

REMOVALS OF TARIFF CHANGES

Air Around the Capitol Full of Stories Concerning the Conference's Action.

DEMOCRATS ACTING ENTIRELY ALONE

Republicans Have Not Been Invited to Attend Any of the Secret Sessions Held by the Committee. Hale Will Discuss This.

WASHINGTON, July 12.—The air about both houses was full of rumors as to what had been done by the tariff conference committee today. The most persistent of these rumors was that coal and iron ore were to be restored to the free list, as they were when the bill passed the house.

Ever since the democratic members of the conference committee began their meetings last Monday, without inviting the republicans to be present, there has been manifested a disposition on the part of the republicans of both houses to criticize the partisan methods of proceeding, and this dissatisfaction took shape today in the introduction by Senator Hale of a resolution calling attention to the failure of the democrats to call a full conference of democrats and republicans.

"This proceeding by the democratic conference is," he said, "unprecedented in the history of the country, and it is a reflection on the managers on the part of the two houses shall be full and free, and contemplates that they shall be held after the appointment of a joint conference meeting between the democratic senators and members is practically unofficial. We of this side of the chamber think we have a right to know what is being done, and so important a measure as the tariff bill and have decided to make our opinion known."

NEED OF A NEW PRINTING OFFICE. In an elaborate article published in the July number of "Paper and Press," printed in Philadelphia, Judge S. R. Davis of Iowa presents a proposition which will undoubtedly become popular with the people of the country, particularly with the printers and publishers. The idea has already elicited a great deal of favorable comment from senators and representatives who have read the article.

Every member of the printer's craft in the country who is connected with any department of the "Art Preservative of All Arts" should note the importance of the temples on the globe erected at the capital of the American republic, which would serve not only the purpose of a practical workshop from which to issue all the public printing, but as a stately monument to that noble art which more than any other has contributed to the advancement and progress of humanity.

"One of the wisest acts of congress was the appropriation for the Congressional Library, whose majestic proportions and symmetrical shape on Capitol Hill. But without the printer's art this noble library would not be possible. The new government printing office, which is to be a grander building, ample enough to contain a museum illustrating the progress of the printer's art from the time of its discovery, to the present time, and the site upon which to erect the building, above the possibility of flood or dampness, or conditions not in harmony with the splendid architecture of the building, present members of congress have neglected the enlargement of the present quarters, and this addition should be made ample to provide for the needs of the office until the completion of the new building. The people of this country will approve large appropriations to carry out this purpose, and this improvement would employ and entail a burden upon the taxpayers trifling in comparison to the great and permanent benefits secured.

LAND OFFICE DECISIONS. The secretary of the interior has rendered decisions on appeals from the decisions of the commissioner of the general land office in the following cases: Nebraska—Samuel L. Bodman against John P. Madden, 18, a 15 w. Grand Island district, motion for rehearing dismissed and Madden's entry sold for cancellation; Walter O. Greer against Phil E. Winter, 7, n 27 w. McCook district, decision affirmed, contest dismissed and land awarded to Winter; Cook against August Gruener, c 26, r 47, McCook district, application for certiorari denied; in re John Albright, 1 22, r 21. Broken Bow district, decision affirmed and application for entry rejected.

IN A GENERAL WAY. The house committee on public buildings and grounds today ordered Congressman Mercer to make a favorable report on the bill providing for a postoffice and court house building at Norfolk, Neb. This is the third bill which Mr. Mercer has succeeded in getting through this committee for Nebraska. The Buckeye League of Ohio society has invited Senator Manderson to be present at a meeting to be held at Waukesha, Wis. next August. Senator Manderson has not yet decided whether he will accept or not.

Will Push the Arbitration Measure. WASHINGTON, July 12.—The house judiciary committee will meet tomorrow and an effort will be made in accord with the desire of the Knights of Labor leaders to secure the immediate consideration of the George arbitration measure.

PLATES PROVE DISAPPOINTING.

Twelve-Inch Shell Pierced the Plate and Went on Its Journey.

WASHINGTON, July 12.—The ordnance experts and steel makers who were encouraged by recent tests to suppose they had acquired the secret of armor plates of uniform shot-resisting quality had that belief shattered today when the twelve-inch navy rifles sent a shot spinning through a seventeen-inch Harveyized Carnegie plate, through the heavy oak backing and the earwork and hundred yards was into the woods. This happened at the Indian Head proving ground in the presence of Chief Sampson of the ordnance bureau and some of the officers of the Carnegie company. The plate was fired up for a premium test, but failed to pass the acceptance test. The first shot showed its weakness, when a Carpenter projectile, at the low velocity of 3,100 feet per second, sent its point thirteen and one-half inches into the seventeen-inch plate. The point of the shot was broken off and the shot itself flew back. Then a Wheeler projectile was fired at a velocity of 1,853 feet. This was the shot that penetrated the plate. The shot itself recovered in a condition similar to the first shot. The ordnance officers were puzzled at the failure of the plate, particularly in view of the highly satisfactory performance of a similar plate of the Carnegie company. The metal appeared to be of excellent quality and there were no cracks that extended more than a few inches from the holes. The plate represented a group of 700 tons of armor destined for the Oregon's barbettes, but fortunately the remainder are not so far advanced toward completion as to preclude a change of treatment. An eighteen-inch Bethlehem Harveyized plate, now at the proving ground, will be attacked next week.

CHANGING NAVAL OFFICERS.

Commandants of the Various Stations Changed Around by the Department. WASHINGTON, July 12.—Secretary Herbert today made two important decisions. Commodore Carpenter, who has been on waiting orders in Boston for some time, was assigned to the command of the Asiatic station to succeed Admiral Skorrirt, just retired. The cutaways are extra long and in the regular cut of this season's style. There are all varieties of cloths and colors, in fancy chevots, cashmere, clay worsted, etc. If you need a light summer suit, buy now—if you already have a suit, buy another, as such a price (\$9.75) is rare and quality is superb. Money refunded if goods are unsatisfactory. Come and see our line of summer coats and vests.

