

Continuation of Light Receipts and Railroad Disturbances the Feature. ABSOLUTELY NO SHIPPING INQUIRY

Local Killers Take the Slim Offerings of Beef Steers at Better Prices—Others Neglected—Hogs Go to 10 Cents Lower.

TUESDAY, July 3. In the matter of receipts the market was little better off than it was on Monday, there being more hogs, but fewer cattle.

With only a few head of cattle there was very little upon which to base a market. Local packers, however, wanted a few good heaves, and the market on such took an upward turn of fully from 10c to 15c. One bunch of choice 1,600-lb. heaves brought \$4.75.

The market situation, owing to the railroad strikes, is very uncertain. Reports from Chicago indicate that the dressed beef men were unable to get their meat trains out and that will leave a large demand unsatisfied. Up to the present time the packers here can get their product east by going around Chicago.

A light supply and good demand made an active and stronger market on everything desirable in the line of butchers' stock. Stockers and feeders were rather quiet. There were no buyers in from the country and speculators had as many as they cared to carry over the holidays. The market was easier. Representative sales:

STOCKS AND BONDS. Speculation Reached the Acme of Stagnation on 'Change Yesterday. NEW YORK, July 3.—Speculation reached the acme of stagnation on the stock exchange today, the aggregate of the transactions being less than 60,000 shares, a point lower perhaps than has ever before been touched on a full day's business.

The London market reflected the confidence of foreign holders in the stability of values and there was good foreign buying in this market. The market for London and Louisville, Union Pacific and small purchases were made of some other exchange shares.

The stock market was firm in the late dealings and closed in fairly good tone. The railway and miscellaneous bond market was generally firm all day.

GRAIN. The market for grain was quiet and steady. The price of wheat was 10c higher than on Monday. The price of corn was 10c lower than on Monday.

TORE HIS HAND TO PIECES. South Omaha Young Man Holds a Cannon Cracker Too Long. PATRIOTIC NOISE PAID FOR IN BLOOD. Man and Boy Wounded on Douglas Street by Stray Bullets from a Revolver—Plate Glass Windows Shattered at the Same Time.

The usual noise accompanying the approach of the Fourth of July has already had a little tribute of blood paid to it. At South Omaha last evening Edward Gates, assistant cashier of the Packers National bank, rooming at the Pivonia hotel, undertook just before retiring, to shoot off a cannon cracker, and the result was that the accident just a year ago, in which "Spud" Parrish lost his right arm, was duplicated. Gates held the cracker a little too long, and it exploded in his grasp. His right hand was torn to pieces and the doctors say that amputation at the wrist will be necessary.

Omaha also was not without its customary accident. About 10 o'clock last night some one thought to get a little amusement by shooting a gallery on the north side of Douglas street near Fourteenth and proceeded to empty a revolver on to the pavement. The bullets glanced upward on striking the pavement and two of them lodged in Morris Brodsky's back and the third struck Oscar Green in the left leg just below the knee. The incident caused no serious injury. Two other bullets struck the glass in the Diamond saloon, shattering the expensive panes.

It is not known who fired the shots, but the police are standing near the shooting gallery, said he saw an old man step to the edge of the sidewalk and fire five shots. The description answered that of the man who shot the gallery. The police went to look for the fellow he had disappeared. The officers have been instructed to arrest him on sight.

PHILIP ANDRES received a telegram yesterday afternoon stating that the national convention of Turners, which was to have been held in Denver from July 8 to 11, inclusive, had been postponed until further notice on account of the strike.
