs, captains, superintendent of fire and police alarms, ouglne drivers, engineers, stokers and driver of the chief's wagon, are not inproportionate reduction of salary.

Mr. E. Rosewater was invited to be present at the meeting of the board next Monday night to furnish any additional information in his possession concerning the charges against members of the police force.