HOUSE FOR AGED COLORED PEOPLE.

Propose to Use Unclaimed Funds of Colored Soldiers for That Purpose.

WASHINGTON, July 12.—The passage of a bill to establish a home for aged colored people in Washington from a part of the unclaimed funds of the estates of colored soldiers has encouraged Representative Murray of South Carolina to propose that the balance of the fund shall be used to build schools for his race. There is \$500,000 in the treasury due to colored soldiers of the rebellion as pay and bounties which has never been claimed and likely to remain unclaimed. Mr. Murray proposes to have a fund created for the schools for the industrial education of the colored people of the south. A portion of it is to be used to build a school at the Tuskegee Normal and Industrial school, another share of \$25,000 to the school at Massachusetts, and the remainder to be used to build a school in the state of other in South Carolina. In a conspicuous place on the main building of each institution will be inscribed "Sacred to the memory of the colored soldiers who gave for the perpetuation of a free and perpetual union."

SENATE RUSHING APPROPRIATION BILLS.

WASHINGTON, July 12.—The appropriation bills which have been passed in the present rate of progress it is probable next week will see them all disposed of. Today two more important bills were passed. The army and the fortifications bills, while the army bill was the more important, the harbor bill. The only interesting discussion of the day occurred during the consideration of the army bill. Several bills of minor importance were introduced, and several were appointed on the military academy and diplomatic and consular appropriations bills. At 6:15 the senate adjourned.

COST OF THE STRIKE TO THE GOVERNMENT.

WASHINGTON, July 12.—The cost to the United States of putting down the strike in the west is estimated by the government officers at fully \$1,000,000. It may cost more. The estimates include telegraph bills, deputy marshals' pay and transportation charges, the cost of those who act as marshals' pay in Chicago alone is from \$150,000 to \$200,000, and congress in a moment will be asked to appropriate this, as it is urgent.

Utah Will Be a State.

WASHINGTON, July 12.—The house today agreed to the senate amendments to the bill for the admission of Utah as a state, and after discussing a bill for retiring officers of the revenue cutter service under the act of March 3, 1879, the house passed the bill for the admission of Utah as a state, and after discussing a bill for retiring officers of the revenue cutter service under the act of March 3, 1879, the house passed the bill for the admission of Utah as a state.

Another Plan to Investigate the Strike.

WASHINGTON, July 12.—Representative McGinnis spent some time with the president of the United Brotherhood of Carpenters and Joiners of America, who is believed to be in line with his efforts of the last few days to have President Cleveland to create a temporary commission, with Commissioner of Education as chairman, to investigate the Chicago and investigate the cause of the strike trouble.

Arbitration Bill Introduced.

WASHINGTON, July 12.—A bill to prevent and settle strikes, to settle by arbitration all differences between employers and employees and to provide a penalty for refusal or failure to abide by the decision of arbitrators, has been introduced by Representative Hudson of Kansas.

Colonel Sullivan Gets a Rest.

WASHINGTON, July 12.—Special Telegram to the Bee.—Leave of absence for two months, with permission to apply for an extension of one month, and to go beyond sea is granted Colonel Thomas C. Sullivan, assistant commissary general of subsistence.

ENDEAVORERS AT CLEVELAND. Estimated There Are Twenty Thousand Strangers in the City.

INTERNATIONAL CONFERENCE IN SESSION. Twenty Thousand Strangers in the City and Still Coming—Secretary Baer Reports the Society to Be in a Flourishing Condition.

CLEVELAND, July 12.—Saengerfest hall, the mammoth auditorium of this city, with a seating capacity of 10,000, was crowded to the doors this morning at the opening exercises of the great international Christian Endeavor convention. It is estimated that 20,000 strangers are in the city this morning, and since the partial resumption of railroad traffic the numbers are increasing, every incoming train bringing large crowds.

Interesting Chautauque Work. The Bee.—Interest in the Chautauque increases daily. The usual class work was given this morning to allow those attending the Chautauque to visit the famous Wind cave, a large number of whom went to the lecture given by the Rev. Charles F. Dickinson, D. D., of Boston, at 6:15 the evening of the 11th.

Threatened Deadwood's Supremacy. DEADWOOD, S. D., July 12.—(Special Telegram to the Bee.)—A petition praying the county commissioners of Lawrence county to order a vote taken at the next election on the proposition to remove the county seat from Deadwood to Lead City was presented to the board today by a committee of citizens of Lead City.

Famous Divorce Suit Pending. SIOUX FALLS, S. D., July 12.—(Special Telegram to the Bee.)—Judge Jones has under advisement a celebrated divorce case, that of Phoebe Arabella Palmer against Elihu B. Palmer. She charges desertion and Mr. Palmer denies the charge absolutely. He is here in person. About two years ago Mrs. Palmer and a niece came here from Providence, R. I. She brought her case after being here three months and Judge Aikens denied her a decree of divorce. She did not give up, but when Judge Jones came into office started a new suit. The parties are both wealthy.

Brought the Pig to Market. SIOUX FALLS, S. D., July 12.—(Special Telegram to the Bee.)—E. Archer, butcher, was trying to unload a large pig, when the animal bit him in the leg, severing a large artery. He bled profusely for some time, but the flow of blood was finally stopped. The wound is a serious one and may prove very dangerous. Ole Gundersen tried to unload it, and was kicked in the face by one of his horses. The upper part of his nose was smashed and his right bone fractured. He was knocked senseless, but will probably recover.
