SON OF ONE OF THE DIRECTORS GOT IT

Detective Malone of Lincoln Visits the Scene and Secures the Property After a Brief Investigation-George Berdeen's Case.

LINCOLN, July 16 .- (Special to The Bee.)-Deetctive Malone returned this morning from Wilcox, Neb., where he very successfully and quickly unraveled the mystery of the bank robbery at that place July 4. July 5, when the cashier entered the bank, he found the door open and the safe empty, with the exception of a sack containing \$100 in pennies. As some drafts had also been taken, it was impossible to ascertain exactly the amount that had been stolen, but it was estimated at about \$1,200. None of the locks had been tempered with or broken, which immediately gave rise to a suspicion that some one connected with the bank was concerned in the theft. Acting upon this theory, the detective began pumping John Cotant, an employe of the bank and son of one of the directors. He at first denied all knowledge of the affair, but after an hour and a half in the sweat box, admitted that he knew where the stolen money was. He referred the officer to a young fellow by the name of Harris, whom they visited, and after he was threatened with arrest, secured a spade and dug up a little box which they had planted near his house, and which con tained \$532. He then admitted that he had \$100 more at his store at Wilcox, which he also handed over. Cotant then fished up \$125 which he had hidden at his own resfished up idence, making a total of \$847, which, upon investigation, was found to be the exact amount taken from the bank. As the boy is the son of one of the directors, he will not be prosecuted.

It appears very likely that George Berwhether sane or insane, will be aldeen, whether same or insame, will be al-lowed his liberty. County Attorney Collins mays that he confidently believes he is mentally affected and that he cannot conscientiously prosecute the charge of shooting with intent to kill against him. The law of the state only requires that a reasonable doubt as to his insanity be raised to acquit a person, and the county attorney thinks that this done in Berdeen's case. It is not thought that anything will develop from the story of Berdeen concerning his alleged ill treatment at the hands of the jailer, and this is beginning to be looked upon as a product of his imagination. Berdeen has been to the office of the attorney several times, asking that search warrants be sworn out against about half the population of West Lincoln, who, he says, are continually ransacking his house.

The daughter of Mr. Harris, who is confined at the pest house with the smallpox, is reported as being in a very precarious condition. Yesterday she gave birth to a shild, which died immediately, and was taried near the place the girl's mother was interred, who died from the dread disease. The nurses say that she will probably not

The residence of J. M. Markell, 2646 Harfield avenue, was entered by burglars in broad daylight yesterday and about \$100 in fewelry and cash taken by them. The house completely ransacked, and the thieves have spent a great deal of time in going through the place, as the pockets of every article of clothing were found turned inside out. They left no clew behind them.

Fourteen of the patients who were selected at random were stripped, but no marks or bruises were discovered upon their persons. Nothing of a sensational character was discovered and no finding has

yet been made in the case. Exonerated Mr. Francis.

PALMYRA, Neb., July 16 .- (Special to The Bee.)-The jury empanneled to investigate the death of Mrs. Walter, who was killed by injuries resulting from an attack by a vicious cow Friday, rendered a verdict

late Sunday evening finding that her death resulted from a nervous shock and inflamation of the brain. The jury blamed no one for the accident, thus removing any respon ibility therefore from Mr. Francis, the owner of the cow, upon whom it was sought to lay the blame. Mrs. Walter was a widow, living alone. She had no relatives in this country, but has a brother and sister living in Denmark, who will inherit the estate left.

The school board has just announced the list of teachers for next year. J. F. Bab-cock, a graduate of the University of Ne-braska, will be principal. Mrs. Sarah Simp-son, formerly a very acceptable teacher of son, formerly a very acceptable teacher of the primary department, will teach the intermediate room, while Miss Ella Wilbur, the very efficient teacher of the primary department for the last two years, will retain her position. FREMONT, July 16 .- (Special to The Bee.)-While T. L. Matthews and family were enjoying the exercises at the Chautauqua grounds Saturday afternoon burglars entered their residence through a rear window and took a few dollars and a revolver. The police discovered that the residence of Phinneas Williams had also been entered in the same way, but as the family are absent from the city and have been for several days it is impossible to tell the amount of booty secured. Sunday ing Allen Marshall awoke to find he had been visited during the night and his coat and shirt and gold watch and chain stolen. Mrs. Mary Hays Jones died yesterday at Mount Morris, Ill., in the 61st year of her age. The deceased came to Fremont

with her husband, W. P. Jones, in 1885 and established the Fremont Normal school, and after the death of her husband in 1888 she assumed entire management of the school for one year, in which capacity she displayed business and scholastic ability and made many friends. The funeral services are to be held tomorrow at Rose Hill, 111, where the remains will be buried beside those of her husband.
